effortless

Dark, twisting roads. Busy motorways. Hectic schedules. Start and stop traffic. Tight parking spaces. Find out how the all-new Ford Focus makes it all effortless.

Focus ST-Line X estate shown in Magnetic metallic body colour (option).

Model shown is a Focus Titanium X Estate in Chrome Blue premium body colour (option at extra cost).

Unleash adrenaline

All-New Focus ST

Built for the track; released for the road. Every component fine-tuned for performance. Meet the All-New Focus ST. An aggressively sculpted signature exterior with large rear spoiler enhances aerodynamic performance. Advanced Recaro sports seats mould you to every contour of the road. While all-new Selectable Drive Modes feature – including Normal, Sport and Track[†] modes – lets you tailor your drive to the conditions.

The All-New Focus ST integrates a specially-engineered 2.3-litre (280 PS) EcoBoost engine*, low inertia twin-scroll turbocharger, plus anti-lag, Electronic Limited Slip Differential (e-LSD), and Torque Vectoring technologies – together make this the most powerful, agile, and responsive Ford Focus ST yet.

An optional **Performance Pack** elevates your ST driving experience even further. Additional features include:

- **Launch Control** to aid acceleration from standing starts
- **Gearshift light** indicates optimal up-shift points for each gear
- **Track mode** tailors your drive settings for the circuit
- ****Continuously Controlled Damping (CCD)** adjusts damping responses for outstanding ride quality and driving dynamics

[†]Track mode available as part of optional Performance Pack.

*A 2.0-litre (190 PS) EcoBlue diesel version is also available.

** (Standard on 5 Door Petrol) (Optional as part of Performance Pack - 5 Door Diesel Only) (Not available on Wagon).

Escape the ordinary

Focus Active

Combining the practicality of an SUV with the agility of a hatchback, the sporty new Focus Active crossover lets you take on challenges that others can't.

An elevated driving position and tough body mouldings help you command the road. While unique alloy wheels and wider track enhance the car's stability and your confidence in all conditions. Inside, SUV-inspired design seamlessly blends form with function to deliver a cabin perfect for active lifestyles. And includes Selectable Drive Mode technology to put you in control of your own adventures.

Beautifully crafted interiors

Embark on a journey of discovery with the all-new Focus Vignale. Superior styling and craftsmanship are evident in every detail of the interior, starting with use of premium leather trim. Sophisticated features and state-of-the-art technologies help to make every journey more rewarding. With its ultra-modern, yet timeless design, Focus Vignale is enhanced by high-quality materials and superb craftsmanship to create our ultimate expression of luxury.

Focus Vignale 5-door shown in Ruby Red special metallic body colour (option).

In touch and in control

With clever features and innovative technologies, Focus puts you in complete control. From the head-up display, to the automatic transmission's rotary gear shift selector, every element has been designed for an effortless drive.

- 01 Head-up display*** projects key information in your field of vision, so you can keep your eyes on the road ahead. The clear, bright image can display your choice of content, including vehicle speed, navigation, cruise control notifications and Traffic Sign Recognition data. Compatible with polarised sunglasses.
- 02 Automatic transmission rotary gear shift dial*** lets you select gears easily at the twist of a knob and frees up cabin room for storage.
- 03 Wireless charging pad*** means you can recharge a compatible device without a charging cable.
- 04 Rear wide-view camera*** displays a near 180-degree view behind the car to assist when reversing into or out of spaces where there is limited visibility.
- 05 Power seats*** offer 6-way adjustment for added convenience .
- 06 B&O Premium Sound System*** lets you experience music the way artists intended it to be heard.

*Option at extra cost – see specification tables for availability.

Model shown is a Focus Titanium X in Ruby Red exclusive body colour (option at extra cost). Features shown are options, at extra cost.

Effortless driving

Congested city streets. Start and stop driving. All-new Focus can help take the stress out of heavy traffic. Adaptive Cruise Control with Stop & Go is designed to keep you a safe distance from the vehicle in front, even if it slows to a stop. And when the traffic starts moving again, your car will pull away too. While Lane-Centring Assist can gently correct the steering to help keep you within your marked lane.

- **Adaptive Cruise Control with Stop & Go^{††}** maintains a comfortable distance from the vehicle ahead, and can even bring your car to a complete stop and move off again as the traffic allows
- **Lane-Centring Assist^{††}** continuously detects lane markings and can correct the steering to help keep your car within its marked lane
- **Traffic Sign Recognition[†]** displays important traffic sign information in the instrument cluster and head-up display
- **Speed Sign Recognition** uses data from the camera (and Navigation system where fitted) to determine the speed limit
- **Intelligent Speed Assist** automatically sets the vehicle speed limit to the current valid speed provided by Speed Sign Recognition

*Available for models with automatic transmission only.
†Option at extra cost - see specification tables for availability.

Focus ST-Line X estate shown with large roof spoiler (standard), and Desert Island Blue metallic body colour (option).

Effortless parking, without the drama

Parking in a busy street or a tight space can be a tricky experience. But with Active Park Assist 2†, the all-new Focus makes it easier than you'd ever believe possible. Once activated, the system can identify a suitable space, and perform the entire parking and exit manoeuvres for you. There's no need to put the car in gear, steer or use the pedals – the car does it all for you. (Option at extra cost, only on models with automatic transmission)

- **Active Park Assist 2**** makes parallel and perpendicular parking easy by taking control of the steering, gears and pedals to get your car in, and out, of a space
- **Cross Traffic Alert with Active Braking**†** helps when reversing out of a parking bay, by warning of traffic approaching from either side and can automatically apply the brakes if you fail to respond
- **Rear wide-view camera†** provides a clear view to the left and right at rear of your car when reverse gear is selected

*Available for models with automatic transmission only.
†Option at extra cost - see specification tables for availability.
‡Part of the Blind Spot Information System.

Model shown is a Focus ST-Line X 5-door in Desert Island Blue metallic body colour (option at extra cost) with large rear spoiler (standard).

Styled to satisfy

With room to stretch out and enjoy every journey, the all-new Focus is a destination of quality, choice and space.

On ST-Line X, the carefully crafted interior includes red stitched partial leather-trim and leather-wrapped flat bottom steering wheel. You'll also discover a gearshift gaiter, soft knee pads and front and rear floor mats, all with red stitching. Further highlights include high gloss black and carbon fibre finish décor trims, aluminium pedal covers and gearshift knob.

Model shown is a Focus ST-Line X Estate in Race Red body colour. Image may show optional equipment at extra cost.

Meet your phone's new best friend

Ford SYNC 3

Ford SYNC 3[†] integrates seamlessly with your compatible smartphone, letting you control everything from phone calls and text messaging to music and satellite navigation – all via the 8" touchscreen or through remarkably simple voice commands.

SYNC 3 features

- Manage your phone, music, apps and navigation with simple voice commands
- Hear your text messages read aloud for you
- Emergency Assistance[†] helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language
- Control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you navigate your smartphone through the SYNC 3 home screen, as if it were your handset

- Colour touchscreen supports multi-touch 'swipe' and 'pinch-to-zoom' gestures, and lets you arrange application icons and background displays just as you would on your tablet or smartphone

Access additional features via your smartphone with the **FordPass App**.

- Select points of interest along your route. FordPass will send these locations to your SYNC 3 Navigation when you connect through AppLink
- Search for refuelling points by brand or fuel grade, and compare pricing
- Search available parking spaces, check costs, opening hours and ratings

Please note:
 *Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available, please check official Apple CarPlay and Android Auto websites for the latest information.

[†]Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth[®]-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

Effortless connectivity

For the first time ever, you and your Ford can stay seamlessly connected wherever you are. That's because the FordPass Connect modem and the FordPass App, together unlock a range of features designed to make every journey easier.

FordPass Connect can help save you both time and hassle, as well as give you peace of mind. FordPass Connect features are available as a two year trial (from first registration) after this, subscription charges will apply.

- Live Traffic** delivers regular traffic information directly to your SYNC 3 Navigation system. The technology then adjusts your recommended route based on the traffic conditions, helping you to arrive more relaxed and on time
- On-board Wi-Fi*** – receive up to 4G Wi-Fi for a maximum of ten devices so you and your passengers can enjoy the same connectivity on the move as you would at home

FordPass App makes FordPass Connect even more powerful when paired with your smartphone, allowing you to access a host of additional features.

- Use your phone to double-check your car is locked, or allow someone to access your car when you're elsewhere
- Remotely start the engine to defrost your windscreen (automatic transmission only)
- Monitor your fuel level, mileage and tyre pressures, all via your phone
- Find your way back to your parked car on a map
- Receive Vehicle Health Alerts directly to your smartphone

**Live Traffic access is free for the first 2 years following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable.

***Wi-Fi hotspot includes complimentary wireless data trial that begins at time of activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first. Afterwards a subscription to Vodafone is required. To take advantage of the built-in Wi-Fi hotspot capability, a 2018 Ford vehicle must come with the appropriate hardware, and a wireless service plan is required. The on-board modem will be connected at the time of vehicle delivery. Data coverage and service is not available everywhere and terms of your wireless plan, including applicable message and data rates, may apply. You may choose to opt in/opt out of certain data sharing. Please see <https://www.ford.co.uk/useful-information/connected-car-privacy-policy> for more details. The technology will be made available in selected markets in 2018, with the remaining markets following through 2019

[†]eCall is a European Commission initiative which mandates an in-vehicle system that calls emergency services if an automatic eCall event is activated by detection of a serious road accident, or if a manual eCall is triggered by a vehicle occupant.

Effortlessly accommodating

All-new Focus Estate combines the elegance of a coupé with an extremely spacious and versatile interior. Rear seat passengers will enjoy more room than in any other car in its class. Fold the rear seats and you have a virtually flat floor with 1,620 litres* of space (575 litres* in 5-seat mode, with mini spare wheel). While a wide tailgate with low loading height and optional power-operation make access easy.

The Focus Estate has an adjustable load floor that allows you to create a deep floor, or a shallower floor with storage below. A tonneau cover keeps your belongings out of sight and, when not required, can be stored in a dedicated space beneath the load floor.

*Measured in accordance with ISO 3832.

Model shown is a Focus Vignale Estate in Ruby Red exclusive body colour (option at extra cost).

Thinking ahead

The all-new Focus features a range of technologies to make every drive easier. Advanced driver assistance technologies are supported by two cameras, three radars and 12 ultrasonic sensors which, in combination, can monitor the area around the car and scan the road ahead.

- 01 Pre-Collision Assist with Pedestrian and Cyclist Detection** monitors your proximity to other vehicles, pedestrians and cyclists – even in the dark when objects are within the headlamp beam – and can alert you to a potential collision.
- 02 Lane-Keeping Alert**, is designed to recognise when you approach the road markings without using the indicator, and alerts you with vibrations through the steering wheel. If you fail to react, **Lane-Keeping Aid** will help keep you within your marked lane.
- 03 LED headlights** can help make driving at night, or in poor visibility, safer and less demanding for you and other road users.
- 04 Evasive Steering Assist[†]** is designed to detect an avoidance steering manoeuvre and help you steer around an obstacle in your path. (Included with Adaptive Cruise Control)
- 05 Dynamic LED headlights** use camera technology to alter the light pattern earlier, ensuring bends are illuminated before you enter them for easier and more relaxing night driving.
- 06 Cross-Traffic Alert[†]** scans left and right as you reverse from a perpendicular parking space. If a moving vehicle or other hazard is detected, the system will alert you with visual and audible warnings. (Blind Spot Information System. Includes Active Braking)

[†]Option at extra cost - see specification tables for availability.

Choose the right Focus for you

All-new Focus is available in a choice of distinctively individual series, each carefully specified to create its own definition of new Focus's character.

Style

*Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

**CCD Suspension (Standard on Petrol 5 Door) (Optional on Diesel 5 Door) (Not Available on Estate) - ST Sports Tuned Suspension is standard ilo CCD

19" 5x2-spoke alloy wheel in Magnetite finish (standard)

Adaptive LED headlights (standard)

Hands-free tailgate

Opening or closing all-new Focus's tailgate is easy, even when your hands are full. With the keys in your pocket or bag, simply use a gentle kicking motion under the centre of the rear bumper and the tailgate will operate without you having to touch a thing. Can also be opened and closed while sitting inside the car. (Option at extra cost on Estate versions of ST-Line X, Titanium, Titanium X and Vignale)

Panorama roof

An openable two-piece panorama roof offers a sky-view to all, no matter where you are seated. Providing an abundance of fresh air when opened, the sliding glass has a solar reflective coating to help keep the interior cool when closed. While an electrically-operated blind provides shade and privacy when required, and even helps to reduce wind noise and turbulence while driving with the roof open. (Option)

Blind Spot Information System with Cross Traffic Alert and Active Braking

Blind Spot Information System is designed to alert you via discreet warning lights built into both door mirrors, when another vehicle – car, van or lorry – enters your blind spot while driving. Similarly, Cross Traffic Alert can warn you if a moving vehicle or other hazard is detected, while you reverse from a perpendicular parking space, and can automatically apply the brakes if you take insufficient action. (Option at extra cost on all series excluding Style)

Continuously Controlled Damping (CCD)

Helps you adapt quickly to changing road conditions. Sensors monitor the road surface – and your driving input – every 2 milliseconds, then rapidly adjust the firmness of the dampers for optimum performance in every situation. If a pothole is detected, the system can adjust the shock absorbers to help reduce the impact for a more comfortable ride. (Option at extra cost on 5-door Vignale)

Ergonomic seats with AGR certification

Ergonomically designed, 18-way manually-adjustable front seats with AGR accreditation – ideal for your back and for comfort on longer journeys. An AGR classification is the mark of a particularly high standard of back-friendly product. The AGR association researches the prevention of backache, and is widely supported by doctors and therapists. (Option)

The AGR quality cachet (Aktion Gesunder Rücken = Campaign for Healthier Backs): Certified and recommended by Association Forum Healthy Back – Better Living and Federal Association of German Back Schools. More information: AGR e.V., Stader Str. 6, D - 27432 Bremervörde. Phone + 49 4761/926 358 0

Heated steering wheel

Warms up the steering wheel – and your hands – at the touch of a button to add another layer of comfort between you and the cold outside. (Standard on Vignale and ST. Option at extra cost on ST-Line X, Titanium and Titanium X)

^oBody colour unique to ST.

The Ford Focus is covered by the Ford Perforation Warranty for 12 years from the date of first registration. Subject to terms and conditions.
Note The car images used are to illustrate body colours only and may not reflect current specification or product availability in certain markets. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of the printing processes used.

FORD FOCUS Interior trim

Sit back and relax

Interior trims

The look and feel of premium materials will enhance your appreciation of the all-new Focus's stunning interior. Sumptuous front seats provide outstanding comfort and support, while their new slim profile helps to significantly improve rear and legroom. Great care has been taken in designing and crafting trims for your Ford Focus, to further elevate the overall driving experience.

Titanium X

Insert: Zaha in Ebony
Bolster: Salerno leather/Salerno vinyl in Ebony

Vignale

Insert: Arona Perf on Windsor in Ebony
Bolster: Windsor in Ebony

Active X

Insert: Glacier/Glacier Line in Nordic Blue
Bolster: Salerno leather/Salerno vinyl in Ebony

ST-Line X

Insert: Foundry in Ebony with Red stitching
Bolster: Salerno leather/Salerno vinyl in Ebony with Red stitching

ST

Insert: Dinamica Regular in Black
Bolster: Windsor Leather/Cuir vinyl in Ebony

FORD FOCUS Wheels and tyres

17"

10x2-spoke alloy wheel in 'Luster Nickel' finish

(Standard on Titanium X)

18"

5x2-spoke alloy wheel in 'Matt Black' machined finish

(Standard on ST-Line X)

18"

5x3-spoke alloy wheel in 'Liquid Aluminium' finish

(Standard on Vignale)

18"

5x2-spoke alloy wheel in Shadow Black painted finish

(Standard on Active X)

Note All alloy wheels are available as accessories through your Ford Dealer at extra cost.

In touch and in control

We've spent a lot of time making the all-new Focus more intuitive and easier to use. This ease of use extends to the audio system, where we have taken design cues from traditional push-button radios with their two control dials and a series of simple buttons, in addition to simple voice commands.

The new fixed centre stack touchscreen appears to emerge elegantly out of the fascia. Available in 2 sizes, it offers simple control of the Connected Radio audio system (4.2" display), or SYNC functionality (8" display).

Helping you see without dazzling others

All-new Focus's Adaptive Front lighting System with dynamic LED headlights provides enhanced illumination in a range of driving situations, based on speed, steering wheel angle or camera information. Using Traffic Sign Recognition, the system can even identify when your car is approaching a roundabout or stop sign, and adapt the beam pattern for optimum illumination. (Option at extra cost on ST-Line X, Active X and Vignale)

Glare-free high beam lets you drive on high beam, reducing the effect on other road users. Sensors identify traffic ahead and adjust the high beam pattern to help protect road users from glare, while illuminating the remainder of the road for greater visibility. (Option at extra cost on ST-Line X, Active X and Vignale, as part of Adaptive Front Lighting System)

Headlight design

All-new Focus is equipped with eye-catching new headlights. While the overall profile of the headlight remains the same across all series, the headlight design and the shape of the signature LED daytime running lights is different on each version of the light. Rear lights come in two versions, according to series: full halogen and LED/halogen. (LED rear lights standard on Titanium, Titanium X and Vignale; halogen rear lights standard on all other series.)

4.2" display

Standard with Connected Radio. Audio system can be controlled using Voice Pass via the voice activation feature of a compatible phone. (Standard on Style)

8" multi-function touchscreen

Displays phone, audio, navigation (where fitted) and mobile apps, with swipe and pinch-to-zoom functionality, and six speakers. (Standard on Zetec, ST-Line, ST-Line X, Titanium, Titanium X and Vignale. Option at extra cost on Style.)

Halogen headlights with LED daytime running lights

(Standard on all series)

LED headlights with LED daytime running lights

(Standard on Vignale. Option at extra cost on ST-Line X, Active X and Titanium X)

Adaptive Front lighting System with dynamic LED headlights, glare-free high beam and LED sequential turn indicators

(Option on ST-Line X, Active X and Vignale. Standard on ST)

LED/halogen

LED/halogen rear lights incorporate an LED signature strip which illuminates when the headlights are switched on. (LED rear lights are standard on Titanium, Titanium X and Vignale; halogen rear lights are standard on all other series)

FORD FOCUS Accessories

Roof base carrier

A lockable roof base carrier or cross bars (estate) are the perfect base for all roof attachments. (Accessory)

Boot liner

Durable tray style liner, designed to keep the load compartment clean and tidy, ideal for transporting wet or dirty items. (Accessory)

Rear bumper protection

Bumper protectors are designed to protect your bumper against daily wear and tear. They are easy to fit and combine protection with a stylish design. (Accessory)

Mud flaps

Contoured mud flaps help to protect the bodywork of your Ford Focus from stone chips and road spray. Available as sets for front and rear. (Accessory) Excludes ST-Line, ST and Vignale.

Rubber floor mats

The tray-style rubberised all-weather floor mats are tailor-made to fit and protect against dirt and damp. The driver's mat is fixed directly onto the vehicle's floor to help prevent it from slipping. (Accessory)

Load retention systems

Robust retention systems meeting European ECE-R17/ISO27955 safety requirements keep items of luggage safely in the load compartment. A retention guard (Accessory) and a load retention net (Accessory) can be ordered for fitment behind the second row of seats. Estate only. Not in combination with panorama roof.

Detachable tow bar

Ford's detachable tow bar is there when you need it, but can be removed for uncompromised styling and easier access to the loadspace. (Option and Accessory). A fixed tow bar is also available for 5-door and estate body styles. (Accessory)

GO

PERFORM. WITHOUT COMPROMISE

Designed, engineered and developed for your Ford.

The Ford Performance Parts range has been designed and tested by Ford engineers from our motor racing and vehicle personalisation departments, with Ford enthusiasts in mind.

With the added reassurance of original equipment parts and a Ford warranty, our products can be fitted without affecting your vehicle's base warranty.

Whether you want to enhance the look, sound or driving dynamics of your vehicle, there's a wide range of parts to choose from, including: gearshift knobs, suspension upgrades and lightweight performance alloy wheels.

Efficiency and performance

All-new Focus has been carefully optimised for aerodynamic efficiency. Its advanced aerodynamic design offers low drag and helps improve fuel economy and reduce CO₂ emissions vs. the previous generation Focus.

Beneath the skin, our latest range of petrol and diesel engines contribute further towards making Focus as efficient, economical and refined.

New Ford EcoBoost petrol engines deliver an impressive balance of efficiency and performance. All versions have cylinder deactivation, a clever feature that can shut off one of the engine's cylinders when torque demand is low – for example, when cruising on a motorway – for greater fuel economy.

New Ford EcoBlue diesel engines offer outstanding fuel efficiency and high levels of torque, particularly at low speeds. Using advanced technology and lightweight construction, they blend outstanding performance with remarkable refinement.

8-speed automatic transmission

All-new Focus's automatic transmission is highly responsive, smooth and efficient. It delivers rapid shifting for effortless acceleration. Featuring a contemporary rotary gear shift dial that helps to liberate space in the centre console, the transmission also includes paddle shift controls on the steering wheel to enhance your driving experience. (Option on 1.0L Ford EcoBoost 125 PS, 1.5L Ford EcoBoost 150 PS and 182 PS, 1.5L Ford EcoBlue 120 PS and 2.0L Ford EcoBlue 150 PS engines)

Economy

All-new Focus's 1.0L Ford EcoBoost 100 PS petrol engine offers a winning combination of performance, fuel-efficiency and technology.

Power

With its highly advanced and efficient design, the new 1.5L Ford EcoBoost petrol engine range develops up to 182 PS of power.

Advanced technology for greater efficiency

All-new Focus's engines comply with stringent Euro Stage 6.2 emissions regulations. The 2.0-litre Ford EcoBlue diesel additionally uses AdBlue®, a urea/water-based fluid that converts NO_x emissions in the exhaust gas into nitrogen and water. A particulate filter then reduces more than 99% of emitted solid particulates from the car's exhaust.

Selectable Drive Modes

All-new Focus models are equipped with drive mode settings – Normal, Eco and Sport – allowing the driver to alter the 'feel' of the car. Drive mode makes subtle changes to various settings, including throttle response, steering feel and gear-change on automatic transmission versions. (Standard)

Ford Easy Fuel capless refuelling system

No dirty fuel caps to touch. Plus, Ford Easy Fuel with its unique safeguard ensures nobody accidentally fills up with the wrong fuel. (Standard)

Underbody cladding

Even the underside of the car is aerodynamically designed to be as smooth as possible, helping to reduce drag and optimise efficiency. (Standard)

Active Grille Shutter

To help further reduce wind resistance, the Active Grille Shutter system automatically opens and closes to control the amount of cooling air entering the engine compartment. The result? Faster engine warm-up times and less aerodynamic drag. (Standard)

Fuel and performance

The test used to establish fuel consumption and CO₂ figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test. However, until 6th April 2020, the CO₂ figure shown will be the NEDC equivalent and this will be used to calculate Vehicle Excise Duty.

Understanding fuel data

The tables on pages 52 - 55 show the fuel consumption (WLTP) and CO₂ emissions (NEDC equivalent) for each available engine when fitted on a standard specification All-New Ford Ford (with no options or accessories). Adding options or accessories to your chosen vehicle can impact WLTP fuel consumption and CO₂ emissions. Please speak to your Ford dealer for more information. The fuel consumption you achieve in real life conditions and CO₂ produced will depend upon a number of factors including any options and accessories fitted, variations in weather, driving styles and vehicle load. **(For legal footnotes see page 54-55)**

*In 4th gear. **Ford test figures. ***The declared Fuel/Energy Consumptions, CO₂-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO₂-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO₂ emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedures enable comparison between different vehicle types and different manufacturers. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming.

*ST Automatic Available End 2019

A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>. **Active. **Active/Active X. *Represents the lightest kerbweight assuming driver at 75kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. Towing limits quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. Roof load is a maximum of 75kg on all models. Gross Train Mass includes trailer weight.

*Ford Emergency Assist is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a direct call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

E = Exceeds security requirement for model concerned and group rating has been reduced. Insurance ratings are issued by the Association of British Insurers and are shown above on the 1-50 rating scale.

Making ownership easy and affordable.

Take advantage of a range of invaluable services and make the most of your car.

FORD SERVICE

Allows you to relax knowing we're always by your side.

With Ford, the service doesn't end when you leave the showroom. Ford Service is designed to keep your Ford in great condition and help you make the most of your car – throughout its life.

- Ford Online Service Booking
- Comprehensive service and maintenance plans
- Use of genuine Ford parts for added peace of mind
- Ford trained technicians using the latest diagnostic equipment and tools
- One Call for everything Ford 0203 564 4444
- Ford Accident Management, service free to all drivers

Also, every Ford vehicle comes with 12 months UK & European Roadside Assistance from the date of registration. This can be extended for a further 12 months when your vehicle has a Scheduled service at a participating Ford Dealer.

FORD INSURE

Trust your car insurance to the people that know it best. Designed specifically for Ford owners, it offers value, simplicity and a range of benefits that come as standard.

- Repairs carried out by experts at a Ford Accident Repair Centre
- Guaranteed repairs for as long as you own your car
- Genuine Ford Parts and manufacturer-spec glass
- Courtesy car while your Ford is being repaired at one of our Approved Repair Centres
- Free 24 hour emergency help lines
- Named Drivers earn a Ford Insure No Claims Bonus which can be used on any Ford Insure car insurance policy
- Stereo cover for any audio/visual equipment permanently fitted by the manufacturer
- Up to 90 days cover to drive in Europe

So, for cover designed with your Ford in mind, please call our UK Customer Service Team on 0333 234 9976 or go online at www.fordinsure.co.uk

Terms and conditions apply.

Ford Insure contracts are arranged, administered and provided by EUI. EUI is a subsidiary of Admiral Group and is authorised and regulated by the Financial Conduct Authority. Registration number 309378. Registered in England and Wales as EUI Limited Reg. No 2686904. Registered Address: Tŷ Admiral, David Street, Cardiff CF10 2EH

FORD PROTECT

Extend your warranty up to 5 years/100,000 miles with Ford Protect.

Extend your standard 3-year/60,000 miles warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including*:

- High flexibility in duration and mileage
- Cover against unexpected electrical and mechanical repair costs in the UK and Europe
- With a Ford Protect Plan, the price of covered parts and labour are guaranteed for the length of your plan
- Help prolong the lifespan of your Ford vehicle
- Protects your vehicle resale value

To increase potential resale value, Ford Protect New Vehicle Warranties are transferable to the new owner should you decide to sell your vehicle.

*Ford Protect terms and conditions apply see ford.co.uk/extended-warranties for more information.

FORD Protect Extended Warranty for New Vehicles

	Total Mileage (mls)
4 Year Protection	80,000 mls
5 Year Protection	100,000 mls

finance

When it comes to financing your vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit* provides a range of finance products for your vehicle whether you are a private or business user.

Ford Lease^ specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

For more information about our finance products visit ford.co.uk.

*Finance subject to status. Freepost Ford Credit. Ford Credit is a trading style of FCE Bank plc. which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority under firm reference number 204469.

^Ford Lease is provided by ALD Automotive Limited trading as Ford Lease BS16 7LB. ALD is registered in England No. 987418. ALD is authorised and regulated by the Financial Conduct Authority.

own

When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

FordPass

FordPass is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, dealer information and a host of useful guides.

Live Traffic access is free for the first 2 years following the purchase of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

All Focus Models

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. ♦ The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
