

**Innovation
that excites**

NAVARA

As long as there's an adventure on the horizon, Nissan will be out there leading the way. With 4 MILLION PICKUP OWNERS blazing trails in 180 DIFFERENT COUNTRIES around the world, the legacy of reliability and innovation powers on.

80 YEARS OF TOUGH

INTRODUCING THE ULTIMATE PICKUP.

We've been building strong, dependable pickups longer than you've been driving them. And at every turn, we've ridden the edge of innovation to deliver what you want. A tested and proven fully boxed frame. A world-class engine. Go-anywhere 4x4 command. Now it's time to experience the excitement of the next-generation of trucks. Where a heritage of performance meets premium ride comfort, innovative technologies, and sleek, modern styling. Taking you from a day on the job straight to a night on the town without missing a beat.

The **All-New Navara**. Performance. Innovation. Endurance.

LED Headlamps* with LED Daytime Running Lights* and Signature V-Motion Grille

Both visually striking, LED Headlamps improve vehicle visibility in daylight hours while V-Motion Grille improves aerodynamic performance and fuel efficiency.

Rear Spoiler

Improves overall aerodynamic for best performance.

18" Alloy Rims*

Enhances the overall look of the pickup for any terrain, any day.

Roof Rail*

Adds an aesthetic touch and improves aerodynamic features.
Max. total load: 56kg

Actual car specifications may vary from model shown. *Available for VL only.

SHOW YOUR FINESSE THROUGH EVERY TURN.

What if the most rugged pickup in the off-roads could ride as smoothly as many sedans do on the highway? Load up your family or grab a few friends and find out. Experience the smooth and comfortable ride that comes with a **Double-wishbone Front Suspension** and **Multi-link Rear Suspension** found in the 5-passenger Double Cab. It's as capable in the off-roads as it is smooth on the paved ones. So go ahead and detour with confidence.

DEVOURS ROADS.

3RD GENERATION YD25DDTi DIESEL ENGINE WITH VARIABLE GEOMETRY SYSTEM (VGS) TURBO INTERCOOLER

No matter the destination, the All-New Navara will show how power, acceleration and fuel efficiency can not just coexist, but thrive. It offers a new and improved fuel economy by 11%. Paired with the seamless **6-Speed Manual** or **7-Speed Automatic Transmission with Manual Mode**, they both help squeeze the most performance out of every drop of fuel. Low-friction components mean the engine uses less energy to do its job, while improved aerodynamics help the pickup move through the air more efficiently.

High Output		Mid Output	
Max Power 190ps 3,600rpm	Max Torque 450Nm 2,000rpm	Max Power 163ps 3,600rpm	Max Torque 403Nm 2,000rpm
Power-to-weight Ratio: 101ps / tonne		Power-to-weight Ratio: 88ps / tonne	
In comparison to Navara (D40 LE) Power-to-weight Ratio: 86ps / tonne			

Actual car specifications may vary from model shown.

CLIMB, CRAWL AND POWER YOUR WAY THROUGH.

In the All-New Navara you're equipped to keep on going, no matter the conditions. At your command is the **Shift-on-the-fly 4-Wheel Drive** system that switches between 2WD and 4WD (4H) with the twist of a dial at speeds of up to 100km/h. The **Active Brake Limited Slip (ABLS)**** helps provide the traction to keep your steering in control. So go ahead and experience a smooth drive whether you're heading uphill or down. It's possible with the **Hill Start Assist**** and **Hill Descent Control****.

RIDE FIRST CLASS EVERY DAY.

In the All-New Navara, the cabin space is designed to maximise interior space so you'll find unexpected comfort and space from every seat. Up front, **Zero Gravity Inspired Seat** creates neutral posture and improves blood flow to help make those long rides a lot more comfortable while **Dual Zone Automatic Climate Control*** means you and your passenger can maintain your own preferred temperature. Now with its **improved seatback angle of rear seats** coupled with **Rear Air Conditioning Vents**, all your passengers are ensured of comfort in any drive.

Actual car specifications may vary from model shown. *Available for VL only.

Auto Dimming Rear View Mirror With Compass*

Reduces glare of approaching vehicles while compass lets you know the direction you're headed.

Dual Zone Automatic Climate Control*

Maintains own ideal temperatures for both driver and passenger.

Zero Gravity Inspired Seat and Power Seat for Driver*

A new seat design with 8-way power adjustable capacity and 2-way lumbar support to reduce fatigue on long journeys.

Rear Air Conditioning Vents

Improves rear passenger comfort and promotes better distribution of cool air within cabin.

MASTER YOUR DOMAIN.

All controls are in exactly the right places for quick mastery of your environment. Nissan **Intelligent Key***** and **Push Start Button***** allows you to lock and unlock the doors without taking the key out from your pocket. The sporty **Steering Wheel with Controls***** lets you operate the **Audio System and Cruise Control***** while your hands stay where they should be. The availability of the **Bluetooth Hands-free Phone System***** and **Rear View Camera*****, on the other hand, ensures your safety wherever the journey takes you.

Intelligent Key and Push Start Button***

Lock, unlock and start your engine with a push of a button without taking out the i-key from pocket.

5" High Quality Infotainment***

Infotainment display with FM/AM/CD/MP3 functions and USB/AUX Input.

Full Colour Advanced Drive Assist Display (ADAD)***

7 informative screens that allow driver to get various vehicle information.

Actual car specifications may vary from model shown. ***Available for VL and V only.

Deep Door Pockets

Catching up on paperwork is easier with the help of deep door pockets that are just the right size to hold several files.

Sunglasses Compartment

The perfect place for your sunglasses, just overhead, and lined to protect the lenses.

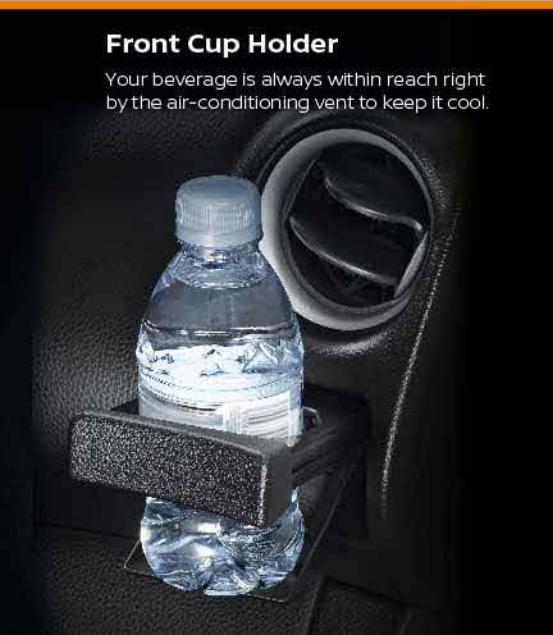

Large Glove Compartment

The glove compartment can keep pens, pencils, and important documents within easy reach.

STORE IT. HIDE IT. LOCK IT. CHARGE IT.

A thoughtfully designed, flexible interior with lots of storage is as important for work as it is for play. Find a spot for your stuff underneath the rear passenger seats, in the side pockets, inside the generous glove compartment, and inside the large center console. Thirsty? You'll find cup holders almost everywhere you look: mounted in the dash, next to the front seats, in the rear, and even designed into the door pockets. Need a quick charge up? No problem. With a total of 3 power outlets conveniently located in the cabin, you and your passengers won't have to worry about electronic gadgets running out of power, ever.

Front Cup Holder

Your beverage is always within reach right by the air-conditioning vent to keep it cool.

Front Console With Power Outlet and Cup Holders

Keep everything you need for a comfortable journey ahead close at hand. Now you can stay rehydrated with your favourite beverages while your electronic device charges up.

Upper Tray With Power Outlet

Go ahead and drop your keys and small items on the tray and charge up your gadgets - at the same time. This is convenience at its best.

Centre Cluster With USB and Power Outlet

Whether it's to charge or stream, you'll find an outlet nearby to fit your needs.

Actual car specifications may vary from model shown.

SINGLE CAB IS AVAILABLE FOR YOUR BUSINESS NEEDS.

The **All-New Navara** meets the need of all businesses with its combination of performance, innovation and endurance. A payload of up to 1 tonne to carry everything that you need. An Easy Bed Step to support up to a max. load of 250kg for convenient loading. Your ideal partner at work, the All-New Navara is The Ultimate Pickup.

SAFETY SHIELD

Nissan's concept of "the vehicle that helps protect people".

In the area of safety technology, Nissan pursues innovation as part of its "Safety Shield" concept, an advanced, proactive approach to safety issues based on the idea that cars should help protect people. This approach provides various measures to help the driver and passengers better avoid dangers in ways that are optimized to each of a wide range of circumstances that the vehicle may be in, from "risk has not yet appeared" to "post crash."

Helps the driver to recover from dangerous conditions to safe driving.

When a risk appears, warnings and automatic countermeasures help the driver avoid it.

Vehicle Dynamic Control (VDC)**

Automatically prevents vehicle from sliding sideways, maintaining its steered path.

Electronic Brake Force Distribution (EBD) & Brake Assist (BA)**

Designed to send extra force to the rear brakes when there's additional weight in the back.

Hill Start Assist (HSA)**

Up, up, and smoothly away. HSA helps prevent rollback when starting on an incline.

Actual car specifications may vary from model shown.
*Available for VL only. **Available for all variants except E.

Traction Control System (TCS)**

When the system senses drive wheel spin, it reduces throttle to keep the driver on the steered path.

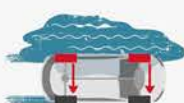

Anti-lock Braking System (ABS)**

Maintains steering control and optimises braking around obstacles.

Hill Descent Control (HDC)**

Descend on a steep decline safely, as HDC controls the brakes for you, letting you focus on steering.

Active Brake Limited Slip (ABLS)**

Provides better grip in slippery conditions, ABLs works to apply braking to individual wheels if they start to spin.

Helps the driver to maintain comfortable driving.

Even when a risk has not appeared, Nissan technologies make it easier for the driver to maintain safe driving condition. Some of these innovations reduce the driver's burden, while others enhance visibility and awareness of the immediate surroundings at night and when parking.

LED Headlamps* with Daytime Running Lights*

Turns on automatically to provide enhanced visibility at twilight or in rainy weather.

Fog Lamps*

Enhances visibility at night, in fog and other poor weather conditions.

LED Wing Mirror Signal Light**

Provides a clear indicator when overtaking other vehicles on the road.

Rear Combination Lamps and Rear Fog Lamp

Provides high visibility for drivers approaching from behind.

Helps minimize the damage when a collision is unavoidable.

In cases when a crash cannot be avoided, additional Nissan technology helps reduce injuries and damage by activating the brakes, restraining passengers and applying measures

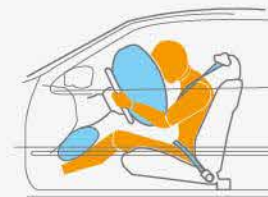

Zone Body Construction

Enhances cabin safety by combining impact-absorbing "crushable zones" with a high-strength "occupant zone" to protect passengers.

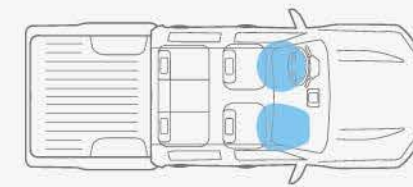

Child Seat Retainer (ISOFIX) with Tether

Provides a more secure and easier way to attach child seats.

3-Point Emergency Locking Restraint (ELR)

ELR seatbelts in both front and rear seats allows passengers freedom of movement while buckled. Upon collision, the retractor instantly locks to safely secure passengers.

Dual Front And Driver Knee Airbags*

Front SRS airbags and driver knee airbag* provide better protection and reduce the risk of injury resulting from an impact.

Seeking A Symbiosis Of People, Vehicles And Nature

Nissan's environmental philosophy can be described as, "a symbiosis of people, vehicles and nature." It is our ideal for a sustainable mobile society now and our goal for the future. We established the Nissan Green Program with specific objectives to realise the goal, and we are diligently making concerted efforts to reduce environmental impact at every stage of the vehicle life cycle and our corporate activities.
