## Hi Limousine

Movement that inspires

High-end lifestyle  
that begins in a luxurious space  
filled with advanced technology

### *Hi-Limousine*

Carnival Hi-Limousine introduces a new concept of space with advanced features that keep you freely connected and a customized space that delivers the ultimate in comfort. Indulge in the high-end lifestyle that everyone has been dreaming about.

## A majestic, voluminous form that transmits prestige

Dynamic, 3-dimensional touches create a unique sense of volume. The exclusive emblem and high roof convey Hi-Limousine's identity, while luxurious side steps and bumper guards capture the essence of prestigious design.

## A tailor-made space that offers the ultimate in comfort

With a design that is inspired by spaceships, the aesthetic finish of Hi-Limousine's interior space is as impressive as the extensive choice of high-tech equipment that the vehicle offers. Diverse convenience features can be customized to create the cozy atmosphere of a premium lounge for the ultimate relaxation and enjoyment in a car.

### 2nd row Premium Relaxation Seats (7-seater)

Backrests and cushion angles can be adjusted at a mere press of a button for the ultimate settings to relax and alleviate fatigue in total comfort.

### Built-in air purifier

A HEPA filter and activated carbon/zeolite composite filter remove ultra-fine dust and harmful gases from the air for exceptional air quality.

### Pleated curtains

Pleated curtains on sliding door glasses, quarter glasses, and the tailgate glass protect the privacy of rear-seat passengers.

### Exclusive Hi-Limousine LED center room lamp / Ambient Mood Lamp

Lamps in the center of the high roof and the roof line complete a stylish and elegant space.

### 2nd and 3rd row LED reading lights

4 LED reading lights imbedded on the side of the high roof offer individual lighting for passengers in the 2nd and 3rd rows.

### 21.5" smart monitor

Watch terrestrial HD DMB or photos/videos/music using the HDMI or USB ports of the 21.5" LCD monitor.

### 1st and 2nd row heated/cooled cup holders

2 cup holders in the front and in the back of the console help maintain beverages hot or cold for extended periods of time.

### Blind-spot Collision-avoidance Assist

Warns the driver against the risks of a collision while changing lanes if the turn signal is activated and a vehicle is detected in the back in an adjacent lane. Automatically helps to control the vehicle if the risk of a collision continues to increase. Helps to apply the brakes automatically if a risk of colliding with a vehicle approaching from the back in an adjacent lane is detected while getting on the road after parallel parking.

### Forward Collision-avoidance Assist

Alerts the driver when there is a danger of colliding with a car, pedestrian, or cyclist in front, and applies the brakes automatically if the risk of a collision continues to increase. Also applies the brakes automatically while making a left turn in an intersection if there is a risk of colliding with an oncoming vehicle in the opposite lane.

### Rear Cross-traffic Collision-avoidance Assist

Warns the driver against risks of colliding with vehicles approaching from the left or right while pulling out in reverse. Applies the brakes automatically if the risk of colliding continues to increase.

### Highway Driving Assist

Automatically helps to keep the vehicle in the lane and control speed to maintain a safe distance from the car in front and obey speed limits while driving on a highway.

### Lane Keeping Assist

Recognizes lanes and helps the driver keep the center of the lane.
