PRICING INFORMATION

[Click here](#) to discover the key benefits of the BMW PHEV range.

The BMW Series 530e M Sport Saloon model is shown above in Glacier Silver metallic paint.
^ = Dependent on the local electricity infrastructure. Charging time corresponds to a charge of 80% of maximum capacity and based on a single-phase supply current of max 32A. * = These figures were obtained using a combination of battery power and fuel.
The BMW 530e and 530e xDrive Saloon are a Plug-in Hybrid Electric Vehicle requiring mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures are subject to change when WLTP is used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK).

STANDARD / OPTIONAL EQUIPMENT HIGHLIGHTS.

With BMW Gesture Control certain functions can be operated by means of defined hand movements. For certain operations the system will, for example, recognise gestures such as 'swiping' or 'pointing' for accepting or rejecting an incoming call, or circular motions of the index finger to adjust volume. Also available as part of Technology Package.

Automatic air conditioning with four-zone control is controlled by separate displays for the driver, front passenger and rear seat passengers. This feature includes a fully automatic temperature control with five levels of intensity.

Ambient lighting creates a relaxed lighting atmosphere, including ambient light accents and the welcome light.

Comfort seats for driver and front passenger can be electrically adjusted in a variety of ways and provide a perfect seating position for a relaxed arrival.

The lumbar support for the driver and front passenger seats can be adjusted both vertically and laterally, allowing for an orthopaedically optimised seating position.

The Bowers & Wilkins Diamond Surround Sound System with two Diamond Dome tweeters features outstanding studio-quality sound for every seat in the car. The 16 carefully positioned speakers ensure a mesmerising sound experience. The speakers are illuminated, visually emphasising the system's outstanding sound quality. Also available in combination with M Sport Plus Package.

The Ambient Air Package comprises a fragrance dispersal function and an air ionisation function.

Enhanced Bluetooth with wireless charging offers a comprehensive telephony package with Bluetooth connectivity and the technical capacity for a WiFi hotspot.¹

Seat ventilation in the front provides a cool and pleasant seat temperature in warm weather, resulting in a more comfortable driving experience. Only with Comfort seats, front.

The full-colour BMW Head-up Display projects all information relevant to the journey directly into the driver's field of vision. Information displayed is dependent on chosen optional equipment.

Apple CarPlay[®] preparation enables wireless and comfortable usage of your iPhone[®] in your vehicle via Apple CarPlay[®]. It is operated seamlessly via the vehicle's user interface.^{2,3}

BMW Night Vision with pedestrian recognition makes people and large animals visible on the Control Display from a distance using infrared imaging and illuminates them with the Dynamic Light Spot in the main headlight. An additional warning system is also automatically activated when the vehicle is started, regardless of the status of the imaging display.

Driving Assistant Plus offers automatic driving with greater comfort and security in monotonous and dangerous situations. These can include on the one hand traffic jams, slow-moving traffic or long journeys through the city, on country roads or motorways and on the other hand navigating junctions and hazardous lane changes.

Parking Assistant Plus makes parking and manoeuvring the vehicle easier. It features Surround-view including Top-view, Remote 3D view, Panorama view, PDC and Park Assist with linear guidance, which parks the vehicle parallel or perpendicular to the lane completely automatically. The system works by measuring potential spaces while driving past at a low speed.

The Reversing Assist camera enables improved orientation when reversing at speeds below 10mph, for example when parking. It shows the area behind the car on the Control Display. Interactive track lines for measuring distance and turning circles assist the driver when manoeuvring, obstacles are marked in colour. Also available as part of Comfort Package.

¹ = The WiFi hotspot fulfils all in-vehicle requirements for use of the internet with the maximum LTE standard. Usage is subject to cost. ² = Available and active without runtime limitations. Usage cannot be guaranteed permanently due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems). ³ = Functions using a data connection will use data from the SIM card in the iPhone[®]. Additional data charges may be applied by the mobile network provider. Compatibility and functions may vary due to the model year of the iPhone[®] and the version of software installed on it.

■ Standard equipment □ Optional equipment

MUSIC HIGHLIGHTS.

THE PERFECT SOUNDTRACK.

There's so much to experience while on the road in your BMW. And because the right soundtrack turns every route into an adventure, there's a host of music technology available to ensure the right backing track is played to suit your mood. As standard, all models can simply stream music via Bluetooth and USB. However, the BMW 5 Series Saloon has far more on offer for you to unlock thanks to BMW ConnectedDrive.

CONNECTED MUSIC.

Your favourite songs anytime, anywhere. With Connected Music you'll always find the perfect soundtrack for the road. Unlimited streaming of millions of songs from BMW's music partner Spotify, Deezer or Napster via the SIM card in the vehicle. All you need to do is log in directly in the vehicle with the access credentials for your premium account to gain access to all your favourites, playlists and audio books.

- ✓ Access to millions of tracks and thousands of audio books.
- ✓ Direct streaming via the built-in SIM card in your BMW without having to use your smartphone.
- ✓ Synchronisation of your favourites and playlists in the vehicle and on all end devices.
- ✓ Available on vehicles fitted with BMW Live Cockpit Professional.

BMW MUSIC.

BMW Music powered by Napster brings your favourite music to your BMW. You do not need to register, have an account or a smartphone. All BMW Music powered by Napster tracks are streamed via the SIM card into the vehicle and are only available there.

- ✓ Access to millions of tracks and thousands of audio books.
- ✓ The music is already in your BMW. No registration, no login, no password required.
- ✓ Direct streaming via the built-in SIM card in your BMW without having to use your smartphone.
- ✓ Available on vehicles fitted with BMW Live Cockpit Professional.
- ✓ 3 month trial available as part of Connected Teaser package.

UNFORGETTABLE JOURNEYS NEED UNFORGETTABLE SOUNDS.

Sound is a significant part of the BMW experience, it's an extra layer to inspire the senses and makes the journey not only immersive but also more enjoyable. The following loudspeaker systems below are available on the BMW 5 Series Saloon.

Superior surround sound: the outstanding **harman/kardon loudspeaker system**, available as optional equipment, features a 600W digital amplifier, 9 channels and 16 speakers. Its sophisticated sound perfectly fills the interior space. Vehicle-specific, speed-dependent equalising precisely compensates for any background driving noise.

Optionally available, the **Bowers & Wilkins Diamond Surround Sound System** with two Diamond Dome tweeters features outstanding studio-quality sound for every seat in the car. 16 carefully positioned speakers ensure a mesmerising sound experience. The speakers are illuminated, visually emphasising the system's outstanding sound quality.

The BMW Connected App learns your mobility routines, reads your calendar and knows when you need to leave, providing you with a personal experience that is integrated into your everyday life. The App allows you to fully unleash the capabilities of BMW's innovative technologies intuitively through your smartphone.

■ BMW LIVE COCKPIT PROFESSIONAL.

The infotainment, navigation and multimedia system (BMW Operating System 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features touch-capable, high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services below:

■ **Apps** makes it possible to operate smartphone apps, such as BMW Connected and web radio conveniently and securely via the iDrive Controller and Control Display.¹

■ **BMW Emergency Call** automatically establishes a direct link to the local emergency services and sends details of your vehicle location and severity of the accident.²

■ **BMW TeleServices** transmits vehicle-specific service data and supports the processing of servicing appointments. It can also help you request help in the event of a breakdown.²

■ **Map Updates** – Automatically update maps in your BMW by downloading Over-the-Air via the on-board sim card or upload from a USB.¹

■ **Intelligent Voice Control** understands natural speech as well as linguistic varieties and dialects thanks to off-board voice processing.¹

■ CONNECTED PACKAGE PROFESSIONAL.

■ **Remote Services** allows you to remain connected to your vehicle wherever you are, send destinations, find your vehicle as well as locking and unlocking your doors.¹

■ **Concierge Services** connects the driver to a BMW Call Centre agent who is available as their around-the-clock personal assistant.¹

■ **Real Time Traffic Information** supplies details about the location and duration of delays, also includes Hazard Preview and On-street Parking Information.¹

■ **Apple CarPlay® preparation** enables wireless usage of your iPhone® in your vehicle via Apple CarPlay® and is operated via the vehicle's user interface.²

■ **Connected Navigation** makes route planning easier, anticipates road conditions and provides estimated time of arrival, plus multiple map views with split screen options.¹

Thanks to **Connected Music**, you can experience unlimited streaming of millions of songs from BMW's music partners Spotify, Deezer or Napster via the SIM card in the vehicle.¹

■ CONNECTED TEASER.

Available with Connected Package Professional and offers a three month trial of the following services:

BMW Music, powered by Napster, brings your favourite music to your BMW. Get access to millions of songs and thousands of audio books with a single click.³

BMW PAY MONTHLY SERVICING & TRACKSTAR.

SERVICING MADE SIMPLE.

Planning for the road ahead has never been easier. With the BMW Pay Monthly Service Plan¹ you can remove the uncertainty often associated with car servicing costs by spreading them monthly, much like you would your household bills. Our Pay Monthly service plan covers two services and any unused credit can be transferred to another BMW if you decide to switch unexpectedly. As part of the Pay Monthly plan you will also receive a number of added extras including:

- Fluid top ups
- An MOT
- A Wash & Vac each time you visit
- Seasonal health checks
- Sat Nav Map updates

Get the quality service and parts you expect from BMW with a fixed monthly payment. Give your BMW the care and attention it deserves from the experts that made it.

Price: £25 per month for 36 months

Please contact your preferred BMW Centre for further information.

BMW TRACKSTAR.

Locate and recover your vehicle if it is stolen with BMW Trackstar or BMW Trackstar Advance. Benefits include:

- 24/7 Trackstar Monitoring Centre
- Thatcham accredited
- Integrated motion sensor
- Pan-European protection

BMW Trackstar S7 price from: £399²

BMW Trackstar S5 price from £549²

BMW Trackstar S5 Advance price from: £649²

¹ = Participating Retailers only. Two services must be claimed within four years or 40,000 miles, whichever occurs soonest. ² = Price excludes subscription. Please consult your preferred BMW Centre for further details.

PRICES AND SPECIFICATIONS

BMW (UK) Limited reserves the right to alter prices and specifications without notice. BMW (UK) Limited has made every effort to ensure the accuracy of information but does not accept liability for any errors or omissions.

VED RATES

Annual VED (second year onwards) for cars costing over £40,000 is payable for five years. VED rates for brand new cars are determined by their CO₂ emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The BMW 5 Series Saloon models fall into one of the categories listed below:

CO ₂ emissions – combined (g/km)	1-50	51-75	76-90	91-100	101-110	111-130	131-150	151-170	171-190	191-225	226-255	Over 255
First year VED (petrol and RDE2 diesel)	£10	£25	£110	£135	£155	£175	£215	£540	£870	£1,305	£1,850	£2,175
First year VED (diesel)	£25	£110	£135	£155	£175	£215	£540	£870	£1,305	£1,850	£2,175	£2,175
First year VED (alternative fuel vehicles)	£0	£15	£100	£125	£145	£165	£205	£530	£860	£1,295	£1,840	£2,165
Annual VED – second year onwards (standard rate for petrol and diesel)	£150	£150	£150	£150	£150	£150	£150	£150	£150	£150	£150	£150
Annual VED – second year onwards (standard rate for alternative fuel vehicles)	£140	£140	£140	£140	£140	£140	£140	£140	£140	£140	£140	£140
Annual VED – second year onwards (petrol and diesel cars over £40,000)	£475	£475	£475	£475	£475	£475	£475	£475	£475	£475	£475	£475
Annual VED – second year onwards (alternative fuel vehicles over £40,000)	£465	£465	£465	£465	£465	£465	£465	£465	£465	£465	£465	£465

ON THE ROAD PRICE

The recommended on the road price includes:

Delivery and BMW Emergency Service	£825
Number plates	£25
Vehicle first registration fee	£55
First year Vehicle Excise Duty	See left

Insurance group figures refer to 50 Group Rating System. For Plug-in Hybrid Electric Vehicles the figures were obtained using a combination of battery power and fuel. Plug-in Hybrid Electric Vehicles require mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures are subject to change when WLTP is used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK).

TECHNICAL INFORMATION.

Model	Power output (hp)	0-62mph (secs)	Fuel consumption – combined (mpg / l/100km)*	CO ₂ emissions – combined (g/km)*	Electric energy consumption – weighted combined (miles/kWh)*	Equivalent all-electric range (miles)*	Mild Hybrid Technology† (Y / N)	Model

† = 48V Mild Hybrid Technology provides many benefits including improved recovery of kinetic energy during braking and support of the combustion engine when accelerating. This helps to reduce CO₂ emissions whilst improving fuel consumption and performance. * = For Plug-in Hybrid Electric Vehicles these figures were obtained using a combination of battery power and fuel. Plug-in Hybrid Electric Vehicles require mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures shown above have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent. ** = Figures shown are weighted combined. ^ = Combined power from Petrol and Electric engines.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive keeps driver and vehicle connected with the outside world. Digital services, driver-focused technologies and driver assistance systems provide more comfort, more entertainment and more safety. Increase your driving pleasure – with BMW ConnectedDrive.

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see: www.bmw.co.uk/connecteddrive-information

The BMW ConnectedDrive Hotline is available on: +44 (0) 800 561 0555 from Monday to Friday 8am – 7pm and Saturday to Sunday 9am – 5pm.

GENERAL INFORMATION

BMW (UK) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereinafter referred to as “BMW”) provides the customer with certain vehicle-related information and assistance functions (hereinafter called “Services”) under the name of “BMW ConnectedDrive”. BMW collects, stores or processes car-related data in compliance with applicable law and only to the extent necessary to provide the Services. BMW does not collect, store or process personal data in course of the Services – except where this is explicitly stated in the service description of the individual Services. In the case of Services that require personal data to be collected, stored and processed so that such Services can actually be provided, BMW informs customers of this in advance by providing this data protection notice The Services are provided by means of a SIM card installed in the vehicle.

CONNECTED DRIVE SERVICES DURATION

BMW Music	3 month trial
Apps	3 years
BMW Online Services	3 years
Concierge Services	3 years
Connected eDrive Services (530e / 530e xDrive only)	3 years
Connected Music	3 years
Connected Navigation	3 years
Intelligent Voice Control	3 years
Map Updates	3 years
Real Time Traffic Information	3 years
Remote Services	3 years
Apple CarPlay® Preparation	Active without runtime limitations
BMW Emergency Call	Active without runtime limitations
BMW TeleServices	Active without runtime limitations

DEACTIVATION

You can have the BMW ConnectedDrive services deactivated through an authorised BMW centre, a BMW subsidiary or a BMW authorised workshop at any time. This also has the consequence that aspects of the emergency call in the vehicle as well as all remaining Services will no longer function.

You can additionally arrange for the remaining Services to be deactivated via “My BMW ConnectedDrive”.

If the vehicle is equipped with the legally required EU Emergency Call (as from April 2018) a deactivation of the BMW ConnectedDrive basic services will not deactivate the vehicle's built-in SIM card. It has to remain active, so that the EU Emergency Call is functional all the time.

Services that are available and active without runtime limitations, cannot be guaranteed for permanent usage due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems).
