

ALL-ELECTRIC FORD

2023 MUSTANG MACH-E[®]

ICONIC PONY DNA. ALL-ELECTRIC SUV.

The 2023 Ford **MUSTANG MACH-E**® is redefining the shape of freedom. It's a soul-stirring SUV with undeniable Ford Mustang® DNA. The sloping fastback and sequential tri-bar turn signals. The bold shark nose front. The pushed-back A-pillar. The muscular haunches. The arresting stare. It's easy to recognize that this all-electric Pony is a member of the **LEGENDARY STABLE**.

Overseas Model shown without standard Red Brake Calipers.

VERSATILE. INSIDE AND OUT.

Your party of 5 will find **PLENTY OF HEAD AND LEG ROOM** within this spacious, well-appointed interior. In the back, split-fold-flat rear seats make way for cargo inside! Where the Ford Mustang Mach-E® meets the road, you'll benefit from standard traction control and AdvanceTrac™ electronic stability control² designed to help you keep the **JOY IN EVERY RIDE.**

1. Cargo and load capacity limited by weight and weight distribution. 2. Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

EXHILARATION. *ELECTRIFIED.*

Ford Mustang Mach-E® delivers a driving experience like no other Mustang before it. We're talking uninhibited exhilaration on every drive – courtesy of the all-electric drivetrain with its **BREATHTAKING POWER AND TORQUE**. It takes less than half a second¹ to reach maximum torque. You also get electric power-assisted steering and a fully independent suspension, which is designed for lightweight strength, working together to channel this thrilling output to the road.

INSTANT POWER AND ALL-SEASON ADVENTURES await those who select the available electric All-Wheel-Drive (eAWD) System. It can use both front and rear motors at the axles for an impressive display of acceleration and handling. In challenging road conditions, it can distribute power as needed.

¹. Calculated via peak performance of the electric motor(s) at peak battery power. Your results may vary.

A THRILL TO DRIVE.

GT

Prepare yourself for a **HEAD-TURNING, HEART-POUNDING EXPERIENCE**. Paired with an upgraded secondary electric motor, the Ford Mustang Mach-E® GT is designed for even more fun through the turns with eAWD. An illuminated Pony badge – unique to GT – stands out above the splitter and air curtains on the lower front fascia. 20" cast-aluminum rims, red-painted brake calipers, and the ability to send an impressive level of torque to the front axle when needed, all contribute to the GT identity.

The **PERFORMANCE-ORIENTED DESIGN** continues with Miko® Perforated Suede-Like Performance Seats. GT lettering sets off the front door-sill scuff plates, while the B&O® Sound System amplifies your audio inspiration on every ride.

- 0-100 KM/H IN 3.7 SEC
- 358 KW
- 860 NM
- MAX RANGE 490

RESPONSIVE. TO YOUR MOOD.

DRIVE MODES

The **UNTAMED** mode fuses exciting acceleration and sporty handling with energizing sounds. The cluster design pulses with throttle input, while the ambient lighting glows Orange. It's an exhilarating ride. GT models also get an **UNTAMED PLUS** mode for track- and closed-course-only use.

ACTIVE mode enhances a fun and productive drive with subtle propulsion sounds inside the cabin. The ambient lighting and informative ECO Coach graphics on the digital cluster are both encouraging hues of Blue.

Enjoy the feeling of gliding and coasting with **WHISPER** mode. Teal waves in the cluster ebb and flow with the vehicle's movement, and there are no driving-related sounds added. It's a calm, quiet cruise.

For those days when you're seeking simplicity, every Ford Mustang Mach-E® model features the **ONE-PEDAL DRIVING** mode. Driving with this mode activated allows you to control both your acceleration and your deceleration by simply using the accelerator – even letting you ease the vehicle to a stop without touching the brake in certain situations. Of course, the brake pedal is still the best way to hold the vehicle in place at a complete stop. But **THERE'S NO END TO THE FUN** you'll have exploring all of your Drive Modes.

GT. Cyber Orange Metallic Tri-coat.⁶ Available equipment. **PREMIUM.** Rapid Red Metallic Tinted Clearcoat.⁶ Available equipment.

1. Ford Electric Vehicles include the all-electric Mustang Mach-E and Ford Plug-in Hybrid Electric Vehicles. Home charging refers to AC charging. (<https://www.energy.gov/eere/electric-vehicles/charging-home>). **2.** FordPass Connect, the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. The FordPass App, compatible with select smartphone platforms, is available via download. Message and data rates may apply. **3.** Effectiveness of cabin conditioning may be reduced by extreme outside temperatures or when using 120-volt charging. **4.** Complimentary 2-year trial begins with EV New Vehicle Limited Warranty start date. Customer will be billed for all fees including but not limited to fees for use of charging stations and any related parking fees. **5.** Based on original equipment manufacturers (OEM)/automotive manufacturers that sell all-electric vehicles and have publicly announced charging networks. Department of Energy data used. **6.** Additional charge.

1. Based on full charge. Figure shown is the target range achieved using the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Actual range varies with conditions such as external elements, driving behaviours, vehicle maintenance, and lithium-ion battery age. **2.** Don't drive while distracted. Use voice-operated systems when possible: don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all SYNC 4A features are compatible with all phones. For compatibility, see <http://www.ford.co.nz/owners/sync/> **3.** Use of FordPass is subject to the FordPass Terms and Privacy Policy available on ford.com.au/fordpass and requires a compatible mobile device, internet access and software (including software updates from time to time). You are responsible for internet access, mobile network data and voice call services required for your use of the FordPass App on your mobile device, including associated fees. The FordPass App and FordPass Connect modem can only work when both are connected to the telecommunications network. Ford cannot guarantee that FordPass will be in fully operating condition at all times and the FordPass App may be unavailable or partial FordPass services interrupted. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. Use Remote Vehicle Start and Stop responsibly and only in well ventilated areas where you are aware of your vehicle's surroundings.

Peace Of Mind Service Inspection

Service Made Easy

When you service at Ford with our factory trained technicians, your peace of mind is our top priority. We use only Genuine Ford Parts and provide you with a vehicle health report, so you know your vehicle is being maintained the way it should. Take advantage of all the Ford Service Benefits on offer.

1. Warranty conditions and exclusions apply. 5 year Unlimited Kilometre Warranty Ford Express New Vehicle Warranty applies to demonstrator, dealership and service loaner first registered by the Authorised Ford Dealer from 1 September 2018. Warranty period commences on the date of delivery except where the vehicle is a dealership, demonstration or service loaner vehicle, in which case it commences on the date on which it was first registered by an Authorised Ford Dealer. Tyres and tyre tubes are excluded. Shock absorbers and batteries are subject to shorter warranty periods. www.ford.co.nz/owners/warranty/ for further information.
2. Is available at participating Dealers. See www.ford.co.nz/owners/service/ for full terms and conditions. Vehicle model availability may vary. Available at participating dealers on scheduled logbook services or overnight warranty repairs. For private, business and fleet customers. Booking required Participating Dealers may require customers to comply with general usage conditions.

This brochure was designed to provide you with a general introduction to your Mustang Mach-E and was correct at time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer.
