The Polo Sedan.

Polo

It takes a refined sense of ambition to make it big. Charting along a road that's elegantly carved exclusively for you, and by you. Well, we think it's time the road to the top met a drive to match. Allow us to introduce you to the Polo Sedan. Continue your dream run with greater confidence with the new Polo Sedan. **Drive easy. Drive ahead.**

Performance. Its multi-point injected petrol engine not only offers lower fuel consumption and reduced emissions, but also delivers an outstanding, powerful performance and a truly sporty drive.

Safety. Incorporated with world-class safety features, the Polo Sedan is designed to protect you and your family. With its robust design and superior engineering that has its genesis in an ultra high-strength steel frame, the Polo Sedan offers exceptional safety with a tough build that is reassuring every time you feel the heft of the doors and the thump of its boot closing. This is supplemented with advanced safety features such as dual airbags and ABS.

Interior. We understand your need for personal space and yet be with the whole family on a long drive. Precisely why you'll find a good balance of comfort and space when it comes to the exquisite interiors. Tastefully selected upholstery and the large glass area put the Polo Sedan in a league of its own.

Thoughtfully designed.

Built to sweep you off your feet.

1.6 MPI. Petrol engine offers power, efficiency and durability with 105 Ps output and 153 Nm of torque.

6-speed Automatic Transmission with Tiptronic. Has all the convenience and technical features of an automatic transmission with the advantage of a manual.

What is love without some care and concern?

The Polo Sedan's Anti-lock Braking System (ABS) will keep you in firm control on slippery roads or during heavy braking.

Anti-Lock Brake System. The Polo Sedan is equipped with ABS that ensures the car remains maneuverable and in control, even in the event of heavy braking on slippery roads.

Airbags for Driver and Front Passenger. We don't take anything for granted. The Polo Sedan carries dual airbags for the driver and co-driver. Along with the seatbelts and ABS, the Polo Sedan is one of the safest cars in its class.

Anti-theft System with Immobilizer and Interior Monitoring. The anti-theft alarm system with electronic immobiliser offers maximum protection against vehicle theft. Audible and visual warning signals attract the attention of passers-by and deter potential thieves. An acoustic alarm is triggered when unauthorized entry is detected by contacts on the doors, engine compartment and luggage compartment lid or by ultrasonic motion sensors. The ultrasonic system also detects anyone trying to get into the car through a broken window.
