

CITROËN

NEW CITROËN
ë-C4 X ELECTRIC

During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

1974

Citroën launches CX. It's the ultimate mix of technical innovation and advanced design with the engine and gearbox positioned together at the front. Sophisticated hydropneumatic suspension, concave rear screen and a futuristic dashboard help it to succeed amongst more ordinary rivals.

2019

The spectacular design of the 100% electric 19_19 Concept is inspired by aeronautics and pushes comfort to the extreme, with a lounge on-the-move experience created by intelligent suspension. It also provides autonomous driving, a personal assistant and a range of 500 miles.

CITROËN
Origins

CLICK ON THE LOGO
TO FIND OUT MORE

Discover the models that make up Citroën's extraordinary history, from 1919 to the present day.

1934

Citroën revolutionises the automotive landscape with Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

1939

Citroën launches 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1948

The much-loved 2 CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

1955

Unveiled to a stunned public at the 1955 Paris Motor Show, DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'. Under the skin it's just as advanced.

1968

It's a golden age for light and agile vehicles like Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

1970

The modern looks and neat style of GS will see it remain one of the most aerodynamic and comfortable vehicles on the market for years to come. Equipped with a flat 4-cylinder engine and hydropneumatic suspension, this hatchback will go on to sell around 2.5 million units.

A CITROËN FOR EVERYONE

Around town or across the country, every Citroën provides pure comfort and a welcoming environment. It's always been this way. Today, Citroën gives you the choice between internal combustion engine and electric vehicles.

NEW CITROËN ë-C4 X ELECTRIC

EIGHT KEY FEATURES

ALL-ELECTRIC POWER

Up to 222 miles of range* for journeys which also deliver a blissfully quiet driving experience.

PAGES 10-11

THE ELEGANCE OF A FASTBACK WITH THE ATTITUDE OF AN SUV

An all-new concept: the aerodynamic roof line and raised wheel arches combine fastback and SUV styling.

PAGES 12-19

ADVANCED COMFORT SUSPENSION

For a "magic carpet ride" effect, all New ë-C4 X Electric models are equipped with suspension with progressive hydraulic cushions.

PAGES 22-23

ADVANCED COMFORT SEATS IN THE FRONT AND REAR

The welcoming seats are exclusive to Citroën, with a 15 mm layer of foam on the surface and high-density foam at the core. They provide a unique combination of visual, postural and dynamic comfort.

PAGES 24-25

SPACIOUS 510-LITRE BOOT

New ë-C4 X Electric has a very generous, extra-wide boot compartment which is easy to access thanks to its wide opening.

PAGES 28-29

SMART PAD SUPPORT FOR YOUR TABLET

This sturdy, secure, functional and retractable system is fully integrated into the dashboard.

PAGES 32-33

DIGITAL ASSISTANT WITH VOICE RECOGNITION

Simply say "Hello Citroën" to activate the new and intuitive My Citroën Drive Plus interface. It will answer your questions and do as you ask!

PAGES 34-35

COLOUR HEAD-UP DISPLAY, JUST ONE OF THE DRIVING ASSISTANCE TECHNOLOGIES

In addition to the colour head-up display system projected into the driver's field of vision, New ë-C4 X Electric is kitted out with a range of advanced technology to enhance safety and comfort.

ALL ELECTRIC POWER

New ë-C4 X's electric motor has 100 kW (136 hp) of power and 260 Nm of immediately available torque, taking it from 0 to 62 mph in 10 seconds in Sport mode. The traction battery, which has a capacity of 50 kWh has a warranty for 8 years or 100,000 miles for 70% of its charging capacity. In addition to its range (up to 222 miles based on the WLTP cycle), New ë-C4 X Electric has a Brake Mode which amplifies deceleration and recovers energy without you pressing the brake pedal. In town, New ë-C4 X allows you to access low emission zones, in addition to delivering the pleasure of all-electric driving, with no tailpipe CO₂ emissions and real savings on running costs.

STYLE

Unique and refined design

New ë-C4 X Electric joins the latest generation of the Citroën car family, providing a distinctive and elegant alternative to conventional medium-sized hatchbacks and SUVs. At 4.6 metres long, its distinctive profile gives the impression of leaping forwards. At the rear, elegant LED lights complement those at the front. Positioned on either side of the boot, they carry through into the corners and form an arrow shape on the sides of the car to emphasise its dynamic design.

ELEGANT AND AERODYNAMIC

New ë-C4 X Electric combines a resolutely innovative SUV design with fastback styling. The roof line flows seamlessly from the top of the windscreen through to the top of the boot. This body styling delivers a drag coefficient of 0.29. The front end stands out with a high and horizontal bonnet and chrome chevrons which stretch across the width of the body. The double-height front lamps use Citroën LED Vision lighting technology to provide maximum visibility. The air intake grilles use a "macro chevron" pattern which emphasises the vehicle's refinement. At the rear, gloss black inserts add further depth and elegance.

MODERN SUV ATTITUDE

Thanks to the large 690 mm wheels, New ë-C4 X Electric gives you an SUV-inspired driving position, which is higher than a conventional hatchback. The matt black wheel arch protectors and Airbump® panels with coloured inserts on the body sills enhance the feeling of robustness. At the rear, under the opening of the generous boot, is a sculpted bumper. Looking further up, an integrated spoiler sits at the top of the boot.

Hover over to see the ambiances

INTERIOR AMBIENCES

You will be attracted both by the modern attitude of New ë-C4 X Electric and by the well-being experienced on board. The interior ambiances make New ë-C4 X a calm and comfortable environment, no matter how long the journey.

The **Urban Grey** ambience combines the comfort and subtlety of padded, grey chevron cloth with black leather-effect fabric and a grey cloth band with a graphic screen-printed chevron pattern.

The **Alcantara® Grey** ambience exudes elegance through the combination of the Wind Grey Alcantara® and black leather-effect cloth.

The **Hype Black** ambience provides the universal distinction of padded, black grained leather, combined with black leather-effect fabric and a grey cloth band with a graphic screen-printed chevron pattern.

WELL-BEING

FOR UNRIVALLED ULTIMATE COMFORT

Contemporary and welcoming, New Citroën ë-C4 X's interior has been designed to ensure serenity reigns supreme. The CITROËN ADVANCED COMFORT® programme delivers innovative, technological and intelligent solutions to create well-being for drivers and passengers alike, and confirms Citroën's driving-comfort credentials. Four main themes are at the heart of this comfort engineering: the cocoon effect, practicality, fluidity and peace of mind.

SIMPLE
TO USE

FOR FURTHER INFORMATION

ADVANCED COMFORT SUSPENSION

New ë-C4 X Electric treats you to well-being on board and an exceptional driving experience thanks to its suspension with progressive hydraulic cushions, which gives you a real "magic carpet ride" effect for light compressions and decompressions and irons out any jolts when driving on uneven road surfaces. This Citroën innovation delivers a whole new experience of comfort.

ADVANCED COMFORT SEATS

Another exclusive Citroën innovation, the Advanced Comfort Seats on New ë-C4 X Electric provide you with several types of comfort. There is visual comfort with their clearly visible padding, welcoming comfort with immediate softness and support, and dynamic comfort thanks to the high-density foam at the core of the seats, which avoids any sagging over time. Finally, there is postural comfort by way of height adjustment for the front seats, not to mention the wide side and central armrests in both the front and the rear. In addition to the heating function, there is also the option of a massage function for the front seats, for even greater well-being.

EXCEPTIONAL INTERIOR SPACE

Inside New ë-C4 X Electric, you'll find an unrivalled feeling of inner peace and space. The rear passengers are particularly well treated, with very generous knee room of 198 mm. The vehicle width allows three people to sit in the rear in optimal comfort. In addition, intelligent and practical storage compartments have been fitted in every nook and cranny, with 16 open and closed spaces, giving a total storage volume of 33 litres.

SPACIOUS 510-LITRE BOOT

Inside the boot, a flat floor gives you a width of 1,010mm between the wheel arches and a maximum length of 1,079mm. Lifting large suitcases and other luggage in and out of the boot is easy thanks to an unobstructed loading sill. The boot aperture is also very wide. An extra storage space under the boot floor enables you to transport additional objects and neatly house the charging cable or cables for New ë-C4 X Electric.

REAL COMFORT ON BOARD

The ambience and brightness in New ë-C4 X Electric have been enhanced to ensure that every journey is a perfect experience. The minimal noise from the motor is complemented by high-quality acoustics, and the materials are warm and welcoming. Also, in addition to the substantial door and window glass area, there is the option of a wide, glazed electric sunroof. This bathes the whole passenger compartment in light. It is also fitted with a retractable sunblind for optimum control. A comprehensive set of equipment guarantees that everyone on board can travel at their ideal

temperature. In particular, this includes an automatic dual-zone air conditioning system with dedicated controls located on the central control panel for easier use, as well as heated front seats and a heated steering wheel (dependent on version).

Passengers in the rear seats are also able to control the flow of air using air vents located at the rear of the centre console. The all-electric powertrain also provides ë-Comfort class transport, with a total absence of vibration, no noise or hesitations, plus immediately available torque.

INNER PEACE

Cutting-edge technology
for a peaceful experience

New ë-C4 X Electric has a complete connectivity package via Citroën's new-generation infotainment interface: intuitive navigation, connected services for greater comfort and safety, and high-performance systems.

The front passenger also benefits from the Citroën Smart Pad Support™, a clever retractable support system which is built into the dashboard, enabling you to secure a tablet device in complete safety.

Everything has been brought together to make every moment on board perfect.

PRACTICAL CONNECTIVITY EVERY DAY

The new intuitive My Citroën Drive Plus interface uses a 10-inch HD touchscreen. Designed to perform like a tablet, it can be personalised using a system of widgets. Your favourite content is automatically displayed on the instrument panel and on this new screen. You can change all of the content at any time, according to your needs. This interface also includes easy-to-use natural voice recognition, like a real personal assistant who understands what you're saying, answers your questions and does as you ask. To activate My Citroën Drive Plus using your voice, just say "Hello Citroën". You then have access to the weather forecast, navigation, music and your smartphone. Also, with the Colour Head-Up Display, the driver can keep their eyes on the road as the key driving information is displayed in your field of vision.

STAY CONNECTED

For greater comfort and safety, a package of Citroën Connect services is available to complement the My Citroën Drive Plus interface on New ë-C4 X Electric.

MY CITROËN PLAY

This system allows you to use your favourite smartphone apps without taking unnecessary risks. The service offers wireless connectivity and is compatible with Apple CarPlay® (including Siri voice control) and Android Auto™. Connecting via Wi-Fi, compatible apps are displayed directly on the central interface screen. In addition, New ë-C4 X Electric can be equipped with up to four USB ports and wireless smartphone induction charging.

MY CITROËN ASSIST

This geolocated emergency and assistance call service is free of charge, does not require a subscription and is available 24 hours a day, 7 days a week. It sends the appropriate help either automatically or by pressing the emergency or assistance button.

CHARGE WITH EASE

HOVER OVER
THE IMAGES TO SEE THE
DIFFERENT MODES

New ë-C4 X Electric has been designed to make your life easier, just like all the technology that you use every day. Using the touchscreen or the MyCitroën app, charging can be programmed or deferred, for example to take advantage of off-peak rates. The charging flap is colour-coded so that you can monitor the charging process, which can also be consulted remotely on the MyCitroën smartphone app. The connection is also very easy thanks to the ergonomic charging port. As for the charging cables, they can be stored under the boot floor.

3 TYPES OF CHARGING

Whether you are in town, on the motorway or at home, there are various solutions for charging New Citroën ë-C4 X Electric. The choice is yours, based on your needs.

STANDARD SOCKET

Using a domestic standard socket, for ad-hoc charging, a full battery charge takes 24 hours via a 3-pin charging cable (available as an accessory).

WALL BOX OR PUBLIC CHARGING POINT

A wall box socket can be installed at your home. This charges the battery from 0% to 100% in 7.5 hours with a single-phase power supply, and even in just 5 hours with a three-phase supply using the optional 11-kW charger. You can also benefit from public charging points using the included Type 2 cable.

RAPID CHARGING POINT

At a public rapid charging point offering 100 kW charging, the battery can be charged from 0% to 80% in just 30 minutes, i.e. at the rate of 6 miles per minute.

INTUITIVE ELECTRIC INTERFACE

Several interfaces are available to oversee the status of your New ë-C4 X Electric. They are intuitive and easy to both read and use. The dedicated display mode on the digital instrument panel allows you to view the gauge or the range and gives you access to three key pieces of information: the power indicator, the energy flow or the temperature settings.

The specific pages on the 10-inch touchscreen located in the centre of the dashboard display the operating status of the system, the settings for deferred charging of the battery and those for the cabin temperature preconditioning. When the car is charging, the screen displays, for example, the remaining time required to obtain a full charge; the range recovered, expressed in miles, or the percentage of battery charge recovered.

Customisable interface: to display your favourite content.

Statistics: to view your electrical consumption and optimise your driving.

Energy flow: to view how the electrical technology is working.

YOUR PERSONAL SPACE ON THE MY CITROËN APP

Stay connected at all times using the MyCitröen app, which you can download on your smartphone. It puts all of the important information about your vehicle at your fingertips, to help you get the most from the Citroën ownership experience.

In this way, you can:

- Locate your vehicle.
- Make an appointment at an authorised repairer.
- Consult the vehicle handbook.
- Consult the Maintenance and Warranty Guide.
- Contact Citroën Assistance.
- Access the key information on the battery charge status, the charging time and the remaining vehicle range.
- Obtain advice on charging.
- Programme a deferred charge.
- Start the cabin temperature preconditioning.

myCitröen

HIGHWAY DRIVER ASSIST

This semi-autonomous driving system combines the Adaptive Cruise Control with Stop & Go function and a system which keeps the vehicle in its lane. Since the speed and the trajectory are factored in by the system, the driver can partially delegate the driving, while maintaining their concentration on the road with their hands on the steering wheel. They can take back full driving control at any time.

SAFETY AND WELL-BEING ON BOARD

360 VISION

This function makes manoeuvres easier by displaying a view from above the car and of its 360° surroundings on the touchscreen. This technology offers three different views and selects the most suitable one for the manoeuvre in progress. The desired view can also be chosen manually.

BLIND SPOT MONITORING SYSTEM

Very useful on roads with more than one lane, this monitoring system indicates to the driver that there is a vehicle in the blind spots, using an orange LED located in the corner of the door mirrors.

REVERSING CAMERA WITH TOP REAR VISION

When reverse gear is engaged, the camera provides the view behind the vehicle on the touchscreen, enhanced with coloured lines, as well as a reconstructed 180° image of its rear surroundings. When approaching an obstacle, the camera zooms in automatically.

PROXIMITY KEYLESS ENTRY AND START

This system allows you to lock, unlock and start your vehicle while keeping the key on your person. The vehicle recognises its driver as they approach.

ACTIVE SAFETY BRAKE

This emergency braking system reduces the risk of collisions. It works from speeds of 3 mph with fixed or moving objects and with pedestrians. If a risk of collision is detected, an alert is given to the driver. If the driver does not react, the system applies the brakes automatically.

ACTIVE LANE DEPARTURE WARNING SYSTEM

This system works using a camera which recognises solid and broken lines. If the line is approached without the driver activating the indicators, the steering will gradually counter-steer to keep the vehicle in its initial lane. This technology helps to combat a lack of alertness on the part of the driver.

INTELLIGENT BEAM HEADLIGHTS

This function controls the switching between main and dipped beams, depending on the traffic, when vehicles are detected approaching from the opposite direction or overtaking. This system provides optimum lighting when driving at night.

EXTENDED TRAFFIC SIGN RECOGNITION AND SPEED RECOMMENDATION

This system informs you of the speed limit to observe. When a speed limit sign is detected by the camera, the driver can accept the speed recommendation and set this as their cruise or limit speed. "Stop", "No Entry" and "No Overtaking" signs are also detected.

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

• CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

• CITROËN ASSISTANCE

Citroën Assistance brings rapid expert roadside assistance to you in an emergency in response to a telephone call. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, misfuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. For more details, please contact Citroën at <https://www.citroen.co.uk/owner-services/emergency-assistance>

* 2 years' unlimited warranty. No-fee customer option of 1 year's Retailer provided warranty, only on cars sourced from Citroën UK Limited. Note: Retailer provided warranty is limited to 60,000 miles for cars.

** Against all internal to external perforation to bodywork or underbody.

• CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens. To find out more, contact your Citroën retailer or Citroën Authorised Repairer.

• CITROËN SERVICING

Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles. For further information, please contact your Citroën retailer.

• CITROËN MOT TEST

Once your vehicle is three years old, it requires an annual MOT Test. This is a legal requirement to check that it meets road safety and environmental standards. Our nationwide network of Citroën Authorised Repairers know your Citroën best, so if your vehicle's MOT Test is due, why not contact your local Citroën retailer? You can be confident that your vehicle will be looked after by one of our expert trained Citroën Technicians, nominated by DVSA as accredited MOT Testers. Plus, whilst your vehicle is with us, we'll carry out a free manufacturer diagnostic test, check for any new technical updates and carry them out for free - that's the advantage of getting your test done by the people who really know your Citroën.

Blue LED:
Deferred charging mode

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO₂ figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO₂ and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures.

* 'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën retailer for the most up-to-date prices and specification details for all models.

Electric charging options			
11 kW three-phase onboard charger - offers faster charging only where three-phase power is available ¹	£300	£300	£300

Highway Driver Assist

This semi-autonomous driving system combines the Adaptive Cruise Control with Stop & Go function and a system which keeps the vehicle in its lane.

¹ Offers faster charging only where three-phase power is available. We do not recommend this option unless you intend to charge your ë-C4 X primarily from a source connected to three-phase power (unlikely if a home charge point). Using this charger in conjunction with a single-phase power source will not offer any improvement in charging time over the 7 kW onboard charger..

NEW CITROËN Ë-C4 X

Technical

Battery Electric Vehicle 100 kW	
Electric Motor	
Motor power	100 kW / 136 hp
Max torque (Nm @ RPM)	260 @ 3674
Operating voltage	400
Traction battery	
Battery capacity (kWh)	50
Operating voltage (V)	400
Traction battery warranty	8 years / 100,000 miles for 70% capacity
Onboard charger	7.4 kW single phase (11 kW three-phase optional)
Charging port	Combined CCS / Type 2
Estimated charging times	
Rapid charge to 80% on 100 kW DC charger via CCS	30 minutes
Accelerated charge via 32 A wallbox - single phase AC	7 hours 30 minutes
Slow charge via domestic 13A socket - single phase AC	> 24 hours
Transmission type	Single speed automatic transmission with Brake Mode
Performance (All figures driver alone)	
Max speed (mph)	93
0-62mph (secs)	10.0
Standing 1000m (secs)	32.2
Range (miles)	
Combined	221 - 222
CO ₂ emissions at tailpipe (g/km) - WLTP - standard versions	0

Battery Electric Vehicle 100 kW	
Weights (kg)	
Kerb Weight	1621
Gross vehicle weight	2040
Max towing weight braked/unbraked	n/a
Brakes	Ventilated front discs. Rear discs
Steering	
Turning circle between kerbs (m)	10.9
Exterior dimensions (mm)	
Length	4600
Width (excluding mirrors)	1834
Height	1525
Wheelbase	2670
Boot volumes & dimensions	
Seats up - below parcel shelf max (litres VDA)	510
Max with seats folded	1360

The range and electric consumption figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1 September 2018. They may vary depending on actual conditions of use and on different factors such as : speed, thermal comfort on board the vehicle, driving style and outside temperature. The charging time depends in particular on the power of the charger on board the vehicle, the charging cable and the type and power of the charging station used.

NEW CITROËN Ë-C4 X

Performance with care for the environment

With its sophisticated and technologically advanced range of engines, Citroën is well placed to reconcile performance with low taxation levels and reduced environmental impact.

Today more than ever, this means that when choosing a Citroën vehicle you are guaranteed access to superb value for money motoring.

For example, the Citroën C3 Shine Plus, when specified with the BlueHDi 100 S&S Diesel manual engine produces only 119g/km of CO₂ and therefore qualifies for the G band of Vehicle Excise Duty.

Company Car Benefit-In-Kind Taxation Charges

The Company Car Benefit-In-Kind Taxation charge is based upon the type of fuel used, and the level of CO₂ emissions, measured in grams per kilometre (g/km). The table below shows the percentage of the car's list price to be taxed (P11d value†).

For example a New Citroën C5 Aircross Sense Plus BlueHDi 130 S&S EAT8 has a CO₂ emissions figure of 145g/km and a P11d figure of £30,105.00.

The BIK value would therefore be
34% x £30,105.00 = £10,235.70.

More information about the Company Car Benefit-In-Kind Taxation Charges can be found on: www.citroen.co.uk/fleet-and-business/citroen-business or by contacting Citroën Fleet Connect on 0800 023 4000.

2023–2025 Tax Year:

CO ₂ (g/km)	Electric Range (miles)	Appropriate % for 2023 to 2025†
0	N/A	2
1 to 50	130+	2
1 to 50	70 – 129	5
1 to 50	40 – 69	8
1 to 50	30 – 39	12
1 to 50	<30	14
51 to 54		15
55 to 59		16
60 to 64		17
65 to 69		18
70 to 74		19

95 to 99		24
100 to 104		25
105 to 109		26
110 to 114		27
115 to 119		28
120 to 124		29
125 to 129		30
130 to 134		31
135 to 139		32
140 to 144		33
145 to 149		34
150 to 154		35
155 to 159		36
160+		37

Graduated Vehicle Excise Duty (Road Fund Licence)

The Graduated V.E.D. bands classify all new cars into one of thirteen Vehicle Excise Duty bands, depending on their type of fuel and carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). There are two V.E.D. rates, a rate for the first year and a rate for subsequent years.

First license rates for cars registered on or after 01/04/23 based on CO₂ emissions and fuel type:

Band	CO ₂ (g/km)	Petrol/Diesel car* (tax class 48 and 49)	Alternative fuel car (tax class 59)
12 months			
A	0	£0.00	£0.00
B	1-50	£10.00	£0.00
C	51-75	£30.00	£20.00
D	76-90	£130.00	£120.00
E	91-100	£165.00	£155.00
F	101-110	£185.00	£175.00
G	111-130	£210.00	£200.00
H	131-150	£255.00	£245.00
I	151-170	£645.00	£635.00
J	171-190	£1,040.00	£1,030.00
K	191-225	£1,565.00	£1,555.00
L	226-255	£2,220.00	£2,210.00
M	Over 255	£2,605.00	£2,595.00

† The new Car's price to be taxed includes:

- Manufacturer's Recommended Retail Price (inc V.A.T.)
- Delivery to Retailer and Number Plates (inc V.A.T.)
- The list price of an option or an accessory (inc V.A.T. plus delivery and fitting charges if relevant). Some exceptions apply but excludes:
- Graduated Vehicle Excise Duty
- Government First Registration Fee

* Diesel cars tested to RDE2 standards.

** Diesel cars tested to RDE standards.

NEW CITROËN Ë-C4 X

| Citroën & You

A network of Citroën New Car Retailers, Authorised Repairers and Parts Distributors are equipped and trained to meet the needs of today’s Citroën customer.

Retailers can offer advice on vehicle funding; via Citroën Contract Motoring with packages such as Contract Hire, Finance Lease or Lease Purchase for Business Users, or via Citroën Financial Services with Hire Purchase or Citroën Personal Contract Purchase for Retail buyers.

In addition Authorised Repairers have a team of technicians skilled in the care and maintenance of Citroën products.

Citroën Personal Lease

Personal Lease is an alternative way to enjoy a new Citroën without the cost of ownership. Instead of owning the car, you rent it for a fixed period and then return it to your local Retailer where you can exchange it for a brand new one.

You set your preferred contract terms and anticipated annual mileage. With leasing which can be arranged for a period up to 4 years, Personal Lease offers you an alternative method of funding your new Citroën. One initial bulk advance rental will be required. This is between 14%–16% of the ‘On the Road Recommended Retail Price’ plus any advance rental contribution from Citroën UK.

Excess mileage charges may apply if the agreed annual mileage is exceeded. Citroën contribution on selected models only. Payment of the optional final rental extends the rental term (this does not transfer title of the vehicle) & requires an annual rental equivalent to one month's rental. All based on a 36 month contract with an annual mileage set at 6,000 miles on C1, C3, C3 Aircross, Berlingo and 8,000 miles on all other models. All rentals inclusive of VAT. Finance subject to status. Over 18s only. Finance provided by and written quotations available on request from PSA Finance UK Limited (company registration number: 01024322) having its registered office at 61 London Road, Redhill, Surrey, RH1 1QA. PSA Finance UK Ltd is authorised and regulated by the Financial Conduct Authority.

Citroën Fleet and Business Sales

All Citroën New Car Retailers are dedicated to meeting the specialist needs of both the fleet and business buyer. Their comprehensive service can include advice on important business vehicle decisions, such as alternative acquisition methods, disposal of existing cars and vans, priority servicing and much more. In short, their expertise aim to provide a ‘total transport solution’ for all your fleet or business vehicle needs.

If you would like to contact Citroën direct for further information, please call Citroën Fleet Connect on 0800 023 4000.

Or [click here](#)

Full details available on request. Credit subject to status and to over 18s only. A guarantee may be required. Finance provided by and written quotations available on request from PSA Finance UK Limited (company registration number: 01024322) having its registered office at 61 London Road, Redhill, Surrey, RH1 1QA. PSA Finance UK Ltd is authorised and regulated by the Financial Conduct Authority. Telephone calls may be recorded or monitored for training or quality purposes.

Comprehensive Warranty

Every new Citroën car offers the benefit of a three year* warranty package, plus a 12 year anti-perforation** warranty and a three year paint warranty.

Modern car batteries themselves are largely free of maintenance as they’re designed to last the lifetime of the car, or even longer. For added peace of mind, Citroën electric cars come with a warranty that guarantees 70% battery capacity for 100,000 miles or eight years.

* Two years’ unlimited mileage manufacturer’s warranty. No-fee customer option of one year’s Retailer provided warranty, only on vehicles sourced from Citroën UK Limited. Note: Retailer provided warranty is limited to 60,000 miles for all passenger vehicles.

** Against all internal to external perforation to bodywork or underbody on condition the car undergoes an inspection by a Citroën franchised Retailer every two years from its fourth anniversary.

Extending Your Warranty

For continued peace of mind, you can extend your warranty beyond the end of Citroën’s manufacturer warranty with a Citroën Extended Warranty, providing your Citroën is less than 3 years old and has covered less than 60,000 miles.

[Click here to purchase Citroën Extended Warranty](#)

Citroën Assistance

In response to a free telephone call, Citroën Assistance brings rapid roadside support to you in the event of a breakdown.

For new vehicles, cover comes free of charge for a full year, from the date of your vehicle’s registration. Cover is operational 24 hours a day in all parts of the UK and Europe. Within the first twelve months, the following services are in force: Citroën Roadside Assistance, Citroën Recovery, Citroën Assistance From Home, Citroën Onward Travel, Citroën European Cover. Services include nationwide recovery for both the vehicle and passengers, a home call service, replacement vehicle and hotel accommodation. Cover includes manufacturing defects only. Citroën Assistance is available to be purchased for vehicles in their 2nd and 3rd years, for a one-off up-front payment of £75 per year and includes European cover.

Full details are available on request from Citroën UK, [click here](#)

Servicing

When your vehicle is due for a service you need just the right mix of unique expertise, surprising value and real convenience. With the Citroën Care Plan that’s exactly what you get. Choose the plan when ordering your vehicle and for just £15.99 a month (over 36 month), you will benefit from:

- Scheduled Servicing†
- Brake Fluid Replacement†

Better still, you get the unique reassurance of our Citroën Price Promise that guarantees all work is carried out by trained technicians using only Citroën Approved Parts. You will also benefit from a FREE 22 point vehicle health check and FREE technical updates.

† As outlined in your vehicle’s Maintenance & Guarantee Guide. Less than 12,000 miles per annum usage profile, terms and conditions apply. Contact your local Citroën Retailer for details

Maintenance

For a single fee or low monthly payments, you can put yourself in control of your maintenance costs. Depending on your needs, you can choose from a package that covers you between 12 and 48 months and between 10,000 and 150,000 miles and provides you with:

- Scheduled Servicing†
- Periodic Maintenance†

• Wear and Tear Cover – The replacement of friction materials such as brake pads, discs, wiper blades, clutch and other such items needed to keep you and your vehicle on the move

• Citroën Assistance, provided by the AA, includes: Roadside & At Home Assistance, Recovery, Onward Travel and European Cover

• MOT test fees

Why not add the following option to your chosen package:

• Replacement of worn tyres, including wheel balancing (includes puncture repairs)

• Replacement vehicle whilst yours is being serviced or MOT’d

Rest assured that all Maintenance and Servicing work will be carried out by qualified Citroën Technicians at any Citroën Authorised Repairer within the UK, using only Citroën Original Equipment and Approved Parts.

For further information, please contact your Citroën Retailer.

Citroën Motor Insurance

Citroën Insurance has been designed specifically for our vehicles. You don’t just get repairs you get Citroën expertise, service, quality and parts. You see, where other insurers see a vehicle, we see a Citroën.

So, when the time comes to renew your insurance cover, call Citroën Insurance on 0370 024 2725. (Lines open 8am-8pm weekdays, 9am-5pm Saturdays)

Alternatively, [click here](#) for more information or to apply online.

Citroën Insurance policies are underwritten by U K Insurance Limited, Registered office: The Wharf, Neville Street, Leeds, LS1 4AZ. Registered in England & Wales No. 1179980. U K Insurance Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Citroën Insurance is a trading style of PSA Finance UK Limited (company registration number: 01024322) having its registered office at 61 London Road, Redhill, Surrey, RH1 1QA.

Or [click here](#) to contact Citroën directly. Alternatively, for further information, please contact your Citroën Retailer.

SpeedCam/Danger Zones package

The SpeedCam/Danger Zones package helps you identify situations which require increased attention by sending you both audible and visual alerts (subject to settings).Within the UK the service highlights different types of speed cameras, and red light cameras, as well as accident blackspots. While the service is operational across most of Europe, it adapts as necessary when travelling in different countries to ensure the local laws with respect to Speed Camera identification are followed.

This option can be added to your Citroën Connect Nav subscription at any time. Please [click here](#) to subscribe.
