

STARIA

STARIA

STARIA

STARIA stirs up the winds of change to open a new chapter in MPV driving. Inspired by the concept of a luxurious modern lounge, the futuristic styling commands instant attention. The lounge idea is fully realized the moment you step inside the multi-open space cabin, where you are greeted by a wonderful feeling of openness and smart technologies that make daily driving a lot easier.

Design in a new direction.

For a clean break with the past, STARIA designers adopted the one curve gesture to advance MPV design in an entirely new direction. Radiating simplicity and high-tech elegance, the futuristic silhouette provides clues to STARIA's cutting-edge technologies that make driving safer, more comfortable, and more convenient than ever before. STARIA does more than establish a new design aesthetic: it redefines the luxury MPV segment to stand in a class of its own.

Full LED headlamps / Tinted brass chrome

Parametric pixel lights (LED rear combination lamp) / Tinted brass chrome

18" tinted brass alloy wheels

Ambient mood lamp

Whether you prefer an ambiance that is soft and gentle or lively and exciting, or somewhere in between, the shades of the mood lamp are user-customizable to suit personal preferences.

7 Seater

Upgrade to executive class with the luxuriously appointed 7-seater, and the miles will just fly by. The premium relaxation seats are designed to relieve the pressure points of a conventional seat, so you feel as if you're seated in your favorite recliner in your living room.

Premium relaxation seat (one-touch relaxation mode)

At the touch of a button, the premium relaxation seat features redistributes your bodyweight to make you feel like you're floating in the air and it cares for you in all weather conditions with its 3-stage heating and ventilation functions. The 2-way backrest, 2-way seat cushion and 4-way legrest are individually adjustable to suit personal preferences.

Powerful and safe.

STARIA's new and more efficient powertrain unleashes powerful performance and a rush of endorphins. Standard safety equipment includes 3-point seatbelts, headrests, and the latest airbag technologies to keep everyone aboard well-protected.

Lambda III (Smartstream G3.5)

272 Maximum Power
ps/6,400 rpm

331 Maximum Torque
Nm/5,000 rpm

3-point seatbelts/6 airbags

3-point seatbelts and adjustable headrests are now standard for all seats. 1st-row supplemental restraints include 2 front and 2 side airbags, while twin grand curtain airbags protect rear-row occupants.

Convenience at its best.

Crafted for peak comfort and convenience, STARIA gets it right by surrounding you with a variety of smart features that provide unexpected delight. The sliding door and tailgate open and close automatically on your approach and departure. Long sliding seats provide an extra measure of flexibility for reconfiguring the cabin space while the premium sound system transforms STARIA into a concert hall on wheels.

Smart power sliding door

No hands, no button pressing required. The smart door senses your presence and slides open automatically (as long as the smart key is on your person).

Smart power tailgate (with auto-close function)

If you can't reach into your pocket for your smart key because your hands are full, STARIA's smart power tailgate does all the work for you by automatically opening as you approach the vehicle and automatically closing as you walk away.

Front & rear ventilated seats

Front & rear heated seats

Supervision Cluster with 10.25" TFT LCD

Flush Glass

8" Infotainment System with Android Auto and Apple Carplay

Surround View Monitor

Hyundai SmartSense™

With Hyundai SmartSense, our cutting-edge Advanced Driver Assistance Systems, the Staria is equipped with the latest active safety technologies built to provide you with more safety and peace of mind.

Forward Collision-Avoidance Assist (FCA)

If there's a danger of a collision with a car, pedestrian, or cyclist, FCA provides an early warning and, if necessary, it automatically brakes for you. It also detects oncoming vehicles at intersections to promote safer left turns.

Smart Cruise Control (SCC)

Smart Cruise Control helps maintain distance from the vehicle ahead and drive at a speed, set by the driver.

Lane Following Assist (LFA)

A front camera tracks the lane markers and helps keep the vehicle safely centered within the lane.

Rear Cross-Traffic Collision-Avoidance Assist (RCCA)

RCCA warns of the approach of a vehicle across the rearward path when reversing and, if necessary, emergency braking is applied.

Exterior colours and features

Abyss Black A2B

Creamy White YAC

Shimmering Silver R2T
