

Mohave

Movement that inspires

SUVs around the world focus on the look of the interior and the size of space, but Mohave focuses on the size of ideas and the quality of riders' experience.

Mohave the Master was created for people who think big and are bold enough to live according to their own beliefs.

It strives to constantly elevate the value of its flagship SUV with an unwavering conviction and a relentless pursuit of innovation.

MOHAVE
THE MASTER

THE HERITAGE

INNOVATION ROOTED IN THE BRAND'S HERITAGE

Mohave is a pioneer among Korea's SUVs that has built its brand heritage based on its own philosophy and beliefs. It is embarking on a new journey of innovation that aims to set new standards for premium, flagship SUVs by skillfully balancing classic inspiration with refined modernity to build a name that will proudly accompany the leaders of this modern era.

To become a meaningful life partner, Mohave has looked beyond the size of space to focus on bigger ideas and create quality experiences. Mohave strives to become an inseparable partner as you pursue your journey with unwavering conviction and uncompromising values.

Gray interior (quilted Nappa leather) / Specifications may vary according to the trim, engine and options that are selected.

Aurora black pearl (ABP)

A UNIQUE AND CREATIVE STYLE

The strong and stately presence of an authentic SUV and the bold, elegant design create an ideal match.
A bold and vertical cubical volume built on a solid foundation create Mohave's new identity.

Full LED headlamps & Vertical cube DRLs

Dual twin-tip deco garnish

Vertical cube rear combination lamps

20" sputtering wheel

Visual chaos has been put to order while experiential richness has been amplified. The horizontal layout is reminiscent of an expansive horizon, while the dashboard, anchored by the display and filled with and three-dimensional mood lamps, showcases the latest high-tech trends. Driving convenience is maximized.

SIMPLE, LUXURIOUS TOUCHES

The moment that you sit on the seat, you will forget that you are sitting in an SUV.
Luxurious elegance and details convey the feeling of a luxury sedan, surpassing all expectations from a flagship SUV and raising the bar.

Quilted Nappa leather seats

Oak wood grain garnish

3-dimensional pattern mood lamps

Lexicon premium sound system

THE INTELLIGENCE

WISDOM FROM EXPERIENCE

Mohave's strives to understand people vigorously because its pursuit of technology centers around people. Mohave seeks technological innovations that can bring cars and humans closer together. It takes into account the human form and optimizes advanced technology by giving it a familiar feel so that it can be used easily to a wide extent.

Smart ITself UVO

UVO makes life more safe and comfortable with advanced technologies that protect the driver and vehicle under all circumstances. UVO offers SOS emergency dispatch, automatic airbag deployment notification, and theft alarm services anytime, anywhere. Discover the priceless value of safe and comfortable driving.

Remote control

Cool or heat the interior of the car remotely in advance using a smart phone.

Safety and security

Emergency assistance through the UVO center in the event of an airbag deployment or roadside emergency (24/7, 365 days).

Maintenance

One-stop service ranging from automatic diagnosis of break-downs to scheduling of maintenance appointments.

Navigation

Optimal route guidance using real-time traffic information.

* Complimentary 5-year subscription to UVO with initial enrollment after purchasing the vehicle: remote control, safety and security, maintenance and navigation. * Inquiries: UVO's Kakao Talk service center (type "UVO" in the Kakao Talk search window and befriend).

STIMULATING THE 5 SENSES

Cutting-edge technologies that have been thoughtfully applied can be seen as soon as one sits in a Mohave. From new mobility applications that can be accessed through advanced connectivity to the ideal combination of human sensibility with advanced technology, Mohave provides a superlative, convenient and comfortable driving experience.

12.3" UVO navigation

A 12.3" wide display enables the driver to see navigation maps and diverse vehicle information simultaneously, while offering access to UVO's advanced, connected car services, such as remote control, safety, and security services. (complimentary 5-year subscription to UVO with initial enrollment after purchasing the vehicle)

Car-to-home service

Over-the-air navigation update (OTA)*

Server-based voice recognition (Kakao i)

Head-up Display (HUD)

Diverse driving information is projected directly onto the windshield using vivid graphics to help drivers keep their eyes on the road and promote safe driving.

Supervision cluster (12.3" full TFT LCD cluster)

Air purification mode*

A high performance air conditioner filter and cluster ionizer remove micro dust and deodorize the air.

Driver's seat automatic comfort control system*

External and internal temperatures, as well as air conditioning settings, are analyzed to automatically control the heating and cooling of the seats and the steering wheel for a more pleasant and comfortable drive.

REINTERPRETATION OF SPACE

Mohave has taken a new approach to create the interior space of a flagship SUV. It abandoned the customary practice of defining space by size and numerical values and reconstructed it based on unique the sensibilities that it can create, giving users the opportunity to discover their own "querencia."

Smart power tailgate system and high capacity luggage space

The tailgate can be opened and closed by pressing a button located next to the driver's seat or the tailgate. The tailgate's opening height and speed can also be adjusted, while folding seats allow the efficient storage of diverse items, including leisure equipment.

Saddle brown interior (quilted Nappa leather / 5-seater)

Saddle brown interior (quilted Nappa leather / 6-seater)

Seat variations (6-seater)

Smart one-touch walk-in (independent 2nd row seats)*

Pressing the walk-in button located at the top and bottom of 2nd row seats prompts the 2nd row seats to move forward and the back to fold, facilitating loading and unloading of 3rd row passengers.

Smart 1-touch folding (independent 2nd row seats)*

An electronic folding switch located on the side of the luggage compartment facilitates the loading of diverse items into the car.

THE SUPERIORITY

GENUINE SUPERIORITY

Mohave has always aimed at staying a step ahead when it comes to functions and performance because it knows that this is critical to satisfy the needs of discerning customers. The result is a masterpiece that can be powerful, agile, or relentless when needed, and mitigate dangers at all times. It exceeds expectations in every situation to fulfill all the requirements from a flagship car.

SINGULAR PERFORMANCE

Delivers a remarkable, powerful driving performance on and off the road with a 3.0 V6 diesel engine, frame body, electronic 4WD, terrain mode and R-MDPS.

01 3.0 V6 diesel engine (enhanced Euro 6)

260 Max. power
ps
3,800 rpm

57.1 Max. torque
kgf · m
1,500~3,000 rpm

02 Rack Driven Electric Power Steering (R-MDPS)

The driver's steering is directly transmitted to an electric motor connected to the steering rack with a belt for a quick steering response and stable driving performance.

03 Active sound design

Engine sounds are combined with sounds emitted from the speakers to produce solid and powerful engine sounds that correspond to the power output and traits of the driving mode that has been selected (SPORT, COMFORT).

Terrain mode select (for driving on rugged roads)

Choose between SNOW-MUD-SAND modes according to road characteristics to optimize vehicle control and ensure a stable drive.

04 Drive mode select

Drivers can choose between COMFORT-ECO-SPORT modes to enjoy a drive that suits their preference or driving conditions.

05 Electronic 4WD system

Power is distributed between the front and rear wheels according to the road surface and driving conditions to enhance driving performance.

Frame body*

A robust frame body made using hydroforming¹⁾ technology complements the powerful 3.0 V6 diesel engine to maintain stability in a wide range of road conditions and driving circumstances and deliver a top quality ride.

¹⁾ Hydroforming: a method for shaping metals using fluid pressure that can increase a frame's rigidity by minimizing welded areas.

Suspension*

Double wishbone and multi-link (5-link) suspension, which are mainly used in premium sedans and SUVs, offer comfort and dynamism that result in a powerful yet luxuriously stable ride.

9-airbag system*

Front seats are equipped with advanced airbags that regulate the degree and timing of deployment according to position and weight of occupants as well as the force of collision. The 9-airbag system includes a driver's knee airbag, front and rear side airbags, and curtain airbags with rollover sensors to minimize injuries.

OPTIMAL CARE DESIGNED FOR YOU

Sophisticated semi-autonomous driving technology is being carefully tested under diverse driving conditions so that it can benefit you. A long-range radar and cameras make optimized decisions to control the vehicle's movement and mitigate dangerous situations.

Machine Learning-based Smart Cruise Control

Helps to maintain distance from the vehicle ahead and to travel at a speed selected by the driver. Grasps the driver's driving style through machine learning and mimics the driver's driving patterns.

Navigation-based Smart Cruise Control (for safety zones, curves, and entrance/exits on expressways and highways)

Helps to maintain distance from the vehicle ahead and to travel at a speed selected by the driver while cruising on expressways and highways. Reduces speed before entering a safety zone, curve, or entrance/exit and resumes acceleration to the preset speed thereafter.

Highway Driving Assist II
Helps to maintain distance from the vehicle ahead, to travel at regulated speeds or a speed selected by the driver, and to keep the center of the lane while driving on expressways and highways. Automatically changes lanes when the turn signal is activated.

DRIVE
WISE

Hassle Free, Delightful Driving

Peace of mind for a more enjoyable
and pleasant drive

Kia's brand name for ADAS technology. ADAS proactively analyzes driving conditions and assists drivers as needed to provide the ultimate safety to drivers, passengers, pedestrians, and drivers of other vehicles alike.
*ADAS : Advanced Driver Assistance System

Lane Following Assist *

Lanes are tracked in real time using the front-view camera to help steer the car to the center of the lane. This cutting-edge system reinforces safety and convenience while driving long distances or on a congested road.

Blind-spot Collision-avoidance Assist *

The front camera tracks the lane and the rear radar monitors the back to prevent collisions while changing lanes. Brakes are automatically applied when the system detects a risk of colliding with a vehicle in the back or in adjacent lanes, mitigating accidents and reducing damage.

Forward Collision-avoidance Assist (cross traffic) *

Alerts the driver about the risk of a forward collision with a car, pedestrian, cyclist, etc. and applies the brakes automatically if the risk continues to increase. Automatically helps to brake the car when there is a risk of colliding with a vehicle approaching from the left or right in an intersection.

Rear Cross-traffic Collision-avoidance Assist *

Warns the driver if a car is approaching from the side while pulling out or moving slowly in reverse and applies the brakes automatically if it foresees a risk of collision to prevent an accident.

DIFFERENTIATED PREMIUM 「GRAVITY」

Highly refined details in the singular, understated black color catch the eye and titillate the senses.

Exclusive Gravity radiator grille and 20" black plated wheels

Alcantara interior
Main components, such as the steering wheel and the console armrest, are covered with Alcantara, providing a soft touch that conveys luxury and comfort.
