**BEAUTIFULLY USEFUL.** IT'S GREAT WHEN  
2+2=5, WHEN A BOX IS FULL OF CURVES,  
WHEN CLEVER IS ALSO PROPER FUN...  
AND THAT'S EXACTLY WHAT THE  
CITROËN C3 PICASSO IS ALL ABOUT.

USING OUR UNIQUE SPACEBOX DESIGN, IT MIXES MPV SPACE WITH SUV PRESENCE, PLENTY OF ROOM WITH CITY-FRIENDLY DIMENSIONS, QUALITY AND COMFORT WITH FLAIR AND CHARISMA. YOU DON'T NEED AN EXCUSE TO FALL IN LOVE WITH THE CITROËN C3 PICASSO – YOU'VE GOT THE RATIONAL AND EMOTIONAL WRAPPED UP IN ONE SMALL PACKAGE. IT'S GREAT WHEN USEFUL IS BEAUTIFUL!

# CREATIVITY CUBED. PEOPLE TALK ABOUT 'THINKING OUTSIDE THE BOX' BUT WE'VE TAKEN THE BOX AND ADDED A NEW DIMENSION.

FROM THE SEAMLESS CURVES OF ITS HEADLIGHTS, BONNET AND HUGE SWEEPING SCREEN, TO THE BOLD CHUNKY FLANKS AND SHEER, ULTRA PRACTICAL TAILGATE, THE CITROËN C3 PICASSO IS PACKED WITH ORIGINAL IDEAS: IT DOESN'T JUST LOOK INGENUOUS, IT IS. INTERIOR SPACE IS EXCEPTIONAL AND UNCLUTTERED, WHILE THOSE STYLISH DEEP WINDOWS FLOOD EVERY INCH WITH NATURAL LIGHT. THIS IS A BRILLIANT PLACE TO TRAVEL WITH A SERIOUSLY PRACTICAL STREAK.

**LIFE IN WIDESCREEN.** THERE'S NO SUCH THING AS TOO MUCH WHEN IT COMES TO VISIBILITY ON THE MOVE. WITH ITS STUNNING PANORAMIC WINDSCREEN THAT CURVES ROUND INTO PERFECTLY INTEGRATED QUARTERLIGHTS, THE CITROËN C3 PICASSO OFFERS YOU A BROADER VIEW.

LIFE IN WIDESCREEN IS ALSO ABOUT LETTING MAXIMUM LIGHT IN, WHICH IS WHERE THE SUPER-SIZE SUNROOF, OPTIONAL ON VTR+ AND EXCLUSIVE MODELS, COMES INTO ITS OWN. FLOWING SMOOTHLY ON WHERE THE WINDSCREEN STOPS, IT GIVES THE WHOLE CABIN AN AIRY OPEN FEEL AND CONTRIBUTES TO AN AMAZING CITROËN C3 PICASSO FACT: THIS COMPACT CAR HAS NO LESS THAN 4.52M<sup>2</sup> OF GLAZING!

► THE PLACE TO BE

Meanwhile, the interior is shaped and detailed to delight everyone who travels in it. There's generous space for five and front seats have carefully shaped bolsters and high backs to locate you perfectly – they even have raised bases to create extra foot room for rear passengers. The tactile and clearly laid out dashboard places the instrument console high up in the centre for maximum legibility, and there are two really useful storage areas immediately underneath on either side, perfectly placed for driver and front passenger.

**LIFE-SHAPED SPACE.** NO TWO DAYS ARE THE SAME. NO TWO JOURNEYS ARE THE SAME. THE CITROËN C3 PICASSO UNDERSTANDS PERFECTLY AND ACCOMMODATES YOUR LIFE, WHATEVER SHAPE THAT TAKES.

› TAKE A SEAT...

The seemingly endless flexibility is partly thanks to clever, versatile seats. Fold the front passenger seatback flat and you can accommodate long loads of up to 2.41 metres – we did say long – while the rear seat splits 60/40 and can be folded easily with one hand. Oh, and you can tilt rear seat backs by 23 or 28 degrees and both sections slide 15cm independently.

› PERFECT FIT WITH SPACEBOX STORAGE SYSTEM

With the back seats in their rearmost position, you get 385 litres of luggage space and 500 litres with the seats forward and the parcel shelf in place. With the rear seats folded, that space rockets to an impressive 1506 litres, and the removable, adjustable boot floor can be positioned to make this load area perfectly flat and effortless to pack – especially as there's no tailgate lip to get in the way.

› PERFECT SCENTS

Styled to attach seamlessly onto the dashboard vents, a range of scented air fresheners bring you a variety of different fragrances to choose from – it's a real home from home detail and a little luxury.

› FROM SIMPLE STORAGE TO WINTER SPORTS

The 3 litre space that's easy to access under the front passenger seat, and of course handy stowage in the door panels are just the start. With the Spacebox+ Storage System on Exclusive models, you'll find yet more room under the rear footwells that's perfect for kids stuff, aircraft style tables on the rear of the front seats and the rear bench also features a ski hatch for really long loads.

**PURE ESSENCE OF INNOVATION.** THE BEST ORIGINAL IDEAS FEEL INSTANTLY NATURAL AND INTUITIVE, LIKE THE CITROËN C3 PICASSO. FROM THE DRIVING SEAT, EVERYTHING IMPORTANT IS AT YOUR FINGERTIPS, FROM THE IDEALLY PLACED GEAR LEVER TO ALL ESSENTIAL CONTROLS AND EQUIPMENT.

BRISTLING WITH USEFUL, SAFE AND ENJOYABLE TECHNOLOGY, THE CITROËN C3 PICASSO IS A GREAT PLACE TO BE, FOR 5 MINUTES OR 500 MILES. ESPECIALLY WITH ITS AUTOMATIC DIGITAL AIR CONDITIONING WITH DUAL-ZONE TEMPERATURE SETTING, STANDARD ON EXCLUSIVE AND OPTIONAL ON VTR+ MODELS, SO THAT FRONT PASSENGERS GET THEIR OWN ADJUSTMENT CONTROLS.

› YOU ARE HERE!

The optional eMyWay colour satellite navigation system on Exclusive models, at the top of the centre console, has a 7" 16/9 screen, and its SD card integrated European mapping brings you live traffic information, voice guidance and graphics in 2D or aerial perspective. It also features a Bluetooth® system. You'll find the Connecting Box (Bluetooth® system with USB socket) standard on VTR+ and Exclusive models for complete connectivity. Cutting edge entertainment, navigation and communication are all in the mix.

› EVERY LITTLE TOUCH

On Exclusive models, everywhere you glance there are inspired details and features. Take the aircraft style tables on the back of the front seats; easy to use and instantly retractable, they have their own reading lights. There's even a handy boot retention net and a torch for nocturnal outings that recharges itself when replaced in the boot. Talking of the boot, all models feature a height-adjustable load floor for maximum flexibility, not to mention under floor stowage compartments. Citroën C3 Picasso is 100% undiluted innovation – just add people!

**TREAD SOFTLY, IN STYLE.** IT MIGHT BE GOOD FUN TO THE CORE, BUT THE CITROËN C3 PICASSO GETS SERIOUS WHEN IT COMES TO REDUCING ENVIRONMENTAL IMPACT. EVERYWHERE YOU LOOK, THERE IS TECHNOLOGY DEDICATED TO BEING EFFICIENT AND ECONOMICAL.

ALL DIESEL ENGINES DEMONSTRATE THE LATEST CITROËN GREEN THINKING. BUT WHETHER YOU CHOOSE DIESEL OR PETROL POWER, YOU'LL BE DRIVING A CAR THAT KNOWS HOW TO PUT ITS ENERGY TO GOOD USE.

› DREAM DIESELS

The Citroën C3 Picasso has a choice of two ultra-efficient diesel engines. Both are 1.6 litre units with a 5 or 6 speed manual gearbox. With the 115hp engine, the turbo can produce 'overboost' for a quick surge of extra power – for safe overtaking or avoiding trouble. Both diesel engines also feature the Diesel Particulate Filter System for the cleanest possible exhaust gases. They are amazingly economical, around town or around the country! The HDi 90 manual produces a mere 107g/km CO<sub>2</sub> emissions.

› NEXT GENERATION PETROL ENGINES

Choose between the VTi 95, the VTi 120 manual, or the VTi 120 EGS6. All are advanced petrol engines that prove that you can enjoy petrol performance and refinement, while producing lower emissions and excellent economy. Clever valve technology and direct injection help to strike the ideal balance.

› ROLL WITH IT

There's nothing ordinary about the Citroën C3 Picasso. Even the tyres fitted as standard have incredibly low rolling resistance as you drive, with 16" wheels the fuel consumption is reduced by an extraordinary 4%.

# THE STRONG ROOM. BRIGHT, ORIGINAL, INSPIRING, SAFE. AS MUCH AS ANYTHING, THE CITROËN C3 PICASSO IS AN EXTREMELY WELL PROTECTED PLACE TO TRAVEL.

ENERGY ABSORBING SIDE PROTECTION BEAMS ARE JOINED BY UP TO 6 AIRBAGS: 2 FOR DRIVER AND FRONT PASSENGER STANDARD ON ALL MODELS, 2 FRONT LATERAL AND 2 CURTAIN AIRBAGS STANDARD ON VTR+ AND EXCLUSIVE MODELS AND 2 CURTAIN AIRBAGS OPTIONAL AS PART OF THE SAFETY PACK ON VT MODELS. ACTIVE SAFETY IS ALSO ASSURED THANKS TO SURE-FOOTED ROAD MANNERS IN EVERY SITUATION AND POWERFUL BRAKES, NOT TO MENTION A WHOLE ARMOURY OF SOPHISTICATED ELECTRONIC DRIVING AIDS TO HELP YOU.

## ► ELECTRONICS ON YOUR SIDE

The standard ABS and Electronic Brakeforce Distribution (EBD) combine with Emergency Braking Assistance (EBA) and automatic hazard warning light activation to bring you a formidable safety package in an emergency. Additionally, the Electronic Stability Programme (ESP) senses any loss of grip or stability and automatically corrects your trajectory whilst using traction control to limit skidding. ESP is standard on the VTi 120 EGS6 and HDi 115 6-speed manual and optional on all other Exclusive and VTR+ models.

## ► REAR PARKING SENSORS

Parking becomes stress-free with the Citroën C3 Picasso's rear parking sensors on Exclusive models. An audible signal warns you about obstacles, giving you added peace of mind. A graphic display on the multi-function screen also assists you.

## ► I SAW THAT!

For parents, there's a really handy child surveillance mirror standard on Exclusive models for keeping an eye on the riot squad in the back – no need for twisting and craning round. Also on Exclusive models there's an audible and light warning that alerts you if anyone isn't belted up.

## ► SPEED AND LIGHT

Standard on VTR+ and Exclusive models and optional on VT as part of the Safety Pack, for effortless control you can set a safe cruising speed that the car will maintain – limited until you decide otherwise. As the light dims, the super-efficient headlights illuminate automatically – it's another sound safety feature standard on Exclusive and optional as part of the Automatic Pack on VTR+ models that the Citroën C3 Picasso has covered.

# THREE KINDS OF UNIQUE. THE CITROËN C3 PICASSO RAISES A LOT OF QUESTIONS.

HOW MANY FRESH IDEAS CAN YOU SQUEEZE INTO ONE COMPACT CAR? HOW COME PRACTICAL AND FUN FIT TOGETHER SO PERFECTLY? IS IT AN MPV OR AN SUV OR SOMETHING REFRESHINGLY NEW? AND WHICH ONE IS RIGHT FOR YOU? THE RANGE BRINGS ITS OWN KIND OF DIVERSITY, IN THREE DISTINCT TRIM LEVELS, EACH DESIGNED TO INSPIRE AND TO MEET REAL LIFE NEEDS.

# VT NEW TEMPTATION.

SPOT ON STANDARD EQUIPMENT THAT PERFECTLY COMPLEMENTS THE CITROËN C3 PICASSO'S STRONG PERSONALITY, UNIQUE SPACEBOX LAYOUT AND TEMPTINGLY BRILLIANT VALUE – IN A NUTSHELL, THAT'S WHAT 'VT' MEANS.

# EFFICIENCY MINUS COMPROMISE. CITROËN HAS CREATED FUELEFFICIENT VEHICLES WITHOUT SACRIFICING DRIVER ENJOYMENT FOR SOME TIME. THE LATEST ADVANCES TAKE THIS FINE BALANCE FURTHER STILL...

WITH THE PROVEN CREDENTIALS AND ENVIRONMENTAL PERFORMANCE OF CITROËN HDi DIRECT INJECTION ENGINES AS INSPIRATION, e-HDi ADDS NEW TECHNOLOGY, SUCH AS A SMOOTH, SIMPLE STOP & START SYSTEM AND EGS GEARBOX. STOP & START PUTS THE ENGINE INTO IDLE MODE AS YOU DECELERATE AND STOPS ALTOGETHER AS YOU COME TO A HALT. THE MOMENT YOU TAKE YOUR FOOT OFF THE BRAKE, IT RESTARTS SILENTLY AND WITHOUT VIBRATION. THE RESULTS ARE A DRAMATIC REDUCTION IN BOTH FUEL CONSUMPTION AND CO<sub>2</sub> EMISSIONS, COMBINED WITH RESPONSIVE PERFORMANCE WHEREVER YOU GO.

We've also been equipping more of our vehicles with more environmentally friendly breakthroughs, such as our Electronic Gearbox System (EGS), which boasts impressively greener credentials, with less pollution and up to 5% more economy than a conventional manual gearbox system. In addition, Citroën has expanded the use of the exceptionally efficient, self-regenerating Diesel Particulate Filter System in our models. Cleaner, greener driving without taking away from the drive – that's what you can continue to expect from Citroën.

## › PURE TECHNOLOGY

Demonstrating Citroën's commitment to Créative Technologie, PureTech engines provide increased power with lower fuel consumption and emissions by adopting a smaller and lighter three cylinder configuration constructed of pressure-cast aluminium. In conjunction with low friction component coatings, improved air and fuel flow and optimised combustion, this allows engines to offer more power, better fuel economy and significantly lower CO<sub>2</sub> emissions.

## › AIRDREAM – A BENCHMARK

Citroën's environmental commitment and advanced efficiency are perfectly illustrated by Airdream. It's a benchmarking scheme that has three demanding criteria which a vehicle must achieve before it can wear the name. Firstly it must emit no more than 140g/km CO<sub>2</sub>. Secondly it must be produced at a plant that meets the rigorous ISO 14001 certification and also it must be 95% recoverable. Only e-HDi, electric or Hybrid4 engined Citroëns currently qualify. It's no surprise that Citroën is one of the leaders in Europe for low CO<sub>2</sub> emissions.

## › ELECTRIFYING. HOWEVER YOU LOOK AT IT

Forget what you know about electric cars. Citroën Survolt concept combines undiluted glamour with advanced sporting dynamics, then adds a 100% electric drivetrain. Outside, LED lights, voluptuous curves, two-tone charcoal and fuchsia paintwork, and a race-inspired rear spoiler meet your gaze. Inside, a stunning blend of curved chrome, swooping glass, high technology and organic forms welcomes you to an entirely new place. But this is no simple styling exercise. At heart, Survolt is even more radical, because although it is designed to thrill, it is powered purely by silent, efficient, clean electricity.

# GLOSSARY

## › HIGH-PRESSURE DIRECT INJECTION DIESEL ENGINE

Our HDi diesel engines operate with the fuel under extremely high pressure, enabling microscopically precise injection control. With this level of management it's possible to inject at different times during the same engine stroke allowing total control over the combustion process. This has allowed our engineers to reduce carbon monoxide emissions by 40%, unburned hydrocarbons by 50% and engine particulates by 60%. Fuel consumption is 20% lower than a prechamber diesel engine, resulting in an equivalent reduction in CO<sub>2</sub> emissions and thanks to the torque available at low engine speed it could be argued that driveability is now better than in petrol engined cars.

## › DIESEL PARTICULATE FILTER SYSTEM (DPFS)

Our unique DPFS collects exhaust particulates (soot) that would have been bound for the air around us and burns them off at 550 degrees C. This means that 'black smoke' is eliminated completely. And because the filter is constantly burning the particulates it is self-cleaning and requires no maintenance.

## › ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the car to continue being steered and therefore controlled during this braking incident. The Citroën C3 Picasso's ABS system is further enhanced with EBA and EBD.

## › ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

A conventional ABS system cannot account for any of the four wheels wanting to lock more quickly than the others (for example, two of the wheels may be on snow and two on tarmac). EBD reads the deceleration rate of each wheel individually and applies the ABS principles accordingly.

## › EMERGENCY BRAKING ASSISTANCE (EBA)

As drivers we find it difficult to instinctively brake very hard, but this is often what is needed in those rare emergency situations. The EBA system recognises our 'attempt' to brake hard and in combination with the ABS and EBD systems instantly applies the maximum stopping power possible.

## › ELECTRONIC STABILITY PROGRAMME (ESP)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESP's control unit constantly compares where the driver intends going (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle 'in line'.

## › VARIABLE POWER ASSISTED STEERING

A system that provides extra power assistance for a vehicle's steering at low speeds (such as turning a sharp corner) and less assistance during high-speed situations.

## › ON-BOARD TRIP COMPUTER

The Citroën C3 Picasso's multi-function on-board trip computer provides you with information at your fingertips. At the touch of a button you can view a range of data like fuel consumption, average speed and mileage possible at your current fuel level.

## › EMYWAY COLOUR SATELLITE NAVIGATION

eMyWay is completely integrated into the vehicle which avoids the risk of theft. The design has been created for ease of use and with steering wheel controls, navigating from your phone to the satellite navigation couldn't be any easier. eMyWay allows you to define routes, stops and places of interest with the added benefit of vocal instruction. eMyWay also provides live traffic updates of any congestion spots or delays. A GPS integrated aerial is built into the vehicle, to maximise the reception of satellite information; therefore permitting an accurate location of the car.

## › RADIO DATA SYSTEM (RDS)

A traffic information on FM radio, allowing the station name and other information to be transmitted alongside audio information.

## › FRONT SEAT BELT PRE-TENSIONERS

In the event of a crash, a pre-tensioner will tighten the seat belt almost instantaneously. This reduces the load on the occupant in a violent crash. Like airbags, pre-tensioners are triggered by sensors in the car's body, and use explosively expanding gas to drive a piston that retracts the belt. Seat belt pre-tensioners also lower the risk of 'submarining', which is when a passenger slides forward under a loosely worn seat belt.

## › ISOFIX

A standardised and more simple method for installing child seats, each seat is 'clicked' into place via a three point system. On the Citroën C3 Picasso, Isofix is installed on the outer rear seats.
