

The Audi

Q3 Sportback

Future ready

The Audi Q3 Sportback

Progressive design

Self-confident, extroverted, and sporty – this is the Audi Q3 Sportback. The front is dominated by the large single-frame grill with octagon design and the lateral air intakes. The long, elegant shoulder line, sloping roof line, low rear window, and the sharply cut rear lights emphasise its sportiness. Individualise the exterior with our flexible equipment line concept. If you opt for the S line, your Audi Q3 Sportback will be delivered with bumpers in contrasting paintwork, (18-inch) wheels in 5 V spoke design, and illuminated door sills with aluminium inserts and S lettering.

Top speed

206 km / h

0-100 km / h

7.4 secs

Maximum power

180 hp

Driving pleasure as **standard**

In order to offer you the greatest possible driving pleasure, we have equipped the Audi Q3 Sportback as standard with some technologies that increase the dynamics on the road: The sports suspension provides good traction. Progressive steering offers direct steering response – for example on winding country roads and when turning. The Audi “drive select” driving dynamics system allows you to influence the vehicle characteristics using six different modes. In addition to the engine and transmission set-up, the system influences the electronically adjustable shock absorbers and steering assistance. At the heart of this vehicle beats a 2.0 TFSI coursing with 180HP.

Digital cockpit

In the Audi Q3 Sportback, you can experience our latest infotainment generation. The standard equipment includes a 10.25 inch digital instrument cluster. You can also opt for the Audi virtual cockpit plus. The 12.3-inch HD display shows razor-sharp animations and provides you with relevant vehicle information.

Variable and **functional**

The Audi Q3 Sportback has a highly variable interior. The rear bench offers space for three people and can be tilted in seven positions. The volume of the luggage compartment ranges from 530 to 1,400 litres. Hands free electric tailgate is optional.

ENGINE
