

ALL NEW
REXTON

THE ENDURING APPEAL
OF GENUINE CAPABILITY

REXTON

THE GEOMETRY OF SOPHISTICATION

As befits a luxurious yet rugged SUV, the Rexton features a bold new grille with a diagonal, chain-mail pattern. It is flanked by stylishly flush headlamp covers above, and an artfully angular body-coloured bumper element below. The effect is a stately beauty.

- 1 Full LED headlamp
- 2 Outside mirror with puddle lamp
- 3 Fog lamp

BRIGHT AND CLEAR

The lights of the rear are shaped to play against the body's contours. They also establish an array of lights both high and low on the body, for maximum nighttime visibility and communication. In the spoiler above the window, a high-mounted stop light complements the brake lights of the full LED clusters, while turn signal lamps below flash in a variable pattern. The number-plate lamps cast a soft glow. Below the bumper, the muffler is concealed, while dual, trapezoidal tailpipe-ends hint at the engine's power.

- 1 Full-LED rear combination lamp
- 2 Rear license plate softly illuminated by LED lights
- 3 Variable turn-signal lamp

SURROUNDED BY STYLE

Simple controls and attractively designed and textured surfaces keep you feeling focused and well looked after when you're at the wheel. Soft, quilted Nappa leather seats conform to your preferences. Smooth, uncluttered instruments in the center and overhead consoles reduce distraction. At night, subtle ambient light, from the doors and instrument panel, helps you keep your bearings and keep track of loose items.

INFORMATION CURATION

The Rexton distills a staggering amount of information down into easily digestible pieces, via its 12.3-inch digital cluster and its other interfaces. It prioritises what you need, when you need it, so you can relax and focus on driving. To help you park, the outside mirrors tilt down when you select reverse gear. For further parking assistance, and enhanced security and safety, a high-definition 3D Around-View monitoring system compiles video from four external cameras on the 9-inch infotainment screen. The touchscreen lets you control navigation and audio, including radio, MP3, and digital audio broadcasting. The audio system supports Apple CarPlay and Google Android Auto, as well as USB devices.

12.3-INCH FULL-DIGITAL CLUSTER

Cluster AVN Mirroring display capability

Apple carplay and google android auto

Users may connect their smart phone to the display to make phone calls, check messages and listen to music while on the road.

*Available on both the navigation system with 9" display and Smart audio system with 8" display.

3D AROUND-VIEW MONITORING SYSTEM

- 1 Speed-sensing power steering & heated steering wheel cover
- 2 HD 9" Navigation system
- 3 Electronic parking brake with auto-hold function

PRIORITY ALL AROUND

There is a new level of comfort for second-row passengers, with firm, fully contoured seats, full headrests, and outstanding legroom. Both front seats are power-adjustable and ventilated, and seats in both the first and second rows are heated. Second-row seats double-fold to accommodate cargo. Preferred driver's seat and mirror settings can be stored for up to three drivers.

SEATING CONFIGURATIONS FOR 5-SEATER

SEATING CONFIGURATIONS FOR 7-SEATER

A KNACK FOR HANDLING CARGO

Rexton can fit four golf bags widthwise in the cargo bay, thereby leaving the 2nd-row seats free for passengers to use. The driver with arms full may open the tailgate without putting the items down. Simply keep the smart key in a pocket and stand near the back of the vehicle for just three seconds and the tailgate will pop open automatically.

- 1 Smart power tailgate**
 - Heavy tailgate opens and closes easily
 - Simple switch control
- 2 2nd row folded flat 100% (5 seater)**
- 3 Normal seating with luggage board raised (5 seater)**

PUTTING TORQUE TO GOOD USE

To get you out of difficult spots and keep the drive invigorating, the Rexton is powered by a 2.2L diesel engine that delivers ample torque when you need to accelerate or haul a trailer. A new E-Tronic 8-speed automatic transmission offers smooth gear changes and fuel-efficient performance across a wider variety of vehicle speeds.

2.2L DIESEL ENGINE

Max. Power (PS/rpm)

202 / 3,800

Max. Torque (with MT) (Nm/rpm)

441 / 1,600~2,600

Displacement (cc)

2,157

Diesel Engine Model

e-XDi220

* With automatic transmission

PART-TIME 4WD

Part-time four-wheel drive allows the driver to choose when to activate the system, depending upon changing conditions on or off the road. Operation safety and efficiency are thus superior to what by the full-time 4WD system provides.

LD(Locking Differential) system

When wheel spin occurs on rough roads, LD locks operation of differential gear to assist the vehicle to escape rough roads.

8-SPEED AUTOMATIC TRANSMISSION WITH SBW(SHIFT-BY-WIRE)

INDEPENDENT MULTILINK SUSPENSION IN THE REAR

Independent suspension allows each wheel to move up, down, left, and right on its own for secure handling when the road surface gets rough. Shock from the road surface is dissipated through multiple links; little vibration is transferred to the body, and the ride quality is superb.

MANAGING FORCES WITH STEEL

The Rexton is mounted on the new-concept "Quad Frame" which isolates the cabin from road surface and engine noise and helps protect occupants from impact forces. There are eight body mounts, the most in this class, a step that improves ride quality and steering stability. The frame is notable for the quality of its steel, its force-managing shape, and the uniquely complex structure of each bar.

1 APPLYING THE MOST ADVANCED AUTOMOTIVE HIGH-STRENGTH STEEL

High-density, high-tensile-strength steel plate makes up 81.7% of all the steel plate used in the Rexton's body, providing superb rigidity and protection against deformation in a collision. As such, the safe space within the cabin has been maximised.

2 CRASH ZONE BOX

The 'crash zone' refers to that part of frame that conveys the most shock from a frontal collision to the inside of the cabin. This 'box' is designed to absorb that force, thereby protecting the people inside.

3 QUAD FRAME

The frame members feature a quadruple-layered structure that exceeds the global standard for lateral collision safety.

BIG ENHANCEMENTS TO ACTIVE SAFETY

Applying even more telematics to anticipate and avoid accidents

Ssangyong's ADAS(Advanced Driver Assistance Systems) applies sensing technology, data and artificial intelligence to many aspects of driving, to help you stay alert, out of danger, and in control. In addition to existing ADAS features, all of the features below are newly available on the Rexton.

THE LATEST TECHNOLOGICAL SOLUTIONS

Intelligent Adaptive Cruise Control (IACC)
Provides lane center assist control in all speed ranges during ACC autonomous driving mode.

Lane Keeping Assist (LKA)
With the front view camera, the system automatically operates the steering wheel to prevent departure whenever the vehicle begins to depart from the lane without turn signal activation.
Operating condition : above 40 km/h

Driver Attention Warning (DAW)
If the DAW system senses the driver's attention level has been significantly reduced, it will give audible warning and graphic on cluster.

Centering Lane Keeping Assist (CLKA)
Using front view camera, the system recognizes lane markers and vehicles to steer the vehicle to the middle of the lane.

Safety Distance Warning (SDW)
SDW detects the distance to the vehicle ahead and warns the driver when a safe distance is not properly secured.

Rear Cross Traffic-collision Assist (RCTA)
When backing out from a parking space, the RCTA detects approaching vehicles from the left or right direction. After detection, the system gives alert and initiates braking maneuver if necessary.

Blind Spot-Collision Assist (BSA)
If the collision risk in the rear blind-spot increases when a driver approaches the lane for a lane change, it helps to avoid collisions by differential braking.

Safety Exit Warning (SEW)
SEW uses rear corner radars to detect cars approaching from behind and warns passengers to look before exiting the vehicle.

LOOKING OUT FOR YOU AND YOURS

The Rexton comes equipped with nine airbags, including a driver knee-airbag and second-row side airbags. The steering wheel and steering column are specially designed to absorb the force of a collision, minimising the effect on the driver’s chest area, and active head restraints move forward in the event of a collision to close the gap between the occupant and the headrest to prevent whiplash.

FEATURES LIST

MECHANICAL
e-XDi 220 2.2L diesel engine with SCR system (Euro 6d STEP2)
8-speed automatic transmission with shift by wire
Gearshift knob
Part-time 4WD with shifting on the fly
Double-wishbone front suspension system with coil springs
Five-link rear suspension system with coil springs
Impact-absorbing 10-link rear suspension
Ventilated disc brakes for front and rear
Electronic parking brake with auto-hold function
70L fuel tank
Idle Stop & Go (ISG)

SEATS
8 way power-adjustable driver’s seat
6 way power-adjustable front passenger’s seat
4 way Driver’s seat power lumbar support

Seat memory settings for three drivers, including seat & outside door mirror positions, stored in onboard memory
Passenger’s seat walk-in device
60:40 split folding 2 nd -row seats with folding centre armrest
Double-folding seats in 2 nd -row
50:50 split folding 3 rd -row seats
Automatic easy access mode for driver’s seat
Heated seats for front and rear
Ventilated seats in front
Sliding front headrests
Premium Nappa black leather seat upholstery
Premium Nappa brown leather seat upholstery
Premium Nappa beige leather seat upholstery
TPU (thermoplastic polyurethane) seat upholstery
Flat woven seat upholstery
Seat belt reminder (all seats)

WHEEL AND TYRE
17" alloy wheels 235/70 tyres
18" alloy wheels 255/60 tyres (diamond cut)
20" sputtering wheels 255/50 tyres (chrome finish)
Tyre repair kit

EXTERIOR
Chrome coated on radiator grille
Full LED headlamps
LED type fog lamp

High-glossy skid plate under front & rear bumpers
Outside rearview mirrors with side repeater and puddle lamp
LED rear combination lamp with light guide
Air spoiler with LED high-mounted stop lamp
LED license plate lights
Aero-blade wipers
Body color outside door handles with hidden key button
Clean-sill door
Invisible muffler
Fashionable black and silver roof rails
Safety powered sunroof
Rear fog lamps
Daytime running LED lamps C-Type
Daytime running LED lamps
Trailer hitch mounting
Long licence plate

INTERIOR
Sunvisors with illumination and sliding extension
Glove box with lamp and key lock
A-pillar cloth trim
B-pillar assist grip
Stainless steel scuff on front & rear doors
Illuminated front-door scuff
Leather-wrapped gear knob
LED lamps in cabin
Chrome inside door handle
Ambient lights on the instrument panel and door handle
Floor mats

STEERING
Hydraulic power steering
Speed-sensitive power steering
Leather steering wheel cover with silver or high-gloss black accent
Manually controlled tilt and telescopic steering

Steering column lock
Heated steering wheel cover
Belt type Electronic power steering system (R-EPS)

SAFETY
Autonomous Emergency Braking (AEB)
Forward Collision Warning (FCW)
Lane Departure Warning (LDW)
Lane Keeping Assist (LKA)

Centering Lane Keeping Assist (CLKA)
Front Vehicle Start Warning (FVSW)
Safety Distance Warning (SDW)
Driver Attention Warning (DAW)
Intelligent Adaptive Cruise Control (IACC)
Blind Spot-collision Assist (BSA)
Safety Exit Warning (SEW)
Speed Limit Warning (SLW)
Rear Cross Traffic-collision Assist (RCTA)
Rear Cross Traffic Warning (RCTW)
Smart High Beam (SHB)
Blind Spot detection Warning (BSW)
Lane Change-collision Warning (LCW)
High-strength-steel construction
Ultra-rigid Quad Frame for greater strength, Less vibration and noise

Door impact beams for added protection from side collisions
4-channel anti-lock braking system

Electronic Stability Programme (ESP) with Traction Control System (TCS), Hill Descent Control (HDC), Active Roll-over Protection (ARP) and Emergency Stop Signal (ESS)
Dual airbags for driver and front passenger
Side airbags for front and rear passengers
Curtain airbags for front and rear passengers
Driver’s knee airbag
Front seatbelt load limiters and pre-tensioners
2 nd row 3-point seatbelt
Airbag on/off switch for front passenger
Seatbelt reminder (all seats)
Child seat anchorage
Manual seatbelt height adjustment on B-pillar
Childproof safety lock
Speed-sensitive door lock
Tyre Pressure Monitoring System (TPMS)
Visual VIN

AIR CLIMATE
Automatic air conditioning system (dual-zone control)
Rear manual air conditioning system for 7 seater
Automatic defogging system
Cabin air quality control system

Cluster Ionizer
Rear air vent on centre console
Positive temperature coefficient (PTC) heater with diesel engine

CONVENIENCE
Cruise control
Windshield wiper de-icer
Electro-chromic inside rearview mirror
Headlamp leveling device
Intermittent rear wiper
Automatic light control and rain-sensing wipers in front
Outside door mirrors that can be electrically controlled, folded and heated
Solar, noise-control windshield glass
Tinted front-door glass
Privacy glass (Rear-door windows, Quarter windows, Tailgate window)
Safety powered windows
One-touch triple-turn signal lamp
Folding, remote keyless entry system
Illuminated ignition

Supervision cluster with 12.3" full LCD color trip computer
Supervision cluster with 3.5" monochrome TFT-LCD trip computer

Luggage cover and load net & grocery hook in cargo bay (5 seater)
Variable luggage shelf
Cargo barrier net
Cargo bay net

8" smart audio with rear-view camera
3-dimensional around view monitoring system (AVM)

Six speakers
Bluetooth telephone connectivity with streamed audio
Audio remote control switches on steering wheel
Car connectivity (Apple Carplay & Google Android Auto)
Smart power tailgate
Front obstacle warning system (4 sensors) with 2-stage alarm
Rear obstacle warning system (4 sensors) with 3-stage alarm
Smart power tailgate

Folding type dual rekes key system with key hole illumination
2-channel touch sensing door handle
12V power outlet & 2 slot USB charger on console back
Wireless charger

*Some of features may be optional or not be available according to market. Please contact your local dealer for the exact details regarding vehicles sold in your area.

	Combined		ℓ/100km	7.6 ~ 8.7			

* The above technical data can vary slightly by regional certification requirements or sales specifications.

* The fuel economy can vary according to road conditions or driver’s habits.

* The declared fuel consumption and CO² emissions were determined according to the newly introduced WorldwideHarmonized Light Vehicles Test Procedure (WLTP) and additionally measured according to the Real Drive Emission (RDE)method during road tests.

The engines comply with the EURO 6d STEP 2 emissionstandard.

The details do not relate to a single, individual vehicle and are not part of the offer, but serve only for comparisonpurposes among the different vehicle types.
