When you buy a Toyota from Borneo Motors, you get more than just a car. You get the satisfaction, assurance, support and convenience that are best captured in our brand promise: **Always Better.**

Always Better Cars

It is this same promise that drives us to understand your lifestyle. That's why we offer a range of models that caters to your needs today with innovations that fulfil the requirements of tomorrow. For example, Dual VVT-i engines that deliver a superior blend of performance and fuel economy, and Hybrid Synergy Drive, which minimises carbon emissions for cleaner air and a better quality of life. All these and more are part of the Toyota ownership experience that has grown to become the industry's benchmark.

Always Better Assurance

From the moment you collect your car, you will feel the world-renowned Toyota difference of Quality, Durability and Reliability, or QDR, as we call it.

This difference is further bolstered by an impressive five-year unlimited-mileage warranty, plus one year's servicing*. During which, and beyond, you can rest assured that your car will be cared for by our certified specialists, who use the latest in technology, precision tools and Toyota genuine parts.

These are just some of the things we have in place to ensure your car keeps performing the way it should – like a Toyota.

Always Better Experiences

No matter which facility you choose, you will receive that special Toyota touch, which gives you an ownership experience unlike any other.

It all starts at **Toyota World**, our experiential showroom that is designed to serve you better. One of the ownership privileges you'll appreciate is our online booking service, which allows you to make an appointment at any of our ten service facilities and body care centres islandwide. You will even receive an SMS reminder as your appointment date draws near, so you can better manage your time.

Toyota Service Express also guarantees to have your car serviced, manually cleaned, vacuumed and ready in just one hour**, or you pay only half. And should the need arise, you can count on our Toyota Body Express to get your repair works done efficiently in four systematic stages: Disassembly, Bodyworks & Paint Preparation, Paint Application and Assembly & Inspection.

Either way, we will make sure your car comes out as good as new.

Always Better Value

To reward your ownership experience with exceptional value, Toyota ME™, our loyalty programme, earns you points for all your purchases made at Toyota World. With these points you can redeem any of your preferred merchandise under the programme, or use them to offset the bill from your next service appointment.

While Toyota Shine Plus takes care of your car's grooming needs with special waxing and detailing packages. The first programme of its kind in the market, it helps you keep your car looking showroom-fresh. Complimentary with every new car purchase, it also offers insurance waivers and discounts on all body repair services.

These are just some of many things we have put in place to give you better mobility, quality and the best car ownership experience. But more than that, it is our way of helping you lead a better lifestyle.

Toyota. Always Better.
