NEW MIVEC
TURBO DIESEL ENGINE

NEW MIVEC TURBO DIESEL ENGINE

POWERFUL UPGRADES. TOUGHER DRIVE.

The new MIVEC (Mitsubishi Innovative Valve-timing Electronic Control) Turbo Diesel Engine incorporates Mitsubishi's state-of-the-art technologies to deliver better usage experience to its users. With an aluminium block construction, the MIVEC Turbo Diesel Engine outputs an impressive maximum power of 181PS and maximum torque of 430Nm.

The engine is designed to optimise efficiency with weight reduction in order to improve overall performance of the vehicle.

For work or leisure, enjoy a high-performance, quieter and comfortable drive with improved fuel efficiency.

IMPROVED PERFORMANCE

181PS
MAX POWER
430NM
MAX TORQUE

Best-in-class up to 2.4L category.

IMPROVED NVH¹

QUIETER
AND MORE
COMFORTABLE
DRIVING EXPERIENCE

NVH: Noise, Vibration
and Harshness.

IMPROVED FUEL EFFICIENCY

**BETTER FUEL
CONSUMPTION

CUTTING EDGE DESIGN

DUAL TONE 17" ALLOY RIMS (ADVENTURE X ONLY)

Dual tone, solid and durable 17" rims that complement the bold exterior.

BI-XENON HID HEADLAMPS

WITH DAYTIME RUNNING LIGHTS (VGT VARIANTS ONLY)

Brighter lights perfect for use anytime of the day.

SHIELD EXTENDER (ADVENTURE X ONLY)

The new shield extender gives the truck a bolder appearance.

AERODYNAMIC DESIGN

(CD-EFFICIENT DRAG OF 0.42CD)

The Triton's design has been streamlined to slip through the wind at a superior 0.42Cd (Coefficient Drag). This leads to better fuel-efficiency, acceleration and handling with less noise.

ICONIC J-LINE

The J-Line is an innovative solution to maximise interior space while retaining a spacious cargo area.

For generations, this distinctive feature has been essential to the Triton's iconic design. Updated for a more contemporary look and improved functionality, the J-line adds a timeless touch of style.

SPACIOUS CARGO BED SPORTS BAR AND FULL BOX (ADVENTURE X ONLY)

All the space you need with the durability and resilience to keep precious cargo out of sight and safe.

Visual shown is for illustration purposes only. Specifications may vary according to market. Please consult your local Mitsubishi Motors dealer for more information.

DYNAMIC POWER

NEW MIVEC TURBO DIESEL ENGINE

[VGT VARIANTS ONLY]

Thanks to Mitsubishi's state-of-the-art technologies, high performance and efficiency is made possible without compromise.

**181PS MAX POWER,
430NM MAX TORQUE**

The new MIVEC Turbo Diesel Engine with Variable Valve Timing technology outputs an impressive maximum power and torque that is best-in-class up to 2.4L category.

IMPROVED FUEL EFFICIENCY

The new MIVEC Turbo Diesel Engine's raw power is coupled with 15% improved* fuel efficiency.

IMPROVED NVH

Improvement in Noise, Vibration and Harshness (NVH) offers a quieter and more comfortable experience for optimum driving pleasure.

VARIABLE GEOMETRY TURBO (VGT) [VGT VARIANTS ONLY]

The VGT engine in the new Triton delivers power and efficiency by optimising turbo charging at all speeds thus allowing the Triton to achieve the maximum possible output.

At low speed, the VGT improves torque output and minimises turbo lag.

At high speed, the VGT maximises turbo charging for maximum power and torque.

INTERCOOLER [4X4 VARIANTS ONLY]

It allows more cooled air to be pumped to the engine for more complete combustion and greater power.

CHASSIS

A strong frame provides solid handling, excellent stability and better traction. All of which, lead to better on-road and off-road performance. The advanced suspension coupled with the rack-and-pinion steering results in a more fulfilling experience with the new Triton.

BEST-IN-CLASS TURNING RADIUS

With the best turning radius in its class at 5.9m for 4WD and 5.7m for 2WD, it's easy to navigate in tight spaces and park, even for a vehicle this large.

SUSPENSION SYSTEM

The Triton's robust suspension system features double wishbones with coil springs and a stabiliser bar at the front, with above-the-axle leaf springs in the rear to provide unmatched stability.

5-SPEED AUTOMATIC TRANSMISSION WITH SPORTS MODE [AT VARIANTS ONLY]

To enjoy driving ease without sacrificing sportiness, choose the smooth, intelligent shifting of a 5-speed automatic transmission. Its Sports Mode lets you shift gears with a flick of the lever for sporty, manual-like driving pleasure.

6-SPEED MANUAL TRANSMISSION [VGT MT VARIANT ONLY]

For improved fuel consumption and better acceleration via a wider spread of gear ratio.

HYBRID LSD [VGT VARIANTS ONLY]

The Hybrid Limited Slip Differential (LSD) combines torque-sensing helical gears with speed-sensing viscous coupling, to maintain excellent traction on slippery or rough surfaces. An internal clutch-escape mechanism prevents loss of torque from wheel spin. Hybrid LSD works hand-in-hand with ABS to enhance driving safety.

4WD SELECTOR [VGT VARIANTS ONLY]

EASY SELECT 4WD

Allows you to shift-on-the-fly between 2H and 4H at a speed of up to 100km/h. Choose from various drive modes based on the terrain or weather you're in.

2WD HIGH RANGE

For normal road conditions. Only the rear wheels receive power and provide a smooth, quiet and fuel-efficient ride.

2H

4WD HIGH RANGE

For rough roads and hazardous conditions. All wheels receive torque, giving better traction.

4H

4WD LOW RANGE + LOCKED CENTRE DIFFERENTIAL

For off-road conditions including steep inclines or muddy and rocky roads. The maximum torque from 4H is shifted into low gear for maximum traction.

4L

*Tested and verified by paultan.org. Actual fuel consumption results may vary according to driving style, vehicle conditions and other factors.

Visual shown is for illustration purposes only. Specifications may vary according to market. Please consult your local Mitsubishi Motors dealer for more information.

PREMIUM INTERIOR

AUTO HEADLAMPS AND WIPERS (ADVENTURE VARIANTS ONLY)

Automatically turns on the lights when it is dark and the wipers when it rains.

TOUCH SCREEN AUDIO (VGT VARIANTS ONLY)

An audio system complete with a reverse camera so you know what you're backing into. Reverse camera available on Adventure variants only.

DUAL ZONE CLIMATE CONTROL (ADVENTURE VARIANTS ONLY)

Two different adjustable temperature zones. One on the driver's side and another on the passenger's.

LEATHER SEATS (ADVENTURE VARIANTS ONLY)

Premium leather seats that are both comfortable and supportive.

MULTI-INFORMATION DISPLAY

Displays vital vehicle info like fuel-efficiency, temperature, range and more.

STEERING WHEEL WITH AUDIO AND BLUETOOTH VOICE CONTROLS (ADVENTURE VARIANTS ONLY)

Answer or make calls and control your music without taking your hands off the steering wheel.

PUSH START BUTTON AND KEYLESS OPERATION (VGT VARIANTS ONLY)

One button for the door, and another to start the engine up. Convenience at your fingertips.

PADDLE SHIFTERS (ADVENTURE VARIANTS ONLY)

Shift through the gears with just a pull of the paddle for a more exciting drive.

TILT AND TELESCOPIC STEERING (4X4 VARIANTS ONLY)

Adjustable steering wheel for the comfort of any type of driver.

SAFETY FEATURES

ABS WITH EBD

The Anti-lock Braking System (ABS) lets you manoeuvre under extreme braking while Electronic Brake-force Distribution (EBD) distributes more brake-force to the rear brakes even with passengers and heavy loads.

BRAKES

Ventilated discs, rear drums and a class-leading vacuum booster provide optimum stopping power.

ISOFIX

It's the safest way to secure child safety seats using tether and anchor points.

ETACS - ELECTRONIC TIME AND ALARM CONTROL SYSTEM

LANE CHANGE TURN SIGNAL SYSTEM

Lightly touch the signal lever for three flashes while changing lanes.

AUTO SPEED ADJUSTABLE WIPERS

In Timing Mode, the wipers operate faster at higher vehicle speeds.

POWER WINDOW TIMER

After turning the engine off or opening the doors, power windows are operable for 30 seconds.

AUTO DOOR RELOCK SYSTEM

Not opening any doors within 30 seconds after unlocking it from outside will relock the doors.

HEADLAMP AUTO OFF FUNCTION

Once you turn the car off and step out, the headlamps shut off to conserve battery.

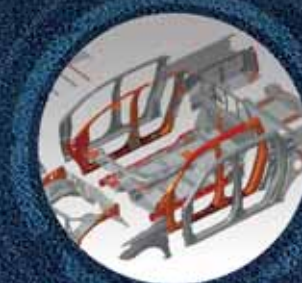

15-SECOND INTERIOR LIGHT DELAY

After switching off the car, the cabin light remains on for 15 seconds to allow scanning for possessions.

OPEN DOOR ALARM

If you start driving while a door is ajar or open, an alarm will sound.

980Mpa class
590Mpa class
440Mpa class

RISE BODY

The Reinforced Impact Safety Evolution (RISE) body consists of crumple zones and reinforced supports to absorb and dissipate the collision impact force.

SEATBELTS WITH PRETENSIONERS AND FORCE LIMITERS

The pretensioners reel in the seatbelts and restrain the front occupants during the initial moments of a frontal collision. The force limiters then release the seatbelts to relieve the forward-moving force and reduce risk of injury to the occupants.

DUAL SRS AIRBAGS

Dual SRS airbags that protect the driver and front passenger in the event of a frontal collision.

POWER WINDOWS WITH ANTI-PINCH (4X4 VARIANTS ONLY)

To avoid risk of injury, a sensor automatically stops the driver's window from going up when it detects an obstruction.

Visual shown is for illustration purposes only. Specifications may vary according to market. Please consult your local Mitsubishi Motors dealer for more information.
