THE ALL-NEW
7-SEAT PEUGEOT
5008
SUV

MAXIMIZED DIMENSIONS

MAXIMIZED SPACE & VERSATILITY.

GO ANYWHERE. BRING EVERYONE.

Times change, trends change, life changes, but The All-new Peugeot 5008 SUV possesses the technological, aesthetic and spatial capabilities to remain a constant companion every step of the way. This innovative SUV arrives as the result of Peugeot's forward-thinking philosophies – furthered, expanded, and maximized. It is an automobile designed for accomplished individuals with big ambitions... Individuals such as you.

Best of all, with its 7-seat configuration, there's enough space here to ensure that you'll always have room for anything, and everyone, wherever the road may lead.

Motorized smart hands-free tailgate

One-touch fold-flat third row seats

Individually adjustable, flat-folding seats

SPACE EXPLORATION

The level of flexibility and versatility within The All-new Peugeot 5008 SUV is truly remarkable thanks to sliding 2nd row seats, and the 2 highly convertible 3rd row seats that can be raised, stored or removed.

Here, you'll enjoy the best of both worlds in interior space, with a 7-seat configuration that maximizes seating capability, and even a 5-seat configuration that maximizes storage space.

7 seats with configurations for maximized space, seating or storage.

PERFECT FOR THE DEMANDS OF TODAY

DESIGNED TO BE READY FOR TOMORROW

STAY IN TOTAL CONTROL WITH ADVANCED GRIP CONTROL
NO MATTER THE CONDITIONS

ADVANCED GRIP CONTROL

Introducing Advanced Grip Control. This next-generation traction control system manages grip by regulating torque and braking at each of the driven wheels to ensure maximum traction in all conditions based on settings selected by the driver.

- NORMAL MODE** For seamless control, perfect for everyday road conditions
- ESP OFF MODE** Disconnects assistance, for maximum driver engagement
- SAND MODE** Allows light, controlled wheel spins to navigate loose surfaces
- MUD MODE** Allows maximum spins for the wheel with the least grip
- SNOW MODE** For slippery slopes, with controlled torque at each wheel for optimum acceleration

MAXIMUM CONTROL. ON OR OFF ROAD.

WITH HILL ASSIST DESCENT CONTROL (HADDC)

Whether it's navigating the city streets or taking on a rocky mountain road, The All-new Peugeot 5008 SUV's array of drive technologies will get you there.

Further enhancing the Advanced Grip Control capabilities is the Hill Assist Descent Control system, which automatically controls the throttle and brake applications, regulating a determined speed while going downhill, and allowing the driver to fully focus on steering.

These intelligent features are also complemented by a full array of active safety systems that focus on keeping the driver in maximum control.
