

NEW FORD **FIESTA**

Go Further

Get the most out of life with these 3 awesome drives! 1.0L EcoBoost® • 1.5L Sport • 1.5L Titanium

Stylish all-round skirting*
Look dangerously mesmerizing on the road with a sporty body kit which extends even to the skirting.

Not 2, but 7 Airbags*
The new Fiesta 1.0L EcoBoost® is the first car in its class to have 7 airbags fitted all round its interior to ensure the safety of the driver and passengers, upon impact.

State-of-the-art LED Day-time Running Lights(DTRL)*
Beyond clarity, the LED Day-time Running Lights is a prominent feature of the car, making it look as outstanding as it drives.

Indulge your sense of style
Do you love great style and design? Then you'll love the new Ford FIESTA. Hip and fashionable colours show off its eye-catching new design to perfection. Inside, the design is refined yet very cool, with stylish detailing and smart technology.

New Ford Fiesta 1.5L Sport

Rear Parking Aid with Park Pilot
Park comfortably and confidently with the help of rear parking aid.

Smart Regenerative Charging

This advance feature allows additional energy to be converted and stored in the battery rather than dissipated at the brakes, especially during vehicle deceleration.

New Ford Fiesta 1.5L Titanium

Rain Sensing Wipers
Automatically clearing your vision before you even realized it has started to rain.

New Fiesta 1.0L EcoBoost®

Extra control on the hill
Hill Launch Assist temporarily stops you rolling backwards when making a hill start. The system works by maintaining pressure to the braking system for an extra 2.5 seconds, giving you more time and control as you move your foot from brake pedal to accelerator. It's also useful when you're stopping and starting on slippery surfaces.

Auto headlamp with home safe lighting
The new Ford FIESTA comes with a wealth of thoughtful features including automatic headlamps with home safe lighting that help you see clearly in the dark for a few seconds even after turning the engine off.

Leather seats**
An absolutely welcoming interior only made more desirable by finely trimmed leather seats, which extends a sense of comfort and luxury beyond the ordinary.

ESP, Traction Control & EBD
Our reengineered design now helps distribute weight evenly on your tyres providing the balance and control you need in uncompromising conditions.

Ford SYNC™ with voice activation
SYNC™ allows you to play music, make and receive hands-free calls and call phone contacts by simply saying their name. It will even read your incoming text messages for you. Cool right? (Phone dependent feature.)

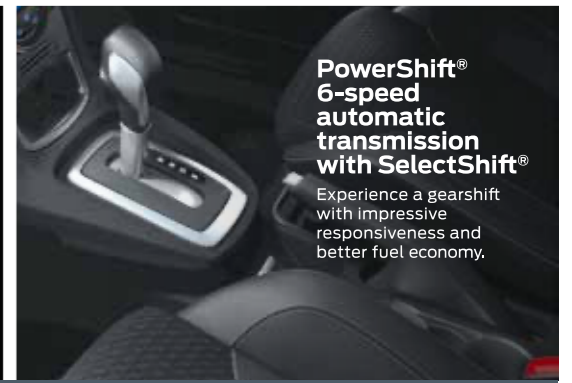

1.5L Ti-VCT engine with 112PS of power and 140Nm of torque
Enjoy a smooth drive with the power and acceleration, plus a more efficient fuel consumption system to make the miles worth your money.

Electronic Automatic Temperature Control (EATC)
Smart technology which recognizes the need for temperature consistency in highly unpredictable climates so that the driver and passengers are kept cool and comfortable.

Keyless entry and Push Button Start
As long as your key fob is in your pocket or bag, your FIESTA automatically unlocks when you push a button on the door handle. You can also set it to only open on the driver's side to avoid any unfortunate incidents. Then simply put your foot on the brake, press the start button and drive away.

PowerShift® 6-speed automatic transmission with SelectShift®
Experience a gearshift with impressive responsiveness and better fuel economy.

Small and smart but massive on performance.

A bold new design boasting a dynamic profile, luxurious interior and state-of-the-art technology, the new **Fiesta 1.0L EcoBoost®** is THE ONE that you need for a modern, upbeat lifestyle.

Get the most out of life!

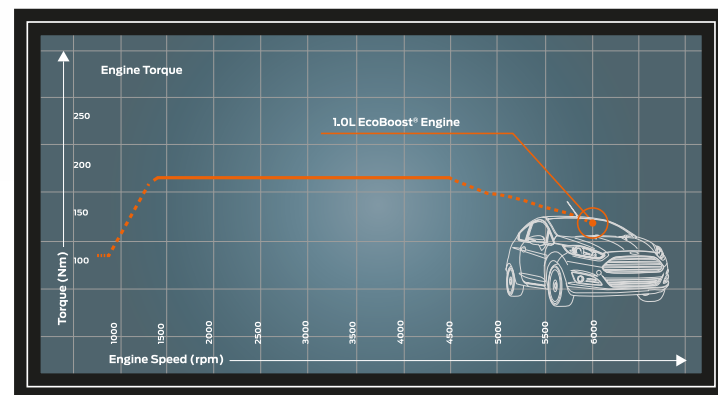

With its impressive exterior, expensively designed interior and sophisticated driving experience, the new **Ford Fiesta** will get you noticed.

* Applicable for EcoBoost® variant only. ** Applicable for Titanium variant only, partial leather and fabric for Sport variant. Note: Images shown are taken from other markets and may differ from actual vehicle.

1.0L EcoBoost® Engine

**TRIPLE AWARD
WINNING PETROL
ENGINE.
LESS FUEL.
MORE POWER.**

More Torque than you can imagine.

Don't let our new 1.0L EcoBoost® engine deceive you. This 3-cylinder class-leading, back to back award winning petrol engine serves up all the power you would expect from a conventional 1.6L engine but uses 20% less fuel with 5.3L/100km*. Having won the International Engine of the Year for 3 consecutive years in 2012, 2013 and 2014, this award winning engine produces **125PS** of power and **170Nm** of torque.

* Fuel consumption is based on manufacturer's testing. Actual consumption will vary depending on several factors.
