

ALWAYS BEGIN ON A BRIGHT NOTE

Whether your day ahead is filled with places to be, or as open as a big blue sky, the all-new 2021 Lincoln Aviator starts it with a warm embrace. As you approach, Lincoln Dynamic Signature Lighting¹ flows beneath the headlamps, while the illuminated¹ Lincoln Star on the grille glows from within. Illuminated welcome mats and backlit door handles extend an invitation, while the Dynamic Lower Entry feature of the Air Glide Suspension¹ eases access for all. Every drive starts with beautiful chimes orchestrated by a world-renowned symphony as the LCD screen animation takes you soaring through blue skies. Elevate life's journey in the all-new Aviator.

¹Available feature.

IMMERSE YOURSELF IN ELEGANCE

Imagine a place specially designed to evoke a sense of serenity, a sanctuary where you can relax and unwind after a challenging day. The 3-row Aviator cabin is carefully crafted to be that place. Tuck your phone into the wireless charging pad^{1,2} inside the center console. Then, relax into the 30-way Perfect Position Seats³ with the most adjustability in the class, plus Active Motion[®] massage functionality, and heated and ventilated settings. You'll also enjoy best-in-class 1st-row leg and shoulder room.² The customizable head-up display⁴ automatically adjusts the prominence of information as priorities change, and it's easily seen in various light conditions.

ENGAGE WITH EXCLUSIVE 3D AUDIO

You won't just hear it – you'll feel the exceptional level of precision and musical accuracy offered by the expertly engineered Revel[®] Ultima 3D Audio System.¹ Enjoy your favorites through a network of 28 speakers – including 8 in the headliner – finely tuned to the Aviator interior. It's as if you're seated in a concert hall, and listening modes like "Audience" and "On Stage" let you choose your level of immersion. Outstanding, multi-dimensional sound in every seat is courtesy of advanced cabin correction tuning, QuantumLogic[®] 3D Surround Sound Technology, and Revel Waveguides. With 127 steps of adjustment, the immersion control slider lets you customize how much the music envelops you for a personalized sound experience.

¹Available feature. ²Qi wireless charging may not be compatible with all mobile phones. ³Based on advertised dimensions. ⁴Don't drive while distracted. See owner's manual for details and system limitations.

TRANSPORT UP TO 7 PASSENGERS

From short jaunts around town to epic getaways, the 3 spacious rows of seating inside Aviator make it easy to travel with family and friends. Seat up to 7 when you combine the 2nd-row bench seat with the standard 3rd-row PowerFold® bench seat or seat up to 6 with the heated¹ and ventilated¹ 2nd-row captain's chairs, with a full center console.

Plus, up to 6 smart-charging USB ports,¹ a 110V/150W AC power outlet, and two 12V powerpoints to keep everyone's devices charged up. A panoramic Vista Roof^{®1} and best-in-class 2nd-row shoulder room² bring even more joy.

ADAPT WITH REMARKABLE EASE

You'll enjoy effortless loading and unloading of people, pets and so much more using the power tip-and-slide feature on the 2nd-row outboard seats. To access the best-in-class cargo room^{2,3} behind the 3rd row, simply kick your foot beneath the hands-free liftgate.¹ You can also press the PowerFold 3rd-row seat buttons in the rear cargo area to quickly expand your cargo-carrying possibilities.

¹Available feature. ²Based on advertised dimensions. ³Cargo and load capacity limited by weight and weight distribution.

TURBOCHARGE YOUR TRAVELS

Treat yourself to one of the most powerful and compelling engines in the Lincoln lineup: the Twin-Turbocharged 3.0-liter V6 that gives Aviator best-in-class standard 400 horsepower and 563Nm of torque.¹ This gasoline direct-injected engine is driven by your choice of rear-wheel drive or Intelligent all-wheel drive.² And it's mated to the 10-speed SelectShift® automatic transmission, which can adapt in real time, engaging the right gear at the right time to deliver the performance you seek.

GLIDE WITH EFFORTLESS GRACE

Imagine if every stretch of road could feel freshly paved. In Aviator, it can, thanks to the advanced technologies in the Dynamic Handling Package. Adaptive Suspension with Road Preview helps Aviator detect upcoming road irregularities, then carry you comfortably over them. Air Glide Suspension optimizes the vehicle's ride height and spring rates as your load and operating conditions change. With the Dynamic Lower Entry feature activated, the vehicle appears to "kneel" as you approach, graciously lowering by 50 mm to ease your entry. In Deep Conditions mode, it raises 30 mm above normal ride height to improve ground clearance. In Excite mode, it lowers to increase aerodynamics. Quite simply, this system helps Aviator deliver the most gliding ride experience of any vehicle in the Lincoln lineup.

¹Aviator 3.0-liter V6. Horsepower and torque ratings based on premium fuel per SAE J1349® standard. Your results may vary.

²Available feature.

ILLUMINATE A NEW PATH

See things in a whole new light with the groundbreaking technology in the Illumination Package. Adaptive Pixel LED Headlamps use Speed Dependent Lighting to provide additional light, and spread it more widely at slower speeds to emphasize the area around and directly in front of the vehicle. Their Adaptive Dynamic Bending can even illuminate an upcoming curve before you steer into it. This enlightening package also includes the illuminated Lincoln Star on the grille.

LINCOLN
SYNC® 3

COMMAND: WITH YOUR VOICE

SYNC® 3 voice-activated technology¹ connects your tech with your Aviator, and puts you in control of calls, music and more with the tap of a button on your steering wheel and simple voice commands. You can also tap or swipe the stunning 10.1" touchscreen. SYNC® 3 AppLink^{®2} gives you voice control of compatible mobile apps, too. To see your phone's familiar interface on the large screen, you can take advantage of compatibility with Apple CarPlay^{®3} for your iPhone,[®] or Android Auto^{™4} for your Android[™] smartphone.

APPLE CARPLAY & ANDROID AUTO COMPATIBILITY

Apple CarPlay^{®3} allows you to connect the compatible iPhone and get access to features like:

- Apple Music[®]
- Siri[®] to send and receive hands-free text messages

Android Auto^{™4} allows you to connect the compatible Android smartphone to get access to features like:

- Google Maps[™]
- Google Assistant[™] virtual personal assistant, for pass through voice commands

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones! Certain restrictions, third-party terms and data rates may apply. See your Lincoln Dealer for details. ²Commands may vary by phone and AppLink software. ³Apple CarPlay and its functions are products of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan. All features supported in Middle East countries are available. ⁴Android Auto and its functions are products of Google and its terms and privacy statements apply. Requires compatible Android smartphone with Android Auto app on Google Play and data plan. All features supported in Middle East countries are available.

JOURNEY WITH CONFIDENCE

Our extensive collection of driver-assist technologies^{1,2} utilizes a network of sensors and sophisticated cameras to offer you support during many scenarios. These advanced features are all aimed at helping you feel confident in the all-new 2021 Lincoln Aviator.

¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Available feature.

STANDARD LINCOLN CO-PILOT360™

From help lighting up the night to staying on course, taking the guesswork out of what's behind your vehicle and more, every Aviator driver can benefit from our Lincoln Co-Pilot360™ suite of driver-assist technologies,¹ which includes:

- AUTO HIGH-BEAM HEADLAMPS
- BLIND SPOT DETECTION WITH CROSS-TRAFFIC ALERT
- LANE-KEEPING SYSTEM
- PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING
- REAR-VIEW CAMERA WITH WASHER

LINCOLN CO-PILOT360™ PLUS

A number of driver-assist technologies¹ are conveniently packaged together as Lincoln Co-Pilot360™ Plus,² including Adaptive Cruise Control with Traffic Jam Assist, which combines Lane Centering, and Stop-and-Go, to help keep your travels as seamless as possible. Lincoln Co-Pilot360™ Plus includes:

- ACTIVE PARK ASSIST PLUS
- ADAPTIVE CRUISE CONTROL WITH TRAFFIC JAM ASSIST
- EVASIVE STEERING ASSIST
- REVERSE BRAKE ASSIST

THE LINCOLN AVIATOR PRESIDENTIAL

Presidential

LINCOLN PRESIDENTIAL is your invitation to a uniquely elevated automotive experience, one that revolves around you. Our 2021 collection features carefully curated design themes inspired by the love of travel, the arts, culture, architecture and more. We welcome you to explore each theme and its premium materials at your leisure with a one-on-one consultation in the Lincoln Presidential studio at your dealership or another place of your choosing. We will be pleased to bring a test-drive vehicle to your choice of location as well. When your new Lincoln is ready, we will deliver it directly to you. This is ownership on your terms. It's luxury exemplified, inside and out.

EXTERIOR FINISHES

1 – Pristine White

2 – Flight Blue

3 – Silver Radiance

4 – Burgundy Velvet

5 – Infinite Black

6 – Chroma Caviar Dark Gray

A specially selected palette of custom, multifinish, premium paints is designed to enhance the exterior contours and complement the interior beauty of Lincoln Presidential vehicles. Among your choices are several ChromaFlair® paints, which exhibit a wide range of hues depending on your viewing perspective and the angle of the light. As a result, the paint appears to dance.

INTERIOR PALETTE

Destination Theme

Chalet Theme

Flight Theme

It takes an exceptional hide to make the cut. Less than 1% of those produced globally are chosen for Lincoln Presidential. They're selected by a third-generation craftsman at Eagle Ottawa – a tannery since 1865 – then transformed into our exclusive Venetian leather through a process that imparts the softest "hand" and outstanding durability. Custom perforation patterns and precise stitching give this exquisite, naturally grained leather the perfect finishing touches.

The rich texture of an enchanting wood makes a lasting impression. Zircote, a heavily grained wood from South America, has long inspired artisans of furniture, musical instruments and yachts. The ethereal, sparkling effect of Argento wood is achieved by infusing metallic dust between its layers. Special touches like these draw you inside the Lincoln Presidential collection.
