ALL NEW
ALTO
660CC

The all new Suzuki Alto is revving up to add pace in your life. From economy to aesthetics and from spaciousness to technology, the new model gives you everything in one car, so that you're in control of your life. The all new Alto offers an exuberant experience for the young generation and also for those who are young at heart.

With improved manoeuvrability, fuel efficiency, optimal power-to-weight ratio and a spacious body, the all new Alto has been designed as an excellent hatchback car offering its young audience enhanced performance, quality and reliability.

PROPORTIONS TO DRIVE FOR

The aerodynamic design with unique lines and curves give the car a young and vibrant look. The design of all the panels, the wheelbase and the cabin will certainly please your senses. The aesthetically designed door panels accentuate the richness of the sharp design as well as give the car a lively appearance.

IRRESISTIBLY STYLISH BACK

The unique rear end design inspires a moment of awe and appreciation. The back door emphasizes the shape of the rear end while the tail lamps fitted in the rear bumper complete the compact design. The all new Alto comes in a variety of colours and you might find it difficult to settle for a choice.

A CAR MAKING ITS MARK

The all new Alto is the perfect blend of form and function. Whether you're looking for convenience or liveliness, this car has everything for you. All the lines and panels, the front mask and the interior are stylishly set while the headlamps in a bold design instantly grab your attention.

UNWIND AND LET THE STORY UNFOLD

REFINED FUEL EFFICIENCY TO GO WITH EVERYDAY LIFE

With the improved R series engine (R06A Type), high power-to-weight ratio, increased strength and the aerodynamic shape, the all new Alto is a highly reliable and fuel-efficient hatchback vehicle.

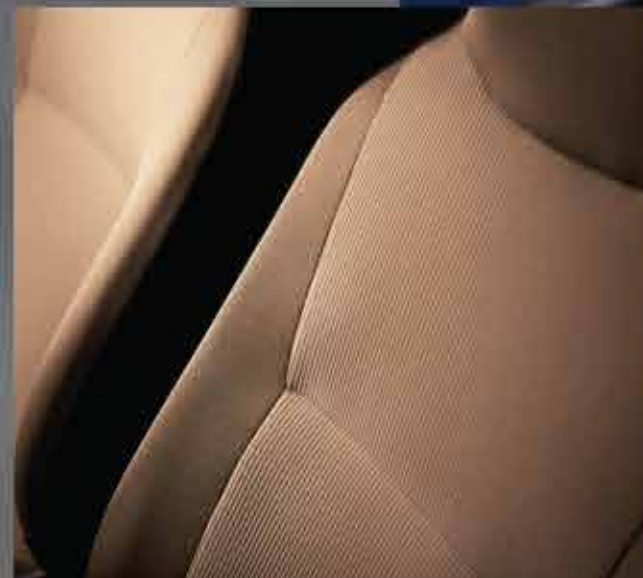

THE R SERIES ENGINE

The all new Alto has a 660cc three-cylinder petrol engine known as the R06A. Whether you're driving through streets full of traffic or cruising up the highway, this highly efficient engine provides you with the power, reliability, fuel economy and control you need.

The innovative transmission system minimizes torque loss, providing smooth transition and acceleration through all of its five gears. The setting of clutch and ECU/ECM optimizes the control operation of the engine's working and contributes to better fuel efficiency.

ENHANCED COMFORT AND CONVENIENCE

The all new Alto is a highly efficient performance car that makes your daily shopping and outings a pleasant experience. Spacious cabin and storage accessories of the new model ensure complete comfort for you and your family.

1. Storage Space

The all new Alto offers sufficient storage space with additional console drink holders that are a part of the standard offering.

3. Media Player with Touch Screen

The dashboard panel has an integrated media player with a touch screen that you can conveniently use while driving. It has screen mirroring option, Bluetooth calling, auxiliary cable and USB support functions.

2. Luggage Under Box

The lamps are located in the rear bumper just below the back door. The back door opens leaving maximum width allowing ease of loading and unloading. A luggage under box offers storage space for umbrellas and other objects.

Packing Space Opening 690mm

Upper Opening Width 1,065mm

Lower Opening Width 1,065mm

Packing Space Opening Height 690mm

KEEPS YOU SAFE

Since the all new Alto drives you and your loved ones, we keep the safety features and performances thoroughly checked to ensure a safe and comfortable journey. The all new Alto 660cc is inbuilt with safety features such as seat belts, ABS brakes and airbags to protect you from impact and danger. You can always go on long drives with complete sense of security.

SRS Airbags

When the sensor detects more than a certain impact, the airbag is instantly deployed. Together with the effects of the seat belt, it reduces the impact on the head and chest of front occupants.

- * Since the SRS airbag system is a device to assist the seat belt, **be sure to wear a seat belt.**
- * Be sure to read the instruction manual carefully as there are items to be noted.

SRS = Supplemental Restraint System

Seat Belt

The seat belt on the front seat is equipped with a mechanism that pulls the belt instantaneously to restrain the body firmly in the event of a collision. In addition, a variable force limiter mechanism is also present.

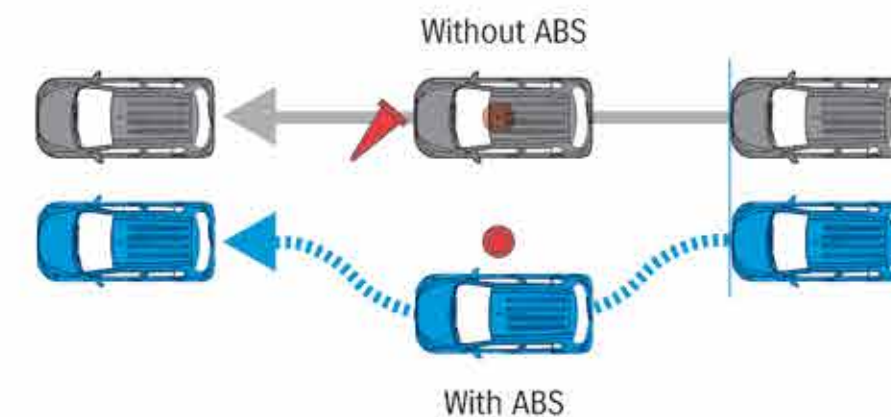

ABS with EBD

During sudden braking on slippery surfaces, four-wheel ABS is activated. It prevents tyre locks, stabilizes the car body, and helps handle obstacles by steering. Furthermore, it is equipped with an EBD (Electronically Controlled Braking force Distribution System) that automatically helps maintain control by sending the optimum amount of force to the front and rear wheels.

ABS = Anti-lock Brake System

EBD = Electronic Brake force Distribution ER Impact Mitigation Structure

Immobilizer

When the immobilizer engine is started, the ID code on the portable remote control side and the vehicle side is electronically authenticated. The engine will not start if there is no match and the immobilizer will effectively suppress vehicle theft.

Security Alarm System

When the security alarm system is activated and the door is unlocked by an operation other than the request switch or keyless entry, a hazard theft alarm and a horn alert you.

Theft alarm equipped car sticker is attached to the vehicle.

ACCESSORIES

REAR UPPER SPOILER

More than an accessory for outlook, the rear upper spoiler enhances the airflow over the vehicle.

STEERING WHEEL COVER

The all new Alto offers an exquisitely designed steering wheel cover that enhances the overall look of the interior.

SEAT COVER

The exquisite seat covers of the all new Alto 660CC give the interior an elegant feel. The colours of the seats perfectly harmonize with other aspects of the vehicle.

SPARE TYRE KIT

Your spare tyre kit is set to assist you whenever you need to replace the wheel of the vehicle.

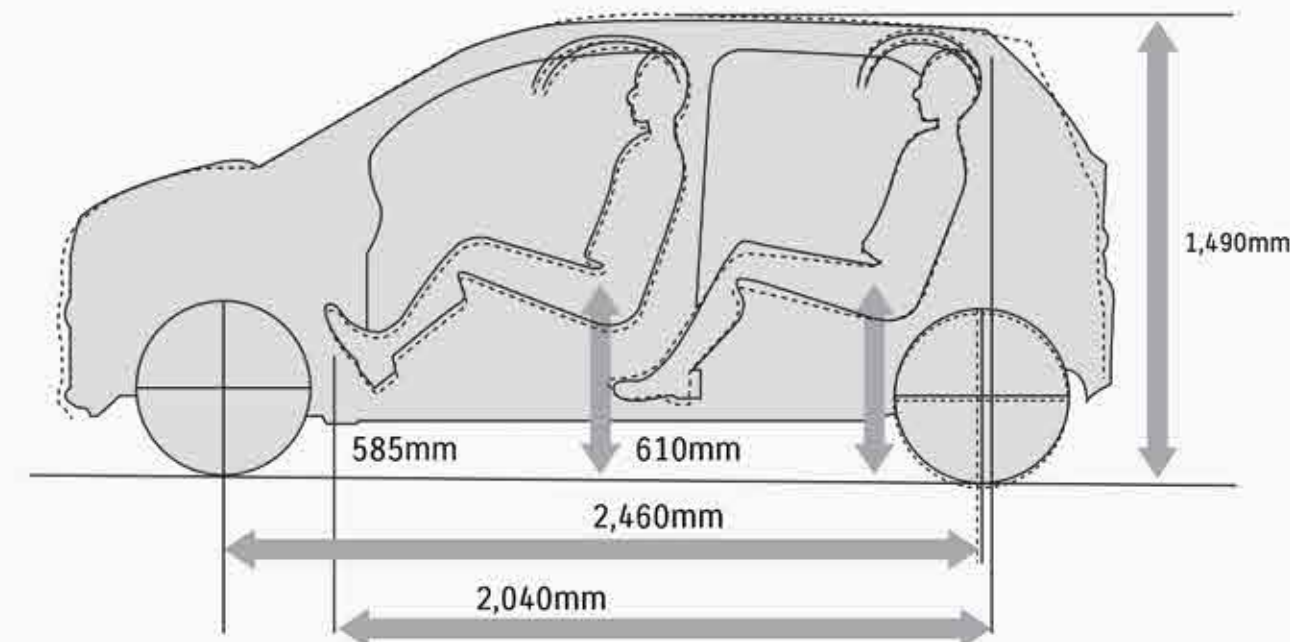

MANOEUVRABILITY

With its tight turning circle, the all new Alto is capable of working through streets with immense ease.

SPACIOUSNESS

The interior of the all new Alto is designed for comfort and convenience. Whether you're driving in the town or going for a long drive, you will be pleased to recline and relax in the spacious interior of the car.

*Accessories are not included in standard variants.
