

The Laida.

Volkswagen

**Having a family meant putting
their needs ahead of yours, but
why take the backseat when you
can get what you've always
wanted while giving your family**

Your smart choice.

1.4 TSI Engine with BlueMotion. It's lighter and fuel efficient – and turbocharged, so it doesn't sacrifice performance. As if you're getting two engines in one. BlueMotion Technologies significantly improve fuel economy and reduce emissions.

DSG Transmission. Combining the convenience of an automatic and the fuel-efficiency of a manual, the DSG gearbox gives you more power with every gear.

Cruise Control. Our system works electronically to help regulate your car's speed. It reduces the stress on drivers and offers you more comfort on long journeys by keeping a constant speed.

Climatronic airconditioning. It ensures clean air and healthy air conditioning in the vehicle's cabin. An air quality sensor and an anti-allergenic filter keep the air quality at a consistently high level and reduce the intrusion of unpleasant substances, including fungal spores and allergens.

Tech Specs

Engine		230 TSI DSG SE
Engine Type	4-cylinder, In-line, Turbo Fuel-injected Gasoline Engine with BlueMotion Technology	
Displacement	1,395 cc (1.4L)	
Max. Output	95kW (130 Ps) at 5,000 rpm	
Max. Torque	166 lb-ft (225 Nm) at 1,400-3,500 rpm	
0-100 km/h	9.3 sec	
Top Speed	200 km/h	
Chassis		
Gearbox	7-speed DSG transmission	
Drivetrain	Front Wheel Drive	
Steering	Electronic power steering	
Suspension	Front: McPherson Independent Suspension Rear: Composite torsion beam semi-independent suspension	
Brakes	Front Ventilated Disc and Rear Disc	
Dimensions		
L x W x H	4,605 x 1,765 x 1,460 mm	
Wheelbase	2,610 mm	
Wheel Size	6.5J x 16"	
Tire size	205/55 R16	
Fuel Tank Capacity	55L	

Exterior Colors

Reflex Silver

Polar White

Deep Black

Limestone Grey

Sunset Red

Opalsilver Metallic

It's the sensible ride for you and your family.

Tire pressure monitor. The system checks your tyres constantly, keeping you safer. Maintaining the correct tyre pressure also helps your tyres last longer and cuts fuel consumption, saving you money at the pumps.

Leather Seats. Redefine comfort and style, leather seating surface is comfortable, stylish, and easy to maintain.

Electronic Stabilisation Program (ESP). This system detects critical driving conditions, such as a risk of skidding, wheel spin or over/under steering, and take actions to keep the vehicle on course each and every time.

Hill Hold Control. It stops your car from accidentally rolling backwards when you're stationary, or setting off on a hill. That means you won't need to keep applying the parking brake manually, check whether you've applied enough braking pressure, or worry about rolling back as you prepare to move off.
