

THE ALL-NEW CADILLAC 2015  
C T S S E D A N

*Cadillac*

IT IS PERHAPS THE SMALLEST SPACE  
KNOWN TO MAN.

THAT RAREFIED SLIVER BETWEEN THE GOOD AND THE TRULY GREAT. THERE'S  
NO MAP TO HELP YOU FIND THIS ELUSIVE PLACE. THE ONLY WAY TO GET  
THERE IS SIMPLY TO BELIEVE YOU CAN.

At Cadillac, we've set out to create our own uniquely  
American breed of extraordinary. It's why we've created our own daring  
school of design that bends steel way beyond its comfort zone. It's why  
we've pushed technology ahead by pioneering a bold new way  
for drivers to intuitively access entertainment and information  
with the flick of a finger. And why, in everything from safety  
to performance, we're setting the standard.

**BOLD. DARING. ORIGINAL.** These are the kinds of luxury vehicles we build.  
It takes tenacity, a refusal to leave well-enough alone. That is the difference  
between good and great. That is the difference between just making  
luxury vehicles, and making Cadillacs.

## CRAFTED TO THRILL.

Its design is striking, inside and out. Every component, honed and crafted. Thrilling performance and sophisticated technology lurk within, while the extraordinary design is outwardly unmistakable. Destined to stand out among the world's leading luxury cars, this exceptional sedan elevates the notions of luxury and sport. Dynamic, intriguing design. A critically acclaimed lightweight architecture. A meticulously detailed interior. The all-new CTS is a driver's car in the truest sense of the term and breathtaking to behold, both inside and out.

## THE SPEED OF LIGHT.

The all-new CTS is the lightest rear-wheel drive car in its class, with a dynamic chassis that's nearly 90.5kg. lighter than major competitors. With advanced lightweight materials used extensively throughout, including aluminum alloy for the hood and doors, the CTS Sedan is nothing short of an engineering marvel. And, to validate its credentials, we tested and pushed it to its limits on Germany's famed Nürburgring. We brought it back home to fine-tune it for a dynamic yet sophisticated ride.

EXPECT AN  
INSTANT RESPONSE.

Engineering a vehicle this thrilling and sophisticated requires a blueprint comprised of exceptional elements. Pair the potent 272hp (net) 2.0L Turbo or the available 321hp (net) 3.6L V6 engine with performance-tuned RWD or available AWD (only with 2.0T) with active-torque technology. No matter which powertrain you opt for, you'll always benefit from a solid platform with a fully independent suspension for excellent responsiveness and refinement. The latest generation of Magnetic Ride Control is available, featuring up to three selectable modes—Tour, Sports, Snow/Ice—for uncompromising handling and control. Stopping power is consistently confident, thanks to the race-inspired Brembo® front brakes. And a ZF premium steering system works in unison to provide an enhanced connection between the driver, the vehicle and the road.

**MAGNETIC RIDE CONTROL**

*The available revolutionary Magnetic Ride Control seamlessly adjusts to the road up to 1,000 times per second, maintaining excellent body control, chassis composure and sophisticated ride.*

**BREMBO BRAKES**

*We combined forces with the world-renowned brake experts at Brembo to engineer the fixed-caliper, aluminum 4-piston front brakes that deliver remarkable stopping power and consistent pedal feel.*

**PURPOSE BUILT SUSPENSION**

*Using a double-pivot MacPherson strut in the front and a five-link rear design, the independent suspension in the CTS was purposely engineered for a dynamic yet comfortable ride.*

## UN-UNDERSTATED.

To achieve a physique this striking, countless hours were spent refining the bold look of the reimagined CTS Sedan. No element, no detail, no characteristic was left untouched. A long, low profile with a short front overhang yields an athletic yet sophisticated presence. Finely sculpted lines flow from front to rear, giving it a pulled-back stance. And a strong, confident grille completes a look that is unmistakably Cadillac.

## A STATEMENT

IN EVERY DETAIL.

### **BOLD, CONFIDENT GRILLE**

*Accentuating its strike design, the new sculptured grille with crest adds just the right touch of sophistication and style.*

### **DIRECTIONAL HID HEADLAMPS**

*To help light the way, the available High-Intensity Discharge (HID) headlamps are equipped with brilliant Adaptive Forward Lighting. Sensors react to the vehicle's speed and steering, directing the headlamps to cast light precisely into your path of travel.*

### **INTEGRATED REAR SPOILER**

*Seamlessly fused with its sculpted lines, the rear decklid spoiler ingeniously doubles as an LED center brake lamp.*

Striking from every angle, the distinct look of the CTS begins with a refined grille, accented by a Galvano satin-chrome finish. Flanked by vertical LED signature lighting with available adaptive High-Intensity Discharge (HID) headlamps, your eye is pulled from the grille to the filleted crease work on the stunning aluminum hood. The silhouette takes shape as the dramatic angle of the acoustically laminated windshield slopes back. Subtle touches like the available LED illuminated door handles spark intrigue as the precision sculpted side creases draw you to the rear. There, you'll find artful touches like an integrated dual exhaust and a decklid spoiler that ingeniously doubles as an LED brake lamp. The CTS delivers an unmistakable presence down to every perfectly crafted detail.

# THE SEAT OF POWER IS A BEAUTIFUL ONE.

**PREMIUM FULL-LEATHER SEATS**  
*Finish the meticulously crafted interior with the available full-leather seating. This unique, luxurious leather is renowned for its ultra-soft feel and refined appearance.*

**AMBIENT INTERIOR LIGHTING**  
*Available Ambient Interior Lighting highlights the dash and door trim, creating a museum-like presentation.*

**ELECTRONIC CUPHOLDER COVER**  
*When you need a cupholder, it appears. When you don't, an ingenious touch-sensitive electronic cover elegantly conceals it.*

The dynamism created by the CTS's stunning exterior is carried into the cabin. With a brilliant design that revolves harmoniously around you, controls are placed precisely where the hand naturally falls. Authentic materials, including the choice of exotic woods, anodized aluminum, or carbon fiber heighten this premium experience. Even the exceptional, available leather is skillfully joined using hand cut-and-sewn craftsmanship. Personalize your CTS with one of eight unique interior environments featuring an array of meticulously choreographed colors and trims, accented by the warm glow of available Ambient Interior Lighting. A Bose® Surround Sound System provides a concert-like experience, while the Bose® Active Noise Cancellation generates a cancellation signal to reduce unwanted low frequencies. Further customize your surroundings with available features like 20-way adjustable front seats, reconfigurable gauge cluster, full-color Head-Up Display and dramatic UltraView sunroof.

## BUILT WITH AN EMPHASIS ON BRILLIANCE.

Using cutting-edge technology, CUE<sup>1</sup>—Cadillac User Experience—brings the intuitive brilliance of a tablet to your entire driving experience. Standard on each CTS Sedan, its stunning 8" LCD touch screen effortlessly senses your hand as it approaches. Use your fingers to enter an address or zoom closer on a map. Even swipe to breeze through your music choices. When an icon is touched, the screen pulses to acknowledge the command, letting you keep your attention focused on the road ahead. Steering wheel controls are conveniently placed, making a phone call is as simple as possible. CUE also lets you preset up to 60 favorites—including points of interest, addresses and phone numbers—and seamlessly accesses every contact and song on your Bluetooth®-enabled smartphone. With Text Message Alerts and wireless charging you'll stay connected wherever you are.

<sup>1</sup>Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity.

EVEN THE SEAT HELPS KEEP YOU  
**CONSTANTLY AWARE**  
OF YOUR SURROUNDINGS.

The best safety measure is avoiding a collision in the first place, which is why we developed the available Driver Awareness Package. Using advanced radars and cameras, it helps alert you to potential hazards you may not even see. Ever-vigilant, the Safety Alert Seat intuitively notifies the driver with pulses when the Lane Departure Warning System, Forward Collision Alert and Rear Cross-Traffic Alert are activated. What's more, the package also includes Side Blind Zone Alert, Rear Vision Camera, Lane Keep Assist, Lane Change Alert, Rainsense automatic wipers, and IntelliBeam automatic high beam headlamps.

DRIVER ASSISTANCE, WITH AN

## EVEN HIGHER IQ.

Building on the extensive elements of the Driver Awareness Package, the available Driver Assist Package adds even more convenience and technology. Equipped with Front and Rear Automatic Braking, the CTS Sedan can apply the brakes for you to help prevent certain low-speed collisions. There's also full-speed Adaptive Cruise Control<sup>1</sup>, which seamlessly adjusts to the ever-changing flow of traffic, and Automatic Safety Belt Tightening for additional convenience and safety.

Perhaps most impressive, the all-new CTS Sedan, when equipped with Automatic Parking Assist and Perpendicular Parking, scans for an available parking spot and automatically steers itself into a parallel parking space with nearly effortless execution, while you use the brake and accelerator as needed.

1. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.

A HIGHLY INNOVATIVE APPROACH TO  
PERSONAL PROTECTION.

It starts with a protective safety cage constructed with ultra- high- strength steel alloys for exceptional rigidity. Then, we added strategically placed crumple zones and preventive safety features like StabiliTrak Electronic Stability Control and full-function traction control systems. From there, a sophisticated antilock braking system (ABS) with Auto-Dry functionality and Electronic Braking Force Distribution

help balance stopping power between the front and rear brakes. Then there's the confidence that comes with ten airbags with Automatic Crash Response. Among its many anti-theft innovations is an available tilt sensor that sets off an alarm when the system senses a change in the vehicle angle, such as would occur when the vehicle is lifted for wheel theft or unauthorized towing.

THE LUXURY COLLECTION:  
**ELEGANCE,**  
INFUSED WITH INTELLIGENCE.

**PREMIUM LEATHER SEATING SURFACES**

*With hand cut-and-sewn craftsmanship, luxury extends to every detail. French stitching on the leather seating surfaces adds a touch of understated elegance to an exceptional environment.*

**SIDE BLIND ZONE ALERT**

**AMBIENT INTERIOR LIGHTING**

Crafted with an eye for beauty and purpose, the CTS is further enhanced by the Luxury Collection. Rich leather seating surfaces with heated and ventilated front seats, along with a heated steering wheel, provide all-climate comfort, while the split-folding rear seat adds convenience. Equipped with the Driver Awareness Package, the Luxury Collection features the groundbreaking Safety Alert Seat, Lane Departure Warning System, Forward Collision Alert, Side Blind Zone Alert, Rear Cross Traffic Alert, Rear Vision Camera, Rainsense automatic wipers and IntelliBeam headlamps. There's even the choice of two potent engines: a 272hp (net) 2.0L Turbo or an available 321hp (net) 3.6L V6. And it's all surrounded by the intuitive brilliance of CUE with an 8" color touch screen, Bluetooth® with streaming audio, and more. To finish it off, the bold 18" Ultrabright wheels and High-Intensity Discharge (HID) headlamps with Adaptive Forward Lighting make a dramatic exclamation point.

1. Go to [gmtotalconnect.com](http://gmtotalconnect.com) to find out which phones are compatible with the vehicle.

*ULTRAVIEW SUNROOF*

*Spanning both rows of seats, this sunroof can fill the cabin with a wealth of natural light, giving the CTS an even more spacious feel.*

THE PERFORMANCE COLLECTION:  
AN ADRENALINE SHOT.

*MAGNESIUM PADDLE SHIFTERS*

*CUE WITH NAVIGATION*

Experience the thrill of this dynamic chassis with the CTS Performance Collection. Featuring the 2.0L Turbo or the available 3.6L V6, it builds on the already impressive components of the Luxury Collection. Magnetic Ride Control's three dynamic modes—Tour, Sport and Snow/Ice—keep the balanced chassis dialed in on any road. Enjoy the brilliance of CUE with 3-D GPS navigation and your very own concert hall sound with a 13-speaker Bose® Centerpoint® Surround Sound system. There's even the convenience of a full-color reconfigurable Head-Up Display and Automatic Parking Assist for nearly effortless automated parallel parking. The experience of the CTS Performance Collection is further enhanced with the vast-spanning UltraView sunroof, heated outboard rear seats and tri-zone climate control.

**18" ALUMINUM WITH  
POLISHED FINISH**

*Included on CTS Luxury, Performance (AWD)  
Collections; includes P245/40R18  
all-season run-flat tires  
Size: 18" + 8.5" front and rear*

**18" ALUMINUM WITH  
PREMIUM PAINTED FINISH**

*Available on luxury and performance collections  
(AWD), includes P245/40R18  
all-season run-flat tires  
Size: 18" + 8.5" front and rear*

**18" ALUMINUM WITH MIDNIGHT SILVER  
PREMIUM PAINTED FINISH**

*Standard on base luxury trims, includes performance  
summer-only<sup>1</sup> run-flat tires, P245/40R18 front,  
P275/35R18 rear  
Size: 18" + 8.5" front and 18" + 9.5" rear*

**18" ALUMINUM WITH ULTRA-BRIGHT  
MACHINED FINISH AND MIDNIGHT  
SILVER PAINTED POCKETS**

*Available on performance trim, includes  
performance summer-only<sup>1</sup> run-flat tires,  
P245/40R18 front, P275/35R18 rear  
Size: 18" + 8.5" front and 18" + 9.5" rear*

1. Do not use summer only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to [gmaccessorieszone.com](http://gmaccessorieszone.com) or see your dealer.

<b>VISORS</b> Driver and front passenger illuminated vanity mirrors	•	•	•

1. Arriving early 2014. 2. Vehicles equipped with these linings will experience faster accumulation of brake dust on wheel surfaces and may produce more noise than with standard linings. 3. Before making a lane change, always check the SBZA display and the side and inside rearview mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 4. Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with air bags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 5. Not compatible with all devices. 6. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity.

# PREMIUM CARE PROGRAM

## INTRODUCING THE NEW STANDARD OF LUXURY OWNERSHIP

### COMPLIMENTARY SERVICE AND MAINTENANCE FOR 4 YEARS / 100,000 KM

Standard on all Cadillac vehicles, our complimentary service & maintenance is a fully transferrable program covering all requirements as per the scheduled maintenance program, detailed in the owner's guide.

### RESALE VALUE GUARANTEE

When you buy a Cadillac, we guarantee the resale value at a competitive market rate.\*

### REGIONAL ROADSIDE ASSISTANCE FOR 4 YEARS

Our roadside service ensures that, whatever happens, you always get back on your way as quickly as possible. In the event you're outside your country of residence and repairs can't be carried out on location, we'll arrange all accommodation and flights to ensure you reach your destination safely and with the utmost convenience.\*

### WARRANTY FOR 4 YEARS / 100,000 KM

Your Cadillac warranty ensures that your post-purchase experience is just as pleasurable and worry-free as the Cadillac you buy.

### COURTESY TRANSPORTATION

When bringing your Cadillac for warranty repairs you'll be offered a courtesy vehicle for your convenience. We're also pleased to offer you a drive-back when bringing your Cadillac for scheduled maintenance.\*

\* Terms and conditions apply.

We have tried to make this catalogue comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalogue and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process.

Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times.

Note: Some photographs in this catalogue show vehicles with optional equipment.
