More than meets the eye.

Audi's flagship sedan has been reworked for more luxurious look. The base of the Singleframe grill is now broader, and the stretched lines of the body emphasize its length.

The wide wheel arches hint at the standard quattro drive system, whilst the rear is dominated by chrome clasps and a customizable taillight signature with continuous light strip.

Drive on a carpet of light from digital Matrix LED headlights and OLED taillights that create a distinctive lighting signature that is immediately recognizable as Audi.

The Audi A8 L is renowned for being one of the most stylish and luxurious cars on the market. Audi is enhancing this offering with the chrome exterior package and, for the first time in the A8, the new S line exterior package.
