

NEW RODIUS

For a More Dynamic Lifestyle

GET MORE OUT OF LIFE WITH THE NEW RODIUS

The New Rodius brings more fun when you're at play and gets more done when you're at work. It's a true pleasure both to drive and ride in. Go wherever you want to go and take along whatever you need in the New Rodius.

A NEW ASSERTIVENESS

The New Rodius is a statement of rugged individualism. The chiseled bonnet character line adds volume to the front, providing a commanding presence and dynamic feel that the typical MPV lacks. The radiator grille is organically linked to the trapezoidal headlamp assembly, illuminated by daytime running lights.

Headlamp

Radiator grille

Full-bodied bonnet character line

Swing doors all around and a D-pillar set the New Rodius apart from the MPV crowd. You'll fall in love with the distinctive side character line that includes a D-pillar to bring out the luxuriousness of a full-sized vehicle. Wrap-around tail-gate glass and rear quarter glass seamlessly connect the side with the rear and provide the finishing touches to a wide and full-bodied look.

A DISTINCTIVE LOOK

Spoiler with high-mounted stop lamp

Wide D-pillar

Tail lamp assembly

RESPONSIVE TO YOUR NEEDS
The New Rodius fits right in, for any task at hand.

USB port and aux. socket

Steering wheel mounted control switches

DRIVING MADE EASIER

The driver's space now features the "Supervision" gauge cluster, a trip computer, and heated steering wheel grip. The instrument gauges are set at the top of the fascia and in the centre, helping to keep your eyes on the road at all times, while the high-illumination white LED backlight enhances visibility.

"Supervision" cluster

Trip computer

Heated steering wheel

The seven-seat configuration provides ample room, easy entry and egress, and superior MPV utility. Travel in groups and in maximum comfort.

07-SEATER VARIATION

07sv

All seats facing forward
(accommodates 7 adults very comfortably)

Front and 2nd-row seats flat
(converts into beds for driver and front passenger)

2nd-row seats flat
(maximises space for relaxation)

2nd-row seats folded
(serves as two tables)

2nd- and 3rd-row seats flat
(maximises space to stretch out)

3rd-row seats folded
(increases rear cargo space)

3rd-row seats removed
(maximises rear cargo space)

ACCOMMODATING YOU

Flexible seating variations let you make the most of the roomy interior. Heated driver's and front passenger's seats add comfort on wintry days. The deluxe centre console enhances convenience up front, while folding seat-back tables and flat-folding seats improve overall utility.

LOTS OF CARGO ROOM

Your business will blossom with the New Rodius as your workhorse. The spacious interior can carry bigger loads, letting you can get more done faster.

ADAPTABILITY PERSONIFIED

The New Rodius is an all-around player that can satisfy leisure, work and travel needs. When you get the most out of your vehicle, you are getting more out of your life.

SV200
155ps (114kW) 1,998cc

ADVANCED TECHNOLOGIES

The New Rodius comes equipped with a power plant that delivers more for less. The state-of-the-art SV200 1,998cc diesel delivers outstanding torque (190Nm) at the low end.

Thumbs Up Manual Mode

5-speed E-Tronic automatic
A built-in AI programme to predict the driver's driving habits and assess vehicular status for optimal gear-shifting performance. The Tip Switch provides the responsiveness of a manual transmission, while the Winter Mode enables starts in 2nd gear, preventing slippage on ice or snow.

6-speed manual
The wide gear ratio provides more power when starting out and lowers the engine rpm at high speed, for less noise and better fuel efficiency. Self-adjusting technology and concentric slave cylinder extend durability and help to maintain firm pedal force.

Impact-absorbing, independent multi-link suspension behind

Ventilated disc brakes

The New Rodius features part-time 4-wheel drive, where normal operation is in rear-wheel drive for better fuel efficiency. The transaxle can be switched to four-wheel drive while the vehicle is still in motion when additional traction is needed.

SMOOTH RIDE, SECURE HANDLING

Double-wishbone suspension up front

Ventilated disc brakes

Part-time 4WD

Part-time 4-wheel drive is simple and offers great drivability. Normally, the vehicle is driven by the rear wheels only, lowering fuel consumption because of the lower rolling resistance. The driver can switch the transaxle to four-wheel drive while the vehicle is in motion whenever additional traction is required.

ESP (Electronic Stability Programme)

The sophisticated Electronic Stability Programme monitors road conditions and vehicular status, ready to adjust engine output and brake force automatically should the driver be in danger of losing control on wet or icy surfaces or in sharp turns at high speed.

SAFETY A TOP PRIORITY

The New Rodius is equipped with an array of active and passive safety features to keep you and your passenger's safe at all times.

Side airbags are now available for the front row, complementing the frontal airbags for added protection from side impacts

PUT MORE INTO YOUR LIFE WITH THE NEW RODIUS

Stellar looks and performance in any setting,
both around town and in the great outdoors.

STYLING
The exterior and interior are designed to stand out aesthetically and maximise functionality. The result is a unique vehicle that you'll be proud to own and pleased to use.

Front bumper

Fog lamps

Solar control glass

Privacy glass

Folding heated outside mirrors

Sunroof and roof rack

Tailgate with a sophisticated, modern look

Backup warning system

Air quality control system (keeps noxious fumes out)

Fully automatic air conditioning combines with a carefully designed ventilation system to optimize interior comfort at all times

Air conditioning control in back

Stationary console & cup holder

Heated seats

Powered driver's seat

CONVENIENCE

The New Rodius is complemented by many additional comfort features that ensure time spent in the vehicle is fun and relaxing.

Tilt steering wheel and power steering

Audio remote control on steering wheel

Seat-back table

Audio system (MP3/CD player, Bluetooth)

Tilting headrests in front

Sunglasses holder

Cubby box

Keyhole lamp

Windscreen wiper de-icer

Shopping bag hook

ISO-FIX and tether anchorage for child seats

Power outlets

Panic alarm

FEATURES LIST

APPEARANCE
Projection headlamps
Chrome coated radiator grille
Rubber blade windscreen wipers
Rear spoiler with high mounted stop lamp
16" alloy wheels with 225/65R tyres
17" alloy wheels with 235/60R tyres
Repair kit
Full size spare tyre
Body coloured exterior mirrors
Body coloured exterior door handles
Side repeater indicators on wings
Chrome inserted body side moulding
Stainless steel door scuff plate
Styled roof rack
Roof mounted pole aerial
Powered sunroof
Mudflaps
INTERIOR
Tiffany grey interior colour with metallic grain
Sepia beige interior colour with wood grain
Metallic grain accent on fascia, console and door trim (available with Sepia beige interior colour)
Centre gauge cluster
Floor mats
Pop-out dashboard cup-holders
Leather and metallic or wood grain auto transmission knob
Leather manual transmission knob
Easy-to-read "Supervision" cluster
Trip computer
Foot-lamp for 2nd row
Map pockets inside doors
SAFETY
Monocoque body with integral front & rear sub-frames to absorb frontal and offset impact and enhance NVH
Front airbags, seatbelt load limiters and pre-tensioners
Side airbags
Electronic brake-force distribution anti-lock brake system (EBD ABS)
Electronic Stability Programme (ESP) with Emergency Brake Assist (EBA) and Active Roll-over Protection (ARP)
ISO-FIX and tether anchorage for child seat
Electrochromic rear-view mirror
Rear obstacle warning system with 3-stage alarm
Childproof safety door locks
Remote Keyless Entry System (REKES) with anti-theft alarm
Immobiliser
Daytime running lamps
Front & rear fog lamps
Headlamp leveling to maintain maximum illumination
Speed-sensitive door locks
Door courtesy lamps
Powered windows for driver, one-touch operation
Collapsible steering column
CONVENIENCE
2DIN MP3/CD player
Steering-wheel-mounted audio system controls
USB port and aux. socket
Bluetooth system
RDS system

6 speakers
Blue-tinted outside door mirrors that can be electrically adjusted, folded and heated
80-litre fuel tank
Hydraulic power steering
Manual tilt steering
Foot-operated parking brake
Ventilated disc brakes on all wheels

SEATS
8-way adjustable driver's seat
Heated in 1st row seats
2 / 2 / 3 seat arrangement
Removable 3rd-row
Seat-back table for 2nd row seats
Woven seat covers available on beige and grey
TPU (thermoplastic polyurethane) seat covers
Luxurious leather seat covers for comfort
Tilting headrest for 1st-row seats

AIR CLIMATE
Positive temperature coefficient (PTC) heater
Dual air conditioning systems with manual controls
Dual automatic air conditioning systems with temperature sensor and outside temperature gauge
Rear vent duct for improved air circulation
Air quality control system (AQS)
Air filters to ensure interior air stays fresh
MECHANICAL
155ps 2.0 litre e-XDi diesel engine with CDPF
6-speed manual transmission
E-Tronic 5-speed automatic with Winter Mode safety feature (Mercedes-Benz)
Steering-wheel-mounted gear shift buttons & gearshift knob switch for more dynamic driving response
Part-time 4WD with shifting on the move
Double-wishbone front suspension with coil springs

Multi-link rear suspension system
Gas shock absorbers
80-litre fuel tank
Hydraulic power steering
Manual tilt steering
Foot-operated parking brake
Ventilated disc brakes on all wheels
