INFINITI

Inspired Performance

A black Infiniti QX80 SUV is parked on a cobblestone street at night. The car's headlights are on, casting a bright glow. The background features a brick building with arched windows and doorways, illuminated by warm streetlights. A blurred red light source is visible on the right side of the frame.

THE EPIC

How big do you dream? What is the scale of your desires? Hold none of them back. Embrace luxury grand enough to accommodate all the experiences you seek, and powerful enough to amplify them. The Infiniti QX80 unlimits your potential with capability that few rival, extensive rewards that fill your journey, and presence that none can match. Not larger than life – as large as the life you want.

THE DEPARTURE

When you are in command, your horizons expand. Discover a new sense of control to seize the moment, pursue the gratifying and see the possible.

REMOTE ENGINE START allows you not only to start your QX80 from a distance, but also activate your preferred settings of seating position, navigation, audio, and climate control for two different drivers once their I-key is detected.

A world's first technology, **BACKUP COLLISION INTERVENTION (BCI)**¹³ helps detect vehicles approaching from either side while you back up. If a vehicle appears to be entering your path, it gives you three layers of warning – visual, audio and gas pedal-force feedback. It will even apply the brakes to help you avoid a collision.

AROUND VIEW® MONITOR⁴ with Front and Rear Sonar System⁵ and Moving Object Detection⁶ gives you exceptional awareness of your environment as you park. You'll see a simulated 360° view from above, showing you clearly the objects detected around your car. And the system will even alert you to moving objects detected in your vicinity. It helps put you intuitively in control of your surroundings, while simultaneously putting you at ease.

There is luxury executed, and then there is emotion orchestrated. Luxury that, like a brilliant piece of music, has rise and fall, curating what you feel while at times surprising your senses. The interior of the Infiniti QX80 immerses you in relaxation, yet brims with innovation and delight. Creating comfort of not just body, but of mind.

INTELLIGENT CRUISE CONTROL⁶ AND DISTANCE CONTROL ASSIST⁹ transform traffic by automatically adjusting to the speed of cars ahead on the highway, and helping maintain your desired distance in tight traffic. Less effort is asked of you. Less stress is put upon you.

INFINITI HARD DRIVE NAVIGATION SYSTEM³ offers a more intuitive interface for increased ease and confidence, helping you expertly find your location and your destination, even in crowded city environs.

THE EXHALE

LANE DEPARTURE PREVENTION[®] watches road markings with a camera and can subtly apply brakes to help keep your vehicle from unintentionally drifting from your lane. When you're out on the road, surround yourself with confidence.

ZERO-LIFT AERODYNAMICS help dispel the unsettling effects of wind turbulence, and help increase the feeling of stability and confident handling at speed. Airflow is precisely managed to help ensure your Infiniti QX80 is balanced and intimately connected to the road when you're in motion.

THE LICENSE

Subtlety will only ever get you so far. There are many rewards for knowing precisely what you want and having the power to attain it.

5.6-LITER V8 inspires a voracious appetite for excitement and adventure by generating a formidable 400 horsepower and 560Nm of torque. Its sheer force is enhanced with technology – such as VVEL® valve control – that heightens efficiency and your sense of satisfaction.

ALL-MODE 4WD® automatically adjusts to help maintain grip and conquer the challenging conditions and rugged terrain you may face, or allows you to lock in the power distribution that fits your purpose. Seek adventure, find control.

HYDRAULIC BODY MOTION CONTROL
continually caters to your sense of comfort and control. It adjusts the suspension to reduce body lean and smooth out the road at all speeds. The size of your vehicle doesn't have to diminish your enjoyment of every road and curve you come across.

A man with dark hair, wearing a light blue button-down shirt and dark jeans, is driving a car. He is looking out the window towards a bright, hazy landscape. The car's interior is visible, featuring light-colored leather seats with dark stitching, a large infotainment screen, and a gear shifter with a leather boot. The text "THE FEEL" is overlaid on the left side of the image.

THE FEEL

Hear things you've never heard before. Hear the impulses that play at the edge of your mind. Hear opportunity coming. Hear yourself think clearly, and know you've discovered a space that puts your satisfaction above all else. A space with the engineering and technology to surround you with all that you love, and to bring it to life.

BOSE® CABIN SURROUND envelops you, creating depth and ambiance for a wider, more immersive sound. This unique system delivers music's power from the front, with sound washing through the cabin to the back, as in a live performance.

DRIVER'S AUDIO STAGE answers your demand for the ultimate audio experience, by shaping the sound emerging from the audio system so that it focuses on the driver. It's dynamic sound imaging at its most immersive.

THE ESCAPE

OBJECT OF ATTRACTION

INFINITI QX80

AMBIANCE

A welcoming and evocative space is measured in its ability to stir your emotions.

PASSENGER LEGROOM

730_{mm}
ROW 3

1040_{mm}
ROW 2

1005_{mm}
ROW 1

EXPANSIVE COMFORT All of your passengers will travel in rejuvenating ease and satisfaction, thanks to the legroom for all that accommodates even taller individuals in each seat.

MATCHLESS MATERIALS Glide your hand across the armrest, and your fingertips seem to recognize the instinctively rewarding feel. This is purely intentional. We took one-and-a-half years, surveying 360 people all over the world to quantify the most pleasing tactile feel, then created the perfect materials to match it. With tension and texture that match the depth and spacing of the ridges in your fingerprint, it imbues the surfaces you'll engage most with the perfect touch.

REWARDING ROOMINESS Space envelops you when you step into an Infiniti QX80, but what you experience is more than sheer volume. Designed to feel open and airy, headroom abounds in every seat. A tall greenhouse and large moonroof allow light to flow in and fill the cabin. The design of the dash and center console open up before you, while putting essential controls within easy reach. You'll feel both in command and at ease.

ACCOMMODATION

Tailored versus lavish. More than spacious – immersive. An intimate interior, which easily accommodates the most varied of lifestyles, always conforms, and never constrains.

	INTERIOR VOLUME	
3,171.5 _L	470.1 _L	1,489.5 _L
TOTAL SPACE	CARGO AREA	3RD ROW DOWN

TOTALLY FLEXIBLE Living a varied and outgoing lifestyle means carrying a wide variety of cargo items and passengers, often at the same time. The interior seating of the QX80 transforms quickly and easily to accommodate just about anything you need to bring. The third row folds flat with the push of a button and splits 60/40, allowing you carry large items even with passengers still in the back. The seats in the second row also tip forward, opening up that much more room in the cargo area.

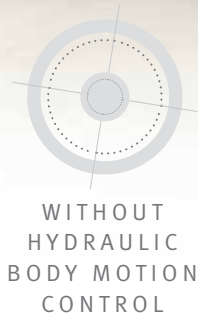

INVITE EVERYONE With comfortable seating for up to 8 adult passengers, you'll never have to leave anyone behind. The Infiniti QX80 also makes ingress and egress easy with wide door openings, and a second row that folds with the push of a button¹. Third-row passengers will be able to enter with ease.

SPACE THAT EMPOWERS The QX80 offers a maximum cargo space of 3,171.5 liters. But that space is carefully designed to be eminently useful to you, even in your everyday excursions. There are a multitude of storage areas placed conveniently through the cabin. Also, the large rear gate opens to a flat cargo area – even with the third row folded down – that is free from encumbrance and makes loading and unloading simple and easy.

PREMIUM SECOND ROW There is no coach class in an Infiniti QX80. The seats in the second row conform to the same exceptional standards as the front seats. Leather-appointed, spacious captain's chairs support passengers in total comfort even on long journeys. Those in the second row also enjoy their own customizable climate control zone, and a spacious wood-trimmed center console.

PERFORM

On its surface you’ll find spacious luxury. At its foundation - the commanding dynamics of Infiniti Direct Response engineering.

BETTER CORNERING AND COMFORT Infiniti engineers complemented the power and size of the Infiniti QX80 with the advanced Hydraulic Body Motion Control system. It monitors forces such as body lean as you corner and vertical motion as you go over bumps and potholes and distributes variable pressure to either the outer or inner suspension to keep the cabin more level, and isolate it from unsettling motion. The result is tighter handling and a more rewarding ride.

MAXIMIZING POTENTIAL Better power and efficiency depends on better breathing, so our exclusive VVEL® (Variable Valve Event and Lift) technology improves performance while delivering enhanced engine efficiency. VVEL® continually adjusts not just when intake valves open, but also how much. It delivers a quicker response and broader torque curve, while improving fuel efficiency and lowering carbon emissions up to 10%.

TAKE IT WITH YOU Along with 2,000 kg towing capacity, the QX80 offers you an extra dose of confidence and control with just the push of a button. Engage the Tow Mode and the tuning of the engine adjusts to draw out more pulling power. It also adjusts the transmission for shifts that accommodate your heavy load.

HOLD THE ROAD As driving conditions change, the All-Mode 4WD® system is ready. Set it to AUTO and the system continually adjusts the amount of power distributed between the front and rear wheels for enhanced control. If any wheel should slip, the Traction Control System helps redirect power towards the wheels with traction. The system also has settings for 2WD, 4WD High and 4WD Low for times when you need high traction, like in loose terrain or on steep inclines.

RISE ABOVE You have a deep thirst for adventure, and that may take you to some out-of-the-way places. But with 235 mm of ground clearance, the QX80 gives you the confidence to tackle rough roads, ruts, potholes and other obstacles that stand in your way. What’s more, the commanding view of the road it offers will make you feel that much more in control.

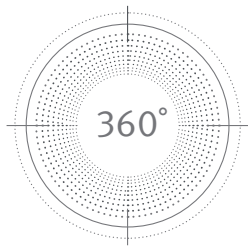

POWERFUL PLAYER The most formidable engine Infiniti has ever built, the QX80’s heavy-duty, reinforced 5.6-liter V8 delivers. It produces a stirring 400 horsepower – you’ll take on virtually every driving scenario with smooth confidence. It also boasts 560Nm of torque, a torrent of pulling power that helps it achieve an 2,000 kg towing capacity. Engineering with Variable Valve Event and Lift (VVEL®) technology, it’s also tuned to maximize fuel efficiency.

AERODYNAMIC ADVANTAGE Despite its epic proportions, the QX80 is built to benefit from the forces of air. The upper and lower body of the QX80 direct the flow of air over, around and under the vehicle to minimize the pressure under the car and the “suction” effect over it, achieving zero-lift at the front and rear. Reducing the effects of wind turbulence at higher speeds leaves you feeling more tightly in control and in touch with the road surface.

ASSIST/ENTERTAIN

Infiniti InSuite™ integrates a host of intuitive technologies to simplify tasks and anticipate your needs as they keep you in touch with and in control of your world.

ALL-AROUND AWARENESS The Around View® Monitor⁴ with Front and Rear Sonar System⁵ and Moving Object Detection⁴ gives you exceptional awareness of your environment as you park. You'll see a simulated 360° view from above, showing you clearly the objects detected around your car. And the system will even alert you to moving objects detected in your vicinity. It helps put you intuitively in control of your surroundings, while simultaneously putting you at ease.

INDIVIDUALIZED ENTERTAINMENT The Tri-Zone Entertainment System creates three distinct areas for passengers to enjoy their own individual media. Those in the front seats can choose the audio they want, while the two 7-inch screens allow those in the second row to play their own movies, games or music through the use of wireless headphones. Satisfy everyone's tastes, and heighten their enjoyment of every journey.

EASE IN TRAFFIC Intelligent Cruise Control (Full-Speed Range)⁶ allows you to choose your desired speed, and automatically slows your vehicle in slowing traffic, going all the way to a complete stop. Then, as traffic flow picks up, it re-accelerates your vehicle to your preset speed. This visionary innovation and the personalized convenience it offers is available with a simple touch of a button.

A BETTER VIEW OF YOUR WORLD Infiniti Hard Drive Navigation System³ is packed with advanced yet intuitive technology that makes it both more informative and easier to use. Birdview perspective control gives you a more natural view of the map.

AUDITORY INDULGENCE The Bose® Cabin Surround sound system brings 15 individual speakers to bear in a powerful 5.1-channel array. Their positioning and sound delivery is precision-engineered specifically for the interior of the Infiniti QX80 to filter out noise and distortion, and to surround you with compellingly rich and realistic sound. And when you engage the Driver's Audio Stage, the sound focuses on driver's position, delivering the ultimate audio experience.

EMPOWERING YOUR TOUCH The Infiniti Controller puts intuitive, simple control of your technology systems at your fingertips. Designed to fall naturally within your reach and to minimize distraction from driving, it allows you to interact via a variety of inputs and with clearly marked buttons and commands. What's more, a single press can bring you from one major system to another.

PROTECTION

The Infiniti Safety Shield® concept – our comprehensive approach to safety – layers technologies to monitor conditions, help you avoid a collision, and help protect you and your passengers if one occurs.

1350 MPa
ULTRA-HIGH TENSILE
STRENGTH STEEL

590 MPa
CONVENTIONAL
STEEL

STRONGER AND LIGHTER Ultra high-strength steel is used in areas critical to preserving your safety in the case of a collision. The unique process used to create this material can give it more than twice the tensile strength of conventional steel. Not only does this ultra-strong material add to the vehicle's resiliency, it allows us to make the vehicle lighter overall.

SENSES WHERE YOU CAN'T SEE The Blind Spot Intervention®¹² System uses sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane and helps you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane, a warning sounds. The system will even apply opposite side brakes to help you guide your vehicle back to the center of your current driving lane.

BETTER STABILITY WHILE STOPPING Electronic Brake force Distribution adjusts the amount of brake force applied to the front and rear wheels for improved braking performance. It not only helps the brakes wear more evenly, it reduces front-end “dive” during heavy braking, helping increase the stability of your vehicle. The system also detects vehicle-load conditions, and distributes additional brake pressure to the rear brakes as needed.

ALWAYS LOOKING FOR DANGER Intelligent Brake Assist¹⁰ with Forward Collision Warning¹¹ uses radar to continuously monitor and analyze your closing speed to the vehicle ahead of you, helping detect an imminent collision. It provides a two-stage warning to alert the driver as the vehicle moves towards impact and – if needed – can automatically engage the brakes to help reduce the impact speed.

REVERSE WITH GREATER CONFIDENCE A world's first from Infiniti, Backup Collision Intervention¹³ employs an advanced set of sensors to help detect vehicles approaching from either side as you back up. If a vehicle is detected, the system alerts you – first, a warning light appears, then an audible alarm sounds, followed by gas pedal-force feedback. The system can even intervene by automatically engaging the brakes to help avoid a collision.

MAINTAINING YOUR LANE The Lane Departure Prevention System⁸ uses a camera to watch for departure from the traveling lane when you haven't signaled, and audibly warns you if it's detected. Then, if the drift continues, the system lightly applies selected brakes help to ease your vehicle back into the travel lane. But you never give up control. It's designed to assist, not override.

PREPARED TO PROTECT Under certain braking conditions or when the Intelligent Brake Assist¹⁰ system is activated without brake pedal input, the Front-seat Pre-Crash Seat Belts automatically tighten the front seat belts – helping restrain you and helping to maximize the effectiveness of the other occupant protection devices such as air bags.

ENHANCED PROTECTION Infiniti puts an array of air bags between you and an impact, including dual-stage front supplemental air bags of the Infiniti Advanced Air Bag System that adjust inflation rates based on the severity of the crash. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags.

TECHNICAL DATA

POWER		
Engine		5.6-litre (5,552 cc) V8, aluminium-alloy block and heads, dry film coated pistons
Valvetrain		Double Overhead Camshaft (DOHC), 4 valves per cylinder with microfinished camshafts. Direct Injection Gasoline (DIG™). Continuously Variable Valve Timing Control System (CVTCS) optimises opening of intake and exhaust valves. Variable Valve Event and Lift (VVEL) for intake valves improves performance, emissions and fuel efficiency
Horsepower		400 HP at 5,800 rpm
Torque		560 Nm at 4,000 rpm
Transmission		Electronically controlled 7-speed automatic with Adaptive Shift Control (ASC). Driver-adaptive learning algorithm senses driving style and adjusts automatic shifting accordingly. Manual shift mode offers sequentially selectable manual gearshifts and Downshift Rev Matching (DRM)
Drive type		Infiniti All-Mode 4WD® with computer-controlled transfer case; offers settings in auto, 4H and 4L
HANDLING		
Steering	Type	Vehicle-speed-sensitive power steering
	Turning diameter	12.5 m, curb-to-curb
Suspension	Front/rear	Independent, double wishbone with rear automatic levelliser
		Hydraulic Body Motion Control system
Brakes (Front/rear)		350 mm/350 mm ventilated discs; 4-wheel, 4-channel ABS
WHEELS AND TYRES		
Standard		9-spoke, 22 x 8.0-inch forged aluminium-alloy with 275/50 R 22 H-rated all-season performance tyres
Spare tyre		Full-size aluminium-alloy wheel and all-season tyre
DIMENSIONS AND FIGURES		
Exterior	Overall length	5,290 mm
	Overall width	2,030 mm
	Wheelbase	3,075 mm
WEIGHT AND CAPACITY		
Curb weight		2,767 kg
Fuel capacity		100 litres

FEATURES

QX80 STANDARD FEATURES		
Auto-on/off High Intensity Discharge (HID) bi-functional Xenon headlights with Adaptive Front lighting System (AFS) and auto-levelling headlights		
LED taillights and Center High-Mounted Stop Light (CHMSL) offer quicker illumination, lower power consumption and longer life than conventional bulbs		
UV-reducing tinted glass reduces transmission of radiant heat to vehicle’s interior		
Power folding outside mirrors with integrated turn signals, courtesy lights and reverse tilt-down feature		
Power sliding glass moonroof with one-touch auto-open/close, tilt feature and sliding sunshade		
Skid plate (under radiator)		
Body-color running boards with integrated splash guards		
Roof rails		
Remote power-opening of windows using Infiniti Intelligent Key; closing via key in exterior door lock		
Rain sensing, variable intermittent front windshield wipers		
Integrated tow hitch		
Infiniti Intelligent Key with Illuminated Push Button Ignition and enhanced memory		
Power windows with illuminated switches and one-touch auto-up/down with auto-reverse feature		
Tri-Zone Automatic Temperature Control (ATC) system		
Rear-seat heater ducts under front seats		
Power door locks with automatic locking feature		

QX80 STANDARD FEATURES (continues)	
Retained accessory power for windows and moonroof	
Sequential welcome lighting illuminated entry system and overhead ambient light	
Power tailgate with closing assist	
Front seatback map pockets; front and rear door pockets	
Four cup holders and eight bottle holders	
Front center console with storage compartment, cool box (600 ml plastic bottle x 6), and 12-volt power outlet	
12-volt power outlet in cargo area	
Front and rear carpeted floor mats	
Leather-appointed, 10-way power driver’s seat, including 2-way power lumbar support, 8-way power front-passenger’s seat, including 2-way power lumbar support	
Dual occupant enhanced memory system for driver’s seat, outside mirrors, steering wheel, Audio, Navigation, and climate control systems linked to individual Intelligent Keys	
Entry/exit assist for driver’s seat and steering wheel	
Heated front seats	
Power 60/40-split fold-flat and reclining third-row seats	
13-speaker Bose® Premium Sound system, AM/FM radio, single in-dash CD/DVD player with MP3 playback capability and speed-sensitive volume control	
9.3 GB Music Box® hard drive	
Streaming audio via Bluetooth® wireless technology²	
USB connection port for iPod® interface and other compatible devices¹	
Auxiliary audio/video input jacks behind front center console²	
Power tilt and telescopic steering column	
Bluetooth® Hands-free Phone System²	
Infiniti Controller for navigation, audio, climate-control, fuel economy, maintenance, and comfort and convenience features 8-inch WVGA color touch-screen display	
Infiniti Hard Drive Navigation System with Lane Guidance and birdview³. Arabic language support and Qiblah compass also featured	
Around View™ Monitor with Moving Object Detection⁴ and Front and Rear Sonar System⁵	
Cruise control with steering wheel-mounted switches	
Dual 7-inch color monitors for multimedia video playback (rear)	
Two wireless headphones and wireless remote control	
Battery saver helps prevent accidental discharging if electrical accessories are left on	
Remote Engine Start	
Park Guide with voice guidance and line markings⁷	

QX80 LUXURY GRADE FEATURES (IN ADDITION TO QX80 FEATURES)	
Leather-wrapped steering wheel with wood trimming	
Climate-controlled front seats	
Front pre-crash seat belts	
Remote tip-up second-row seats for easy third-row entry/exit	
Intelligent Cruise Control (Full-Speed Range)⁶	
Lane Departure Warning (LDW) and Lane Departure Prevention (LDP) systems⁸	
Distance Control Assist (DCA)⁹	
Intelligent Brake Assist (IBA)¹⁰ with Forward Collision Warning (FCW)¹¹	
Blind Spot Warning (BSW) and Blind Spot Intervention™ systems¹²	
Backup Collision Intervention (BCI)¹³	
15-speaker Bose® Cabin Surround® Sound system, with AM/FM, 1 CD/DVD reader with MP3 WMA compatibility and speed-sensitive volume control	
QX80 OPTIONAL FEATURES*	
2 nd row center console armrest with two storage compartments (7-Seater only)	
2 nd row split bench seat with 60/40 split folding (8-Seater)	

*Factory-installed options, check with your local dealer for availability at time of purchase.

SELECTION

Hues that change in response to light and angle. Matching exterior and interior colors to reflect the distinctive energy and mood of the seasons. These are just a few ways Infiniti uses paint to express feeling, evoke confidence, and shape the emotional essence of a vehicle.

This specification sheet is intended for general descriptive and informational purposes only. It is subject to change and does not constitute an offer, representation or warranty (express or implied) by Infiniti Middle East or any of the Infiniti retailers. Interested parties should confirm the accuracy of any information in this brochure as it relates to a vehicle directly with their respective Infiniti retailer, before relying on it to make a purchase decision. Infiniti Middle East, reserves the right to make changes, at any time, without prior notice, in prices, colors, materials, equipment, specifications, and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. Specifications, options and accessories may differ from one country to another. For additional information on availability, options or accessories, see your Infiniti retailer.

¹ Driving is serious business and requires your full attention. Do not operate any devices connected to the auxiliary audio input jack or USB connection port while driving. ² Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone owner's manual for details. Mobile phone not included. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Infiniti is under license. ³ Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ⁴ The Around View™ Monitor with MOD cannot completely eliminate blind spots and may not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁵ The Front and Rear Sonar System is a convenience, but not a substitute for proper parking procedures and/ or backing procedures. Always check that it is safe to do so before moving forward or backing up. May not detect every object in front of or behind you. ⁶ Intelligent Cruise Control (Full-Speed Range) is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. ⁷ Park Guide is a convenience but not a substitute for proper parking procedures and may not detect exact space around the vehicle. Always check the surroundings before moving vehicle to the parking spot. Parking space must be sufficient. ⁸ The Lane Departure Warning/Lane Departure Prevention systems operate above approximately 70 km/h and only when the lane markings are clearly visible on the road. Will not prevent loss of control. Refer to your owner's manual for more information. ⁹ Distance Control Assist helps maintain a distance to the vehicle in front of you under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. ¹⁰ Intelligent Brake Assist is not a collision avoidance system. It may not provide warning or braking in certain conditions. Never rely solely on Intelligent Brake Assist. ¹¹ Forward Collision Warning cannot prevent accidents due to carelessness or dangerous driving techniques. Always drive safely. ¹² The Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents due to careless or dangerous driving techniques or detect every vehicle or object around you. ¹³ BCI will not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ¹⁴ Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the SUV with cargo, especially on the roof, will affect handling and stability of the vehicle.

Infiniti has taken care to ensure that the color swatches presented here are the closest possible representations of actual vehicle colors. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colors at your local Infiniti retailer.

GENUINE INFINITI ACCESSORIES

The same exacting standards applied to the creation of an Infiniti vehicle go into designing and manufacturing Genuine Infiniti Accessories. With a wide array of quality products designed to integrate seamlessly, you can be assured of a custom fit and finish.

ACCESSORIES SHOWN Midnight black grille, hood protector, chrome mirror covers, moonroof wind deflector, roof rail crossbars¹⁴, side window deflectors, chrome body side moldings.

STAINLESS STEEL REAR BUMPER PROTECTOR While you load, unload and handle all your cargo, scuffs and scrapes can happen. This protector not only adds a sophisticated look, but it's durable enough to resist the wear and tear of everyday life.

CARGO AREA PROTECTOR¹⁴ Constructed of heavy, durable and flexible material, it helps keep your packages and other items from moving around while driving, while also protecting your cargo area from scratches and damage.

CARPETED CARGO MAT¹⁴ Moisture resistance and durable construction from high-density, cut-pile nylon carpeting gives it superior spill protection and anti-wear characteristics as it helps guard your cargo area from damage.

CENTER CONSOLE MAT When you choose to remove the second-row center console, this mat can be placed between the second-row seats to serve as a long-wearing, carpeted pathway to the third row. Available in wheat and graphite colors.

HATCH TENT Quickly converts the cargo area into a sleeping area with large mesh windows, external rainfly and large awning. Can also be used as a stand-alone ground tent.

TOW HITCH BALL MOUNT Rated for Class III towing.

PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula 1™, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing to become, in recent years, the most dominant force on track.

Infiniti is drawn to Formula 1™ racing because it is engineering genius applied purely to creating emotional excitement. A feeling of exhilaration that extends from the track to the fans, to the culture, through our partner, Infiniti Red Bull Racing. The heart and determination the team has shown has led to three Formula 1™ Constructors' World Championships in a row. Our synergistic relationship is one that promises thrilling new performance capabilities for both Formula 1™ and Infiniti vehicles.

This exchange of both technology and ideas now includes the appointment of 3-time Formula 1™ Drivers' World Champion, Sebastian Vettel, as our Director of Performance. Sebastian has already aided in the development of the all-new Infiniti Q50 – harnessing his supreme driving senses and passion for performance to ensure this new vehicle is as dynamic as possible. And now, future Infiniti vehicles will be imprinted with the genius and unrivaled passion that defines his greatness.

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that unleashes something special in your heart. We at Infiniti believe there are times when reason should take a backseat and emotion – pure and primal – should be the driver. Tangibles play a part, of course: the sensual, flowing lines; the smell of leather; the visceral roar of the engine. Established in 1989, Infiniti's flagship line has now grown to include sedans, coupes, convertibles and crossovers, all available in 49 countries

worldwide. Infiniti has generated respect as the provocateur brand in the premium category, with a reputation for defying convention and creating irresistible and provocative automobiles, engineered with obsessive attention to detail. Our passion for ultimate precision, exhilarating performance and that exuberant driving experience is also manifested in the partnership that Infiniti established with Red Bull Racing in 2011. All of which contributes to the feeling that to drive an Infiniti is something special.
