

TRITON

**MITSUBISHI
MOTORS**

Drive your Ambition

ENGINEERED BEYOND TOUGH

Tough is not just looks. True toughness encompasses durability and reliability that drive Mitsubishi's commitment in engineering total 4WD performance.

We hereby deliver Triton's new perspective of toughness, a rock-solid machine prioritising assurance with advanced safety features alongside enhanced Dynamic Shield design, equipment and functionality.

40 years of evolution

Every evolution is an improvement. Introducing the NEW TRITON – tough, inside and out.

4SURETM HANDLING

► POWER ► CONTROL ► AGILITY ► SAFETY

When it comes to the crunch, handling is what separates good from great in a 4x4 experience.

4SURE Handling is Triton's undeniable DNA and a definite match for you with 4x4 driving in your blood.

Go on, prove your convictions right with the New Triton.

Visuals shown are for illustration purposes only. Specifications may vary according to variant/market. Please consult your local Mitsubishi Motors dealer for more information.

1. 6 Speed Transmission (AT/MT)

Provides seamless & more powerful acceleration for greater response and performance.

2. MIVEC Turbo Diesel Engine

The first aluminum engine in a pick-up truck. Experience best-in-class maximum power and maximum torque with Variable Valve Timing (VVT) technology providing optimal valve timing at low and high rev ranges for any terrain.

BEST-IN-CLASS

181 PS MAX POWER
430 NM MAX TORQUE

4 SURE POWER

True greatness lies in utilising power in the most efficient way to go far. Whether man or machine, each is designed for a journey.

Visuals shown are for illustration purposes only. Specifications may vary according to variant/market. Please consult your local Mitsubishi Motors dealer for more information.

1. Super Select 4WD-II

Delivers optimum traction and handling characteristics for any given surfaces.

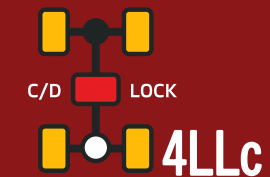

Best used for normal road conditions and for fuel efficiency.

Ideal for rough or slippery roads and hazardous conditions.

4WD High Range with locked centre differential is used when driving on rugged terrain with low-grip surfaces.

4WD Low Range with locked centre differential provides maximum traction for steep hill/sandy/rocky terrains.

2. Off-road Mode

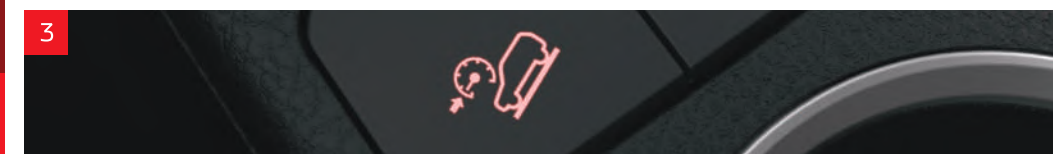

Integrally controls engine power, transmission and braking to regulate the amount of wheel slip and maximise all-terrain performance.

Total of 4 drive modes for extra traction :

3. Hill Descent Control

Brakes are automatically applied on downhill terrain, allowing the driver to focus on steering.

1. Turning Radius

Best-in-class 5.9 metres (4WD), making any turning done effortlessly for easier maneuverability.

Its steady build contributes to better agility and handling of curves, even at the tightest corners or carpark.

BEST-IN-CLASS

5.9 metres

4SURE AGILITY

Life is never a straight road. There will be narrow paths to navigate. Agility is key to responding well to curveballs and reorienting one's path to the destination.

2. Approach Angles

Challenges are unpredictable. Dominate all climbs, go over, around and through any terrain.

Lateral Travel Angle

Approach & Departure Angle

Ramp Break-over Angle

1. Forward Collision Mitigation [FCM]

FCM system detects vehicles and pedestrians ahead and issues visual and audio alert when there is a danger of collision, automatically applying the brakes to avoid collision or reduce impact.

2. Blind Spot Warning with Lane Change Assist [BSW with LCA]

Detects an approaching vehicle from behind/rear quarter and alerts driver with an audible alert and displays blinking warning in the door mirrors to assist driver to change lanes with confidence.

3. Rear Cross Traffic Alert [RCTA]

Helps detect a moving vehicle when reversing. It alerts driver via a buzzer sound and an indicator light appearing in the combination meter.

4. Ultrasonic Misacceleration Mitigation System [UMS]

Reduces the chance and severity of hitting obstacles front and back when driver mistakenly presses the accelerator when vehicle is stationary.

5. Auto High Beam [AHB]

Better safety, comfort and driving ease at night by automatically switching between high & low beam.

6. Driving Video Recorder [DVR]

Captures every moment or incident while you're on the move.

7. 7 SRS Airbags

Protects driver and passengers by absorbing the force of impact in the event of a collision.

ASEAN NCAP 5-STAR*

4SURE SAFETY

Playing it safe is sound advice. Due diligence includes anticipating possibilities and placing measures for peace-of-mind driving.

Please consult your local Mitsubishi Motors dealer for more information.

* Applicable for Adventure X.

EXTERIOR

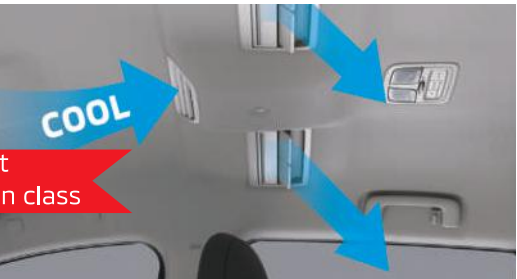

- 1. Dynamic Shield Design with LED Daytime Running Lights
- 2. Distinctive LED Rear Combination Lamps
- 3. Bi-LED Headlights
- 4. 18" Dual Tone Alloy Rims
- 5. Flying Sports Bar

Visuals shown are for illustration purposes only. Specifications may vary according to variant/market. Please consult your local Mitsubishi Motors dealer for more information.

INTERIOR

- 1. Sporty Interior and Spacious Cabin
- 2. Rear Smartphone Charger and Storage
- 3. Steering Wheel with Audio, Cruise Controls with Paddle Shifters
- 4. All-Round Monitor, Touchscreen Audio with Apple CarPlay™ & Android Ready
- 5. Leatherette Knee Pads
- 6. Air Circulator with Individual Vents
