

The Seltos

Movement that inspires

Flatteringly striking looks.

Outside, it's an eye-catching, dynamic compact SUV with muscular curves. Inside, it's an invigorating drive—and a comfortable, tech-savvy retreat. The new Kia Seltos checks all the boxes and then some.

Bold design that catches every eye.

Athletic contours make Seltos look like it's ready to pounce. Refined details hint at a calm intelligence. The styling conveys strength and composure that come to life on the road.

Elegant & comfortable functionality.

The spacious and welcoming interior combines a simple, intelligent driver interface with firm yet comfortable seating and tasteful appointments for everyone inside. A well-balanced suspension delivers a smooth ride. An available sunroof adds to the cabin's open feeling. The decor is sophisticated, but it can also be livened up with a variety of bold colour treatments.

The world looks better from the inside.

To minimize driver eye movement, displays are positioned at only slight angles from one another, and from the road ahead. But it's not just about the driver. This interior is designed to entertain everyone inside in true comfort.

Head-Up Display (HUD) (SX only)
The head-up display projects an image equivalent to an 8" screen onto the windshield, letting you monitor speed, remaining distance to empty, cruise control, and DRIVE WiSE technology data, without looking away from the road.

7-inch TFT LCD supervision cluster (SX only)
The supervision cluster helps you stay focused and informed, with data like remaining distance to empty and fuel consumption, navigation cues, and outside temperature.

Wireless smartphone charger (SX only)
Charge a compatible mobile phone wirelessly on the pad in front of the gear selector.

10.25" touchscreen infotainment system with Apple CarPlay and Android auto connectivity
The wide, customizable 10.25" TFT LCD high-resolution display presents navigation and audio data, rear view monitor, and parking guidance, all at a glance.

6-speaker sound system
The advanced 6-speaker sound system creates full-bodied sound reproduction.

Sound mood lighting system (SX only)
Door surfaces glow with soothing colors that change at regular intervals, or pulsate in sync with your music.

60:40 split-folding rear seats
The rear seatbacks split 60:40 and fold flat to accommodate a variety of passenger and cargo combinations. When the seatbacks are folded flat, large, bulky items can be transported without obstructing the view out the rear glass.

433-liter luggage capacity
The luggage board of the roomy cargo space can be set higher to conceal items, or lower to offer more cargo volume. A low-cut opening makes loading easy. The rear seat backs split 60/40 and fold forward, expanding the cargo area into the cabin.

Parking Distance Warning (PDW)

To help you park safely and confidently, PDW employs ultrasonic sensors mounted on the bumpers and uses audible alerts, and visual warnings on the supervision cluster, to warn you of any vehicles or obstacles ahead of you or behind you that may be getting too close.

Technology that makes us all look good.

Sometimes the smartest solution is the simplest one. The Seltos offers a range of Kia DRIVE WiSE technologies to help make driving safer and less stressful. They come into play when you're changing lanes on the motorway, maneuvering into a tight parking space, or backing out into the street. The technology in the Seltos is dedicated to keeping you focused and well informed, while it can even step in to help keep you out of danger.

Drive Mode Select (DMS)

The Seltos' DMS includes 3 modes, Normal, Eco, Sport that change the driving characteristics.

Cruise control

Cruise control lets you choose a preferred speed to give your foot a rest on the open road. Lightly tapping the brakes, or pressing the cancel button, will restore Seltos to manual acceleration mode.

Rear View Monitor (RVM)

Rear View Monitor with Parking Guidance gives you a live view of what's behind you. Lines superimposed on the image help you know how much space you have.

An all-road performer, a natural born protector.

The Seltos has its priorities straight. Its technology gets you to your destination more vigorously and efficiently. It is also devoted to getting you there safely. The 1.4T with 7DCT engine comes in automatic transmissions for a responsive and precise drive, while its passive safety systems prioritize occupant protection.

7-speed DCT

Engine start button

Advanced 6-airbag system

To help protect occupants and potentially reduce injuries in the event of a collision, the Seltos offers driver and front passenger airbags, two front side airbags, and available side-curtain airbags running the length of the interior on each side.

Stronger through added AHSS

From head to toe, the Seltos makes extensive use of advanced high strength steel (AHSS) throughout its well-reinforced chassis design. The result is exemplary control, dynamic performance, and enhanced occupant protection.

The one constant in your busy life.

The rugged and welcoming Seltos will become an indispensable companion as it accompanies you throughout your day, meeting friends old and new.

Your priorities are our command.

The Seltos offer a range of features to meet your needs and preferences. From the exterior lighting to the interior comfort and entertainment options, they are specially catered to you and the people along for the drive.

LED headlamps (SX only)

Energy-efficient LED headlamps combine the benefits of longevity and immediate, consistent illumination for a clearer view of the road at night.

LED rear lamps (SX only)

Energy-efficient LEDs in the rear lighting clusters offer immediate illumination and consistent brightness, as well as phenomenal longevity.

Side door molding

Sculpted side molding helps to protect the doors from bumps when they are opened. The molding also adds a strong visual accent, giving the Seltos an aggressive, muscular appearance.

Sunroof (SX only)

A sturdy single-panel sunroof tilts and slides out of the way with one simple touch, filling the spacious interior with fresh, cooling breezes while giving occupants a view of the open sky.

Ventilated Front Seats (SX only)

Stay cool on hot days with subtle airflow-enabling perforations in both the cushion and seatback of the front seats.

Steering wheel audio remote

Adjust audio settings using just your thumb for enhanced driving safety.

Electro-chromic mirror (SX only)

In low lighting conditions, the rearview mirror automatically dims the glare from the headlights of vehicles behind you. Shift into reverse and it automatically switches to the brightest setting.

Single-zone automatic (SX only)

Auto temperature control lets you select a desired temperature for the system to maintain. A digital readout displays temperature and settings.

Exterior Colors

Lively exterior colors accentuate the bold contours of the Seltos. Stand out from the crowd with one of our appealing color options.

Cycle & Carriage Aftersales Service keeps your car in its prime.

We care for you the same way we care for our family. Experience the Cycle & Carriage Kia Service spirit as we welcome you at our Kia Authorised Service Centres.

With more than a century in the automotive industry, we can assure you that you will enjoy the most comprehensive customer support and exceptional service experience by well-trained professionals, using state-of-the-art technologies, diagnostic tools and genuine parts to keep your Kia vehicle running in peak condition. All Kia genuine parts come with 2 years or 40,000km (whichever comes first) warranty.

This is our commitment to you.

Industry-leading warranty.

We are confident of the quality and durability of every Kia vehicle, having undergone stringent pre-delivery processes and checks before being delivered in pristine condition. We are so confident that your new Kia car will enjoy a 5-year unlimited mileage warranty and a 10-year engine warranty.

From the date of registration, your new Kia car is covered against defects in materials and workmanship for a period of 5 years of factory unlimited mileage.

On top of that, starting from 1 June 2014, your Kia car will come with a 10-year engine warranty, subject to a maximum mileage of 200,000km or 10 years, whichever is earlier. This engine warranty from Cycle & Carriage will take effect immediately after the expiry of the manufacturer's.
