AT HOME, EVERYWHERE. COMFORTABLE, BRIGHT AND BEAUTIFULLY DESIGNED, THE CITROËN BERLINGO MULTISPACE IS A LIVING SPACE FOR THOSE WHO LIKE TO REALLY LIVE.

WITH A HUGE WINDSCREEN, OPTIONAL MODUTOP® (AVAILABLE ON VTR AND XTR VERSIONS) AND DEEP SIDE WINDOWS, THIS INTERIOR MAXIMISES LIGHT AND SPACE. IN OTHER WORDS, IT'S A GREAT PLACE TO BE FOR PEOPLE OF ALL AGES: YOUR HOME FROM HOME.

Created for life and where it takes you, the Citroën Berlingo Multispace thinks of everything. There are useful, easy access storage spaces everywhere, so nothing useful gets left out and you can relax – we've done the hard work for you!

› EASY LOADING

The roof bars that come with the MODUTOP® optional on VTR and XTR versions are really easy to use and can quickly be changed from transversal to longitudinal. Carry what you want without hassle.

› SPACE INNOVATION

Pure original thinking: the standard split opening tailgate window on XTR versions gives you access to the optional MODUTOP®. You can also get at this easily from the second row seats.

› LIGHT FANTASTIC

Height-adjustable headlamps light the way in the Berlingo Multispace, whilst powerful fog lights and daytime-running LEDs standard on VTR and XTR maximise the light outside even further.

› SLIDING DOORS

Two sliding doors make getting into the Citroën Berlingo Multispace a breeze.

› SAFE HOUSE

Thanks to its secure tilt opening rear windows, children can enjoy plenty of fresh air in safety.

GENEROUS DIMENSIONS PACKED WITH TECHNOLOGY AND CLEVER FEATURES. STEP INTO THE CITROËN BERLINGO MULTISPACE AND YOU'LL FIND ALL KINDS OF USEFUL TECHNOLOGY...

NOT FOR ITS OWN SAKE BUT FOR YOURS. EVERY FEATURE IS EASY TO USE AND PART OF THE CITROËN BERLINGO MULTISPACE'S ETHOS – FREEDOM WITHOUT COMPROMISE. A MULTI-FUNCTION ON-BOARD TRIP COMPUTER AND AN MP3 COMPATIBLE CD PLAYER, STANDARD ON ALL VERSIONS ALONG WITH A SPEED LIMITER FUNCTION, STANDARD ON e-HDi, OPTIONAL ON XTR VERSIONS AND AS PART OF DETECTION PACK ON VTR, ARE ALL DESIGNED TO MAKE LIFE MORE ENJOYABLE AND SAFER FOR EVERYONE ON BOARD.

Please note: Trim shown is not available in the UK.

> A GENEROUS BOOT

A low threshold means loading the cavernous boot is effortless. Everything is then safely concealed under the rigid parcel shelf.

> ALL HOBBIES WELCOME

If your leisure pursuits involve awkward or bulky gear, relax. By using one of the Citroën Berlingo Multispace's seat folding combinations, you can free up the right space for your free time.

> HAVE A GOOD TRIP

The multi-function on-board trip computer feeds you vital information such as distance travelled and average fuel consumption. Scrolling through the computer menu is really easy, thanks to the control beneath the steering wheel.

> EMYWAY

Optional on XTR versions, the eMyWay colour satellite navigation system includes Bluetooth®, MP3 player compatible USB connectivity and live traffic information for maximum convenience. It also features a 7" 16/9 screen, and its SD card integrated European mapping brings you voice guidance and graphics in 2D or aerial perspective.

> SET SPEED

An effective safety feature, the speed limiter, standard on e-HDi versions, optional on XTR versions or part of the optional Detection Pack on VTR versions, keeps the Citroën Berlingo Multispace at a set speed. Press the accelerator down to return to normal driving.

> CONNECTING BOX

Combining two outstanding features, standard on XTR versions, optional on VTR versions, the USB socket allows you to play and browse its content using steering-mounted and dashboard radio controls. At the same time, the Bluetooth® system allows you to make safe hands-free calls, and browse through your phone's Contacts or Call Log.

ONE OF THE FAMILY. INSIDE THE CITROËN BERLINGO MULTISPACE, EVERYONE CAN CLAIM THEIR OWN SPACE.

ALL THOSE EASILY ACCESSIBLE STORAGE PLACES SUCH AS THE POCKETS, THE MODUTOP® AND EVEN UNDERFLOOR STOWAGE SPACES WILL SOON BE HOME TO THE THINGS THAT OTHER CARS SIMPLY LEAVE BEHIND.

› DRIVER'S GLOVE BOX

Who decided that one glove box was enough for everyone? The Citroën Berlingo Multispace gives the driver a roomy one too, located cleverly behind the steering wheel.

› UNDERFLOOR STORES

The Citroën Berlingo Multispace is packed with essential space – even under the floor by the second row seats you'll find two generous compartments.

› OVERHEAD INSPIRATION

The optional MODUTOP® on VTR and XTR versions is a perfect example of how the Citroën Berlingo Multispace is special. Clever, useful and easy to use, it's also elegantly designed, with flowing lines that complement the whole cabin. It lets in more light but brings more intelligent storage options too.

› STORE AND SEE

On XTR versions, there's a handy mirror that lets you keep an eye on back seat 'drivers' while you're stowing things...

› FRESH THINKING

An air freshener is built into the optional MODUTOP® on VTR and XTR versions and works with the vents to spread a subtly scented atmosphere.

› PERSONAL AIRSPACE

Air conditioning standard on XTR versions and optional on VT and VTR versions enables the whole family to stay chilled.

PRACTICAL IS COMFORTABLE IS FLEXIBLE. THERE'S NO 'EITHER OR' WITH THE CITROËN BERLINGO MULTISPACE. THERE'S REAL SPACE FOR REAL PEOPLE AND THEIR BELONGINGS.

COMFORTABLE, HIGH QUALITY SEATS, WITH FRONT ARMRESTS ON XTR VERSIONS, UNDERFLOOR COMPARTMENTS IN ROW 2, ENDLESS FOLDING COMBINATIONS... IT ALL ADDS UP TO A NO-COMPROMISE CAR THAT HAPPILY ACCOMMODATES FAMILY, FRIENDS OR SERIOUS LOADS. IT'S UP TO YOU.

The choices on offer make everything possible. Modular seating means the back bench can be completely folded, two thirds folded or one third folded, or become three independently folded seats on XTR versions. The backs also recline. The Citroën Berlingo Multispace has an interior that shifts as your priorities shift. It's endlessly adaptable. Naturally this comfort zone is also highly practical. From the glove box to an under seat drawer on XTR versions, you'll find there's a place for everything.

> MAKE ROOM FOR SPACE

The individual, folding back seats on XTR versions can be removed one by one to reveal up to 3m³ of useful load space.

> MORE THAN JUST SEATS

The three independent foldable, tiltable and removable rear seats on XTR versions offer so many configurations. For example, the backrest can be tilted and the centre backrest folds forward to form a table with two cup holders.

> MORE SEATS

With the optional Family Pack on the HDi 90 manual VTR version, you get two additional foldable and removable rear seats allowing you to carry an additional two passengers. The Family Pack also brings three separate foldable and removable seats in row 2 allowing easy access to the seats in row 3.

> IN-FLIGHT

For long trips or short concentration spans, the front seat backs are equipped with aircraft style tables and cup holders, standard on XTR or optional on VTR versions as part of Family Pack.

Please note: Trim shown is not available in the UK.

THE ENGINE ROOM. THE CITROËN BERLINGO MULTISPACE HAS A FITTINGLY WIDE CHOICE OF THOROUGHLY MODERN ENGINES.

THERE IS ONE PETROL OPTION, THE VTi 95 MANUAL WHICH COMPLEMENTS DIESELS OF 75HP, 90HP AND 115HP. ALL DIESEL ENGINES ARE EQUIPPED WITH A DIESEL PARTICULATE FILTER SYSTEM FOR REDUCED ENVIRONMENTAL IMPACT. WHICHEVER YOU CHOOSE, YOU CAN EXPECT BENCHMARK RELIABILITY.

› ROLL WITH IT

No detail has been overlooked with the Citroën Berlingo Multispace. Even the tyres fitted as standard have incredibly low rolling resistance as you drive, the fuel consumption is reduced by up to 4%.

› BIG IDEAS, SMALL FOOTPRINT

15 years of development have gone into our HDi direct injection engines, making them refined and frugal. In combination with a beautifully simple Stop & Start system and sophisticated ETG gearbox, the e-HDi 90 ETG6 can achieve 64.2mpg and CO₂ emissions of only 115g/km.

The ETG gearbox is an advanced transmission that lets you select either effortless full automatic shifts, or manual changes via the steering wheel mounted paddles. It's part of what makes Citroën efficient engineering unique. Stop & Start puts the engine into idle mode as you decelerate and stops altogether as you come to a halt. The moment you take your foot off the brake, it restarts silently and without vibration. It helps to reduce CO₂ by about 5g/km and fuel consumption by 15% in the city.

SAFETY WITHOUT COMPROMISE.

VERSATILE, COMFORTABLE AND DISTINCTIVE IT MAY BE, BUT FIRST AND FOREMOST, THE CITROËN BERLINGO MULTISPACE IS A MODEL OF ADVANCED SAFETY.

IT STARTS WITH THE TECHNOLOGY THAT GIVES YOU SECURE HANDLING AND ROADHOLDING. ANTI-LOCK BRAKING SYSTEM (ABS), EMERGENCY BRAKING ASSISTANCE (EBA), ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD) AND UP TO SIX AIRBAGS ARE ALL DESIGNED TO KEEP YOU AND YOUR PRECIOUS CARGO SAFE AT EVERY TURN. IT'S THE KIND OF ENGINEERING THAT INSPIRES CONFIDENCE AND HELPS YOU ENJOY THE RIDE.

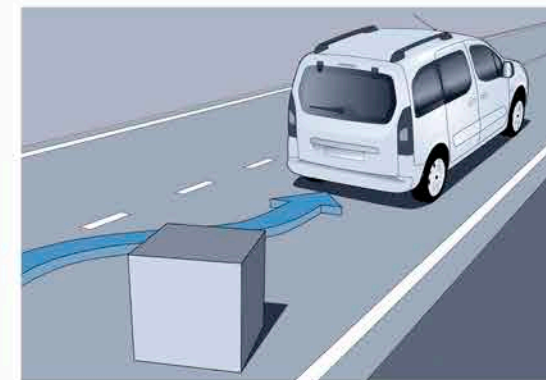

> NO MORE HILL STARTS!

Now you needn't use the handbrake to restart on hills. The Hill Start Assist function maintains drive to the wheels just long enough for the driver to move his or her foot from the brake to the accelerator. It's another innovation that simply makes life easier.

> ELECTRONIC STABILITY CONTROL (ESC)

Electronic Stability Control (ESC) is a computer-assisted traction control system which constantly compares where the vehicle is going with where the driver intends to go, making speed corrections through braking to keep the vehicle 'in line'.

> ANTI-LOCK BRAKING SYSTEM (ABS)

With car-like roadholding and Anti-lock Braking System (ABS) as standard, the Citroën Berlingo Multispace is designed to keep you out of danger in all conditions.

> UP TO SIX AIRBAGS

Two front lateral airbags are standard on XTR versions. The optional Safety Pack includes front lateral and curtain airbags and is available on 5-seater VTR versions. Optional curtain airbags are available on XTR and 7-seat versions. With two more for driver and front passenger standard on all versions, Citroën Berlingo Multispace's occupants are thoroughly protected from every angle.

THERE ARE THREE VERSIONS

CREATE YOUR CAR. STORAGE OPTIONS THAT MEET YOUR NEEDS TO THE MILLIMETRE. MORE SAFETY AND SECURITY. ADDED COMFORT...

THE CITROËN BERLINGO MULTISPACE OFFERS A WEALTH OF CHOICES.
YOU CAN DECIDE WHAT GOES INTO YOURS.

> MODUTOP®

The optional MODUTOP® on VTR and XTR versions not only adds longitudinal or transversal exterior roof bars, a scented air freshener and a 12 volt socket but incorporates numerous, intelligent storage options and allows in more natural light thanks to the glass roof sections.

› SPLIT OPENING TAILGATE

A genuine innovation on the Citroën Berlingo Multispace, the split opening tailgate, standard on XTR versions, allows access to its cabin roofbox. It also offers access to the boot above and below the parcel shelf and allows for easy access even when space is at a premium.

› REAR PARKING SENSORS

Parking your Citroën Berlingo Multispace shouldn't add to the burden of a busy day. Rear parking sensors, standard on XTR versions or as part of the Detection Pack or Serenity Pack on VTR versions, let you manoeuvre safely and quickly into the tightest spots, fully aware of hidden obstacles.

› AUTOMATIC PACK

Safe progress is enhanced by the automatic lights and windscreen wipers included in the optional Automatic Pack. As weather conditions change, the Citroën Berlingo Multispace looks after you.

EFFICIENCY MINUS COMPROMISE. CITROËN HAS CREATED FUELEFFICIENT VEHICLES WITHOUT SACRIFICING DRIVER ENJOYMENT FOR SOME TIME. THE LATEST ADVANCES TAKE THIS FINE BALANCE FURTHER STILL...

WITH THE PROVEN CREDENTIALS AND ENVIRONMENTAL PERFORMANCE OF CITROËN HDi DIRECT INJECTION ENGINES AS INSPIRATION, e-HDi ADDS NEW TECHNOLOGY, SUCH AS A SMOOTH, SIMPLE STOP & START SYSTEM AND ETG GEARBOX. STOP & START PUTS THE ENGINE INTO IDLE MODE AS YOU DECELERATE AND STOPS ALTOGETHER AS YOU COME TO A HALT. THE MOMENT YOU TAKE YOUR FOOT OFF THE BRAKE, IT RESTARTS SILENTLY AND WITHOUT VIBRATION. THE RESULTS ARE A DRAMATIC REDUCTION IN BOTH FUEL CONSUMPTION AND CO₂ EMISSIONS, COMBINED WITH RESPONSIVE PERFORMANCE WHEREVER YOU GO.

We've also been equipping more of our vehicles with more environmentally friendly breakthroughs, such as our Efficient Tronic Gearbox (ETG), which boasts impressively greener credentials, with less pollution and up to 5% more economy than a conventional manual gearbox system. In addition, Citroën has expanded the use of the exceptionally efficient, self-regenerating Diesel Particulate Filter System in our models. Cleaner, greener driving without taking away from the drive – that's what you can continue to expect from Citroën.

> PURE TECHNOLOGY

Demonstrating Citroën's commitment to Créative Technologie, PureTech engines provide increased power with lower fuel consumption and emissions by adopting a smaller and lighter three cylinder configuration constructed of pressure-cast aluminium. In conjunction with low friction component coatings, improved air and fuel flow and optimised combustion, this allows engines to offer more power, better fuel economy and significantly lower CO₂ emissions.

> ELECTRIFYING. HOWEVER YOU LOOK AT IT

Forget what you know about electric cars. Citroën Survolt concept combines undiluted glamour with advanced sporting dynamics, then adds a 100% electric drivetrain. Outside, LED lights, voluptuous curves, two-tone charcoal and fuchsia paintwork, and a race-inspired rear spoiler meet your gaze. Inside, a stunning blend of curved chrome, swooping glass, high technology and organic forms welcomes you to an entirely new place. But this is no simple styling exercise. At heart, Survolt is even more radical, because although it is designed to thrill, it is powered purely by silent, efficient, clean electricity.

All Citroën vehicles are designed to be 85% recyclable.

GLOSSARY

> e-HDi DIESEL ENGINE

The e-HDi 90 ETG6 engine is capable of 64.2mpg and CO₂ emissions of just 115g/km combined with the ETG gearbox. It has a reversible starter-alternator that works in tandem with an e-boost to provide a seamless Stop & Start function. Going further than other similar systems, the e-HDi's Stop & Start puts the engine into idle mode while decelerating before coming to a complete standstill. This reduces consumption by 15% in urban driving.

> HIGH-PRESSURE DIRECT INJECTION DIESEL ENGINE

Our HDi diesel engines operate with the fuel under extremely high pressure, enabling microscopically precise injection control. With this level of management it's possible to inject at different times during the same engine stroke allowing total control over the combustion process. This has allowed our engineers to reduce carbon monoxide emissions by 40%, unburned hydrocarbons by 50% and engine particulates by 60%. Fuel consumption is 20% lower than a prechamber diesel engine, resulting in an equivalent reduction in CO₂ emissions and thanks to the torque available at low engine speed it could be argued that driveability is now better than in petrol engined cars.

> ISOFIX

A standardised and more simple method for installing child seats, each seat is 'clicked' into place via a three point system. On the Citroën Berlingo Multispace, Isofix is installed on the two outer rear seats.

> DIESEL PARTICULATE FILTER SYSTEM (DPFS)

Our unique DPFS collects exhaust particulates (soot) that would have been bound for the air around us and burns them off at 550°C. This means that 'black smoke' is eliminated completely. And because the filter is constantly burning the particulates it is self-cleaning and requires no maintenance.

> ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the vehicle to continue being steered and therefore controlled during this braking incident.

> ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

A conventional ABS system cannot account for any of the four wheels wanting to lock more quickly than the others (for example, two of the wheels may be on snow and two on tarmac). EBD reads the deceleration rate of each wheel individually and applies the ABS principles accordingly.

> EMERGENCY BRAKING ASSISTANCE (EBA)

As drivers we find it difficult to instinctively brake very hard, but this is often what is needed in those rare emergency situations. The EBA system recognises our 'attempt' to brake hard and in combination with the ABS and EBD systems instantly applies the maximum stopping power possible.

> ELECTRONIC STABILITY CONTROL (ESC)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESC's control unit constantly compares where the driver intends going (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle 'in line'.

> ON-BOARD TRIP COMPUTER

Citroën Berlingo Multispace's multi-function on-board trip computer provides you with information at your fingertips. At the touch of a button you can view a range of data like fuel consumption, average speed and mileage possible at your current fuel level.

> CONNECTING BOX

Integrated Bluetooth® handsfree phone function with USB socket and jack to plug in a portable MP3 player.

> EMYWAY COLOUR SATELLITE NAVIGATION

eMyWay is completely integrated into the vehicle which avoids the risk of theft. The design has been created for ease of use and with steering wheel controls, navigating from your phone to the satellite navigation couldn't be any easier. eMyWay allows you to define routes, stops and places of interest with the added benefit of vocal instruction. eMyWay also provides live traffic updates of any congestion spots or delays. A GPS integrated aerial is built into the vehicle, to maximise the reception of satellite information; therefore permitting an accurate location of the car.
