

Sportage

Movement that inspires

SPORTAGE

Style

CONFIDENT & SPORTY

Sportage's unique and sophisticated sportiness conveys a confident and refined urban character.

Interior

SYSTEMATIC & DELICATE

The thoughtful consideration and added convenience of details, such as the supervision cluster and 8" navigation, offer an upgraded driving experience.

**8" UVO navigation**

A seamless, 8" electrostatic touch screen with a wide viewing angle renders outstanding visibility and maneuverability. Diverse connectivity options, such as Android Auto and Apple CarPlay, give access to key smartphone functions through the AVN. In addition, UVO's advanced, connected car services, such as remote control, safety, and security services, can be voice-operated through Kakao i, Kakao's integrated AI platform's server-based voice recognition service, and information about music being played can be accessed through SoundHound's music server. (complimentary 5-year subscription to UVO with initial enrollment after purchasing the vehicle)

※ Navigation map updates are guaranteed for 8 years from initial purchase. The company reserves the right to suspend services thereafter.
 ※ May not support connectivity of certain mobile devices.

**JBL premium sound**

Enjoy the rich and delicate sounds of a premium JBL audio system.

UVO IoT service (Home-to-Car)

UVO can be controlled remotely to perform various functions, such as turning on the air conditioning system or locking the doors, through voice recognition speakers (SKT's Nugu and KT's Giga Genie).
 ※ Requires a UVO subscription and connection to voice recognition speakers.

**1 Supervision cluster**

A 4.2" color TFT LCD monitor displays diverse vehicular and navigational information for a safe and convenient ride.

**2 Electric Parking Brake (EPB)**

The parking brake can be engaged and disengaged with a simple push of a button. It disengages automatically upon departure for more convenient driving.

**3 Wireless smartphone charging system**

High-tech, convenience feature that allows cable-less charging of smartphones through the mere placement of devices on a charging pad. ※ A separate charging device may be required depending on the smartphone model. May not be compatible with models that do not support the use of adaptors.

Passenger walk-in device *

The driver can conveniently adjust the position and backrest tilt of the front seat to facilitate passenger access to the front and rear seats.

Seat variations

Convenient seat variations, such as 2nd row split-folding, offer versatile means to customize space according to the number of passengers and size of load.

luggage space
(MAX) **1,492ℓ**

* 2nd row seats completely folded and back cargo cover removed (VDA standard)
* Based on the gasoline model

Convenient space utilization **SPACIOUS & MODERN**

Smartly engineered interior space is generously spacious and comforting.

Smart power tailgate *

Standing behind the car for a few seconds with the smart key prompts the tailgate to open automatically to load the car conveniently.

Cargo screen *

Cargo under-tray storage

Space underneath the cargo compartment floor offers diverse storage options.

1st/2nd row rear heated seats & 1st row ventilated seats

2nd row reclining seats (34°) *

The backrest of the 2nd row seats can be tilted back for maximum riding comfort.

2nd row console vent

Driver/front passenger power seats

Driver and front passengers seats can be adjusted electronically for enhanced riding comfort.
* Front passenger seat does not include electronically controlled lumbar support.

Performance ADVANCED & OPTIMAL

Dynamic sportiness, smooth shifting, and silent interior.
Feel the difference of an upgraded performance.

Smartstream D 1.6 engine

A next-generation, eco-friendly engine that utilizes lightweight engine materials, integrated thermal management system, and friction optimized management system to improve combustion and fuel efficiency.

15.8 km/ℓ	136 ps (Horsepower)
<small>(Combined fuel efficiency) (2WD, 7 DCT, 17" tires)</small>	32.6 kg·m (Torque)

Nu 2.0 gasoline engine

The Nu 2.0 engine renders immense power, brisk acceleration and a quiet ride unique to gasoline engines.

10.5 km/ℓ	152 ps (Horsepower)
<small>(Combined fuel efficiency) (2WD, 6 AT, 18/19" tires)</small>	19.6 kg·m (Torque)

Drive Mode Select

Drivers can enjoy an optimum drive by choosing between 3 driving modes according to preference or driving conditions. (SPORT / NORMAL / ECO)

Electronic 4WD

Automatically distributes power between the front and rear wheels according to road and driving conditions for better driving performance.

Safety and Convenience

CAREFUL & TRUSTY

Seamless, cutting-edge technology such as ADAS, a system that analyzes the surroundings and assists the driver on its own, ensures complete and rigorous safety.

Smart Cruise Control (SCC)*
An advanced driver support system that not only helps the car maintain a preset speed, but also a preset distance from cars in front using radar sensors. Includes an automatic stop and restart function.

Highway Driving Assist (HDA)*
Automatically controls speed to maintain a safe distance from the car in front while driving on a highway. Improves driving convenience by helping steer the car and by liberating the driver from the burden of accelerating and decelerating continuously while traveling long distances or driving on congested roads.
* Operation may be limited due to vehicle speed and driving conditions.

1 Forward Collision-Avoidance Assist (FCA)*
Alerts the driver and applies the brakes automatically if necessary to prevent driver injury and vehicular damage when the front-view camera and radar sense a danger of colliding with a car or pedestrian.

2 Lane Keeping Assist (LKA)*
Alerts the driver through visual and auditory warnings on the cluster if the car drifts out of the lane without a turn signal and steers it back safely into place.

2 High Beam Assist (HBA)*
Facilitates night-time driving by tracking the brightness of surrounding lights and vehicular headlamps and switching automatically from high beams to low beams.

Driver Attention Warning (DAW)*
Encourages the driver to freshen up the air and take a short break by emitting visual and audible warnings when it detects a pattern of driver fatigue and inattentiveness.

Blind-Spot Collision Warning (BCW)*
Detects and warns the driver about vehicles in blind spots or fast-approaching cars to help prevent collisions and accidents.

Rear Cross-Traffic Collision Warning (RCCW)*
Warns the driver if a car is approaching from side while pulling out in reverse and applies the brakes automatically if it foresees a risk of collision to prevent an accident.

DIFFERENT & IMPRESSIVE
 Uniquely me, Sportage 「GRAVITY」

An exclusive radiator grille and black-colored highlights reinforce Sportage's presence and refined image.

Exclusive Gravity radiator grille
 19" black wheel

Black side sill molding

Smart ITself UVO

UVO protects driver and vehicle 24/7 under all circumstances using advanced technology. Whether it's SOS emergency dispatch, automatic airbag deployment notification, or theft alarm services, discover priceless value of safe and comfortable driving.

Remote control
Cool or heat the interior of the car remotely in advance using a smart phone.

Safety and security
Emergency assistance through the UVO center in the event of an airbag deployment or roadside emergency (24/7, 365 days)

Maintenance
One-stop service ranging from automatic diagnosis of break-downs to scheduling of maintenance appointments.

Navigation
Optimal route guidance using real-time traffic information.

* Complimentary 5-year subscription to UVO with initial enrollment after purchasing the vehicle:
remote control, safety and security, maintenance and navigation.
* Inquiries: UVO's Kakao Talk service center (type "UVO" in the Kakao Talk search window and friend).

Kia maintains the same prices and sales conditions nationwide to safeguard customers' trust.
