STREAMLINED RACING SPIRIT

Your perfect companion is tuned for sportier ride & handling with aerodynamic lowered ride height, a new exhaust mod and a new honeycomb radiator grille over the sporty air intake.

New, wider low profile tyres on stylish 16" custom alloy rims* complement the aggressive sports bodykit perfectly.

* Applicable on 1.5 liter variants only.

A CAR TO REFLECT YOUR LIFESTYLE

Decisive. Bold. A Leader.

You're an independent spirit. And this is the car to reflect your independent lifestyle.

All-new Safari SE delivers the adrenalin you need, in two high-octane, sporty new flavours: Dandelion Yellow and Black Panther. With aggressive, fully kitted exterior bodykits and sporty, bold interior luxury.

Steal the limelight with 'blackout' headlights. Under the smart, sporty new Engine Cover* you'll find an additional 4% horsepower from the base 1.5 liter engine.

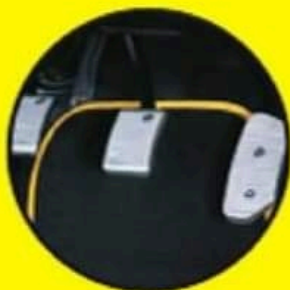

*Not applicable for AT variants.

MOTORSPORT-FEEL INTERIOR

*These visuals represent the 1.5MT version.

For a bold, aggressive image, your race-style interior design is kitted out with slick honeycomb upholstery to match the sporty air intake grille. Check the cool colour-coordinated carpets too.

The high-octane motorsport feel is heightened by:

- > Hollow race-type headrests
- > Bold meter graphics
- > Gunmetal finish centre panel
- > Aluminium pedals
- > Metal-trim gear-shift knob

And when you need more room, rear seats fold flat to double your load space.
