THE NEW BMW X6.

BMW EfficientDynamics
Less emissions. More driving pleasure.

BREAKS

ALL RULES AND CONVENTIONS.
AND HEARTS.

A way of life: the new BMW X6. The striking Sports Activity Coupé from BMW confidently rules the road and is destined to stand out everywhere it goes. Its unique concept is a blend of the very best of a sporty coupé coupled with the powerful dynamism of a BMW that breaks all existing conventions, instantly propelling this exceptional vehicle to its rightful position as the king of the road.

EXCEPTIONAL
BY NATURE.

The mark of a true athlete: The rear of the new BMW X6 makes no secret of its powerful X-pedigree. Horizontal contours highlight its broad stance, making the quintessential L-shaped rear lights with LED technology appear even more tantalising.

BEND THE LAWS OF PHYSICS.

At the heart of the action: Thanks to its superior handling and dynamic characteristics, driving the new BMW X6 means you'll always be on a direct course to driving pleasure. The powerful V8 petrol engine with BMW TwinPower Turbo technology and eight-speed Sport transmission with Steptronic means that the BMW xDrive50i accelerates from 0 to 62mph in an astounding 4.8 seconds.

MARK THE SPOT WITH AN X.

Your seat awaits you: The interior of the new BMW X6 was designed with the driver in mind. Thanks to the vehicle's elevated seating position, you are guaranteed a superior overview of the surrounding traffic. Expertly crafted, exclusive materials create an interior atmosphere reminiscent of a coupé, while the elegant contours that sweep from the cockpit to the rear perfectly express the coupé-style personality of the new BMW X6.

IT WILL SUIT YOU
TO A TEE.

Wherever life may take you: The new BMW X6 will transport you to your destination. The design is extravagant and its driving dynamics are thrilling to the extreme. What makes it different is what makes it so irresistible. Discover it for yourself: the new BMW X6.

PURE EXTRAVAGANCE DESIGN PACKAGES.

Accentuate your own style with the Pure Extravagance interior and exterior design packages. Elements in Cerium Grey such as exterior trim, tailgate trim finisher and bumper inserts made in stainless steel accentuate the dynamic character of the new BMW X6. Within, Exclusive Nappa leather in bi-colour

Cognac/Black, High-gloss Finesline Stripe interior trim and leather instrument panel with contrast stitching harmonise for elegant luxury. Additionally, a range of optional light alloy wheels are available, shown below are optional 20" light alloy Star-spoke style 491 in Black.

SE.

The SE models, pictured here in Glacier Silver, feature standard 19" light alloy Y-spoke style 595 wheels for the xDrive50i SE whilst 19" light alloy Y-spoke style 594 wheels, bottom right, are standard for the xDrive30d SE.

Coral Red Dakota leather with Fine Brushed Aluminium interior trim combined here with optional Sport seats, creates a distinctive ambience inside the new BMW X6.

M SPORT.

The M Sport model further accentuates the athletic appearance of the new BMW X6. Thanks to the M aerodynamic bodystyling on the front and rear aprons, along with the quadrilateral exhaust tailpipes in Chrome, the exterior delivers a taste of the vehicle's power. Its dynamic appearance is

perfectly complemented by the standard 20" light alloy Double-spoke style 469 M wheels. Exclusively available on M Sport models is Black Alcantara/Dakota leather upholstery shown here with Sport seats, Aluminium Hexagon interior trim and optional Multi-functional Instrument panel.

M50d.

The M50d, shown below in Alpine White with exclusive 20" light alloy Double-spoke style 468 M wheels as standard, has a visually distinctive exterior including stainless steel exhaust tailpipes with Black Chrome finishers positioned left and right, Matt Aluminium kidney grille with

Black vertical slats and Ferric Grey exterior mirror caps. The cockpit for M Sport and M50d models is equally distinctive and features an M leather steering wheel with gearshift paddles and a 10.2" Control Display.

BMW CONNECTED DRIVE AND EQUIPMENT HIGHLIGHTS.

■ BMW HEAD-UP DISPLAY.

A full colour TFT display projects important driving information onto the windscreen, in your direct field of vision. The information that is displayed can be customised in the vehicle settings and includes the current speed of travel, navigation instructions or telephone and music listings. This convenient display ensures that your eyes are always on the road ahead for a safer driving experience.

■ SURROUND-VIEW.

Surround-view offers the driver a bird's-eye-view of the area around the vehicle, clearly shown in the Control Display, providing extra confidence in tight manoeuvres and when parking. The rear-view camera provides a view of the area to the rear of the car. In addition, side-view cameras ensure better visibility of approaching traffic when joining a main road from a side street or junction.

■ PARK ASSIST.

This driver assistance system makes parallel parking effortless. When activated, the system searches for an available parking space. When a suitable space has been identified, the Park Assist function automatically controls the steering, gear selection and speed to fully autonomously manoeuvre the vehicle into the space.

■ NAVIGATION SYSTEM - BMW PROFESSIONAL MULTIMEDIA.

With high-resolution 10.2" colour display and new Intel processor for fast screen loads and page transitions. Includes the new generation iDrive Touch Controller, DVD drive, integrated 20GB hard disk for storage of audio files, as well as Intelligent Route-ahead Assistance for efficient driving by anticipating road conditions, Real Time Traffic Information for up-to-date traffic flow information, ECO PRO Route, 3D city models and split-screen function.

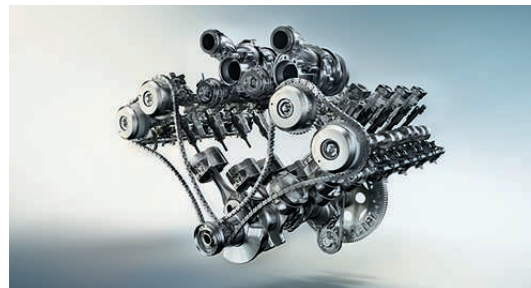

■ MULTI-FUNCTIONAL INSTRUMENT PANEL.

Allows the driver to choose the visual and graphic appearance of information shown in the instrument display by selecting one of three driving modes via the Drive Performance Control button - Comfort, ECO PRO and Sport.

■ ADAPTIVE LED HEADLIGHTS.

A tailored combination of advanced headlight technologies combine to ensure optimum illumination of the road ahead without glaring on-coming traffic or other road users. The independent beam distribution of BMW Adaptive Headlights combine with High-beam Assistant. The intelligent system monitors the road ahead and controls the beam distribution of the headlights to improve visibility during night time and poor weather driving conditions.

BMW TWIN POWER TURBO ENGINES.

BMW TWIN POWER TURBO TECHNOLOGY.

BMW TwinPower Turbo technology gives the new petrol and diesel engines significantly more agile power delivery, as well as greater responsiveness even at low engine speeds. At the same time, they are particularly efficient, with low emissions, low fuel consumption, great dynamics and increased driving pleasure.

BMW EFFICIENT DYNAMICS.

These multiple award-winning technologies have become synonymous with a huge range of innovative standard systems. Not only do they reduce fuel consumption and CO₂ emissions, but also increase performance and dynamics. Their exceptional efficiency is due to an eight-speed Sport transmission with Steptronic and Auto Start-Stop, along with other innovations such as ECO PRO mode and lightweight design and aerodynamic improvements.

BMW EfficientDynamics
Less emissions. More driving pleasure.

BMW X6 xDrive50i.

- BMW TwinPower Turbo V8 petrol engine producing: 449hp / 330kW / 650Nm torque
- Acceleration 0-62mph: 4.8 seconds
- Top speed: 155mph / 250km/h
- Combined fuel consumption: 29.1mpg / 9.7l/100km
- CO₂ emissions: 225-227g/km

BMW X6 M50d.

- M Performance TwinPower Turbo six-cylinder in-line diesel engine producing: 381hp / 280kW / 740Nm torque
- Acceleration 0-62mph: 5.2 seconds
- Top speed: 155mph / 250km/h
- Combined fuel consumption: 42.8mpg / 6.6l/100km
- CO₂ emissions: 174g/km

BMW X6 xDrive40d.¹

- BMW TwinPower Turbo six-cylinder in-line diesel engine producing: 313hp / 230kW / 630Nm torque
- Acceleration 0-62mph: 5.8 seconds
- Top speed: 149mph / 240km/h
- Combined fuel consumption: 44.8-45.6mpg / 6.2-6.3l/100km
- CO₂ emissions: 163-165g/km

BMW X6 xDrive30d.

- BMW TwinPower Turbo six-cylinder in-line diesel engine producing: 258hp / 190kW / 560Nm torque
- Acceleration 0-62mph: 6.7 seconds
- Top speed: 143mph / 230km/h
- Combined fuel consumption: 47.1mpg / 6.0l/100km
- CO₂ emissions: 157-159g/km

■ Standard equipment □ Optional equipment

¹ Availability from December 2014. Provisional data.

| | | X6 xDrive50i | X6 xDrive30d | X6 xDrive40d ¹ | X6 M50d |
|------------------------------|---------------|-----------------------|---------------------|---------------------------|------------|
| Fuel consumption urban | mpg (l/100km) | 21.6-21.7 (13.0-13.1) | 41.5-42.2 (6.7-6.8) | TBC | 39.2 (7.2) |
| Fuel consumption extra-urban | mpg (l/100km) | 36.2-36.7 (7.7-7.8) | 50.4-51.4 (5.5-5.6) | TBC | 44.8 (6.3) |
| Fuel consumption combined | mpg (l/100km) | 29.1 (9.7) | 47.1 (6.0) | 44.8-45.6 (6.2-6.3) | 42.8 (6.6) |
| CO ₂ emissions | g/km | 225-227 | 157-159 | 163-165 | 174 |

Fuel consumption figures are determined according to the ECE driving cycle, which consists of approximately one-third urban traffic and two-thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption. Fuel consumption is determined relative to vehicles with standard equipment. Optional equipment may influence fuel consumption.

¹ Provisional data. Planned availability December 2014.

The models illustrated in this brochure show the specifications for vehicles produced by BMW AG for the German market. In part, they include optional equipment and accessories not fitted as standard. According to the specific requirements of the markets of other European Union member states, alterations in models, standard and optional equipment, as described in this brochure, may occur. For more information about country-specific vehicle versions, please contact your local BMW Dealer. The images and descriptions are subject to change in the product's details.
