

ESCALADE

Cadillac

2018

ICONIC.
ALWAYS AND
FOREVER.

Year after year, the aspiration of utter perfection is pushed even further. Leadership is defined and redefined. There is no expectation left unfulfilled. Impossible to ignore, unmatched interior prestige and extraordinary comforts are concluded with a bold, distinguished exterior. There is no comparison.

The 2018 Cadillac Escalade.

Escalade Platinum in Dark Adriatic Blue Metallic. Shown with available equipment.

| EXTERIOR

MAKE A DECLARATION ON THE SUBJECT OF AUTOMOTIVE DESIGN

Dramatic angles and powerful planes meld seamlessly with arresting lighting and chrome details. A stylishly bold grille is framed by signature headlamps that feature five crystals, fully stacked. All-LED technology generates more light with less energy, while available LED Cornering Lamps project light into curves when the vehicle is turning. The result is a vision that is impossible to ignore.

OFFERED FEATURES: INVISIBLE REAR WIPER • 22" WHEELS • ADVANCED REAR LIGHTING • ILLUMINATING DOOR HANDLES • CAPLESS FUELING SYSTEM

Rear wiper, forward-thinking design

The Invisible Rear Wiper is concealed when not in use—protecting it from the elements, while preserving the vehicle’s clean lines.

Style and science come full circle

Standard 22" wheels are cast in an innovative, full-forming process that saves weight, adds strength and looks striking.

The leading edge of innovation is a blade

The LED lights in each light-blade taillamp deliver bright illumination.

Improved visibility, impressive style

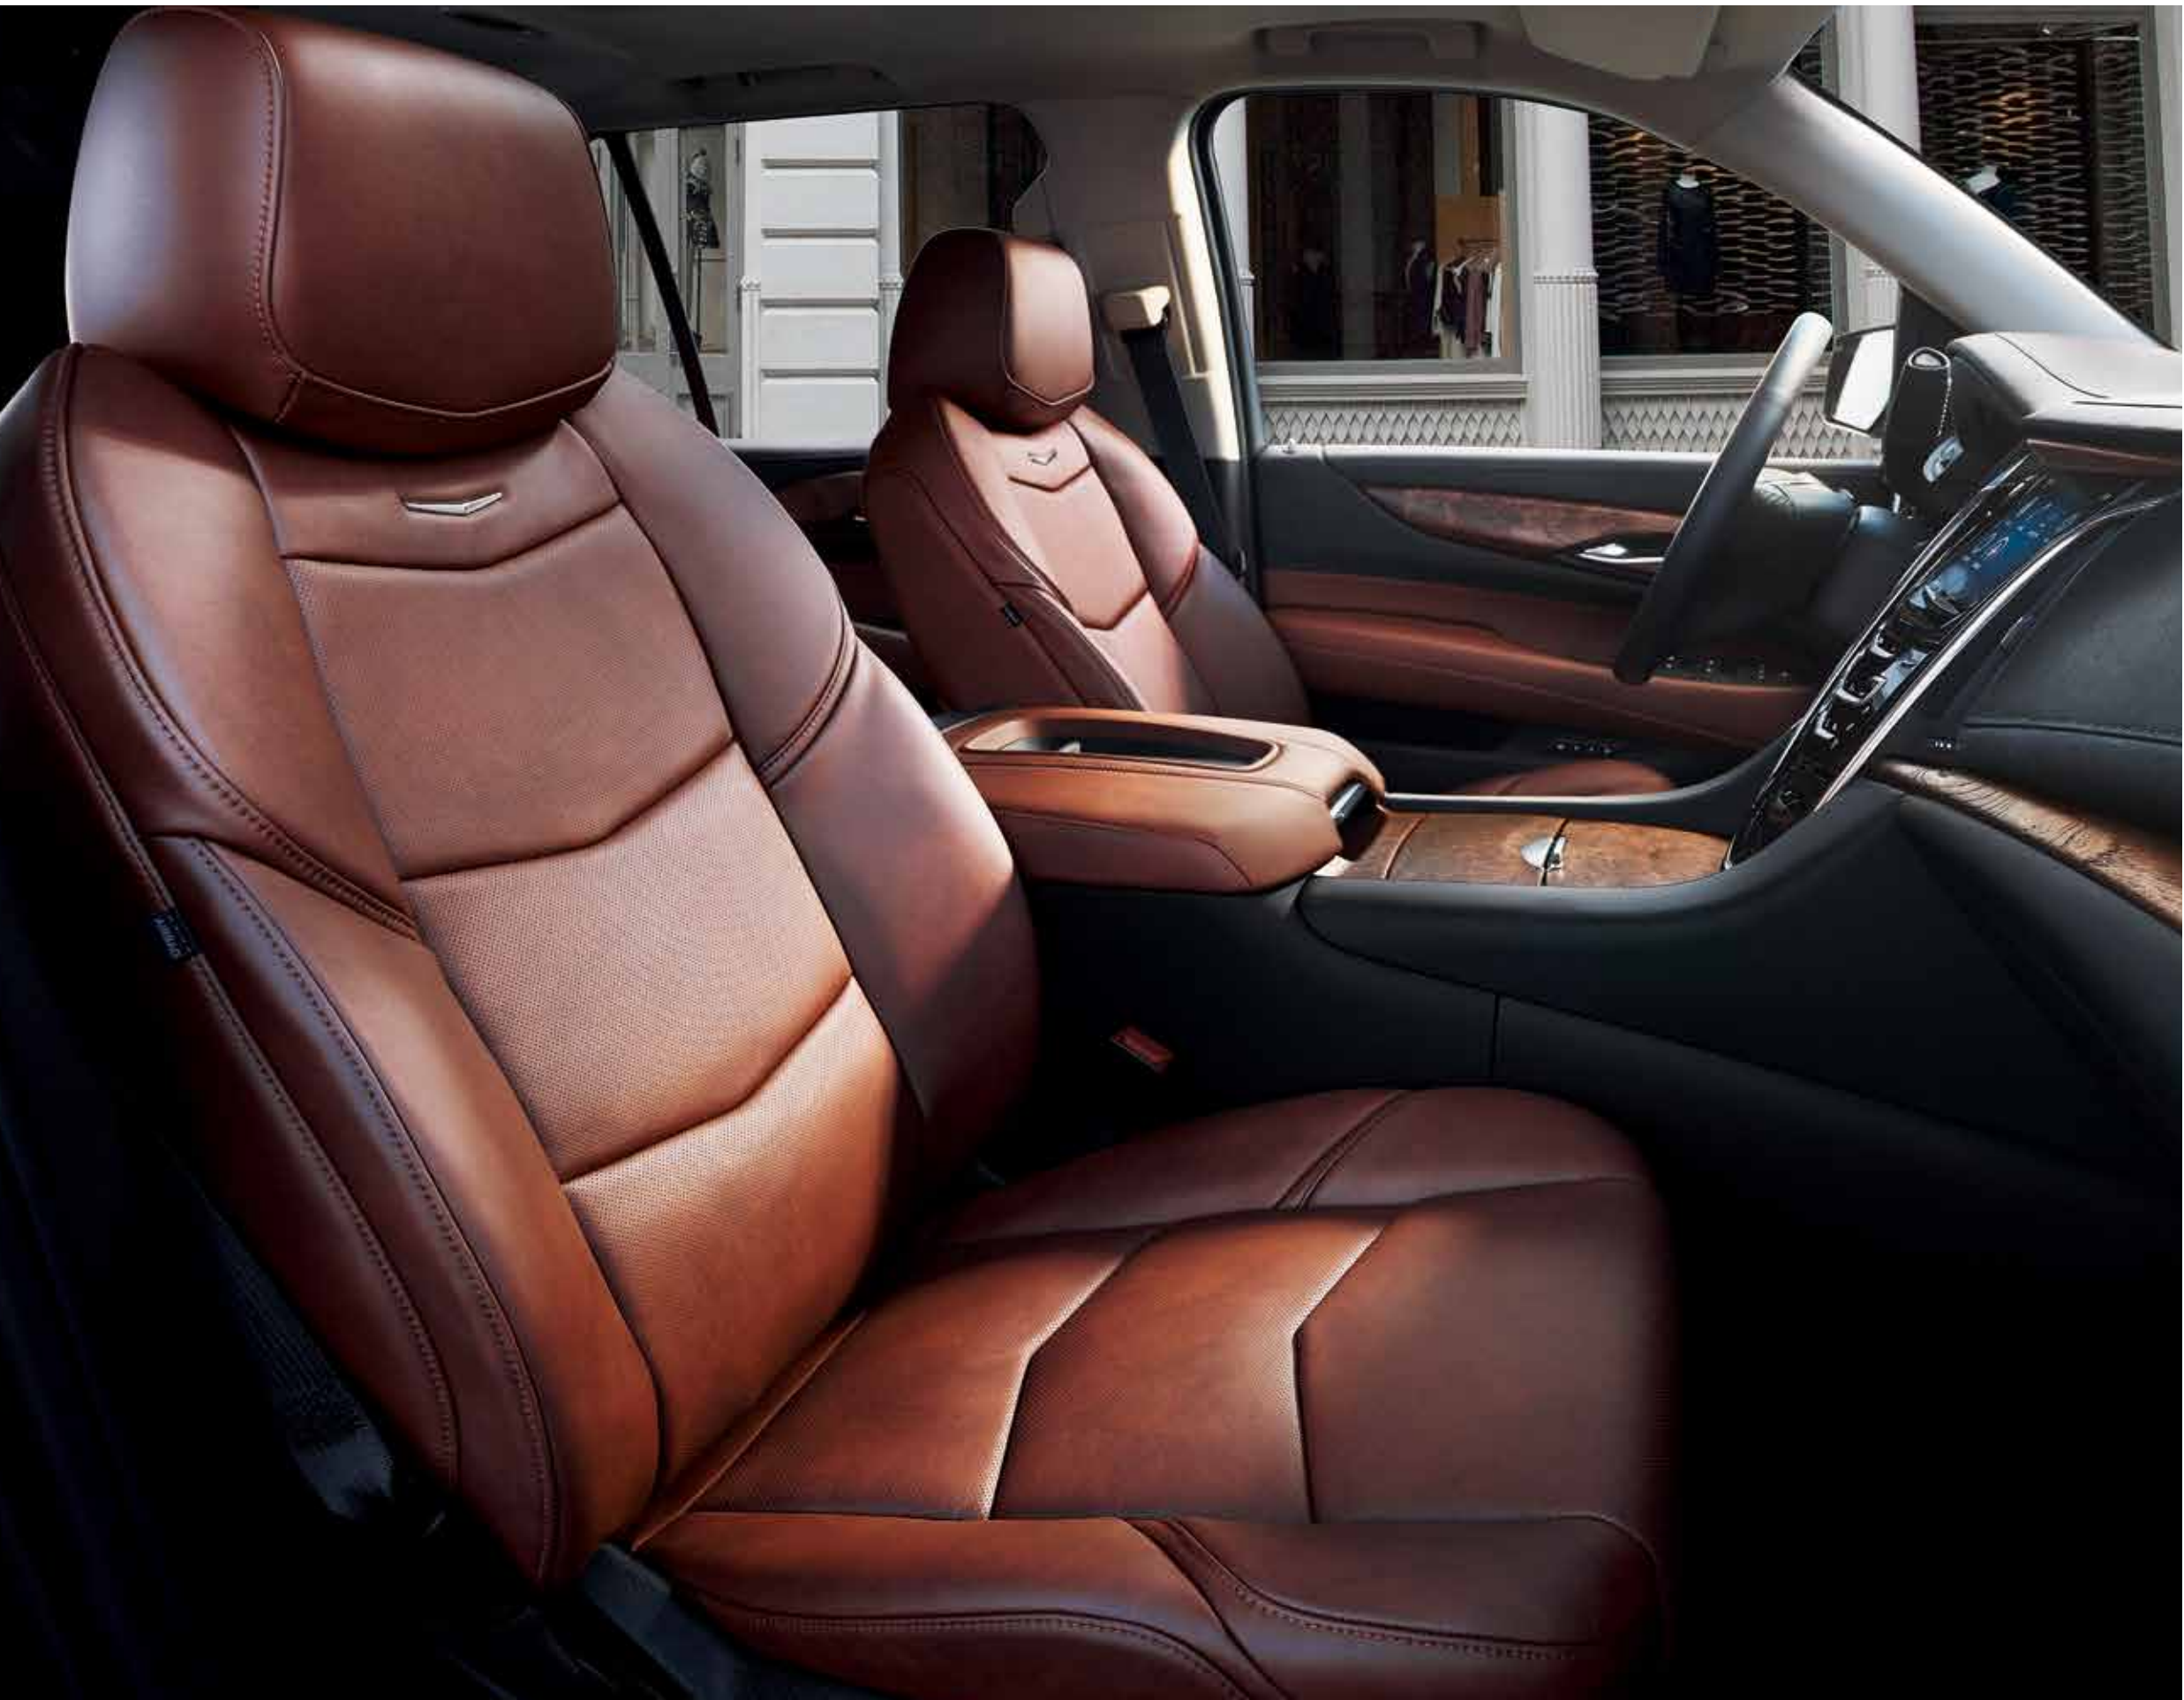

As you touch the available Illuminating Door Handles, they create a soft glow.

Faster fueling

The Capless Fueling system is both clean and simple.

Escalade Premium Luxury in Dark Granite Metallic. Shown with available equipment.

| I N T E R I O R

CRAFTSMANSHIP ON THIS SCALE IS RARE INDEED

The Escalade cabin exemplifies the concept of attention to detail. Crafted with a care and precision reminiscent of fine tailoring, you can choose from trims and leathers that meet with flawless seams and peerless stitching. In every case, these materials have been painstakingly curated to work together beautifully — so, whether you grip the hand-finished Turin leather steering wheel or sit in the available full-leather Kona Brown seats, your cabin expresses your taste perfectly. In addition to stunning craft, the cabin features a variety of comforts. Heated front and rear seats, as well as front seats that cool, being only the beginning.

OFFERED FEATURES: TRI-ZONE CLIMATE CONTROL • BOSE® CENTERPOINT® SURROUND SOUND WITH ACTIVE NOISE CANCELLATION • REAR SEAT ENTERTAINMENT • SURROUND VISION • REAR CAMERA MIRROR • HEAD-UP DISPLAY • RECONFIGUREABLE GAUGE CLUSTER • AUTOMATIC PARKING ASSIST • KEYLESS ACCESS WITH PUSH-BUTTON START • WIRELESS CHARGING

A controlled and comfortable environment

Tri-Zone Climate Control allows driver, front passenger and rear passengers to adjust temperatures individually. This emphasis on individual control and comfort extends to power-adjustable pedals, as well as a function-rich, power tilt-and-telescoping, heated steering wheel. And should individuals require even more space, the Escalade ESV offers additional leg room, seating and larger doors to easily accommodate up to eight passengers.

A very special venue

A variety of features transform the cabin into that rare place where tranquility, comfort and entertainment go hand in hand. Acoustic front glass, triple-sealed inset doors and Bose Active Noise Cancellation work to create the Escalade's extraordinarily quiet interior. While a captivating 16-speaker Bose Centerpoint Surround Sound system is a pleasure to hear. Equally entertaining is the available Rear Seat Entertainment (RSE) system. It features a 9" diagonal screen, Blu-ray™ playback, MP3 capability, two wireless headphones, as well as HDMI and USB¹ ports.

The system also supports streaming from Wi-Fi-connected devices to the rear screen, ensuring everyone has delightful diversions.

¹. Not compatible with all devices.

See the many advantages

The Escalade is equipped with a variety of available systems that help you command the environment beyond the cabin. For instance, Surround Vision provides an overhead view of the area immediately around the vehicle, a great help when parking or in reverse. Automatic Parking Assist helps drivers park by automatically steering the vehicle into detected parallel or perpendicular parking spaces while the driver does the gear selection, acceleration and braking. And when the desire of additional visibility conveniences arise, the available Rear Camera Mirror streams HD video from a tailgate camera directly to the rearview mirror, offering a clear view (A) expanding the driver's rear field of vision up to 300 percent more than a traditional mirror (B).

(A. ENHANCED VIEW WITH REAR CAMERA MIRROR)

(B. TRADITIONAL REARVIEW MIRROR)

Looking ahead

The available Head-Up Display (HUD) projects selected information onto the front windshield, allowing you to keep your eyes safely on the road. And a reconfigurable 12.3" LCD gauge cluster lets you choose how you want to see vehicle, entertainment, communications and navigation information.

Simply intelligent parking

You can park a little easier with Automatic Parking Assist. It steers the Escalade to help you park in parallel and perpendicular spaces while you control the speed with the brake.

Your phone, even smarter

The Cadillac user experience¹ not only puts a suite of information, entertainment and communications functions at your command — by touch or voice — but also allows for Phone Integration with Apple CarPlay™² compatibility shown below, which allows you to access your contacts, Apple Music™ and other information from your iPhone®. You can also access Siri®, so features are easily accessible to you or your front-seat passenger.

Android™ Auto² compatibility is also available.

1. Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth® and Smartphone. Some devices require USB connectivity. 2. Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. 3. The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adaptor/back cover. For a list of GM wireless charging compatible mobile devices, go to cadillac.com/wireless. If your device is not on this list, please consult your carrier.

A head start, with a smart start

Keyless Access connects you to your vehicle, enabling you to open or lock the doors, and use the Push-Button Start feature, without removing the key fob from your pocket or handbag. The key fob is also integrated with Adaptive Remote Start. Your fob will engage the engine from up to 91m away, and can also sense outside temperature to activate the appropriate cabin climate control. Inside, you can power-up and charge your mobile devices with Wireless Charging³ capabilities.

Escalade Platinum in Dark Granite Metallic. Shown with available equipment.

| PLATINUM

THE APEX OF THE SUV

To make the best in craftsmanship, innovation, utility and performance even better. This is the essence of the Escalade Platinum. A cabin that comforts the body and stimulates the senses in an environment rich with detail.

STANDARD PLATINUM FEATURES: SEMI-ANILINE LEATHER MASSAGING AND 18-WAY ADJUSTABLE FRONT SEATS • LEATHER INTERIOR (INCLUDING INSTRUMENT PANEL) • EXCLUSIVE REAR SEAT ENTERTAINMENT SYSTEM • CENTER CONSOLE COOLER • EXCLUSIVE GRILLE AND WHEELS • POWER-RETRACTABLE ASSIST STEP

Supple and strong

Semi-Aniline leather makes the first- and second-row seating surfaces, as well as the leather-wrapped steering wheel and instrument panel, supple yet more resistant to wear. Sueded microfiber headliners and door trim, along with exclusive wood accents, complete the cabin.

Comfort that moves you

Platinum's multi-directional massaging front seats also feature 18-way power adjusters.

First-class entertainment, regardless of where you're sitting

For second- and third-row passengers, the Rear Seat Entertainment (RSE) system features dual screens in the front head restraints, while tri-play capability allows different screens to play different content.

In a word, cooler

A center console cooler is just one of the many features you'll wonder how you lived without.

**Striking and smart**

The bold Platinum grille with Galvano chrome is an example of superior design. Others include 22" premium painted wheels featuring chrome inserts that are sure to grab attention.

**Stylish assistance**

Power-Retractable Assist Steps come forward to greet you, then retract gracefully when not in use.

AT THIS LEVEL, UTILITY BECOMES ELEGANCE

Form and function lead the way. This unmatched luxury SUV is equipped with a variety of ingenious features that allow it to do, and please more.

Escalade ESV Platinum in Radiant Silver Metallic. Shown with available equipment.

OFFERED FEATURES: CARGO CAPACITY • POWER-FOLDING THIRD-ROW SEATS •
HANDS-FREE LIFTGATE • CENTER CONSOLE STORAGE

Room, with a point of view

Everything is easily within reach with generously sized, intelligently placed storage compartments. And with the touch of a button, power-folding third-row seats quickly disappear to yield up to 3.4 m³ of cargo space¹ in the Escalade ESV.

¹. Cargo and load capacity limited by weight and distribution.

A hand when yours are full

With the Hands-Free Liftgate, a kicking motion under the center of the rear bumper opens the gate. And a memory height function allows you to program how high the gate opens to suit you.

Another intelligent use of space

The center storage console is equipped with USB² ports and a 12V auxiliary power outlet. On the back of the console is a 110V power outlet for charging and more connections.

². Not compatible with all devices.

Escalade Platinum in Radiant Silver Metallic. Shown with available equipment.

| P E R F O R M A N C E

REMARKABLY LIGHT ON ITS FEET

The Escalade combines dynamic performance and poised handling. Look forward to a nimble, yet powerful drive every time you sit behind the wheel.

OFFERED FEATURES: 6.2L V8 ENGINE AND NEW 10-SPEED AUTOMATIC TRANSMISSION • 4-WHEEL DRIVE WITH DRIVER-SELECTABLE MODES • 3765 KG MAXIMUM TRAILERING CAPACITY • STABILITRAK • MAGNETIC RIDE CONTROL

As smart as it is powerful

The 6.2L 420 hp V8 is paired with a new, intelligent 10-speed automatic transmission that moves between gears in the smoothest, most efficient fashion. Engine technologies like Continuous Variable Valve Timing, multi-port Direct Injection and Active Fuel Management also ensure this power plant's 624 Nm of torque are harnessed efficiently.

4-Wheel Drive — many advantages

Standard 4-Wheel Drive allows you to select between an AUTO mode, 2WD, 4WD HI for everyday driving or 4WD LOW for more challenging conditions.

Pulling an industry forward

The standard Trailering Package provides an anything-but-standard 3765 kg trailering capacity,¹ more than enough to handle your experiences.

Steady as you go

In snow, gravel or rain, Stabilitrak helps you keep control by automatically applying the brakes and reducing engine torque in difficult driving conditions.

Read the road 1000 times a second

Magnetic Ride Control reads the road up to 1000 times a second and automatically adjusts the suspension to road surface, wheel and weather conditions. The result is a highly responsive vehicle regardless of road conditions.

¹. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

Escalade ESV Platinum in Radiant Silver Metallic. Shown with available equipment.

Escalade ESV Platinum in Crystal White Tricoat. Shown with available equipment.

| SAFETY

ONE BIG IDEA DRIVES ITS MANY SAFETY INNOVATIONS

From an ultra-high-strength steel alloy safety cage to systems that help you keep watch to the front, rear and sides, every Escalade is equipped with a variety of safety technologies designed to do nothing less than protect your peace of mind.

OFFERED FEATURES: ADAPTIVE CRUISE CONTROL WITH FULL-SPEED RANGE • FORWARD COLLISION ALERT • LANE KEEP ASSIST WITH LANE DEPARTURE WARNING • LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT • AUTOMATIC SAFETY BELT TIGHTENING • SAFETY ALERT SEAT • FORWARD AND REVERSE AUTOMATIC BRAKING • REAR CROSS TRAFFIC ALERT • SURROUND VISION

Surrounded by safety innovation

FRONT

Maintain an intelligent space

Available Adaptive Cruise Control employs radar technology to maintain a selected distance between you and the detected vehicle ahead.

Truly forward thinking

Available Forward Collision Alert monitors traffic ahead, alerting you if a potential collision is imminent, while available Following Distance Indicator shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

SIDE

Travel the straight and smart

Using a camera to sense lane boundaries, available Lane Keep Assist with Lane Departure Warning gently turns the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the available Safety Alert Seat, Lane Departure Warning sends a visual alert in the cluster and a warning pulse through the seat cushion when your vehicle crosses the lane marking.

All clear

Available Lane Change Alert with Side Blind Zone Alert surveys the area well beyond the side blind zone, and illuminates the side mirror warning icon to alert you of a rapidly approaching vehicle. Available Side Blind Zone Alert monitors your blind spots, so if a vehicle is in the adjacent lane, it also illuminates the side mirror icon. In both features, if you've activated your turn signal, the icon on the side mirror flashes to alert you.

INSIDE

Firmly reassuring

During emergency braking or sudden maneuvers, available Automatic Safety Belt Tightening activates. When conditions revert to normal, they ease automatically.

Grabs your attention. Subtly.

Cadillac's available patented Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver's seat, indicating the direction of the threat.

Gain precious time

Up to certain speeds, available Forward and Reverse Automatic Braking can sense forward and reverse collisions and automatically engage the brakes, helping you to reduce crash impact.

REAR

Brighter backing out

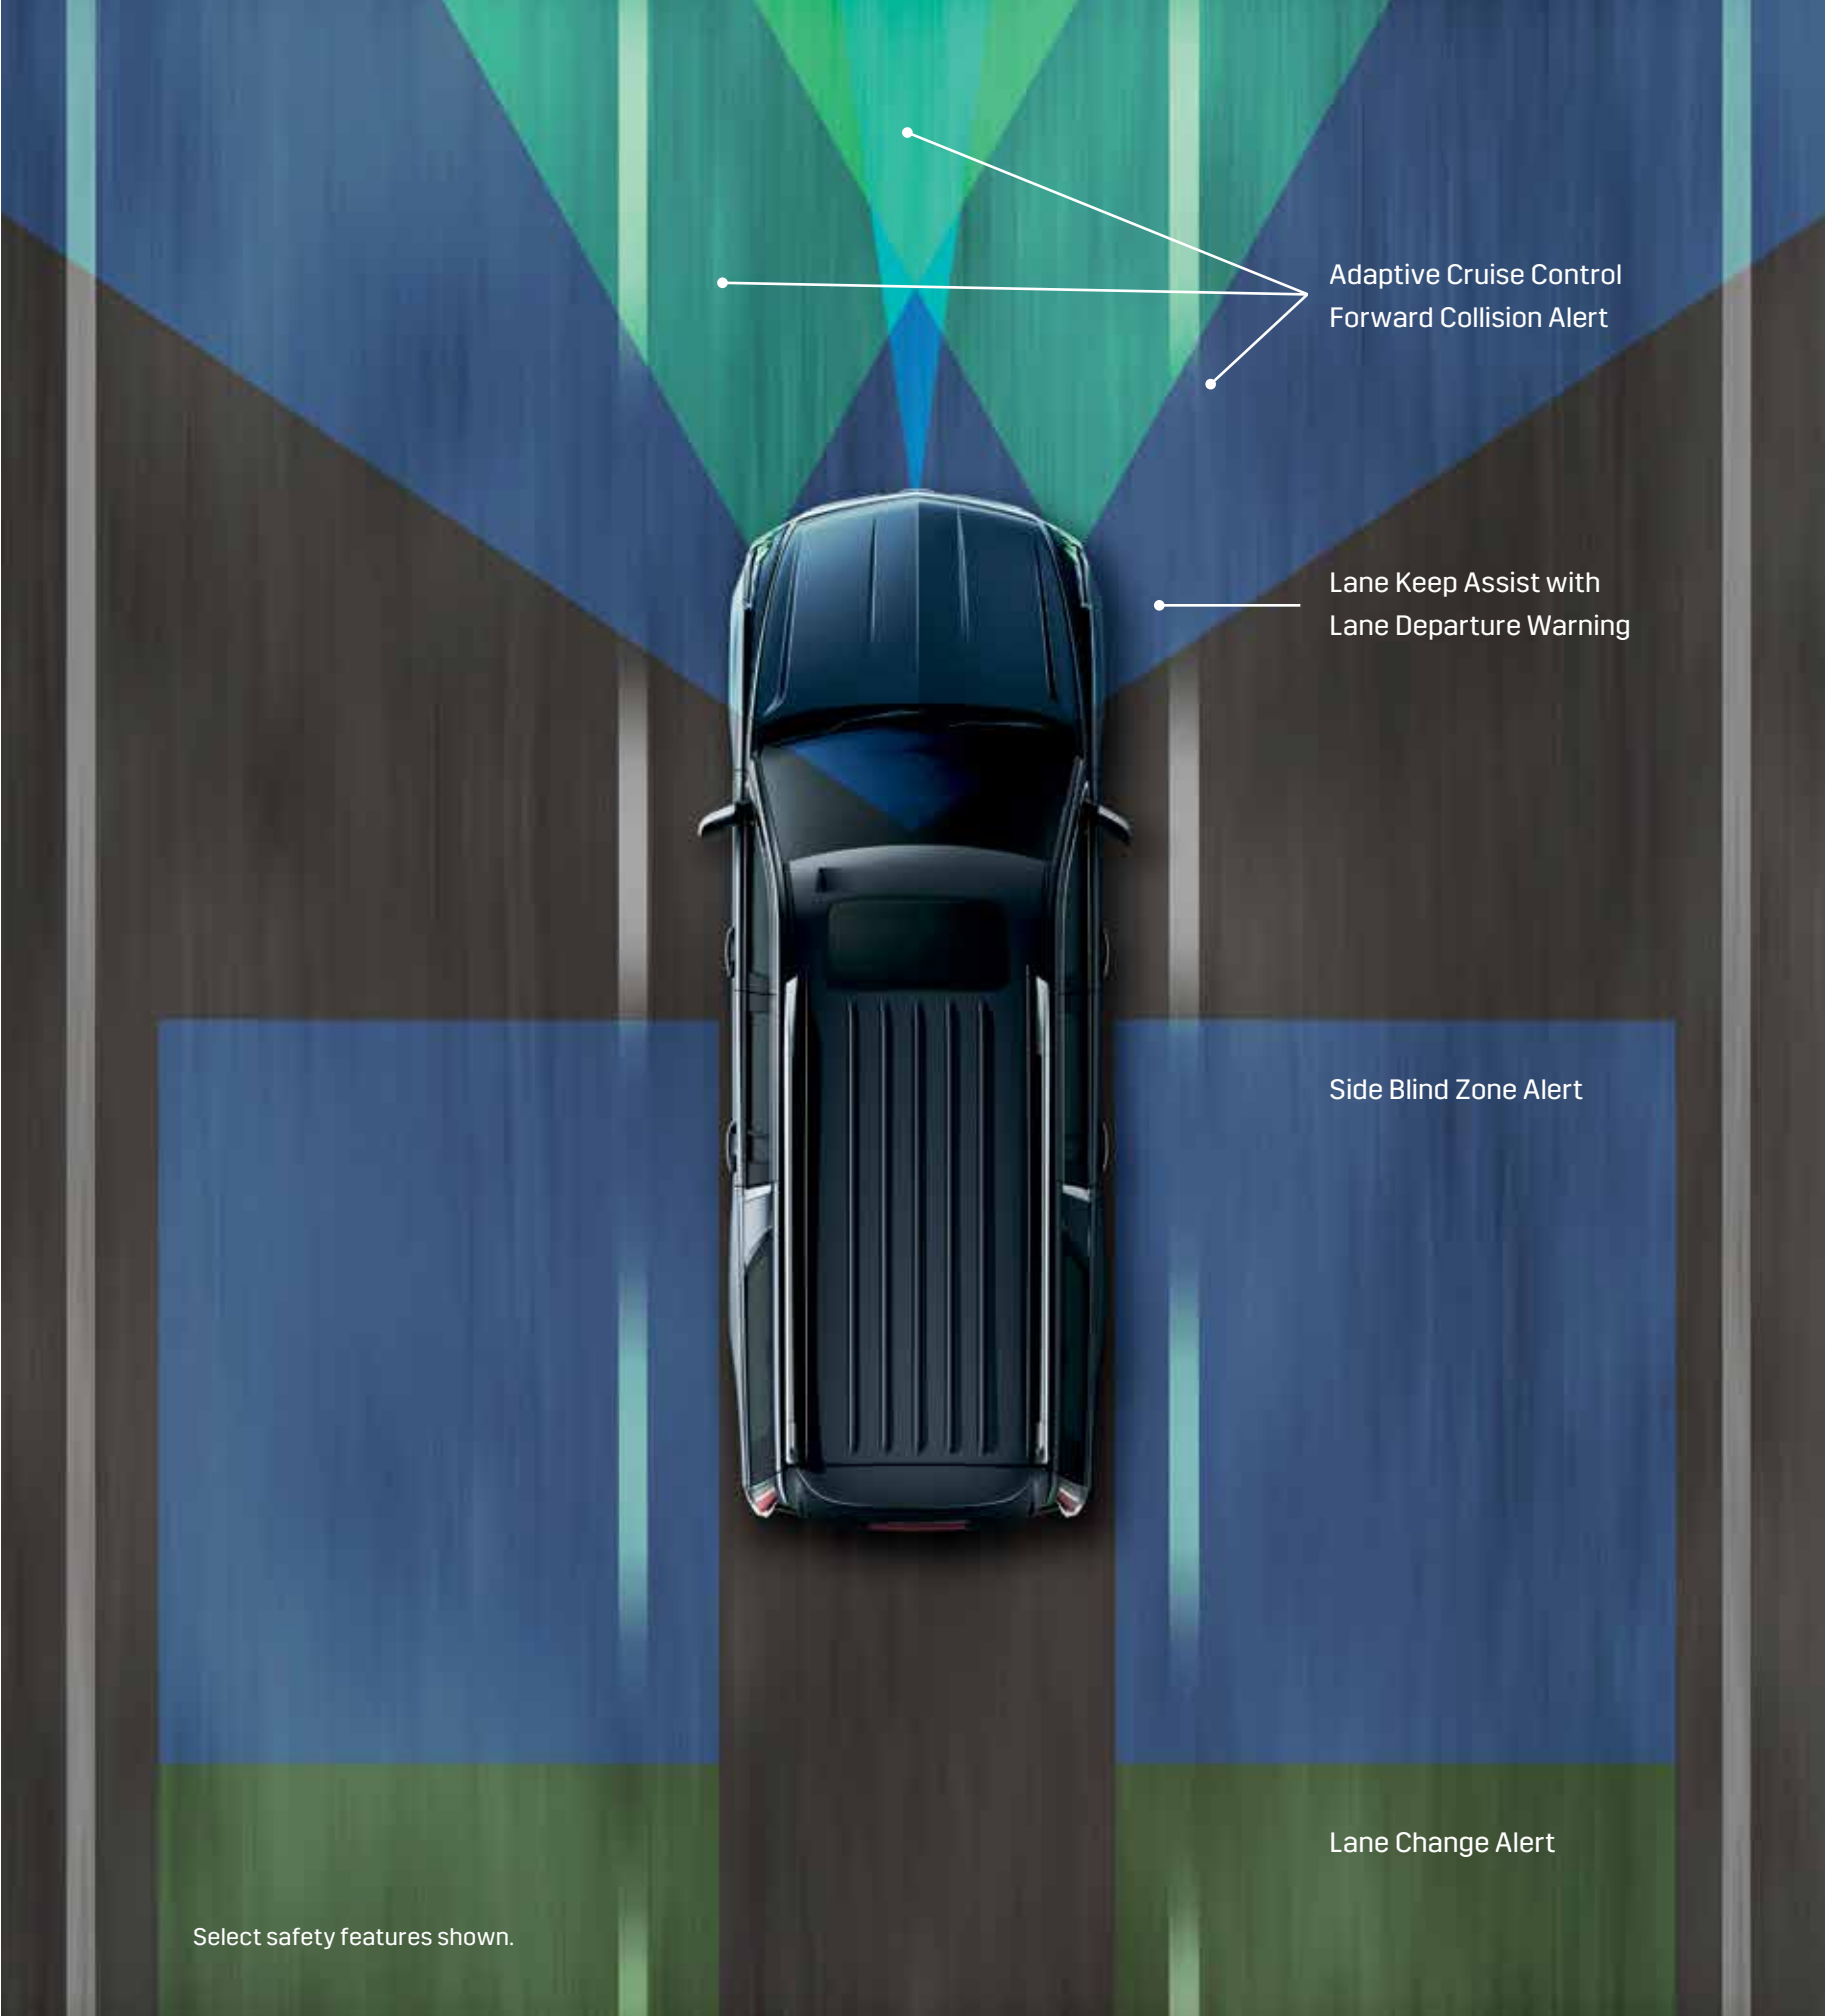

When backing out of a parking space, available Rear Cross Traffic Alert warns of oncoming traffic to either side of your vehicle with either an audible alert or a pulse to the available Safety Alert Seat.

See what lies behind

Rear Vision Camera automatically displays a live image of the area behind you on the Cadillac user experience screen. Guiding lines on the image plot out your intended trajectory, helping you to see people and objects that might be in your path.

A higher look at what surrounds

Surround Vision provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed drive or reverse. This view, projected on the Cadillac user experience screen, helps increase your awareness when parking or in reverse.

Seating Second-row, 60/40 split-bench, power-release fold-and-tumble
Wheels (see page 47 for more details)
22" 12-spoke polished aluminium wheels

1. Not compatible with all devices. 2. Go to my.cadillac.com to find out which phones are compatible with the vehicle. 3. The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or other device compatibility, see my.cadillac.com. 4. Cadillac CUE® functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. 5. Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. 6. Before making a lane change, always check the Side Blind Zone Alert display and the side and inside rear mirrors, look over your shoulder for vehicles and hazards, and activate the turn signal. 7. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.

OWNER BENEFITS

Our owners deserve it all. That's why 2018 vehicles are backed by a comprehensive suite of owner benefits.

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT

If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 6 mm puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 161 KM of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 6 mm or a tire that has unseated from the wheel. The sealant can only be used on one tire, one time before its expiration date.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

COVERED FOR 4 YEARS/100,000 KM (WHICHEVER COMES FIRST)

Powertrain limited warranty with no deductible, Roadside Assistance Program² and Courtesy Transportation Program¹

COVERED FOR 4 YEARS/100,000 KM (WHICHEVER COMES FIRST)

Bumper-to-bumper coverage. Tires — defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

RUST-THROUGH COVERAGE

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion—resulting from stone chips or scratches in the paint, for example—is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS

Some standard content may be deleted with fleet orders. See dealer for details.
