

A3

Sedan S line

Luxury for the everyday

Compact by nature

The A3 Sedan brings intelligent performance and technological progress to the compact luxury vehicle form.

Distinctive by design

With the signature Singleframe grille and LED daytime running lights, the A3 Sedan is instantly recognisable as an Audi from any angle.

Eyes front and centre

Equipped with the Virtual Cockpit as standard, the A3 Sedan allows drivers to customise and adjust their instrumentation to show exactly what they need, with stunning visual quality and clarity.

Convenience you can appreciate

Integrated smartphone connectivity, Park Assist with Parking Aid Plus, and a hands-free electric tailgate are just some of the elements that make your journey with the A3 Sedan that much easier.

Prevention is preferable

Active safety systems are here to help with Lane Departure Warning as standard, alerting you if you happen to stray from your lane. The tyre pressure monitoring system also warns you if one of your tyres is potentially damaged.

Looks that could kill

With the S-Line exterior trim and 17-inch alloy wheels, the A3 Sedan commands attention in every situation — a balanced blend of efficient design and measured aggression.

Audi A3 Sedan S line 2.0 TFSI
