It all starts at Toyota World, our experiential showroom that is designed to serve you better. You will even receive an SMS reminder as your appointment date draws near, so you can better manage your time.

Toyota Service Express also guarantees to have your car serviced, manually cleaned, vacuumed and ready in just one hour**, or you pay only half. And should the need arise, you can count on our Toyota Body Express to get your repair works done efficiently in four systematic stages: Disassembly, Bodyworks & Paint Preparation, Paint Application and Assembly & Inspection.

Either way, we will make sure your car comes out as good as new.

Always Better Value

To reward your ownership experience with exceptional value, Toyota ME™, our loyalty programme, earns you points for all your purchases made at Toyota World. With these points you can redeem any of your preferred merchandise under the programme, or use them to offset the bill from your next service appointment.

While Toyota Shine Plus takes care of your car's grooming needs with special waxing and detailing packages. The first programme of its kind in the market, it helps you keep your car looking showroom-fresh. Complimentary with every new car purchase, it also offers insurance waivers and discounts on all body repair services.
