

ŠKODA

RAPID SPACEBACK

ŠKODA
SIMPLY CLEVER

WHAT IS ŠMART?

Is it just a word? Just a label? Just a category?

No. It's more. Much more.

ŠMART is intuition, turning intelligence into value
And taking it to the streets

Making small feel big
Making inexpensive feel awesome

Making performance and comfort sync like never before

After all, who would say 'no' to feeling good?

ŠMART is owning your ride
Instead of having it own you

High quality without the high price tag
In a car you really really want to drive

ŠMART is a status you expect
because you've earned it

And will do so year after year after year

Performance + Reliability + Safety + Quality + Value

That's what ŠMART is
ŠKODA ŠMART

WHAT IS IT ABOUT THE RAPID SPACEBACK

Space isn't just a shape or dimension, it's an emotion that comes to life inside the ŠKODA RAPID SPACEBACK. With its dynamic styling and signature sloping roof, the car lends character to anyone willing to grab it by its steering wheel. Whether it's the latest connectivity features, or Simply Clever traits, there is plenty inside this car to make every journey as grand as your ambitions. The RAPID SPACEBACK is a prime example of our philosophy: Making beautifully designed cars that are as much a joy to drive now as they were back when we started.

A NEW EXPRESSION OF SPACE

Marked by a dynamic silhouette and high tornado line, the RAPID SPACEBACK will captivate you with its simplicity and precision. Just as you've come to expect from ŠKODA models, there's impressive amounts of headroom, legroom and boot space.

REAR LIGHTS

The car offers the familiar C-shaped illumination, which is a typical feature of the ŠKODA brand.

SIDE VIEW

The body, longer than conventional hatchbacks, gives the RAPID SPACEBACK the air of a dynamic estate model.

FRONT VIEW

The front grille is neatly incorporated between Bi-Xenon headlamps with LED daytime running lights*. The wide air intake grid with integrated fog lamps adorns the front of the car.

*Only available on Ambition Plus.

FULLY FURNISHED

Space gets a beautiful makeover inside the RAPID SPACEBACK. A refined yet uncluttered dashboard means that everything is in the right place.

DASHBOARD

Form follows function. The stylish instrument panel is easy to read with all the controls on the dashboard arranged practically.

STEERING WHEEL

The multifunctional leather steering wheel lets you control the radio and phone.

CRUISE CONTROL

In addition to maintaining the preselected speed, cruise control enables you to increase or reduce speed without using the pedals.

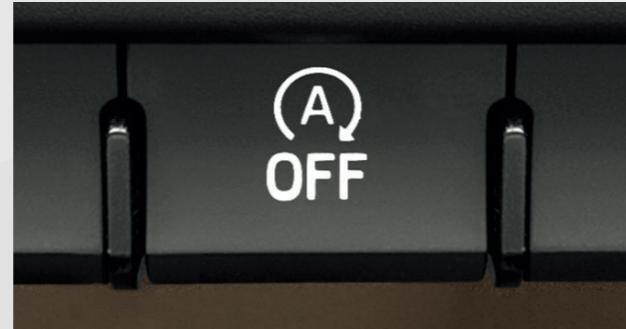

KICK BACK AND RELAX

Put the joy back into driving. Be it being entertained on the go, staying connected or just simply letting your RAPID SPACEBACK take the hassle off you, you should enjoy your ride as much as we did designing it.

KESY

Equipped with KESY (Keyless Entry, Start and Exit System), you can access your car or switch on and off the engine (via the start/stop button) without any hassle.

START-STOP

This system saves fuel by automatically switching off the engine when idle. Engine load reduction and more economical running are further assisted by the engine recovery functionality, which enables the effective use of the car's kinetic energy for battery recharging.

SMARTLINK

SmartLink delivers an elegant connection between car and smartphone by supporting Apple CarPlay, Android Auto and MirrorLink technologies. Whether you want to select and listen to music on your smartphone or receive turn-by-turn directions, all of these are mirrored on the central display.

WE'VE GOT YOUR BACK

True safety exists when you no longer have to think about it. That's why the RAPID SPACEBACK is equipped with plenty of safety features to watch over you and your loved ones.

6 AIRBAGS

Besides the front and front side airbags, the head airbags, which create a wall when activated, protect passengers from potential injuries.

REAR-VIEW CAMERA + PARK DISTANCE CONTROL

The rear-view camera displays the visual behind the car on the infotainment screen. Ultrasonic front and rear sensors alert you on what is happening around the car, enabling you to park easily in tight spots.

ELASTIC SPACE

Space expands and it does so even inside the boot of the RAPID SPACEBACK. There are many options to fold, stretch, pull and hang to adapt to your needs.

CAPACITY

The luggage compartment capacity of 415 litres, and 1,381 litres after folding down the rear seats, puts the car at the top of its class. If necessary, you can fold down one or two backrests and get more storage space, while still providing seating in the rear.

PRACTICAL OPENING

You can create an opening between the passenger and luggage compartments, while still retaining seating in the rear.

EVERYONE'S GOT SECRETS

Everywhere you look, there are little and big thoughtful features neatly tucked away to make every journey a thrilling one.

UMBRELLA BOX

A box for an umbrella can be found under the front passenger seat.

GLOVE COMPARTMENT

Thanks to the closed storage compartment in the lower part of the dashboard by the front passenger, which can be air-conditioned, you have a place to store your drinks, keeping them refreshingly chilled during your trip.

ARMREST

The rear seat armrest with an integrated holder for two drinks gives rear seat passengers the opportunity to enjoy the ride with refreshments.
