

RS 5

Sportback

Outstanding from the start

The embodiment of performance

A powerful twin-turbo engine and quattro all-wheel drive allows you to experience premium dynamics on the road.

Sportiness in shape

Distinctive upgrades on the front and rear, as well as 20-inch light-alloy wheels emphasise the sporty look on the Audi RS 5 Sportback.

Feel the difference when you tailor-make your own driving experience with the Audi drive select dynamic handling system.

Dynamic cornering and directional stability are in your hands, thanks to the RS suspension plus with Dynamic Ride Control (DRC).

Utility meets elegance with a large luggage compartment, fully or partially folding rear bench seat and flat loading floor, making this a great choice for business, family and leisure trips.

Audi RS 5 Sportback

2.9 TFSI quattro
