

PALISADE

Get it all done in style.

There's a busy day ahead: school runs, fitness club, lunch with friends and shopping. When there's so much to do and so little time to do it, Palisade helps you get it all done and in high style. Safety, comfort and convenience features are all well-thought-out and take much of the stress out of driving. Palisade lets you relax, focus on the important things and makes life a whole lot easier.

Refreshingly clean.

Beyond the cabin's clean, ultra-modern lines, there's clean air technology that not only filters away dust and pollen but also deodorizes the air with an ionizer. And seconds before entering a tunnel, Palisade will automatically close the windows and cut off external air intake. Double-laminated glass ensures whisper quiet travel while the 10.25" touchscreen comes with split-screen and 360-degree surround view monitor capabilities to ensure effortless command and control.

For added convenience, the second-row seats include a smart one-touch walk-in button that instantly readjusts the second-row seat position for easier third-row entry/egress. Rear seat passengers will also appreciate the dual-wide sunroof that brightens up the interior.

Hyundai SmartSense

With Hyundai SmartSense, our cutting-edge Advanced Driver Assistance Systems, Palisade is equipped with the latest active safety technologies built to provide you with more safety and peace of mind.

Blind-Spot Collision Warning (BCW)

Radar sensors in the rear bumper are used to warn the driver of approaching vehicles in the blind spot area.

Rear Cross-Traffic Collision Warning (RCCW)

Radar sensors in the rear bumper monitor cross traffic approaching from left and right side of the vehicle during reverse maneuvers, and if necessary apply warning.

Safe Exit Assist (First in class)

Keep your family safe with the Safe Exit Assist. Palisade senses vehicles approaching from the rear and keeps the child lock engaged thus preventing passengers from getting out. When the vehicles have passed, a simple push of a button unlocks the door for a safe exit.

Surround View Monitor (SVM)

A multi-camera system provides a 360-degree view around the vehicle to assist the driver in parking situations.
