

Activate Your Life
ACTYON

FASHIONABLE, FLEXIBLE AND FUN

This coupe-like SUV lets you do more in style and comfort.

A BOLD STATEMENT OF INDIVIDUALITY

A hatchback has been incorporated into the body of a small SUV to create an unmistakable appearance. The luxurious, modern look of this cross-over SUV sets you apart from the urban crowd.

VIGOROUS AND STYLISH OUTSIDE

The front has been made over for a bolder look with sharply a protruding bonnet character line, mesh radiator grille and sporty black bezel headlamps. The sports coupe silhouette has been enhanced with chrome-accented waist-line molding and chrome side repeater. The wedge-shaped profile in the rear is reminiscent of a sports car, while the tail lamps naturally continue the side character lines for a graceful, uncomplicated rear view.

Full-bodied bonnet character line

RELAXING AND SPORTY INSIDE

The Actyon redefines the meaning of "Sports Utility". The black tone accentuated with chrome projects the feeling of speed, enhancing the sporty feel of this coupe-like SUV.

The interior not only looks great but is laid out for easy operability. The steering wheel is covered in leather, is heated and power-tilts. Bluetooth switches mounted on the steering wheel enable the driver to operate the audio system more easily and stay focused on the road. The centre fascia and monitor are slanted toward the driver, and the switches are arrayed in the driver's direction. A trip computer in the centre of the LED cluster keeps tabs on distance travelled, average speed, and fuel consumption.

The seats in both the first and second rows are heated for coziness in cold weather.

Trip computer in the centre of the LED cluster

Multi-adjustable seats

Heated seats

»» Fatigue on long trips is mitigated for both the driver and passengers. The centre console doubles as an armrest; the driver's seat adjusts eight ways, and the front passenger's seat is four-way adjustable. The headrests tilt on the front seats, and rear passengers have access to folding armrest.

COMFORT ALL AROUND AND GREAT UTILITY, TOO

The Actyon has raised the luxury standard for small SUVs.

The Actyon is a small SUV that is big enough to seat five adults comfortably, and rear seats folds various ways to accommodate diverse baggage shapes and quantities. For example, the entire second row can be folded flat for the same space one would get from a minivan. Long items can be fitted in with right rear seat folded, and the left rear seat can be folded alone to allow to passengers in the rear along with the extra cargo room.

2nd row folded flat 100% (1,018ℓ)

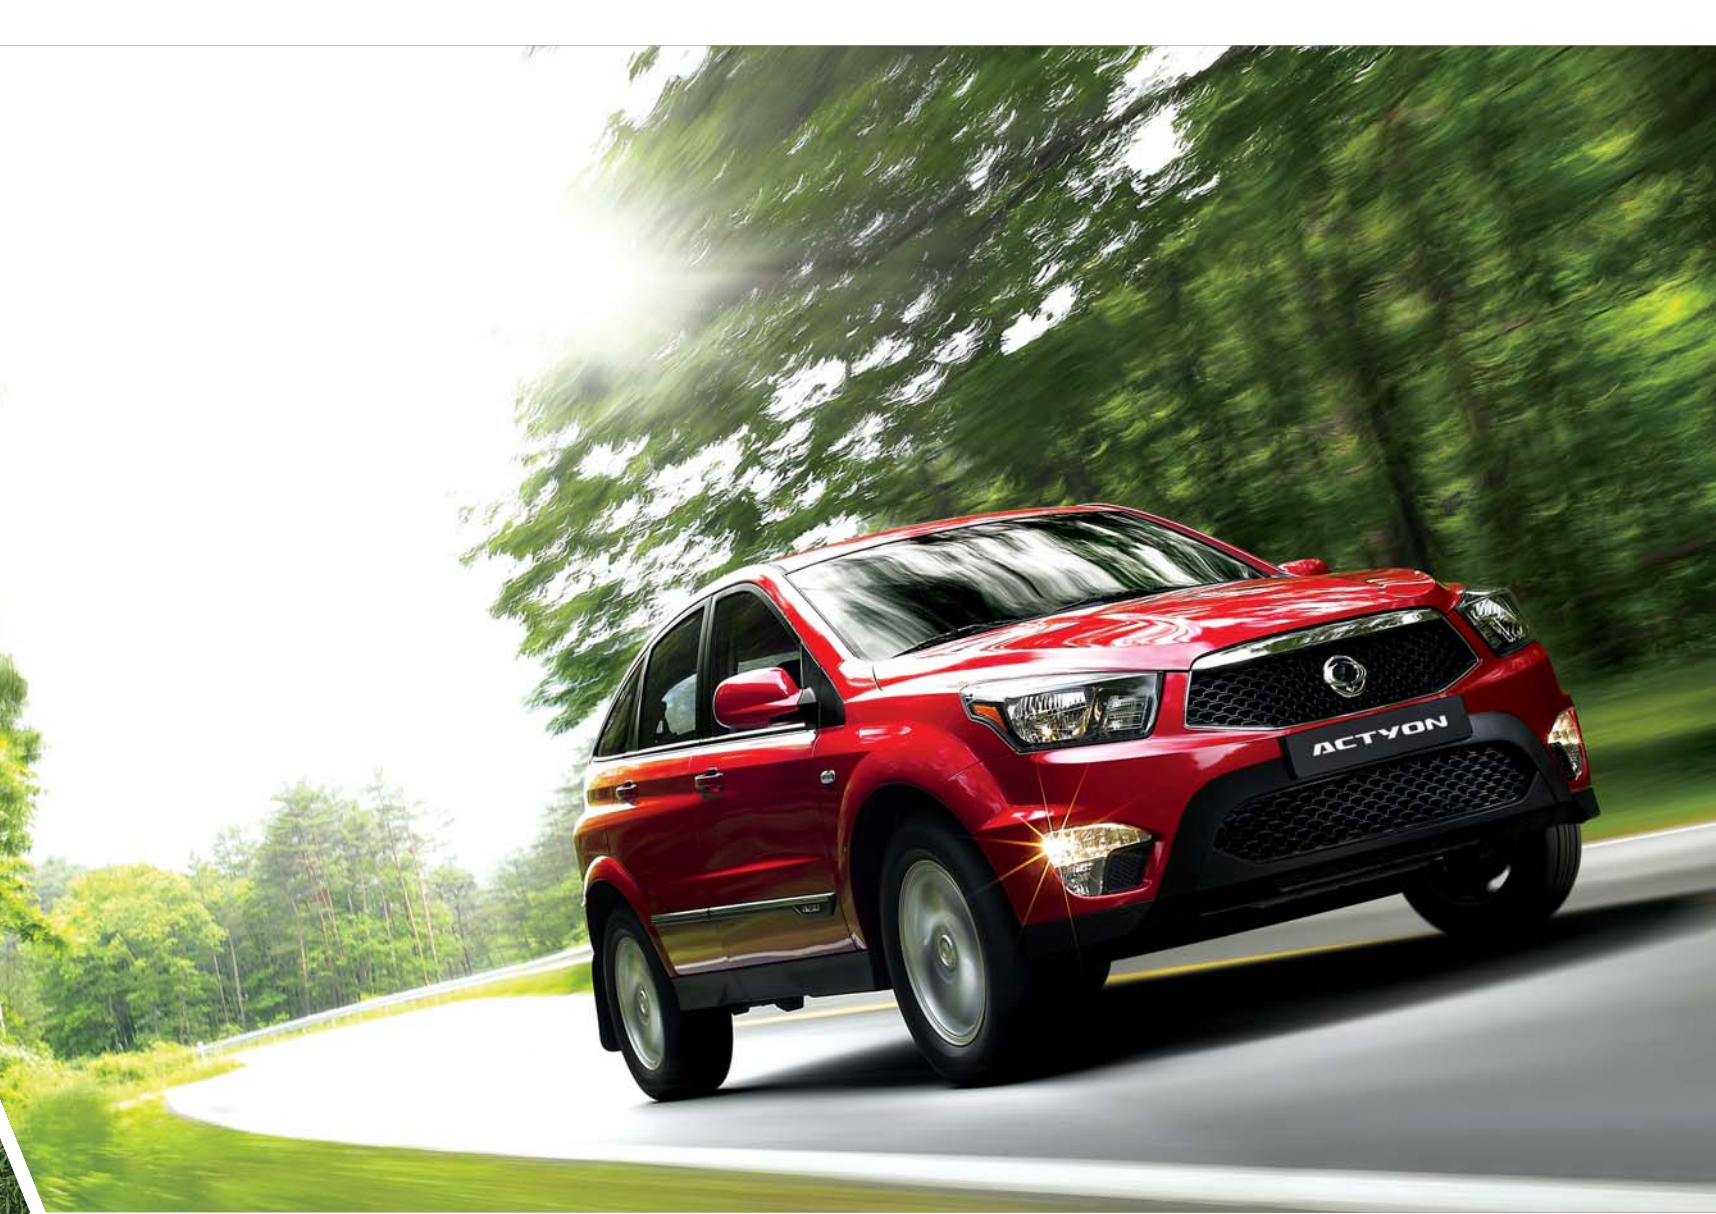

2nd row folded flat 60% (785ℓ)

2nd row folded flat 40% (670ℓ)

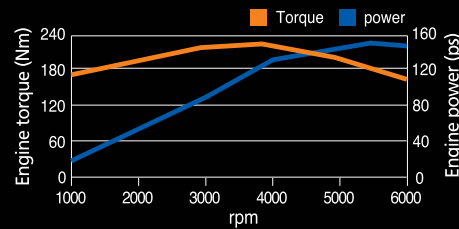

A SPORTINESS THAT ACCOMMODATES DIVERSE SETTINGS,
AND THE VERSATILITY TO PERFORM DIVERSE TASKS

MORE POWER AND HIGHER EFFICIENCY

Improvements in the engine and transmission have enhanced Actyon's performance, which translates into more value for you. The Actyon also runs much quieter than other small SUVs, thanks to a thorough damping of powertrain noise and vibration.

Engine & Transmission

2.3 l petrol engine

The petrol engine, designed with Mercedes-Benz technology, generates up to 150ps in output, and it comes with two transmission options: the latest 6-speed automatic or 5-speed manual.

The automatic features a wide ratio spread for a powerful "launch feel" at low speed and low engine rpms for quieter operation at high speed. The Winter mode feature that allows the vehicle to start out in 2nd gear to prevent the wheels from slipping on snow or ice.

The manual delivers smooth shifting action and great responsiveness. The dual-mass flywheel cuts noise and vibration significantly.

5-speed manual

The 5-speed manual offers smooth and responsive shifting action, while a dual-mass flywheel has been included to reduce noise and vibration.

6-speed automatic

The transmission is optimally tuned for the high-performance engine. Power mode maximises output, while in Winter mode the driver can start out or back up in second gear to prevent slipping on snow or ice.

Thumbs up manual mode

6-speed automatic (E-Tronic)

5-speed manual

THE LATEST PASSIVE SAFETY EQUIPMENT

The Actyon is equipped with a full suite of passive safety features to safeguard all occupants in the event of an accident.

Safety

Airbags in front and rear

Dual airbags up front

Dual airbags in first row provide supplemental protection for the driver and front passenger during collisions.

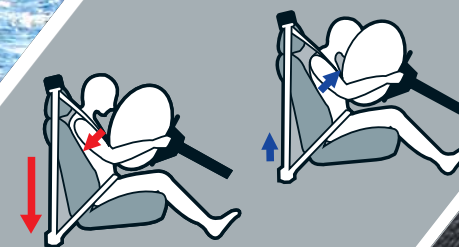

Curtain airbags all around

Curtain airbags help to minimise the possibility of head injury to occupants in the front or rear of the vehicle. They also keep the occupants inside while ensuring that shards of broken glass stay outside.

Seatbelt pre-tensioner and load limiter

The pre-tensioner temporarily tightens the seatbelt at the initial stage of a frontal collision, preventing the occupant from striking objects to the front.

The load limited immediately relaxes the tension to prevent bodily injury from the seatbelt itself.

Seatbelt pretensioner and load limiter

ISO-FIX and tether anchorage for child seat

Rear 3-point centre seat belt

PREPARED FOR ANY CONTINGENCY

The Actyon is equipped with the latest automotive electronics, which monitor vehicular status under constantly-changing conditions. If the driver is in danger of losing control, the onboard computer takes over to adjust vehicle speed and equilibrium, engine output, brake force and steering angle to keep the vehicle on its intended course.

Technology

Electronic Stability Programme

ESP (Electronic Stability Programme)

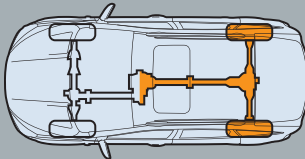

The sophisticated Electronic Stability Programme monitors road conditions and vehicular status, ready to adjust engine output and brake force automatically should the driver be in danger of losing control on wet or icy surfaces or in sharp turns at high speed.

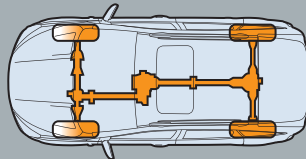

Unfettered freedom to meet the off-road challenge

With the mere flip of a switch, the Actyon can be converted from 2WD to 4WD (or back again) while still in gear and on the fly. You won't have to miss a beat on your way to fun.

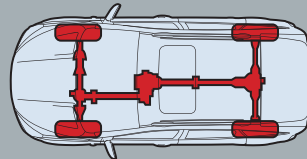

Part-time 4WD

2WD high-gear mode

4WD high-gear mode

4WD low-gear mode

2WD high-gear mode

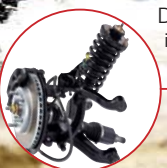

This saves fuel under normal driving conditions by lowering rolling resistance.

4WD high-gear mode

This enhances vehicular stability on rough or icy surfaces.

4WD low-gear mode

This maximises power at low speed.

Double-wishbone suspension in front combined with 5-link suspension in the rear

An ultra-rigid steel frame with triple-layer construction for maximum passive safety protection

LET THE ACTYON BRING MORE
TO YOUR LIFE

STYLE, COMFORT AND CONVENIENCE EXTRAS

Diverse convenience and comfort features have been added to make your time in the Actyon more fun and relaxing.

Convenience

Sunglasses holder & ticket holder

Tilting headrests

Centre console with armrest and cup holders

Luggage cover

Power outlets

Automatic / manual climate control

Quick and even heating and cooling (Keeps the cabin at just the right temperature any time of year)

Panic alarm

Emblem doubles as boot button

Rear obstacle warning system with 3-stage alarm

Wheels

18" alloy wheels

16" alloy wheels

16" steel wheels

Seat Covers

You may opt for natural leather or woven fabric. Both are of very high quality and look great!

Leather seat cover

Fabric seat cover

Colours

Indian Red (RAJ)

Fijian Blue (BAP)

Fine Silver (SAF)

Canyon Brown (OAQ)

Grand White (WAA)

Cyber Grey (ABS)

Space Black (LAK)

Features List

MECHANICAL

2.3L petrol engine (150ps)
Part-time 4WD
5-speed manual transmission
6-speed automatic transmission (E-Tronic)
Double-wishbone front suspension system with coil springs
Five-link rear suspension with coil springs
Hydraulic power steering

SAFETY

Ultra-rigid frame for greater strength, less vibration and noise
Door impact beams for optimal protection from side collisions
Dual airbags in front with seatbelt load limiters and pre-tensioners
Curtain airbags for front and rear passengers
Electronic Stability Program(ESP) with emergency sensing brake assist system, hill descent control(HDC) and active roll-over protection(ARP)
4-channel anti-lock braking system
Disc brakes on all 4 wheels
Front ventilated disc brakes
Rear obstacle warning system with 3-stage alarm
Door courtesy lamps
Front and rear fog lamps
Heightened security from an immobiliser system
Rear wiper and washer to ensure an unobstructed view
Childproof safety lock
Speed-sensing door lock to secure all occupants automatically
Rear 3-point centre seat belt
Collapsible steering column
ISO-FIX for holding the baby car seat firmly
Seatbelt reminder to bring the driver's attention to the seatbelt
Daytime running lamps
Safety power window on driver's side
Visual VIN plate

APPEARANCE

Black bezel headlamps
Chrome and black radiator grille

Waist-line molding - highlighted by a stainless steel insert
16" steel wheels with 225/75 tyres
16" alloy wheels with 225/75 tyres
18" alloy wheels with 255/60 tyres
Spare tyre with 175/90R16
Roof racks
Pole antenna
Mud guards
Chrome rounded muffler ending
All-around tinted glass
Privacy glass to keep interior cool and add the look of luxury
Illuminated ignition key slot to help you get started in the dark
Luxurious leather cover for steering wheel
Luxurious leather knob for gear shift lever
Floor mat
Inside door handle - silver paint

AIR CLIMATE

Manual air conditioning
Fully automatic air conditioning with temperature sensor and outside temperature gauge
Rear heating duct to enhance climate control effectiveness

SEATS

Appealing woven cloth seat covers
Luxurious leather seat covers for both class and comfort
Heated front and rear seats
60:40 split folding 2 nd -row seats with folding centre armrest
Front tilting headrest
Height adjustable driver's seat
8-way power driver's seat
4-way power front passenger's seat

CONVENIENCE

Audible reminders to release parking brake, shut off small lamps, fasten seatbelt and remove key from ignition
LED side repeater

Shopping bag hook
Automatic headlight activation when visibility drops
Battery saver, to ensure there's power to spare
Electronic cruise control
2-Din audio system with MP3 and CD players
Steering wheel audio system controls
Six speakers, including 2 tweeters
Headlamp leveling device to maintain maximum illumination
Heated tailgate window with timer to defrost before starting up the vehicle
Safety power sunroof that slides or tilts, with blind panel to keep the interior cool on scorching days, audible warning system
Power windows with safety features
Dual remote keyless system (REKES)
Fluidic washer nozzle
Windscreen wiper de-icer
Electrochromatic rearview mirror
Rain sensing wipers

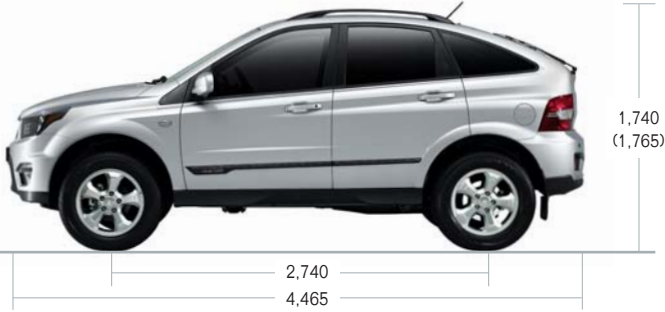

12V DC power outlets under the front passenger seat and in the cargo bay
Outside door mirrors that can be electrically adjusted, folded and heated
Mobile ashtray
Deluxe overhead console in easy reach
Digital clock on the dashboard
Dual gas-filled struts for tailgate
Handy centre storage console
Handy strap on the inside of the tailgate to facilitate closing
Cup holders in the front
Luggage cover and net
Useful toolbox in the cargo room
Emblem shaped button for opening tailgate
USB port and aux. socket
Bluetooth hands-free
Trip computer
Heated steering wheel
Sunvisors with vanity mirror
