LUXURY AND SAFETY

Tiguan offers you the comfort and convenience accustomed in Volkswagen brand of world class vehicles. The ergonomics interior with tangibly high quality that you feel at ease and have everything at your fingertips from the very first moment. The Power seat adjustment with memory feature seating system makes the Tiguan the perfect Vehicle for all kinds of luxury.

Stylish LED headlights with daytime running lights with efficient and powerful lighting which complement the front fog lights with static cornering lights.

Tiguan comes equipped with the latest generation of engines. The TSI petrol engines combine turbocharging, low displacement and direct injection for an exemplary output/ fuel consumption ratio.

The airbag system consists of standard front, driver/passenger with curtain and side airbag for both front and rear. With this technology when it triggers, the door unlocks automatically, hazard warning lights and interior lighting are switched on, and the fuel pump is deactivated all at the same time for prompt safety.

4MOTION® actively secures vehicles by working in conjunction with other operational safety systems to constantly monitor driving conditions. Upon detection of even the most minimal wheel slip, the power is automatically adjusted and deployed to necessary wheel in a matter of milliseconds.

ADVENTURE, INSIDE OUT.

COMFORT AND CONVENIENCE

The spacious leather seats, upholstery added comfort, lends a luxurious touch at the back, and foldable armrest and dual rear AC vents assure a relaxed time to everyone out for a drive.

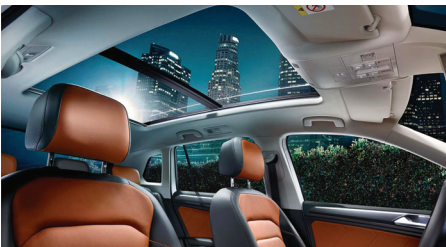

Dual Clutch gearbox DSG changes gears automatically and without interruption of pulling power. This is effected by two partial gearbox which are independent of one another and select the next gear prior to the actual gear shift process which means smooth drive all the time.

The electronic controls for seat adjustment memory for driving seat has added the value on Tiguan to make it richer.

Tiguan was designed for activity with roof rails that will hold kayaks, surfboards, mountain bikes.

A dream to loft with roof terrace, Tiguan with Panoramic sliding roof.
