EMPOWER THE DRIVE

INFINITE POTENTIAL

We believe every driver is empowered with untold possibilities. To excel. To go as far as their drive will take them. See this take shape on the INFINITI QX50, where balanced handling meets V6 horsepower for an unforgettable sporty experience. Begin by crafting your QX50 for your individual journey. Every selection is designed to move, inspire and empower the drive.

CELEBRATE REFRESHING STYLE Design bends the line between presence and beauty. Dramatic curves and sculpted contours give the QX50 its elegant, coupe profile while maintaining its confident stance as a crossover. Amplify its appearance with large 19-inch aluminum-alloy wheels¹ to create a bold statement. While advanced xenon HID headlights equipped with the Adaptive Front lighting System (AFS) deliver signature INFINITI design cues.

COMBINE FAST WITH NIMBLE With the engine just behind the front wheel centerline, the QX50's Front Midship Platform provides optimal weight distribution for improved balance on every turn. Reach your speed quickly with a vigorous 326-horsepower V6 engine. And stay connected to the road with available INFINITI Intelligent All-Wheel Drive. This adaptive system can divert up to 50% of the engine's power to the front wheels for better traction. When conditions are clear, 100% of the power is sent to the rear wheels for continued sporty response.

1 Available on select models. **2** Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone owner's manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by INFINITI is under license. **3** Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. External device not included. **4** Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. **5** AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicles speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. **6** The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system senses exterior odors, suppresses unpleasant interior odors, stops the inflow of external odors and helps keep the cabin smelling fresh, but does not always eliminate odors. **7** Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status.
