

MAZDA MX-5

REDEFINING A LEGEND

How do you redesign an icon for the future? You don't. You can only evolve an already perfect design formula honed by 30 years of driving exhilaration into another timeless work of art.

By fusing dynamism and simplicity into an open-top, two-seater that inherently evokes a rush of emotions, the award-winning Mazda MX-5* takes four generations of classic roadster proportions and advances it to the future.

Lower and more balanced, dynamic, and emotive even at a standstill, the most popular sportscar in the world continues to inspire and arouse a new generation of drivers who celebrate being one with their car.

*Winner, 2016 World Car of the Year and World Car Design of the Year

DRIVING PURITY

The concept of a lightweight, open-top two-seat sports car harks back to a purpose borne on the fast lane decades ago—the attainment of joy in driving. With its canvas roof neatly tucked behind you, the Mazda MX-5 continues to fulfill your long-held yearning for freedom behind the wheel. The rush of air in your face, the expanse of open space from the sky above, the feeling of exhilaration as you carve through the most winding of roads, all these make the Mazda MX-5 your ticket to rediscovering the youth you never left behind.

DIFFERENT LOOK, SAME FEEL

Mazda believes in facing any challenge head on. The answer to the question on how to preserve the roadster's charisma while meeting the demand for a coupe that comprehensively shelters from the elements is a design decision that offered no compromise to the classic open-top design. The MX-5 Retractable Fastback combines the reassurance of a hard roof with the sleek buttress of a Targa top to deliver a unique and expressive solution that balances the driver's needs with their wants. Whether with the top up or down, the MX-5 RF is a genuine sportscar in every sense of the word.

THE SATISFACTION OF ONENESS

Every Mazda is engineered to underscore a key brand philosophy. Jinba Ittai, or horse and rider as one, is at the core of every Mazda vehicle design. Nothing quite celebrates this more than the Mazda MX-5. As the ultimate expression of the bond between man and machine, the MX-5 forms a natural connection between the road and the driver, allowing you to feel and savor every moment behind the wheel.

This is what makes every Mazda different.

This is what makes driving the Mazda MX-5 a desire you'll forever crave.

TUNED FOR FUN

A distinctive growl. An undeniable tingle up your spine. A crisp shift in every gear. Each little detail in the Mazda MX-5 makes each driving moment an involving affair.

Designed by passionate engineers who yearn for the pleasure in driving, the MX-5's enhanced 2.0-liter Skyactiv-G engine that delivers 184PS at a high 7,000rpm, its aluminum and high-tensile steel lightweight body, along with its human-centric architecture and balanced 50/50 weight distribution, make it the ideal platform to experience a truly invigorating drive.

With Skyactiv Technology, Mazda engineers made sure the Mazda MX-5's engine, drivetrain, chassis, body and suspension all work in harmony to deliver the ultimate in smiles per gallon.

30 YEARS OF DRIVING FULFILLMENT

Ever since the introduction of the first-generation Mazda MX-5 in 1989, countless drivers have experienced the pure and unadulterated experience of top-down driving. With more than a million examples encompassing four generations of Mazda's enduring sportscar rolling off the exclusive assembly line in Hiroshima, Japan, more and more people are still discovering their passion for long drives, camaraderie and belonging.

The Mazda MX-5 is not just a car that sits in your garage, it is life waiting to be experienced, it is a joy raring to be felt. It is a life story expecting to be told.

KINEMATIC POSTURE CONTROL

Kinematic Posture Control (KPC) is a technology unique to the MX-5 that provides a more integrated and stable turning posture even when cornering at high speed, while utilizing the MX-5's suspension structure that works smoothly in everyday settings. The MX-5's rear suspension is designed to generate an "anti-lift" force that pulls the vehicle's body down when the brakes are applied. KPC takes full advantage of the characteristics of this suspension and applies a slight brake to the inner rear wheel when cornering under conditions with high G-force, thereby suppressing roll and pulling the vehicle down to stabilize posture. Moreover, KPC does not add even a single gram to the weight of the vehicle.

The performance of KPC is particularly noticeable on tight corners and rough road surfaces. Even in situations where the car body would tilt significantly in the past, KPC stabilizes the vehicle so that it grips to the road surface. This gives a greater sense of connection to the ground, and enables the driver to accelerate with greater confidence.

Furthermore, as KPC prevents the body of the car from lifting when cornering at high-speed, it ensures a comfortable ride for the driver and passenger. KPC can determine the turning conditions in real time from the difference in speed between the left and right rear wheels, and increases its activity linearly in response to this to produce an appropriate posture stabilization effect. In other words, there is no change in terms of everyday driving situations, where the MX-5 maintains the same relaxed and nimble behavior. The harder the drive becomes, the more the MX-5 sharpens its tail-end senses and cleverly adjusts its own turning posture. This enables a driving experience that maximizes the MX-5's innate potential in a wider range of driving scenarios than ever before.

BUILD YOUR PERSONAL MAZDA MX-5

The MX-5 ownership journey begins with an exciting process of personalizing your own roadster.

With the Build Your Personal MX-5 Program, you can create an MX-5 unique to your personal preference in transmission, exterior color, interior trim, soft top or retractable fastback, and even up to two different soft top color choices. Now, you can even opt to have Recaro Seats and BBS wheels with the soft top.

A total of 76 combinations are possible. Personalized orders take about four to six months from order to delivery.

1. MEANT FOR LONG DRIVES

Every moment behind the wheel should be savored. The Mazda MX-5 is generously appointed with creature comforts that make every drive a pleasure to cherish.

9-Speaker BOSE System
Mazda Connect Audio System
with Apple CarPlay and
Android Auto
Telescopic Steering with Tilt
Adjustment
Paddle Shifters

2. CONFIDENCE IN EVERY JOURNEY

Attain maximum enjoyment from every drive knowing you are protected and made aware of your surroundings. Active and passive safety systems create an air of calm reassurance whenever you are on the road.

Adaptive LED Headlamps
Anti-Lock Braking System with
Electronic Brake-force Distribution
Dynamic Stability Control
Dual Front and Side Airbags
Rearview Camera
Smart City Brake Support
Lane Departure Warning

5 YEARS FREE SERVICE PLAN

Worry-free ownership is the hallmark of the Mazda driving experience. We believe that ease of ownership is key to a long and lasting relationship with your Mazda.

That is why every brand-new Mazda vehicle includes FREE parts and labor for every scheduled Preventive Maintenance Service for five years, or up to 100,000km odometer distance, whichever comes first. If you happen to need assistance, you may avail of emergency towing and minor roadside repair support*, which comes with your brand-new Mazda. These unique benefits further enhance your Mazda's three-year, or 100,000km, New Vehicle Limited Warranty, Bumper-to-Bumper coverage.**

With over 16 full-service dealerships across the country ready to attend to your vehicle's needs, you can celebrate the joy and freedom of driving that only a Mazda can deliver.

Owning a Mazda is more than just driving with confidence and reassurance. A hassle-free ownership experience is the fulfillment of Mazda's promise to be your reliable partner in life's amazing journeys.
