REDESIGNED LINES MAKE A POINT

You cannot ignore the fresh exterior design styled in modern elegance and classic Cadillac motifs. From a powerful front grille, to bold rear taillamps, the XTS presents striking lines from front to rear.

OFFERED FEATURES: REDESIGNED GRILLE AND FRONT SECTION • NEW LED HEADLAMPS AND SIGNATURE LIGHTING • REDESIGNED TAILLAMPS AND REAR FASCIA • NEW WHEEL OFFERINGS

Shining a light on design details

LED headlamps with available Front Cornering Lamps emit a crisp, white light providing illumination superior to traditional lighting. Available illuminating outside mirrors and welcoming door handles create a beacon as you approach the vehicle.

Innovation you can see

Available IntelliBeam headlamps automatically turn high beams on or off, according to outside conditions. For instance, it can recognize when another vehicle is approaching and automatically switch between your high beams and low beams.

A stunning new conclusion

The new signature LED taillamps showcase the dramatically sculpted rear profile, while a cleverly designed rear Cadillac Crest is a great example where style meets function. Simply press it to release the trunk.

Style comes full circle

New wheel designs and available 20" wheels make a powerful statement where the XTS meets the road.

| I N T E R I O R

TAKE COMFORT IN A HERITAGE OF CRAFTSMANSHIP

For exceptional comfort, step inside. This spacious cabin boasts clean lines, exquisite materials and an unmatched attention to detail. Its generous legroom provides relaxation for both driver and passengers during quick errands or longer road trips. You will find interior features with the latest in modern amenities.

XTS Premium Luxury interior in Kona Brown with Jet Black accents. Shown with available equipment.

OFFERED FEATURES: CURATED INTERIOR TRIM OPTIONS • HEATED & VENTILATED FRONT SEATS • 22-WAY ADJUSTABLE FRONT SEATS • REAR-SEAT CLIMATE CONTROLS • HEATED SECOND-ROW OUTBOARD SEATING • MEMORY PACKAGE • BOSE® PREMIUM SOUND

Finishes reminiscent of fine tailoring

Interior trim options are curated, so no matter what you choose, all will work together beautifully. The materials themselves are also quite special. Available Semi-Aniline leather is both supple and strong, and wood trims like Ebony Lineate are selected for both durability and delight.

The lap of leisure

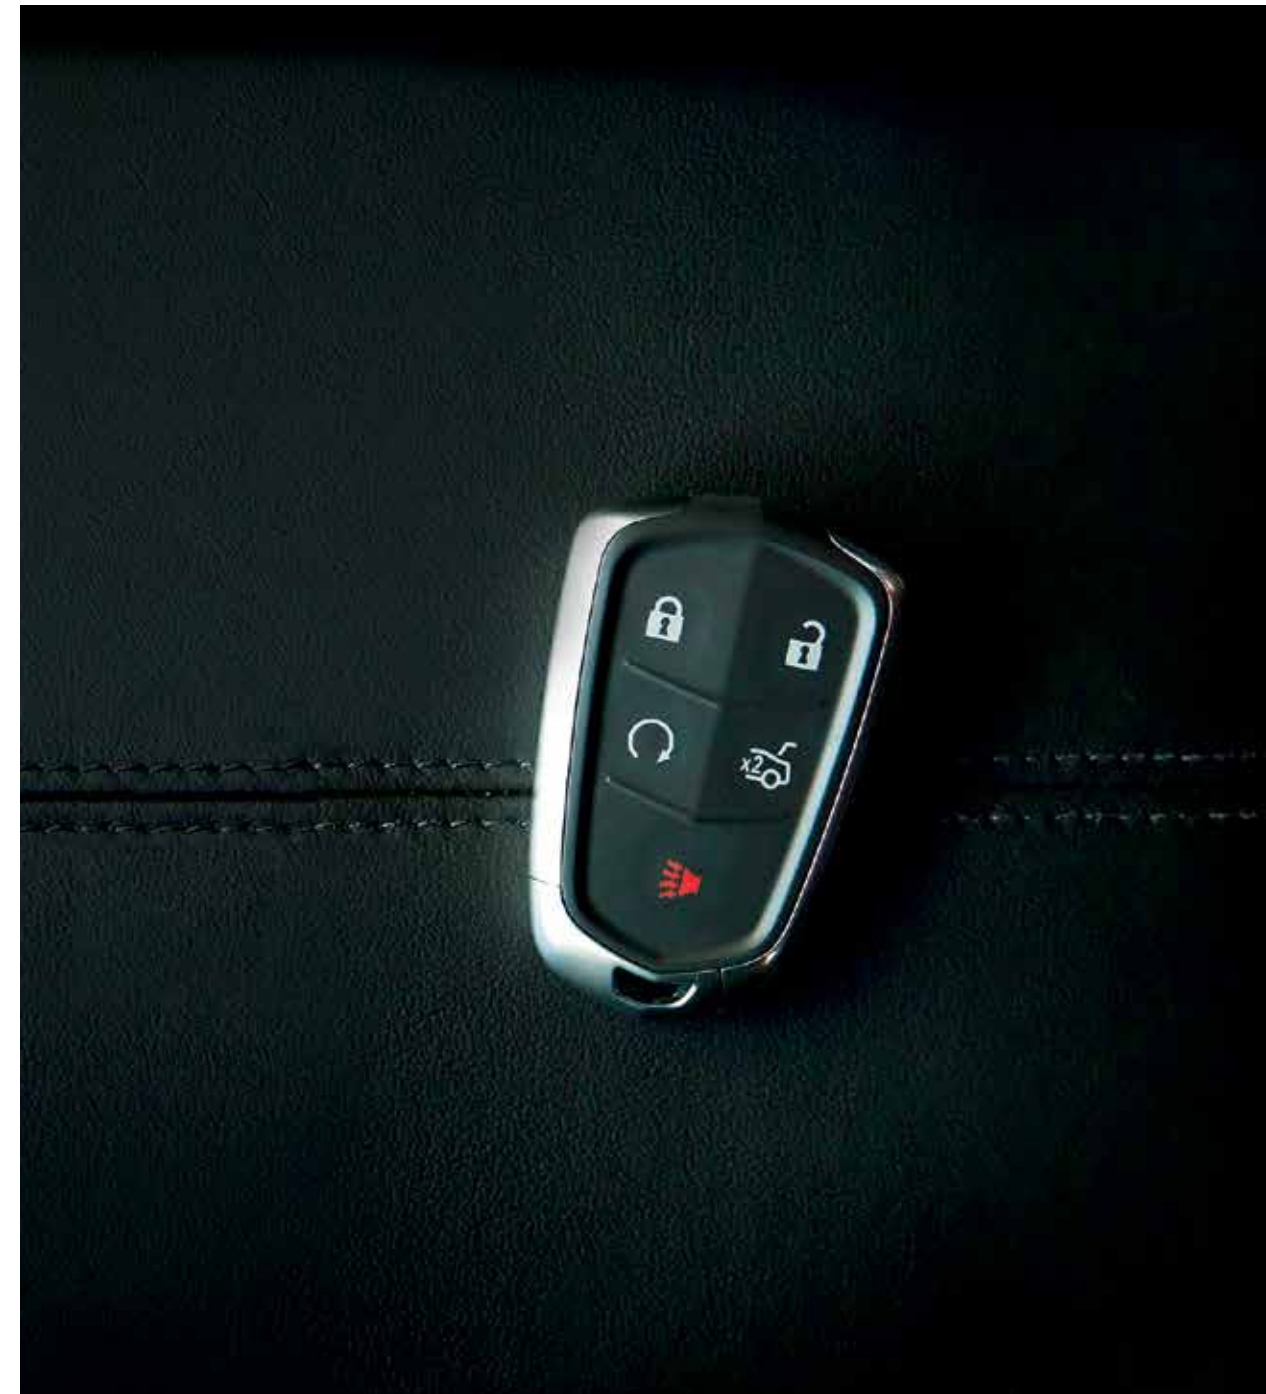

Available 22-way adjustable front seats offer both leather and Semi-Aniline leather. Both feature power-adjustable seatback bolsters and manual thigh support for true indulgence. While available front seats that both heat and ventilate quickly become something you cannot imagine doing without.

Connected conveniences

Integrated into your key fob, Adaptive Remote Start engages the engine from up to 59 meters away. It can sense the outside temperature to heat your steering wheel and activate the rear window defogger when needed.

XTS Platinum V-Sport interior in Maple Sugar with Jet Black accents. Shown with available equipment.

Comfort at your control

The standard Tri-Zone Climate System allows the driver, as well as front and rear passengers, to precisely control their personal comfort, while rear passengers enjoy 40" of leg room.

A true welcome

A standard memory package automatically recalls the preferred positions of the driver's seat, power tilt and telescoping steering wheel and outside mirrors, moving these features accordingly.

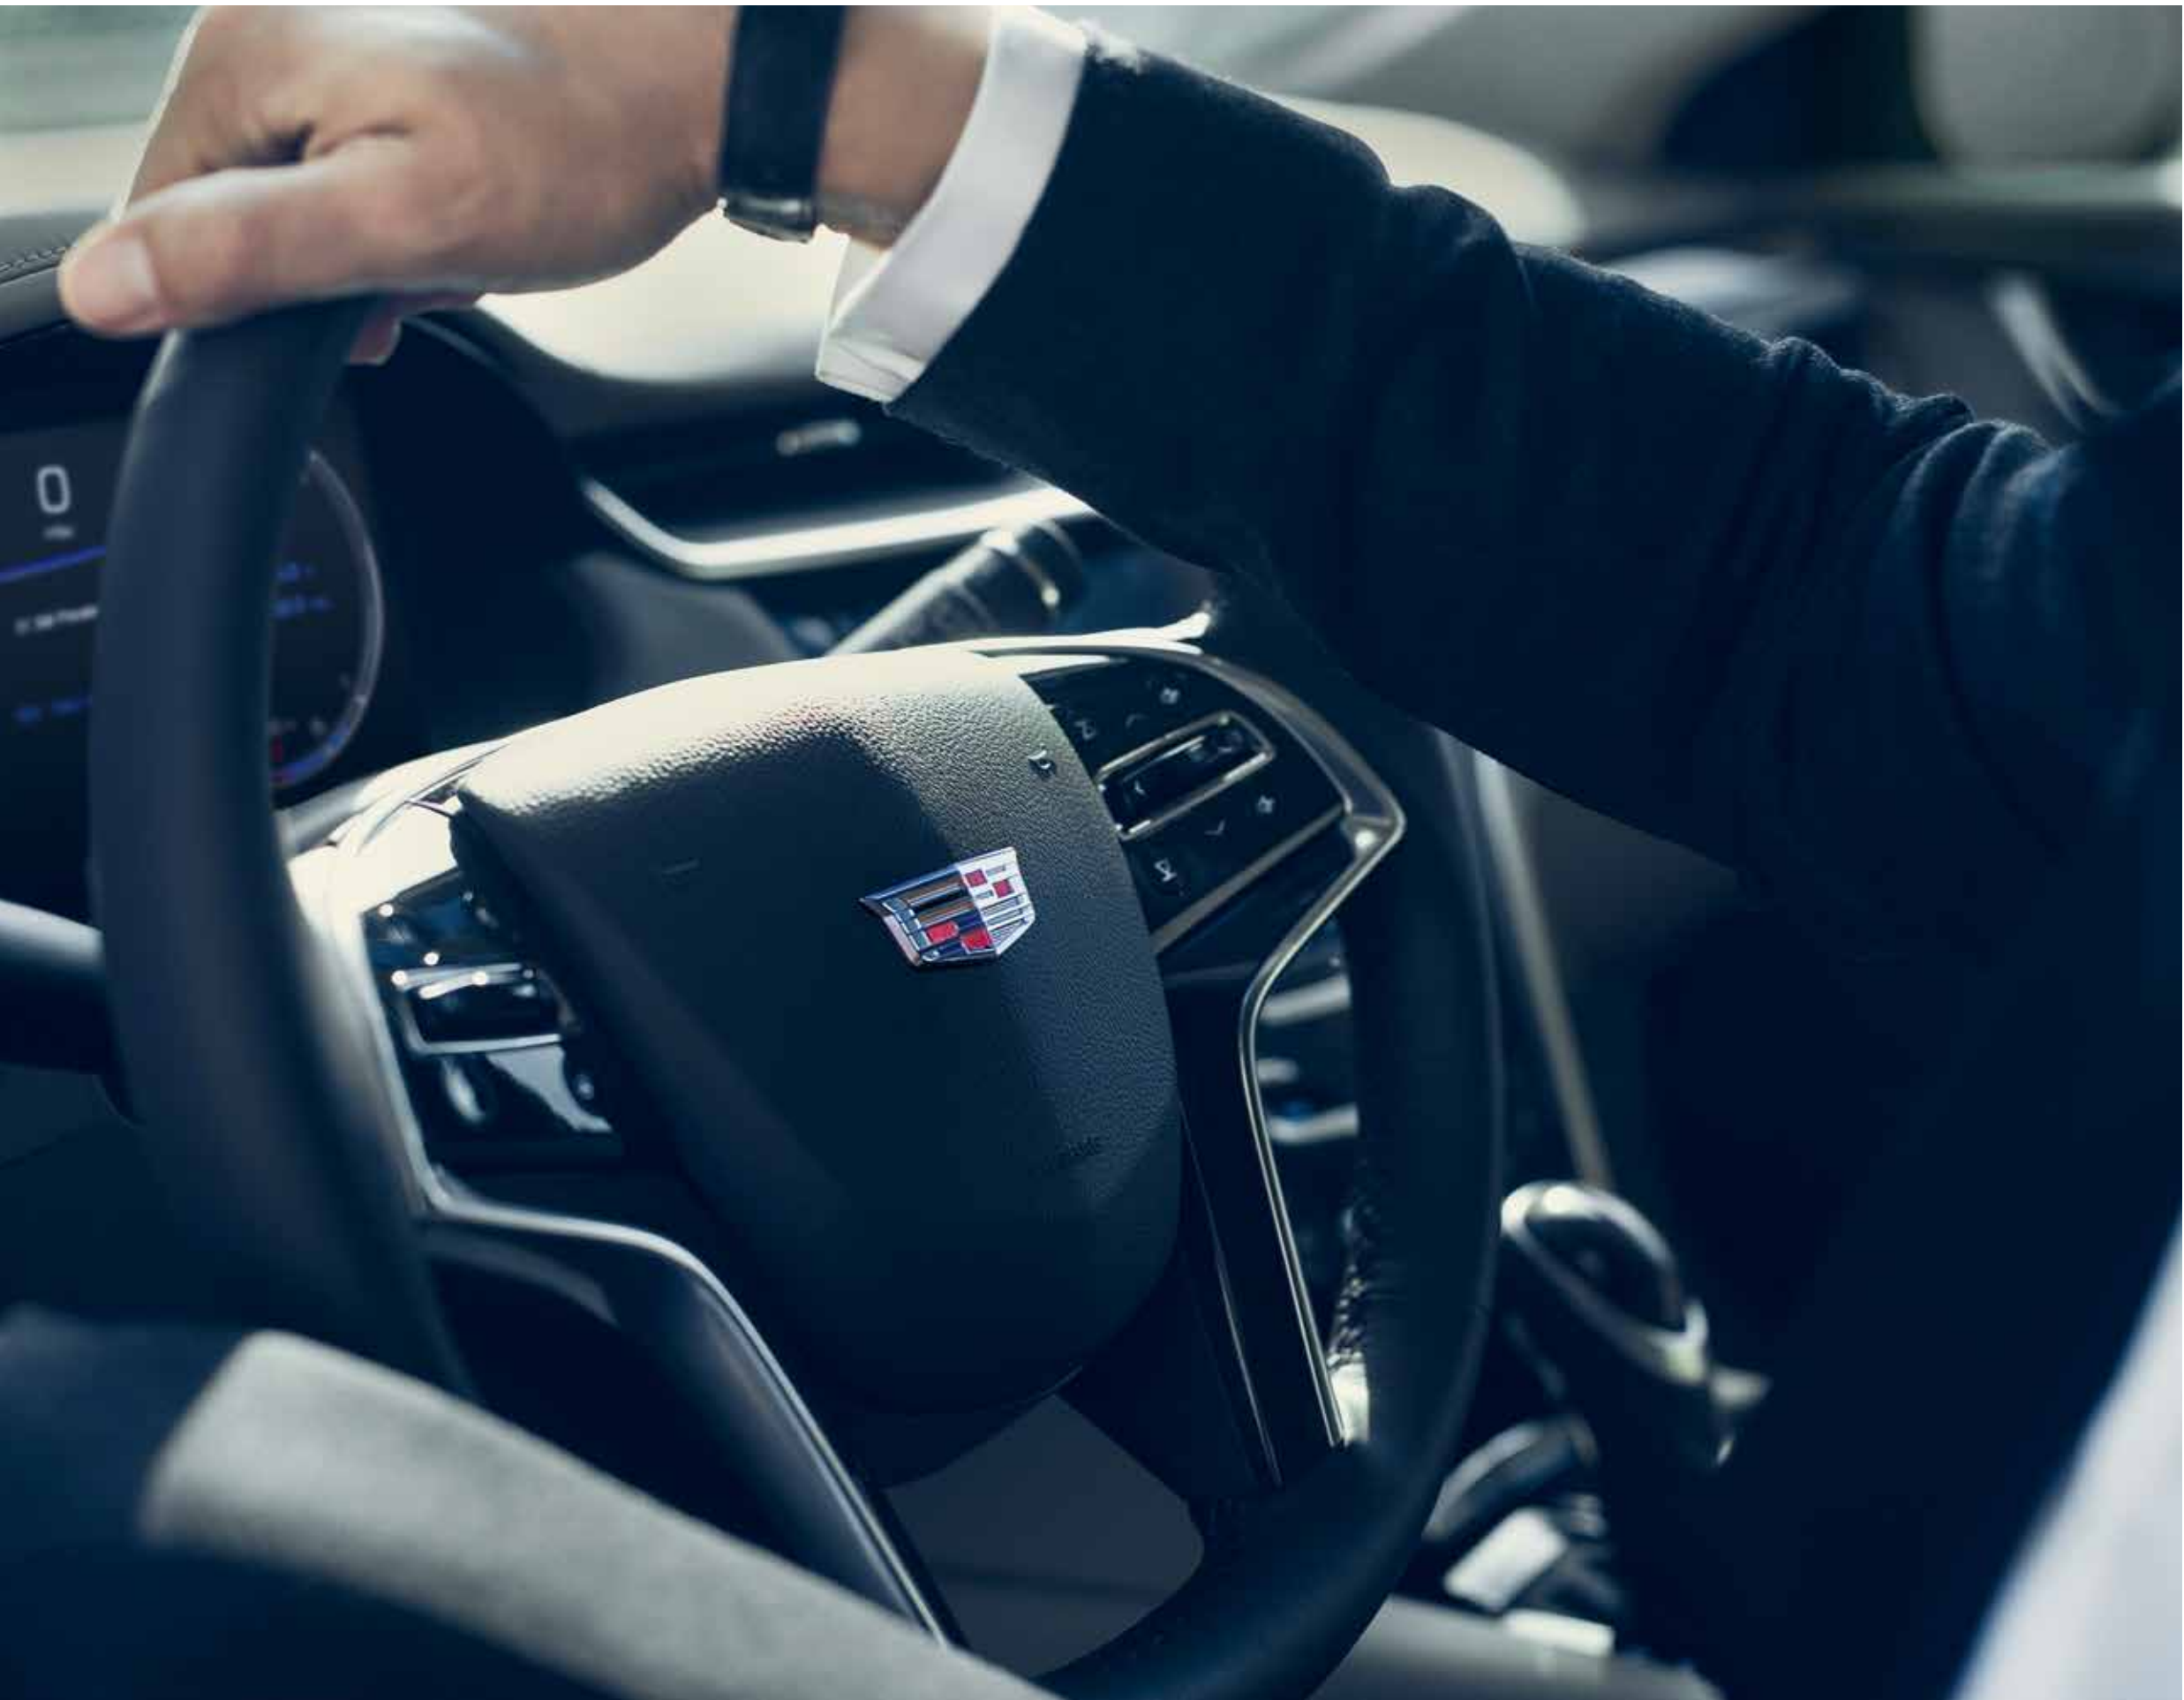

Sound worthy of its venue

The available 14-speaker Bose® Studio Surround Sound system is optimized specifically for the XTS.

XTS Platinum interior in Maple Sugar with Jet Black accents. Shown with available equipment.

| SAFETY

SAFETY IS A JOURNEY THAT IS NEVER REALLY FINISHED

You can trust that we have traveled a great distance, with a heritage of innovative safety that is directing the way forward. The XTS offers a variety of systems that are at the cutting edge of safety technology, to help provide you with added peace of mind.

OFFERED FEATURES: SURROUND VISION • SAFETY ALERT SEAT • LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT • REAR CROSS TRAFFIC ALERT • FORWARD COLLISION ALERT • LANE KEEP ASSIST WITH LANE DEPARTURE WARNING • HEAD-UP DISPLAY • AUTO-DRY BRAKES • FORWARD & REVERSE AUTOMATIC BRAKING

Surrounded by safety innovation

FRONT

Truly forward thinking

Available Forward Collision Alert monitors traffic ahead, alerting you if a potential collision is imminent, while available Following Distance Indicator shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

SIDE

Travel the straight and smart

Using a camera to sense lane boundaries, available Lane Keep Assist with Lane Departure Warning gently turns the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the available Safety Alert Seat, Lane Departure Warning sends a visual alert in the cluster and a warning pulse through the seat cushion when your vehicle crosses the lane marking.

All clear

Available Lane Change Alert with Side Blind Zone Alert surveys the area well beyond the side blind zone, and illuminates the side mirror warning icon to alert you of a rapidly approaching vehicle. Available Side Blind Zone Alert monitors your blind spots, so if a vehicle is in the adjacent lane, it also illuminates the side mirror icon. In both features, if you’ve activated your turn signal, the icon on the side mirror flashes to alert you.

INSIDE

Gain precious time

Up to certain speeds, available Forward Automatic Braking (as part of the Driver Assist Package) and Reverse Automatic Braking (also part of the Driver Assist Package) can sense forward and reverse collisions and automatically engage the brakes, if you have not already done so, helping to reduce crash impact.

Safe space

Available Adaptive Cruise Control enhances standard Cruise Control to allow the vehicle to automatically follow a detected vehicle ahead at the driver-selected following gap while the driver steers. This reduces the need for the driver to frequently brake and accelerate.

Strong enough to crumple

The ultra-high-strength steel safety cage features strategically placed crumple zones that help absorb and manage crash energy, helping preserve occupant space.

A higher vision of safety

Available Surround Vision provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This available view, projected on the Cadillac user experience screen, helps increase your awareness when parking or in Reverse.

Danger, detected

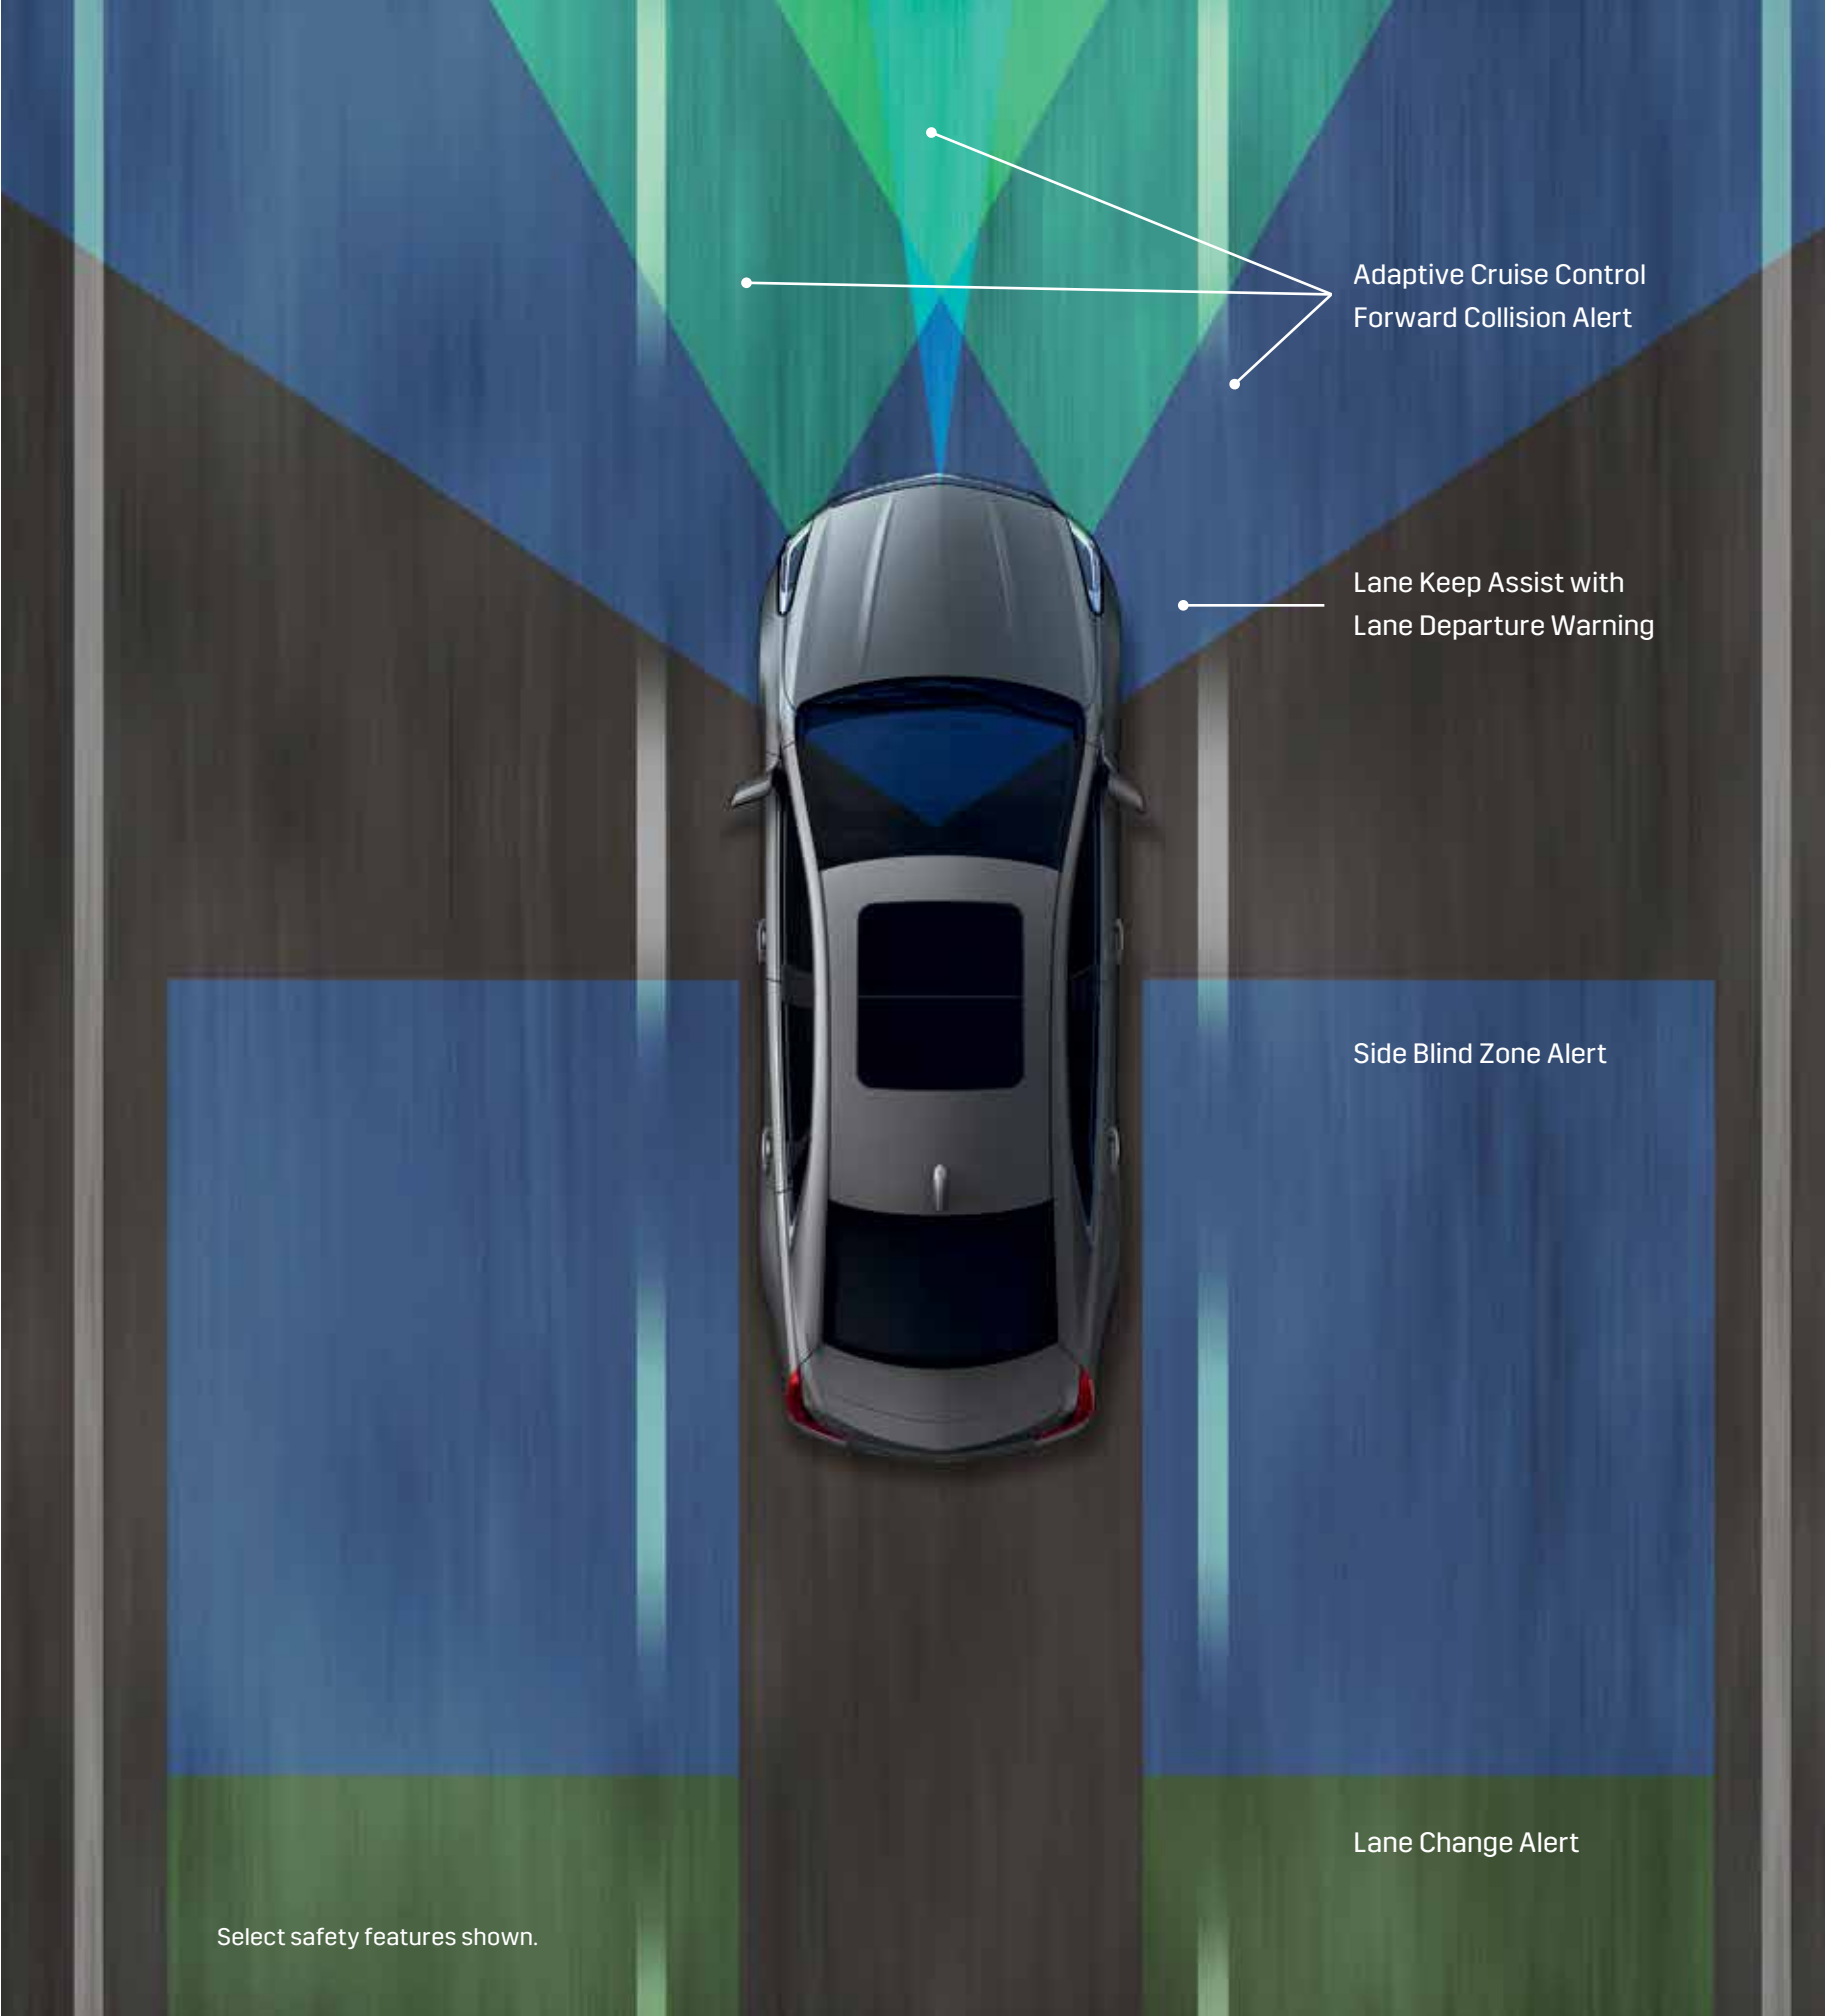

Cadillac’s available patented Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver’s seat, indicating the direction of the threat.

REAR

20/20 Vision

When backing out of a parking space, available Rear Cross Traffic Alert warns of oncoming left or right cross traffic, while the standard Rear Vision Camera helps you see what is behind your vehicle.

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner’s Manual for important feature limitations and information.

XTS Platinum interior in Jet Black with Jet Black accents.

INNOVATION THAT TRANSPORTS YOU

A cabin you can speak to gives voice to a particular point of view about convenience and connectivity. No matter where you sit—front, rear, driver or passenger—XTS technological advancements reward.

OFFERED FEATURES: CADILLAC USER EXPERIENCE • PHONE INTEGRATION •
WIRELESS CHARGING • RECONFIGURABLE GAUGE CLUSTER

More than a connection at your fingertips

The Cadillac user experience¹ puts a suite of information and entertainment offerings, including climate, audio, settings control and available 3-D GPS Navigation at your command.

Your phone, even smarter

Phone Integration with Apple CarPlay™² compatibility allows you to access your contacts, Apple Music™ and other information from your iPhone® with a touch of the screen. You can also access Siri®, so features are easily accessible to you or your front-seat passenger.

Phone Integration also offers support for Android™ Auto² compatibility.

Driving perfectly in place

Enjoy the ease of a power tilt-and-telescoping steering wheel that is wrapped in leather. The steering wheel is hand-stitched and is available with heat controls.

Stay connected and charged

Compatible devices can be powered with Wireless Charging³ anytime the vehicle is running.

Gauge what you'd like to see

An available reconfigurable instrument cluster lets you display driving, entertainment, communications and, if equipped, navigation information. And with the enhanced 12.3" diagonal display, staying informed feels effortless.

¹ Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ² Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. ³ The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adaptor/back cover. For a list of GM wireless charging compatible mobile devices, go to cadillac.com/wireless. If your device is not on this list, please consult your carrier.

CONFIDENCE WITH A BOOST OF UNEXPECTED PERFORMANCE

You will immediately notice how controlled and confident the XTS ride is. Inspired acceleration, assured braking and responsive handling that engages both road and driver makes every trip a pleasure. What you might not expect is the additional exhilaration and performance of the Cadillac V-Sport Platinum option.

OFFERED FEATURES: POWERFUL V6 ENGINE CHOICES • BREMBO® FRONT BRAKES • PREMIUM-FINISHED BRAKE CALIPERS • MAGNETIC RIDE CONTROL • V-SPORT PLATINUM

Choose power

Consider two remarkable powerplants. The standard 304-hp, 3.6L V6 engine features direct injection for power and efficiency. The V-Sport Platinum model is equipped with a 410-hp, Twin Turbo V6 engine. Each option is paired with an advanced 6-speed automatic transmission.

Reading the road 1000 times a second

Cadillac's available Magnetic Ride Control™ reads the road up to 1000 times a second, automatically adjusting the suspension to road quality and weather conditions. You will feel a highly responsive, smooth drive regardless of road conditions.

Race-proven. Full stop.

Utilizing lightweight aluminum calipers, Brembo® front brakes offer a host of advantages including smooth, responsive stopping power and fade resistance.

Wheels 20" premium painted finish (see page 37 for details)

1. Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. **2.** Go to my.cadillac.com to find out which phones are compatible with the vehicle. **3.** Not compatible with all devices. **4.** Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. **5.** Before making a lane change, always check the Side Blind Zone Alert display and the side and inside rear mirrors, look over your shoulder for vehicles and hazards, and activate the turn signal. **6.** Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. **7.** Not available on on the Luxury trim with the interior color (AFF) Kona Brown with Jet Black accents

OWNER BENEFITS

Our owners deserve it all. That's why 2018 vehicles are backed by a comprehensive suite of owner benefits.

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT

If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 6mm puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 161 km of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 6mm or a tire that has unseated from the wheel. The sealant can only be used on one tire, one time before its expiration date.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

1. Roadside Assistance Program and Courtesy Transportation Program are not part of the New Vehicle Limited Warranty. A separate booklet titled, "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.

UPDATED SERVICE INFORMATION

Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-782-4356 or by visiting www.helminc.com.

COVERED FOR 4 YEARS/100,000 KM (WHICHEVER COMES FIRST)

Powertrain limited warranty with no deductible, Roadside Assistance Program¹ and Courtesy Transportation Program¹

COVERED FOR 4 YEARS/100,000 KM (WHICHEVER COMES FIRST)

Bumper-to-bumper coverage. Tires—defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

RUST-THROUGH COVERAGE

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion—resulting from stone chips or scratches in the paint, for example—is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS

Some standard content may be deleted with fleet orders. See dealer for details.
