THE ORIGINAL THRILL.

The BMW 8 Series Coupé & Gran Coupé M Automobiles represent the pinnacle of driving luxury – an elegant translation of M genes for everyday use – both on the road and the racetrack. The Coupé and Gran Coupé offer an exceptional synthesis of comfort, performance and efficiency. The BMW M8 Competition with M xDrive is an even more powerful, extravagant version of this high-performance sports car.

M8 COUPÉ

Derived from legendary motorsport classics, the new BMW M8 Competition has outstanding design, visionary intelligence and ultimate driving pleasure written into its DNA. Setting new standards within the BMW portfolio and offer the exceptional driving dynamics expected from BMW M.

THE M8 M XDRIVE COUPÉ

THE M8 xDRIVE COUPÉ (AE02)

MODEL HIGHLIGHTS

- 20" 813 M Star-spoke Bi-colour Alloy Wheels
- Extended High-gloss Shadowline Exterior Trim
- High-gloss Black Kidney Grille
- M Carbon Roof
- M Sport Spoiler
- M Sport Exhaust System
- Ambient Lighting
- M Sport Leather Steering Wheel
- M Sport Seats
- Head-Up Display
- Driving Assistant Professional
- BMW Laserlights

Consumption	10.4/100km ^[1]	CO2	239g / km*
0-100km/h	3.2 sec	Transmission	8-speed M Steptronic
Engine	8-cylinder	Power/Torque	460kW / 750 Nm

Price incl. GST **\$358,400**

Clean Car Programme (Estimated Rebate / Fee)* **\$4,600 (fee)**

• Standard Optional **NCO** No Cost Option

Product features, specifications, models and prices are subject to change without notice. The general information in these materials should always be read in conjunction with other specific materials and information available from BMW Group New Zealand. E&OE Effective from 1st May 2022. *Additional ordering time frames apply for BMW Individual. Please contact BMW Group New Zealand.

* To obtain NZ CO2 figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC. For more information on the New Zealand Clean Car Programme, please [click here](#).

M8 COUPÉ

UNMATCHED POWER.

The high-performance M TwinPower Turbo 8-cylinder petrol engine with a displacement of 4.4 litres and 460 kW (625 hp) in combination with numerous drivetrain and suspension technologies inspired by motorsport sets clear signals: 750 Nm of torque and acceleration from 0 to 100 mph in 3.2 seconds.

CONFIGURABLE M BRAKE

Integrated braking system with precise pedal feel and M specific configurability. The new system brings together the brake activation, brake booster and braking control functions within a compact module. It also presents the driver with two pedal feel settings – COMFORT and SPORT modes alter the amount of pressure on the brake pedal required to slow the car.

M SPORT EXHAUST SYSTEM

The M Sport exhaust system delivers a dynamic sound that can be modified via the integrated exhaust valve mechanism. The SPORT and SPORT+ programmes, which can be selected via the driving dynamics buttons, are accentuated by an even more intense engine sound, while the comfort-oriented programme delivers a more discreet sporty sound.

M SPECIFIC INSTRUMENTS

The M specific instrument cluster allows you to display additional information for particularly sporty driving. If you have selected the TRACK driving mode* for race track use, you can view the boost pressure, tyre pressures and temperatures as well as the G-force of lateral and longitudinal acceleration on the instrument cluster.

CARBON BUCKET SEATS

The optional M Carbon bucket seat with illuminated M8 logo combines the lightness and racing character of a bucket seat with the range of functions of an M sport seat. Its contouring offers perfect side support and excellent long distance comfort. It is compatible with multipoint harnesses and therefore fully suitable for racing.

50 YEARS OF BMW M.

The emblem with a legendary history returns.

EXCLUSIVE: THE "BMW MOTORSPORT" LOGO.

On the occasion of BMW M's 50th anniversary, the classic BMW Motorsport emblem returns – available on request for selected BMW M automobiles.

BMW M is flying the flag on its new products for a tradition-conscious anniversary mood. If desired, BMW M automobiles produced after March 2022 can be fitted with the BMW Motorsport logo at the front, the rear and on the wheel hubs. As an alternative to the conventional BMW emblem, the original logo symbolizes passion for motor racing and for the roots of the BMW M marque. On offer for the first time in the history of the strongest three letters in the world, this unique opportunity is available from the end of January 2022.

The M has long been considered the strongest letter in the world, and in our company's anniversary year it is stronger than ever.

M8

GRAN COUPÉ

Equipped with two Twin Scroll turbochargers, high-pressure injection and Valvetronic, the high-performance power unit inside the BMW M8 Competition Gran Coupé impresses both on the road and on the racetrack.

M8 GRAN COUPÉ

EXCEPTIONAL PERFORMANCE

The powerful high-performance M TwinPower Turbo 8-cylinder petrol engine of the BMW M8 Competition Gran Coupé delivers an outstanding 460 kW (625 hp) and 750 Nm of torque. A cross-bank exhaust manifold optimises the response of the M power unit. Two Twin Scroll exhaust turbochargers optimise the power output to supply an exceptional performance – both on the road and on the racetrack.

APPEARANCE OF AN ICON

The dynamic front, flowing coupé silhouette with gently sloping roof line and athletic rear fuse into a powerful expression of dynamic performance and undeniable presence. The four doors fit perfectly into the sporty-elegant appearance of this extraordinary sports coupé. The intricate shoulder design and elegant transition from the roof to the tailgate offer an exclusive feature, typically only observed on handmade vehicles.

PURE SPORTING FLAIR

The M Carbon roof is not only a visual representation of an authentic high-performance concept, but significantly reduces the weight of the Gran Coupé and lowers the centre of gravity for exceptional driving dynamics.

M STEPTRONIC TRANSMISSION

The 8-speed M Steptronic transmission with Drivelogic offer numerous shifting options: extremely dynamic, particularly comfortable and smooth, fuel-saving. You can shift manually using the gear lever or gearshift paddles on the steering wheel or select one of three automatic programmes using Drivelogic.

SPORTY ELEGANCE.

The interior of the BMW M8 Competition Gran Coupé is simultaneously luxurious and irresistibly sporty. In the extremely elegant full 'Merino' leather upholstery, the hand-stitched M Sport seats shine with illuminated M8 logo in the head rests while offering perfect side support and excellent comfort on long journeys.

THE BMW CONNECTED DRIVE

DIGITAL KEY

Why put your key in the ignition if you have your Android smartphone with you? The Digital Key3, 4, 5 allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your Android smartphone using the BMW Connected app and shared with family and friends. The term is one year.

CONNECTED NAVIGATION

Trying to find a parking space close to your destination? This is an easy task with Parking Space Assistant. It suggests vacant spaces in large parking facilities or on the street and based on your selection, finds the best route for you with the highest likelihood of an available space. You can also pay for parking cash-free using PARK NOW. The term is three years.

CONNECTED PACKAGE PROFESSIONAL

Concierge Service, Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situation with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

THE BMW LIVE COCKPIT

The brand new infotainment, navigation and multimedia system (BMW Operating 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services

THE INTELLIGENT ALL-WHEEL DRIVE SYSTEM FROM BMW

BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

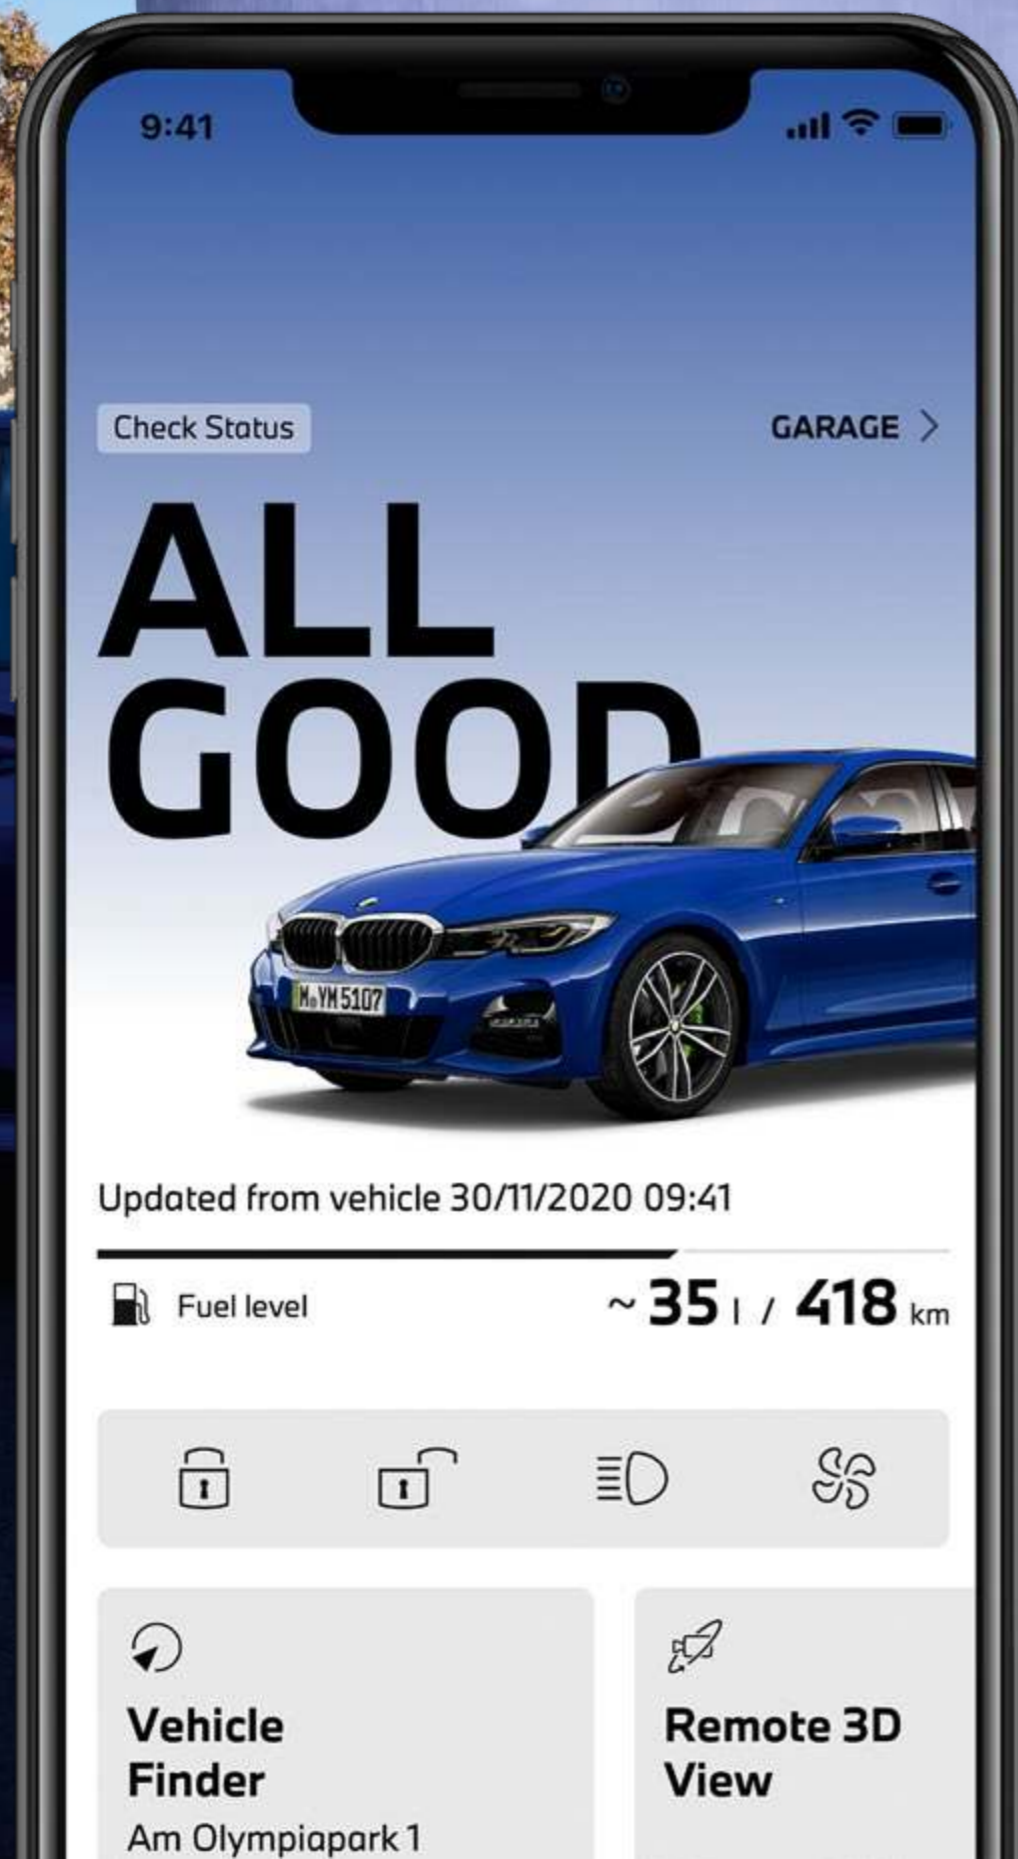

MY BMW APP

STAY IN THE DRIVER'S SEAT,
WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you're in your vehicle or not.

- **Remote control**
Lock and unlock your BMW from wherever you are.
- **Location location location**
Access your car's location remotely and send locations to your car's GPS, so you're always ready for the journey.
- **Driving conditions**
Set the temperature of your car remotely for the perfect climate the moment you open the door.
- **Great service**
Let your BMW tell you when it's time for a service, then schedule it with just a touch.
- **It's personal**
It's MyBMW, after all. Enter your BMW's colour palette, and the app design follows suit.

SUSTAINABILITY AT BMW

ACTIONS AND TECHNOLOGIES THAT HAVE A REAL EFFECT.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

- In co-operation with ChargeNet, BMW i customers in New Zealand can access the ChargeNow 'electric highway' - 100 fast-charging stations from Kaitaia to Invercargil.
- BMW Group considers sustainability a fundamental aspect of its past, present and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO2 emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 is uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product lifecycle.

MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

STANDARD EQUIPMENT

TRANSMISSION AND TECHNOLOGY

- M Performance TwinPower Turbo 8-cylinder petrol engine
- M xDrive, all-wheel drive system
- 8-Speed Steptronic Sport automatic transmission with gearshift paddles
- M Sport exhaust system
- M Carbon engine cover
- Adaptive M Suspension Professional, includes Adaptive M Suspension with active anti roll stabilisation for optimum driving stability and driving dynamics
- M Sport differential, electronically controlled limited slip differential
- Driving Experience Control with Adaptive mode, SPORT, COMFORT, ECO and ADAPTIVE modes
- Auto Start/Stop function
- Brake pad wear indicator
- Electric power steering with Servotronic
- BMW Carbon Core, consisting of centre tunnel with carbon elements
- BMW Active Air Stream kidney grille

EXTERIOR DESIGN AND FEATURES

- 20" M light alloy wheels Star-spoke style 813 M Bicolour with mixed tyres
- BMW Individual High-gloss Shadow Line, window frame and air breather surround in black, and extended content.
- BMW Individual paintwork Metallic paintwork
- Competition Package
- M Aerodynamics package, aerodynamic front and rear bumper trims, side sills
- M Carbon roof
- M rear spoiler in body colour

LIGHT AND SIGHT

- Ambient interior lighting with 11 pre-defined selectable light designs
- BMW Laser headlights including BMW Selective Beam
- Exterior handle area lighting and door entry/exit lights
- Exterior mirrors with automatic anti-dazzle function electrically adjustable and heated, with electric fold-in function
- Follow-me-home function, if the headlight flasher is activated after the ignition is shut off, the low-beam headlights continue to shine for a set time
- Heat protection glazing
- High-Beam Assistant
- Rain sensor

DRIVER ASSISTANCE

- BMW Display Key (Replaces one standard remote key)
- BMW Drive Recorder
- BMW Gesture Control
- BMW Head-Up Display
- Driving Assistant Professional, incl. Active Cruise Control with Stop&Go function, Cross traffic warning on the front & rear, Steering & Lane Control Assistant, Lane keeping assistant with Side Collision Warning, Crossroads warning and Evasion Aid
- Parking Assistant Plus, incl. Parking Assistant with Active Park Distance Control rear, Reversing Assistant, Surround View, Panorama View, 3D View
- Speed Limit Info
- Speed limiter
- Tyre Pressure Indicator, including tyre temperature display

STANDARD EQUIPMENT

SAFETY

- Active Protection
- Airbags, 6 in total: front, full-length sides and head protection on the sides and in headliner
- Alarm System
- Central locking with electronic immobiliser
- Dynamic braking lights
- Dynamic Stability Control (DSC), Anti-lock Braking System (ABS), Braking Assistant, Cornering Brake Control (CBC), Dynamic Traction Control (DTC)
- M Sport Brakes
- Tyre repair kit
- Warning triangle and first aid kit

ENTERTAINMENT, COMMUNICATION AND INFORMATION

- BMW Live cockpit Professional* with 12.3" instrument display and high-resolution (1920x1080) 12.3" Control Display incl. split screen function, touch display, iDrive touch Controller, natural voice control and BMW Gesture Control
- Bowers & Wilkins Diamond surround sound system with 16 loudspeakers
- DAB+ digital radio tuner
- Personal Profile, personalisation of important controls
- Wireless charging with extended smartphone connectivity incl. Bluetooth connectivity for up to 2 smartphones

CONNECTEDDRIVE FEATURES

- Intelligent Emergency Call
- TeleServices
- ConnectedDrive Services** incl. BMW Connected+ and includes free usage of vehicles apps via BMW Online (News and Weather)
- Connected Package Professional incl. Remote Services**, Real Time Traffic Information (RTTI)**, Apple CarPlay* and Concierge Services**
- Connectivity via in-built SIM card, 4G LTE network compatible

*1 year subscription

**3 year subscription

INTERIOR DESIGN, COMFORT AND EQUIPMENT

- 3 x USB Type C ports, 1 x USB Type A and 1 x 12V power socket
- Active seat ventilation, driver and front passenger
- Automatic climate control
- Automatic tailgate operation
- BMW Individual headliner Alcantara Anthracite
- Climate comfort glass
- Comfort Access system, keyless entry to all doors
- Electric seat adjustment for driver and front passenger, incl. headrest adjustment and memory function for driver and front passenger
- Floor mats
- Heated armrests on front doors and front centre console
- Instrument panel and door upper trim in 'Walknappa' leather
- Interior trim 'Carbon Fibre'

- Lumbar support for driver and front passenger
- M leather steering wheel with multifunction buttons, heated
- M Seat Belts
- Multifunctional M Sport seats for driver and front passenger
- Seat heating, front (rear seat heating, Gran Coupé only)
- Smokers Package
- Soft-close function for doors
- Sun Protection Glazing
- Through-loading system
- Roller Sunblinds rear side windows (Gran Coupé only)
- Upholstery, BMW Individual Full leather 'Merino'

M CARBON EXTERIOR PACKAGE

Content:

- M Carbon Air Curtain intake, front left and right
- M Carbon mirror caps
- M Carbon rear spoiler
- Rear diffuser insert
- Single-piece carbon finisher around the tailpipe Finishers

FURTHER INFORMATION ON CO₂ DATA

The values of fuel consumptions, CO₂ emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model.

The CO₂ efficiency specifications are determined according to Directive 1999/94/EC and the European Regulation in its current version applicable. The values shown are based on the fuel consumption, CO₂ values and energy consumptions according to the NEDC cycle for the classification.

When charging times are shown they can be affected by a number of factors such as type of charger, voltage supplied to the charger/car and type of current (AC or DC) supplied to the charger/car. The car also plays a role in charging times as it can be set by the driver to accept various different amperage and should preconditioning be used to heat or cool the vehicle while charging this will also affect the charging time.

The basis for the calculation of the charging times for 100 km range is the electric consumption of the vehicle based on the use of a high-Powered Charging station (HPC) or charging type and current as indicted in the literature above. The testing procedure measures are based on a 23 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consuming devices and systems within the vehicle such as seat heating, displays, air conditioning.

Individual consumption (fuel economy) may differ due to driving profile, vehicle load profile, auxiliary consumer usage, temperature, and ambient conditions. Consumption is based on WLTP or NEDC (whichever is indicated) best case conditions and is independently tested for BMW Group. If you are comparing this range with other models or brands make sure they are stating the same WLTP or NEDC testing regime. These results can be used to compare vehicles on a close to "like for like" basis but are unlikely to be achieved in real world conditions for reasons including temperature variation, driving conditions and the use of the auxiliary systems referred to above.

Information provided and images displayed in this brochure include overseas models and may show some features not available in New Zealand. Please contact an authorised BMW dealer for specific information on vehicles and features available in New Zealand. Product changes may have been made since production of this content.

Note: To obtain NZ CO₂ figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC.

For more information on the New Zealand Clean Car Programme, please visit www.nzta.govt.nz/vehicles/clean-car-programme
