

THE UNTOLD.

THE MINI CLUBMAN UNTOLD.

MEET THE STYLISH DYNAMO.

Stylish, whatever your story. Our chic craftsmanship is taken to the next level with the MINI Clubman Untold Edition. But this effortlessly elegant dynamo has an unexpected edge too. Its confident design aesthetic dazzles with a statement Sage Green body colour, refined brass detailing, unique roof and bold bonnet stripes. Not to mention its commanding confidence. This is sheer luxury on the go.

OVERFLOWING WITH STYLE.

The cultured Sage Green finish is complemented by signature edition-specific stripes on the roof and bonnet that were specially designed for this edition. The stripes consist of subtle design lines that create an exciting interplay of light and shadow to underline the MINI Clubman Untold Edition's exclusivity. These contrasts discreetly emphasise the exquisite bodywork and stylishly harmonise with the roof and mirror cap colouring.

A GRAND ENTRY. EVERY TIME.

Entering the MINI Clubman Untold Edition is an experience in its own right with refined brass adorning the front door sill finishers. And the edition - specific floor mats provide striking sophistication. Nothing epitomises the craftsmanship that goes into fashioning the MINI Clubman Untold Edition's enticing interior better than the exclusive Sage Green 2-colour contrast stitching MINI Yours Leather Lounge seats.

PERFORMANCE.

Thanks to a combination of world-class engineering and lightweight materials, MINI's 4-cylinder Twin Power Turbo engines are as powerful as they are fuel-efficient. And by supplying immediate torque that holds steady through the engine's power curve, they're incredibly quick off the mark, too. With one flick of a toggle switch, you can change your MINI's driving mode to suit your mood. Go GREEN for optimised fuel delivery and leisure cruising. Choose SPORT to boost acceleration and steering response. Or switch into MID for a happy motoring medium.
