

NEW PEUGEOT LANDTREK

QUALITY & INNOVATION.

For 210 years, PEUGEOT has respected a French manufacturing tradition of quality and innovation. Today, PEUGEOT design vehicles with a distinguished design that provides a sensory experience beyond driving by multiplying all the senses. Ergonomics, materials, connectivity, we have worked on every detail to offer you a more intuitive driving experience. More than anything the freedom to choose, because people will never cease to be at the heart of our approach.

IMPRESSIVE DESIGN.

The new PEUGEOT LANDTREK pickup has a distinctive personality, expressed via its extreme modernity, sculpted lines and a vertical grille bearing the Lion in its centre, not to mention the brand's distinctive LED light signature.

ELEGANCE & BOLD.

Illuminating the road are the LED Headlamps with Daytime Running Lights & Fog Lamps, lighting up every adventure of yours.

The 18" Diamond Cut Alloy Rims exudes elegance and boldness of a capable pick-up.

STRENGTH FROM WITHIN.

The interior is where it stands out from other pick-up trucks. Piano key style toggle switches are within the reach of the driver and the unconventional interior styling of the PEUGEOT LANDTREK is the perfect union of taste and functionality. Powerful climate control is available in a dual-zone automatic mode with two vents for rear passengers.

A GENEROUS INTERIOR.

With a 10" capacitive touchscreen infotainment system, everything becomes easier! Like accessing the car's many settings and enjoying your favourite applications with Apple Carplay® and Android Auto™ compatibility.

Parking and maneuvering tight spaces have never been easier with the 360° View Camera with Distance & Width Guideline. In addition, they can be configured to activate automatically when obstacles are detected.

ROBUST & VERSATILE.

City, highway, or rough terrain or all three? No problem, the new PEUGEOT LANDTREK is capable for all. The 1.9L Turbo Diesel engine, featuring 150 Hp and 350 Nm of torque make it a high-performance off-roader.

The engine is mated with a robust 6-speed automatic gearbox with Sport and Eco modes, to offer a pleasurable driving experience.

OPTIMISED TRACTION.

The PEUGEOT LANDTREK is equipped with electronic 4WD control to optimise traction whatever the grip conditions.

For extreme off-road condition, the rear differential lock allows you to overcome them.

EXCELLENT SAFETY.

Six airbags, Electronic Stability Program (ESP), Hill Descent Control which keeps the vehicle moving at a stable low speed allowing you to concentrate on steering down a steep hill, Hill Assist Control to help with hill starts, and Lane Departure Warning to help warn the driver to keep within the lane.

PEUGEOT LANDTREK SPECIFICATIONS

VARIANT	Allure
POWERTRAIN	
Engine Type	1.9L Turbo, VGT, 4 Cylinders, I4
Engine Capacity (cc)	1,910
Maximum Power (Hp / RPM)	150 / 4,000
Maximum Torque (Nm / RPM)	350 / 1,800 - 2,800
Drivetrain	4WD
Transmission	6-Speed Automatic
Fuel Type	Diesel
Fuel System	Common rail
Fuel Tank Capacity (L)	80
CHASSIS	
Brake Type	Front: Ventilated Disc / Rear: Drum
Suspension Type	Front: Double Wishbones / Rear: Leaf Springs
Steering Type	Hydraulic Power Steering
