

5008

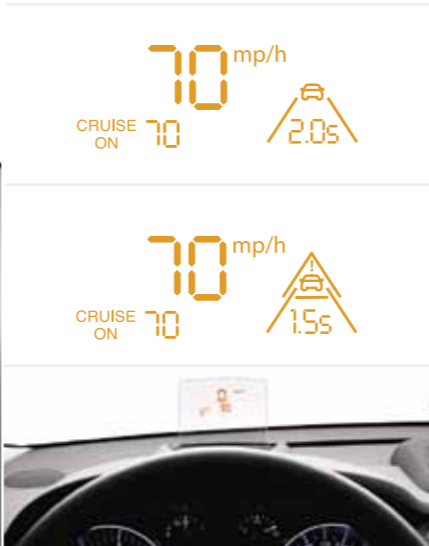

PEUGEOT
MOTION & EMOTION

“ENJOYED BY FAMILIES. LOVED BY DRIVERS”

Stylish, dynamic and versatile, the new Peugeot 5008 is a compact MPV that's as enjoyable to drive as it is practical for families. A seven-seater with flexible seating options, it's spacious and adaptable, yet delivers the handling, performance and technology that make your driving experience truly enjoyable.

Distance Alert®

The Distance Alert system helps the driver maintain a safe distance from the vehicle in front. This radar technology measures the distance from the vehicle in front and this information is then sent to the vehicle's control system (ECU), before being relayed onto the translucent screen. The driver can set their preferred distance and the system will warn you with a visual alert, providing accessible safety information whilst still in full control at all times.

Parking Assistance

Front and Rear Parking Aid is available with the Available Space Measurement (ASM), meaning fitting into tight parking spaces has never been easier. The system gives parking advice through different messages on the display. An audible alert sounds when an obstacle is approaching.

Electric Parking Brake and Hill Start Assist

5008 is fitted with an Electric Parking Brake and Hill Start Assist function. When you step on the accelerator pedal the Electric Parking Brake automatically releases and will be automatically activated when you switch off the ignition. In addition it is fitted as standard with the Hill Start Assist function that helps the driver on gradients. When the brake pedal is released, the ESP automatically maintains a stationary position for up to two seconds, enabling the driver the

time to move their foot from the brake to the accelerator without the vehicle moving forwards or backwards on a slope.

“INNOVATIVE DRIVER TECHNOLOGY”

To ensure that nothing detracts from your driving experience, the 5008 is loaded with innovative technologies; each designed to make life behind the wheel easier.

Why compromise on performance ?

We believe choosing a compact MPV shouldn't come at the expense of your driving pleasure. That's why the 5008's cockpit has been ergonomically designed around the driver, to

create an intuitive and enjoyable driving experience. From the comfort of the raised driving position, you'll appreciate the 5008's effortless acceleration, dynamic handling and refined performance.

Head Up Display

The Head Up Display projects essential driving information onto an anti-reflective translucent panel. The driver can easily see the vehicle speed, cruise control / speed

limiter set and the distance alert without having to take their eyes off the road.

“ENJOYED BY FAMILIES”

Relax into the 5008 and you'll be instantly impressed by its comfort and the sense of space and light. The whole family can enjoy their journey with new technology, refinement and driving pleasure.

“GENEROUS IN COMFORT AND SPACE”

Adapting to all your needs, available with 7 seats, you have the freedom to rearrange the seating configuration and loading space for all your activities, business and pleasure.

Flexibility
For more freedom, all seats in rows 2 and 3 fold individually and flat and in addition the front passenger seat folds flat. Particular attention has been paid to their ease of use, with individually mounted seats that

enables easy access to the 6th and 7th seats.

Comfort
Moreover, there's lots of leg room, clever storage solutions and up to 2,506 litres of luggage is available when the seats in rows 2 and 3 are folded flat. This makes for a truly comfortable journey

“SEE THE WORLD DIFFERENTLY”

Spacious yet compact watch the world go by in the 5008, thanks to its superb visibility and numerous clever storage compartments for everything the family needs.

Panoramic Roof

See driving in a new light, the large 1.69m² panoramic roof gives driver and passengers a sense of freedom and space.

In addition an electric sunblind covers up the roof at the touch of a button.

Volume and Storage

The boot volume of 5008 is generous and can be increased when the seats are folded flat. Clever storage throughout the cabin including extra storage in the row 2 footwells all help make an extended journey an enjoyable adventure.

The low loading sill in the rear make access and storage easy and comfortable.

There are several other additional items designed to suit all your families needs, from 12v charger to additional light with a portable torch installed in the rear, equipped with a battery that recharges

itself when the car is being driven.

“TECHNOLOGY UNPLUGGED”

MULTIMEDIA SYSTEM

An impressive multi media entertainment system provides two seven-inch colour screens integrated into drivers and front passengers headrest. The system enables you to connect to external DVD players and games consoles, the children can listen to their DVD's via two bluetooth headsets, perfect for entertaining the children with different tastes on long journeys.

World in Peugeot Sound

The 5008 incorporates the latest innovation in Peugeot state-of-the-art equipment. Called WIP (World In Peugeot), it consist of 6 speaker entertainment system that features MP3/CD functionalities.

WIP also incorporates USB and Bluetooth connectivity port that allows you to have a hands free experience with your mobile electronic devices.

“5008 DYNAMIC DESIGN”

The solid build and dynamic shape impose a bold and distinctive personality while the raking windscreen gives a breathtaking view. A dipping roofline, smoothly sculpted rear quarter lights create a stunning and unique profile, immediately drawing onlookers attention.

“5008 - ACTIVE AND PASSIVE SAFETY”

With pioneering technology such as Head Up Display with Distance Alert, Electronic Stability Programme and six safety airbags, each journey is reassuringly secure and relaxing for all the family.

Optimum safety for both driver and passengers

5008 achieves a Euro NCAP 5 star rating – the very highest safety accolade a car can receive. From the electric power-assisted steering to the durable braking system (ABS with EBD and EBA) that includes Electronic Stability Programme – an advanced traction control (ASR+) preventing each wheel spinning in slippery conditions.

Cruise Control with Speed Limiter

5008 is available across the range with Cruise Control and Speed limiter. The Cruise Control maintains a constant speed and your speed limit can be set at a speed that will not be exceeded.

Airbag technology

5008 features six safety airbags, all are designed to deploy at the right angle for maximum protection. They also automatically adjust the pressure and volume of deployment, depending upon the force of a collision.* Front seats also hide two side airbags and passengers in outer seats are protected by curtain airbags which extends to the 3rd row.

**Available in front seats*

Advanced traction control system

ESP is 5008's intelligent traction control system. It supports impeccable steering, dynamic road handling and active safety. It regulates each driving wheel independently giving the 5008 improved traction in difficult conditions.

ISOFIX

A child's safety is really important and the 5008 is equipped with ISOFIX points available on all seats in the 2nd row

Immobiliser

The immobiliser system electronically (locks) the Engine Management ECU, which prevents the vehicle from starting. A transponder chip is incorporated into the ignition key of the vehicle, which contains the necessary codes to enable the engine ECU to be unlocked.

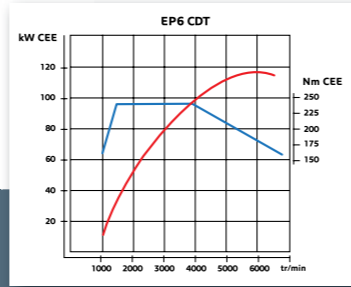

Auto hazard warning lights

Automatically activates to warn other motorist. Activates upon sudden and heavy braking, warning other road users that you have stopped, allowing you to concentrate on the situation ahead.

Auto dimming rear view mirror & Central child monitoring mirror
Prevents the driver from being dazzled by vehicle lights from behind for greater safety and central child monitoring mirror allows the driver to easily check the well-being of the children, while they're in the back seats.

MECHANICAL ASSEMBLY

1.6 litre THP 156hp engine
6-speed automatic gearbox

The 1.6 litre THP (standing for "Turbo High Pressure"), with a capacity of 1,598 cm³, benefits the chassis of the 508 by offering superb flexibility in use with its maximum torque of 240 Nm available from 1,400 rpm. It is remarkably lively at low engine speeds and delivers 156hp at 6,000 rpm.

Its innovative Twin-Scroll turbocharger optimally pairs exhaust gases to ensure maximum flow onto the turbine, while its high-pressure direct petrol injection system improves combustion and overall engine efficiency. This use of technology is the key to a remarkable compromise between performance and fuel consumption.

AT6 – 6 speed auto adaptive gearbox with Tiptronic and Sport mode that is adaptive to any driving style. This new gearbox offers faster gearshifts than dual clutch transmissions, and is also lighter and more compact.

FEATURES

EXTERIOR

Panoramic roof with electronically controlled retractable blind
Auto dimming rear view mirror
Central child monitoring mirror
On board computer (Speed limiter, cruise control, trip distance recorder, service indicator, engine oil level, distance recorder, 6 speed automatic gearbox, trip computer, time, date, temperature, door opening status and audio sources)
Speedometer with digital odometer
Height and reach adjustable steering
One touch electric window with anti-pinch feature on all 4 windows
Power sockets - 12V connectors

Finger tip audio remote control
Cruise control with Speed limiter
Auto dimming rear view mirror
Central child monitoring mirror
On board computer (Speed limiter, cruise control, trip distance recorder, service indicator, engine oil level, distance recorder, 6 speed automatic gearbox, trip computer, time, date, temperature, door opening status and audio sources)
Speedometer with digital odometer
Height and reach adjustable steering
One touch electric window with anti-pinch feature on all 4 windows
Power sockets - 12V connectors

SAFETY

5 Star Euro NCAP Safety Rating

Driver airbag
Front passenger airbag with deactivate switch
Driver and front passenger side airbags
2 curtain airbags (extends to 3rd row)

6 AIRBAGS

INTERIOR

Automatic Dual Zone Air-conditioning system with adjustable row 2 air diffusion
Premium luxury leather seats
Electric Front Seats
Leather trimmed steering wheel with Chrome Insert
Leather and chrome trimmed gear knob
Head Up Display (HUD)
Distance Warning Alert
Automatic Electric Parking Brake
Flat floor feature from boot to front passenger seat
Row 2 and row 3 side windows retractable sunblinds
Front centre armrest with 10.5 litres cold storage
2 built in tray for 2nd row seats
2 storage flaps under the footwell of row 2
Front map reading lights
Portable Rechargeable Torchlight

2 LCD Screen 7" built in front seat headrest
2 Separate Video and Audio RCA Connectors
2 Bluetooth Headphones

MULTIMEDIA SYSTEM

World in Peugeot Sound (MP3 CD player)
USB and Bluetooth connectivity
6 speaker system (2 front speakers, 2 rear speakers and 2 tweeters)
