Way of Life!

Fun transformed

Revel in the distinctive personality of New Zealand's favourite supermini, transformed with the addition of a bold exterior body kit. A trio of vibrant red, white or blue Swift Autobots with dramatic contrasting black highlights that maximize Swift's fun factor – the Special Edition Swift XS4. Fun transformed.

Don't hold back, the new XS4 is a strictly limited run of Swift GLX models with an exclusive set of extras that demand attention and bravely state your individual sense of style.

The Swift XS4 stands four square on custom HRS alloy wheels that further enhance the drama, complemented by a suite of black details that include a roof-end spoiler, wheel-arch, lower body and door mouldings, front and rear under graphics, and a rear XS4 badge.

Whichever colour you choose – red, white or blue – an XS4 is a Swift with more. More attention-grabbing style and a fun attitude that will be the envy of all around you.

The effervescent 1.4 litre VVT engine bubbles along with plenty of power to impress, with superb fuel economy and low emissions adding to its appeal.

Chop through city streets with slick-shifting 5-speed manual or a silky 4-stage electronic automatic. Your choice again. Relax with cruise control, hands-free Bluetooth connectivity, full electrics and pollen-filtered air conditioning.

Every journey should not only be fun, but safe too. That's why a full compliment of ABS, ESP, seven airbags and Suzuki's TECT body design has gained Swift the highest possible 5-stars in EuroNCAP safety tests.

SWIFT XS4 FEATURES

Distinctive HRS alloys feature brushed triangular faces and black background with Suzuki centres.

The sleek spoiler adds an aggressive exclamation mark to the rear upper body. The black contrasts the chosen body colour.

The hatch-mounted badge expresses the bespoke nature of the XS4.

The doors are protected by wide black moulds with Swift inset into the leading edge.

The combination of ABS, ESP®, 7 airbags and TECT body design has gained Swift XS4 the highest possible 5-stars in 2010 EuroNCAP safety ratings.

SWIFT XS4

Express your point of difference

Take the supermini that's just become New Zealand's top selling small car for the tenth year in a row and ramp up the attitude a few notches and you have the Special Edition Swift XS4. With all the quality features of the Swift GLX in a choice of three colours, plus sharp alloys and a black Euro body kit that says let's go and stir up some fun to the power of 10.
