“I need fuel”

“Find Town centre”

“I need to park”

“I’m hungry”

➤ Ford SYNC 3
Connects with your voice, responds to your touch.

New **SYNC 3*** gives you control of everything from music and satellite navigation[®], to phone calls, apps and text messaging – all through simple voice commands. The intuitive 8" colour touchscreen lets you configure your home screen just how you want it, while Applink, Apple CarPlay and Android Auto, allow you to bring your compatible smartphone technology into your car.

*SYNC 3 is optional on Zetec. Standard on all other series.
[®]SYNC 3 satellite navigation standard for Titanium and ST-Line. Option on Zetec.

| SYNC

➤ Active city stop
***Intelligent
technology.***

Designed to sense potential low-speed collisions and applies the brakes if you don't react in time. Designed to work at speeds up to 30 mph, this intelligent technology could help prevent or mitigate damage from low-speed accidents.

Active Park Assist helps you find a space.

Active Park Assist is designed to steer you into parallel or perpendicular parking spaces just 20% longer and 50% wider than the car. The sensors of this innovative system locate suitable spaces as you drive past. Then, with the simple push of a button, it will automatically steer you in while you operate the accelerator, brake and gears (following on-screen instructions and audible signals). (Optional on Zetec and Titanium, Standard on ST-Line)

And get in. And get out.

Park-Out Assist works like Active Park Assist in reverse, helping you manoeuvre out of a parallel space. The system is designed to steer while you keep control of the accelerator, brake and gears. When the system has cleared the space, it gives you a 'Take control of steering' message through the centre display screen. (Optional on Zetec and Titanium, Standard on ST-Line)

➤ **Enhanced Active Park Assist**
Let Kuga park itself.

Active Park Assist is designed to park your Kuga for you. The system locates suitable parking spaces and can automatically steer you in. It can manoeuvre you out of spaces too. All you need to do is operate the accelerator, brake and gears. (Optional on Zetec and Titanium, Standard on ST-Line)

➤ Intelligent All Wheel Drive system (AWD)
Follow your own path.

Ford Kuga's intelligent All Wheel Drive system continually monitors your driving environment, optimising traction to direct power between wheels as required. A display on the cluster panel shows the drive going to each wheel, helping you stay alert to any changes in the road conditions.

➤ Ford EcoBoost petrol engine

The story of less fuel, more power.

With turbocharging, direct petrol injection and variable valve timing, our award-winning Ford EcoBoost engines deliver the same performance as traditional larger engines, but with much better fuel economy and lower emissions.

➤ Bi-Xenon headlights
with dynamic bending
***See more of the
road.***

Ford Kuga's Bi-Xenon headlights are more powerful than conventional headlights, but use less energy. Also includes static cornering lights and headlight washers, plus progressive beam, dynamic bending, and LED daytime running lights. (Optional on ST-Line and Titanium)

***A new expression
of Ford.***

Experience a new expression of Ford with Kuga Vignale. Ford Vignale features exclusive styling with hexagonal-style mesh front grille, unique alloy wheels and a luxurious leather interior. The vehicles shine with craftsmanship and attention to detail. Check our Vignale brochure for more information.

Choose the right Kuga for you

Zetec

With its elegant design, impressive integrated technologies, and superb range of engines, a Ford Kuga is the perfect choice.

Titanium

Luxury model

Premium materials and additional technologies deliver superior levels of sophistication and comfort.

ST-Line

Sport model

Unique exterior bodystyling features and interior detailing, give the Kuga ST-Line a distinctively sporty character.

Zt Zetec

● **Key standard exterior features**

- 2.0 Duratorq TDCi 180 PS

Heated steering wheel

Easily activated at a push of a button, Ford Kuga's heated steering wheel provides an additional layer of comfort between you and the cold outside (optional only on Titanium and ST-Line).

Electric Parking Brake (EPB)

For ease of operation, a simple switch located neatly on the centre console activates the Electric Parking Brake (EPB), allowing you space for extra storage between front seats. The EPB will automatically release as you pull away (Standard on Titanium and ST-Line, not available on Zetec).

Retractable tow bar

Electrically released tow bar is there when you need it, but can be tucked away out of sight for uncompromised styling and easier access to load space. A detachable tow bar is also available, as well as a fixed tow bar (accessory). While towing, the standard Electronic Stability Control (ESC) is designed to counteract trailer sway (optional).

	Standard	Option
Zetec		
Titanium		
ST-Line		

Blind Spot Information System[†] with Cross Traffic Alert

Designed to alert you when another vehicle (a car, van or lorry) enters your blind spot – with a discreet warning light built into both door mirrors. Cross Traffic Alert scans left and right as you reverse from a perpendicular or angled parking space, providing visual and audible alert warnings when an approaching vehicle is detected. (option)

[†]Uses sensors.

[†]Designed to operate at speeds above 7 mph.

Hands-free tailgate

Opening or closing Kuga's tailgate is easy, even when your hands are full. With the keys in your pocket or bag, simply use a gentle kicking motion under the centre of the rear bumper and the hands-free tailgate will operate without you having to touch a thing (option).

Automatic transmission paddle select-shift

Sports style paddle shift levers mounted on the steering wheel allow for faster up and down shifts while driving in manual select-shift mode (standard on all automatic transmissions).

The Ford Kuga now has a wider range of engines to choose from. Offering three impressive variations of the 1.5-litre Ford EcoBoost petrol engines, and two applications of the 2.0-litre Duratorq diesel, you can now prioritise between performance power and fuel economy.

*Ford test figures (front-wheel drive with manual transmission).

The fuel economy figures quoted are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like for like basis. Fuel consumption is directly affected by the length of the journey, number of passengers and amount of load carried, individual driving style, road and traffic conditions, weather conditions, vehicle age, mileage, condition and standard of maintenance, use of vehicle features such as air conditioning and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and for these reasons many drivers may not achieve the EU fuel economy figures in day to day driving although the vehicle is technically capable of doing so.

⁹In 4th gear. ⁹⁰Ford test figures. ⁹⁰The declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dtf.gov.uk/>. DPF = diesel particulate filter. All engines include Auto-Start-Stop.

Rear bumper protection

The durable protection foil, designed for painted bumpers, helps protect against daily wear and tear without compromising the look of your Ford Kuga. (Accessory)

Load retention systems*

Robust retention systems helps keep items of luggage in the load compartment of your Ford Kuga. The guard behind the second row is available as an option only because the fixation brackets cannot be retrofitted (option). Installation of the first row guard is available as an accessory (but only for vehicles fitted with second row option and not in combination with panorama roof).

19" 5x2-spoke Black machined alloy wheels.
(Option and Accessory)

ClimAir®+ wind deflectors

Reduces wind turbulence and noise, allowing you a more enjoyable drive with the windows down, even during light rain. (Accessory)

Mud flaps

Contoured mudflaps help to keep your Ford Kuga clean by reducing road spray and stone chips. Available as sets for front and rear. (Option and Accessory)

Rubber floor mats

The tray-style mat rubber floor mats with Kuga nameplate are designed to help protect against dirt and damp. When securely fixed directly onto the vehicle's floor, the rubberised mats are designed not to slip and interfere with the pedals. (Accessory)

Tow bars

The retractable tow bar is stored out of sight below the rear bumper and will be electrically-released when needed for towing, thereby retaining the car's sleek looks (option and accessory). Detachable and fixed tow bars are also available as accessories. While towing, the standard Electronic Stability Control (ESC) is designed to counteract trailer sway.

Uebler® rear bike carrier

High-quality tow bar-mounted bike carrier from Uebler. Features practical tilting mechanism for easy access to the load compartment. (Accessory)

Load compartment tray

Durable tray, designed to keep the load compartment clean and tidy, ideal for transporting wet or dirty items. (Accessory)

Thule® roof attachments

An array of roof attachments such as roof boxes, bike, ski and snowboard carriers are available. (Accessory)

Crossbars

Sturdy crossbars (only to be used with roof rails) allow you to transport a range of loads easily. (Accessory)

Roof rails

Stylish roof rails (option and accessory) enhance your Ford Kuga's appearance and are required to install versatile crossbars. (Accessory)

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. ♦The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
