

Since 1924

The All-New
MG4 EV
CHANGE EVERYTHING.

Change everything.

Change what you expect from EVs. And then redefine your daily drives in the all-new MG4 EV, whether it's a city commute, or a thrill ride. Built on an all-new platform, the MG4 EV brings together a revolutionary new style, exciting driving dynamics and all-new innovations.

Change is here. And it's for everyone.
Drive the all-new MG4 EV today.

The future doesn't begin in 2030.
It begins today. With a choice.
To drive electric the way you want to.
The way you've always wished to.
Born from a heritage of racing champions.
And bringing together performance,
style & practicality.
With European design & luxury.
The future won't wait.
Neither should you.

Welcome to a Future for Everyone.

Drives that go further.

Go the distance in every condition, with the excellent driving experience in the all-new MG4 EV. With five personalised driving modes, you're more than equipped to take on every drive, no matter how unique or challenging. Whether you're navigating slippery roads, weaving through busy city highways or you simply want to enjoy a more sporty drive, the personalised driving modes make sure the thrills come easy.

Drives that charge you up.

Take charge and get a move on quickly with the exciting charging capabilities in the all-new MG4 EV. Its ultra-thin 64kWh battery fast charges in as little as 35 minutes*, with a long driving range of up to 450km, so you're always ready to charge up and head out on your next adventure.

*To 80% on a 150kW rapid charger

More in every drive.

The sportiness of the all-new MG4 EV goes beyond its looks. Its precise 50:50 weight distribution provides excellent driving dynamics, while a rear-wheel drive layout makes for a more exciting drive. The new design even includes an ultra-thin battery that sits low in the car to provide a lowered centre of gravity, reducing body roll and improving comfort and handling.

Drives in the MG4 EV are intelligently efficient too with 5 Driving Modes and 4 Energy Recovery Modes. This includes an Eco driving mode and an Adaptive energy recovery mode that work together to improve efficiency and driving range. All engineered to suit every driving style and to conquer every driving condition.

Intelligence that's beyond expectations.

The all-new MG4 EV sets new standards of excellence with a host of innovative features. The comprehensive MG Pilot Advanced Driver Assistance Systems offer effortless driving in every possible city condition at every mile of your journey, on long distances or while parking too.

The advanced safety systems keep your mind at ease and let you enjoy your drive – knowing that you and your loved ones are taken care of on every city escapade.

Designed to draw attention.

Inspired by our legacy of conquering races, the all-new MG4 EV brings a new style that's ready to take on the city.

The MG4 EV is built on our all-new platform, designed from the ground up to be our newest and truest expression of charging into the future. The custom chassis design lends it a striking & sporty form factor that thrills you even before you begin your drive. While the energetic, agile style and sharp contours give it a distinctive look on the road that's bold yet practical.

Interiors to energize you.

Step into the all-new MG4 EV and you'll appreciate the minimal yet modern aesthetic that lend it a luxurious feel. The ergonomic interior layout features a sophisticated instrument panel that's designed to enhance your drive while minimising distractions. Complemented by a double-spoke steering wheel and a floating console that add a futuristic touch to your drive.

Every detail of the MG4 EV has been crafted with high quality materials, from brushed metal accents to premium leather to enhance your driving experience.

Rotary Dial and Wireless Mobile Phone Charger

Space for more enjoyment.

The all-new MG4 EV features a 2705 mm wheelbase and an ultra-thin battery for more interior space and comfort for all. With added practical functions like a USB charging port for passengers in the back.

In addition there's space for more on every journey, with an amazing 398L of boot storage space that further extends to 1,177L with the rear seats folded down.
