LBX

WELCOME TO THE TARGET MARKET

DESIGN

The 'Premium Casual' design philosophy establishes a presence and level of refinement that far exceeds its class. The mission was to develop a compact crossover appealing to customers with sophisticated taste, seamlessly integrating into their everyday lives as a casual essential.

The exterior package offers a range of design enhancements to accentuate LBX's presence, including refinements to the front and rear design. The 'Unified Spindle' design unifies functionality around the front face and sets the identity for a new era.

The interior is based on the 'Tazuna Concept' and features a premium design with the aim of creating an interior space where its occupants can relax and enjoy a deep connection with the car.

MOODS

Based on the desire to provide cars that align with each customer's lifestyle, LBX has established a grade system which allows customers to select from three different 'moods' that best match their lifestyle and preferences - *Active, Relax or Cool.*

ALL-NEW LEXUS LBX

Lexus Breakthrough X(cross)-over (LBX) offers a hybrid (HEV) model incorporating a highly efficient 1.5-litre inline 3-cylinder engine, a compact and lightweight transaxle with enhanced motor output, and a high-output bipolar nickel-metal hydride (Ni-MH) battery.

The Lexus Driving Signature is produced by fully harnessing the performance of the engine, motor, and battery using extensive expertise in electrification technology. The synchronisation of the engine speed, vehicle speed, and engine sound during acceleration results in a smooth and linear driving experience. The HEV system is precisely controlled to optimise efficiency, leading to outstanding fuel economy.

COMBINED FUEL CONSUMPTION

84g/km* (FWD)

90g/km* (AWD)

CO₂ EMISSIONS

*Fuel consumption and emission figures are WLTP figures. Actual results will vary depending on factors such as vehicle usage and operating conditions. You should not expect that the exact fuel/energy consumption, emission and driving range figures will be achieved in real world driving conditions.

LEXUS DRIVING SIGNATURE

The Lexus Driving Signature offers a unique driving experience that aims to provide a seamless and linear response. Featuring a driving position that facilitates a deep connection with the car, revamped front suspension geometry, heightened body rigidity, and an emphasis on suppressing unwanted external disturbances for a peaceful ride.

LBX features the first adoption of a Lexus specific TNGA platform (GA-B) engineered for compact vehicles. The driver's seating position was set low to decrease both the center of gravity and overall height, all while maintaining generous interior space. Furthermore, a broad and low stance was enabled through a wide track. Despite the use of large diameter tyres, the vehicle has a remarkable minimum turning radius of 5.2 metres.

FRONT-WHEEL DRIVE

SEAT STITCHING

Tatami stitching embroidery consists of two thin lines with a fine tatami-style texture expressing a sophisticated and active impression. The simple lines of the double stitching on the seat sides subtly accentuate the high quality of the interior.

Available in Black.

RELAX

A beautiful blend of serenity with glamour.

Relax presents a world of high-luxury, seamlessly combining serenity and opulence. With the exquisite touch of semi-aniline leather accents, embellished with intricate embroidery and sophisticated saddle tan or black colour options, it offers a premium space that reaches far beyond its class.

EXTERIOR COLOUR OPTIONS

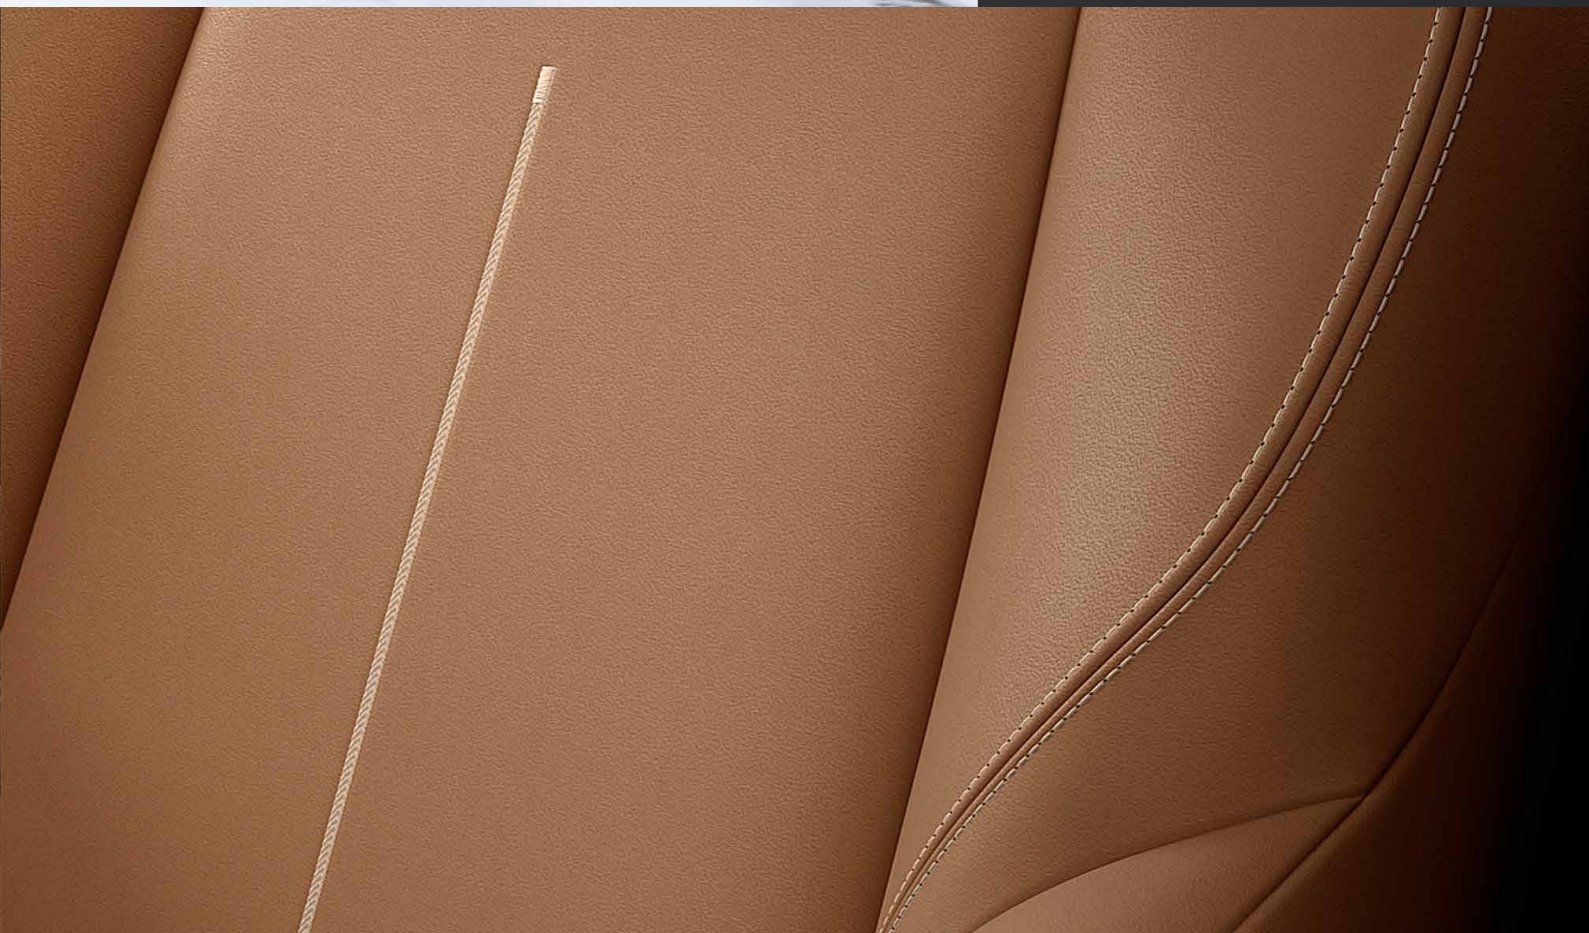

FWD / AWD

FRONT-WHEEL DRIVE OR E-FOUR ALL-WHEEL DRIVE

SEAT STITCHING

Tatami stitching line embroidery adds to the smooth texture of semi-aniline leather accented seats, expressing a quality feel. Subtly accentuating the high quality of the interior with simple lines of double stitching on the seat sides.

Available in Saddle Tan or Black.

COOL

A modern, simple yet refined ambience.

Cool captures the essence of the 'Premium Casual' concept, showcasing a modern and refined ambience through the contrasting blend of leather accents and Ultrasuede®, complemented by playful stitching and embroidery.

18"

BLACK ALLOY WHEELS

8

TWO-TONE EXTERIOR COLOUR OPTIONS

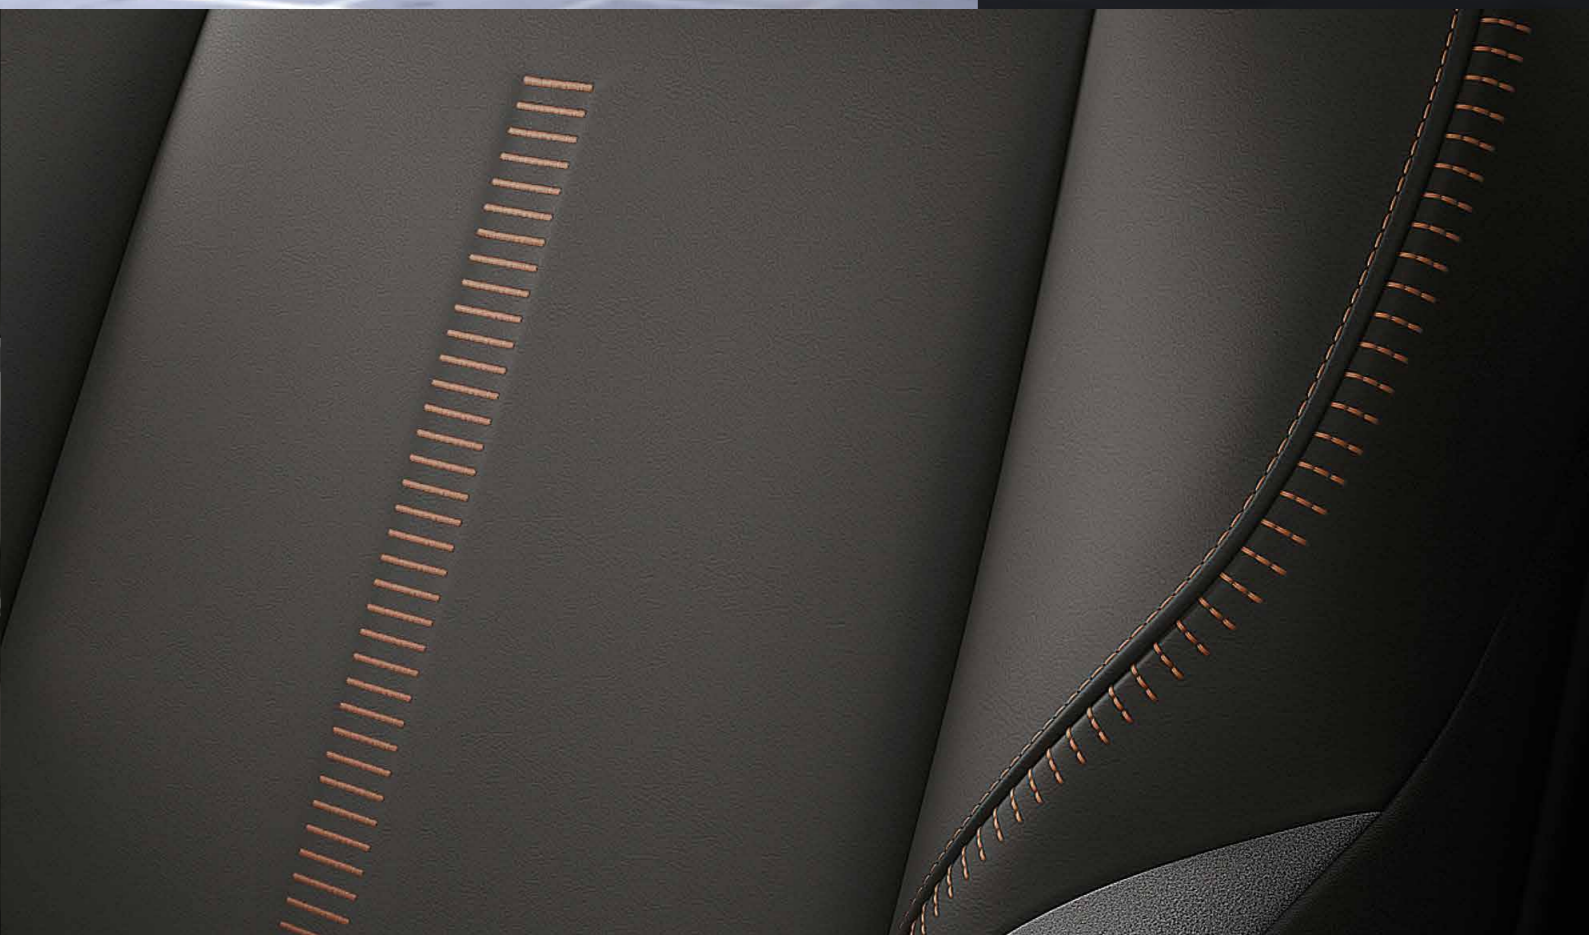

FWD / AWD

FRONT-WHEEL DRIVE OR E-FOUR ALL-WHEEL DRIVE

SEAT STITCHING

Satin stitching embroidery is positioned exquisitely in the center using gloss threads to create luster and a three-dimensional impression, expressing an elaborately crafted sense of depth. Quilt stitching is coordinated with the line width of embroidery on the seats, highlighting playful touches and creating an impressive presence.

Available in Black/Dark Grey.
