Ford KA+ Zetec in optional Moondust Silver premium body colour, privacy glass (option), Technology Pack (option) and optional 15" machined alloy wheels.

Make life easy.

The Ford KA+ is one of life's easier choices. Packed with remarkable technologies, our new compact car looks and feels much larger than it really is.

FordPass is a new platform that will empower you to rethink the way you move using a collection of personal, digital and physical solutions.

Ford KA+ Zetec in Ruby Red exclusive body colour, privacy glass, Technology Pack and optional 15" machined alloy wheels. (All available as options).

Easy to enjoy.

KA+ Active has adventure written into its DNA. This exciting new crossover retains all the urban practicality and playful charisma of KA+, while unique features include black-finish bodyside mouldings, front and rear bumpers, bright-finish roof rails, exclusive alloy wheels and Canyon Ridge exclusive body colour (option). Increased ground clearance and an elevated driving position give this plucky compact all the intrepid spirit of its larger SUV cousins.

KA+ Active with Canyon Ridge exclusive body colour (option) and 15" grey-finish alloy wheels.

Easy to take your friends.

The Ford KA+ is surprisingly spacious for a compact car. Offering generous shoulder width across the back seat, ample legroom and room for three passengers in the back.

| SYNC

“Call John”

“Listen to message”

“Find town centre”

“I need fuel”

“I need to park”

“I’m hungry”

Easy to stay connected.

Ford SYNC 3

Car journeys need not be a disruption to your connectivity. New **Ford SYNC 3** integrates seamlessly with your smartphone, letting you control several key features from phone calls and text messaging to music – all via the 6.5" touchscreen or through remarkably simple voice commands. (Standard on Zetec and Active)

Sync 3 features:

- Manage your phone, music and apps with simple voice commands
- Hear your text messages read aloud for you
- Emergency Assistance* helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language

Touchscreen

The SYNC 3 touchscreen supports multi-touch 'swipe' and 'pinch-to-zoom' gestures, and lets you arrange application icons and background displays just as you would on your tablet or smartphone. You can also switch between daytime and night modes, and tailor presets for multiple users.

Applink, Apple CarPlay and Android Auto

Control SYNC-compatible apps with Applink, while Apple CarPlay and Android Auto let you navigate your smartphone HMI through the SYNC 3 home screen, just as if it were your handset.

Please note Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information.

*Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions. SYNC and Emergency Assistance not supported by all European languages. See www.ford.co.uk for the latest information.

Easy to reverse into spaces.

Rear parking distance sensors

With the Ford KA+, you won't have to pass by those more challenging parking spaces. An audible warning helps you judge the distance between your car and obstacles at the back, for easier parking and manoeuvring. (Optional on Zetec and Active via the City Pack)

Easy to start on a hill.

Hill Start Assist

Helps to prevent the car from inadvertently rolling backwards. After releasing the brake pedal when stationary, the system keeps the wheels braked, leaving you enough time to move your foot from the brake pedal to the accelerator without the car rolling backwards. (Standard on all series)

Easy to share.

MyKey

MyKey lets you tailor your car settings to suit individual users, automatically activating each time MyKey is used. (Standard on Zetec and Active). These settings allow you to:

- Set speed limit with reminders
- Set audio volume limits
- Prevent important driver assistance features from being switched off
- Activate individual settings automatically

Easy to keep your eyes on the road.

No need to keep fiddling with the controls. Innovative features such as optional Electronic Automatic Temperature Control (EATC), rain-sensing wipers (option), automatic headlights (option) plus SYNC 3 voice control (standard on Zetec and Active), take care of all the little details so you can just concentrate on enjoying the drive.

- Control music, phone calls and text messaging using only your voice
- EATC maintains the precise temperature you select for air-conditioned or heated comfort
- Windscreen sensors automatically activate your wipers when rain is detected, and adjust to the intensity of the shower
- Automatic headlights detect failing levels of natural light and automatically activate your headlights for you

Easy to save fuel.

Auto Start-Stop

Auto Start-Stop will automatically switch off the engine when you come to a halt and put the vehicle in neutral. It then restarts smoothly when you want to move off, thereby reducing fuel consumption and CO₂ emissions. (Standard on all series)

- Helps to reduce fuel costs
- Lowers fuel consumption and CO₂ emissions
- Works automatically, making it effortless to move off

FORD KA+ Models

Studio

Standard exterior features

- 15" steel wheels with 8x2-spoke wheel covers
- Chrome grille surround
- Electrically operated door mirrors with side indicators
- Front fog lamps
- Daytime running lights

Heated front seats

For those cold days, nothing is better than the luxury of heated front seats. (Option on Zetec and Active as part of the Winter Pack)

Quickclear heated windscreen

A heated element built into the windscreen is designed to clear the glass of frost and condensation in seconds, even on the coldest mornings. (Option on Zetec and Active as part of the Winter Pack)

Power-foldable heated door mirrors

Ideal for quickly clearing frost and squeezing into tight parking spaces. (Option on Zetec and Active as part of the City Pack)

Privacy glass

Not only does privacy glass make it difficult for prying eyes to see into your KA+, but the tinted glass also helps keep the interior cooler on hot days. (Standard on Active. Optional on Zetec)

Cruise control

Your KA+ will maintain the speed you set via the steering wheel controls until you choose to override it. (Standard on Zetec and Active)

Ford Power Starter Button

Once in the car, no need to use a key to start it – just press the power starter button. (Option as part of the Technology Pack on Zetec and Active)

We chose Canyon Ridge exclusive body colour.‡ What will you choose?

The Ford KA+ owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the protective top coat, new materials and application processes ensure your KA+ will retain its good looks for many years to come.

*At extra cost.

†Exclusive to Active.

The Ford KA+ is covered by the Ford Perforation Warranty for 12 years from the date of first registration. Subject to terms and conditions. **Note** The car images used are to illustrate body colours only and may not reflect current specification or product availability in certain markets. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of the printing processes used.

Sit in comfort and ride with style.

The look and feel of interior materials plays a large part in appreciating the overall driving experience. That's why great care has been taken in designing and crafting the trim for your Ford KA+.

FORD KA+ Accessories

Boot liner

Durable luggage compartment tray, designed to keep the load compartment clean and tidy, ideal for transporting wet or dirty items.

Detachable tow bar

For extra transport and stowage capability, the tow bar can tow up to 500 kg depending on engine (check with your Ford Dealer for further details). The tow bar can be detached when not in use.

Uebler® rear bike carrier

High-quality tow bar-mounted bike carrier with optional practical tilting mechanism (depending on bike carrier model), for easy access to the load compartment.

ClimAir® bumper protection

The rear bumper protection plate protects against wear and tear when loading.

Xvision® park distance control

Make difficult manoeuvres easy with Xvision parking distance sensors.

ClimAir® wind deflectors

Reduces wind turbulence and noise, allowing you a more enjoyable drive with the front windows down, even during light rain.

Wheel inserts

White wheel inserts provide extra eye-catching style. Available on 15" 5x2-spoke alloy wheels only.

Rubber floor mats

The tray-style all-weather floor mats with KA+ nameplate are tailor-made to fit perfectly and protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor, whilst the rubberised material helps to prevent it from slipping.

FORD KA+ Engines, fuel consumption and performance

Reality check. Making fuel economy figures more realistic.

From 1 September 2017, certain new vehicles have been type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP), which is a new, more realistic test procedure for measuring fuel consumption and CO₂ emissions. From 1 September 2018 the WLTP will fully replace the New European Drive Cycle (NEDC), which is the current test procedure. During NEDC phase-out, WLTP fuel consumption and CO₂ emissions are being correlated back to NEDC. There will be some variance to the previous fuel economy and emissions as some elements of the tests have altered i.e., same car might have different reported fuel consumption and CO₂ emissions.

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

*In 4th gear. øFord test figures. øøThe declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk/>. #Represents the lightest kerbweight assuming driver at 75kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc, fitted. The performance and economy of all models will be reduced when used for towing.

Making ownership easy and affordable.

Take advantage of a range of invaluable services and make the most of your car.

FORD SERVICE

Allows you to relax knowing we’re always by your side.

With Ford, the service doesn’t end when you leave the showroom. Ford Service is designed to keep your Ford in great condition and help you make the most of your car – throughout its life.

- Comprehensive service and maintenance plans
- Use of quality Ford parts for added peace of mind
- Ford trained technicians using the latest diagnostic equipment and tools
- Ford Online Service Booking
- One Call for everything Ford 0203 564 4444
- Ford Accident Management, service free to all drivers

Also, every Ford vehicle comes with 12 months UK & European Roadside Assistance from the date of registration. This can be extended for a further 12 months when your vehicle has a Scheduled service at a participating Ford Dealer.

FORD INSURE

At Ford Insure we provide insurance designed specifically for Ford owners. We have comprehensive cover which includes features and benefits that really matter to you, along with first class service.

- Repairs carried out by Ford-trained technicians at Ford Accident Repair Centres
- Genuine Ford parts with a 5 year guarantee
- Small replacement car for the duration of your repairs
- Ford Insure experts at UK call centres
- 24 hour accident recovery
- Unlimited cover for standard fit in-car entertainment equipment
- Up to 90 days European cover
- Replacement child seats in the event of an accident

FORD PROTECT

Extend your warranty up to 5 years/100,000 miles with Ford Protect.

Extend your standard 3-year/60,000 miles warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including:

- High flexibility in duration and mileage
- Cover against unexpected electrical and mechanical repair costs in the UK and Europe
- With a Ford Protect Plan, the price of parts and labour are guaranteed for the length of your plan
- Help prolong the lifespan of your Ford vehicle
- Protects your vehicle resale value

To increase potential resale value, Ford Protect New Vehicle Warranties are transferable to the new owner should you decide to sell your vehicle.

Ford Protect terms and conditions apply see ford.co.uk/extended-warranties for more information.

FORD Protect Extended Warranty for New Vehicles

	Annual Mileage (mls)
4 Year Protection	80,000 mls
5 Year Protection	100,000 mls

All KA+ models

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. *The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
