Do we have your attention?

The new Mondeo may be the essence of elegantly assertive style. But refinements to its handsome exterior are not just about looks. The Ford Mondeo is beautifully designed for optimum efficiency. Its sleek lines cut through the air efficiently. While streamlined rear panels help to reduce turbulence and add stability.

Powered by **Hybrid Electric Vehicle** technology, the Mondeo HEV can help eliminate charge range anxiety by seamlessly changing between its self-charging electric motor and petrol engine. And with a range of Ford EcoBlue diesels, or the efficient Ford EcoBoost petrol engine also available, Mondeo's performance is duly impressive whichever option you choose.

Ford Mondeo Vignale HEV estate shown with optional extras available at additional cost.

Are you sitting comfortably?

The Ford Mondeo makes you wish the journey was longer. Lovingly crafted from high quality materials, its sumptuous interior creates an oasis of inner calm. Light pours in through the **panorama roof** (optional across the range, on 5-Door and Estate variants) to enhance the feeling of spaciousness, while sound absorption materials produce a remarkably hushed interior.

A **massage function** for the driver and front passenger seats (optional on Vignale) helps to invigorate tired muscles.

Additional features include a raft of intelligent driver assistance technologies such as **Ford SYNC 3** with 8" touchscreen which, together with the FordPass App, delivers a range of additional features designed to make every journey easier.

Ford Mondeo Vignale HEV shown with Luxury Premium Leather in Charcoal.

Refined

Automatic transmission rotary dial selector

The new Mondeo is all about making your drive more comfortable. The refined 8-speed automatic transmission is controlled via a new **rotary gearshift dial*** that lets you select gears easily at the twist of a knob, while freeing up your cabin for a more streamlined central console with additional room for storage.

*Available with 2.0L EcoBlue automatic transmissions. Ford Mondeo ST-Line Edition shown with automatic transmission rotary dial selector.

Makes journeys easy

Adaptive Cruise Control with Stop & Go and Pre-Collision Assist

Adaptive Cruise Control (optional across the range excluding Zetec Edition) is designed to allow you to enter your desired speed and distance from the vehicle in front, and can automatically maintain that set distance if traffic conditions impede travel at the desired cruising speed.

For Diesel models with automatic transmission, **Adaptive Cruise Control with Stop & Go*** is designed to maintain a pre-set distance from the vehicle in front, even if it slows to a stop. And when the traffic starts moving again, your car will pull away too.

Pre-Collision Assist (standard across the range) uses the forward-facing camera and radar and is designed to identify potential frontal collisions, providing an audible and visual warning, it can pre-charge the braking system and can automatically apply the brakes if you fail to react.

*Adaptive Cruise Control is only available with 2.0L EcoBlue manual transmissions and HEV vehicles. Adaptive Cruise Control with Stop & Go is only available with 2.0L EcoBlue automatic transmission.

Ford Mondeo ST-Line Edition shown with optional extras available at additional cost.

Meet your phone's new best friend

Ford SYNC 3

Ford SYNC 3 integrates seamlessly with your compatible smartphone, letting you control everything from phone calls and text messaging to music and satellite navigation – all via the 8" touchscreen or through remarkably simple voice commands.

SYNC 3 features

- Manage your phone, music, apps and navigation with simple voice commands
- Hear your text messages read aloud for you
- Emergency Assistance[†] helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language
- Control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you navigate your compatible smartphone through the SYNC 3 home screen, as if it were your handset

- Colour touchscreen supports multi-touch 'swipe' and 'pinch-to-zoom' gestures, and lets you arrange application icons and background displays just as you would on your tablet or smartphone

Access a host of additional features via your compatible smartphone with the **FordPass App**.

- Select points of interest along your route. FordPass will send these locations to your SYNC 3 Navigation when you connect through AppLink
- Search for refuelling points by brand or fuel grade, and compare pricing
- Search available parking spaces, check costs, opening hours and ratings

Please note: Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information.

[†]Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

Effortless connectivity

Now you and your Ford can stay seamlessly connected wherever you are. That's because the FordPass Connect modem and the FordPass App, together, unlock a range of features designed to make every journey easier.

FordPass Connect

FordPass Connect* can help save you both time and hassle, as well as give you peace of mind.

- Live Traffic** provides near real time traffic information and offers dynamic routing based on traffic conditions
- Local Hazard Information** uses multiple local and national information sources to warn you of hazards in the road ahead
- On-board Wi-Fi*** allows you to connect up to 10 devices via Wi-Fi to the built-in 4G modem with FordPass Connect
- eCall[†] helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language

FordPass App

FordPass Connect becomes even more powerful when paired with your smartphone via the FordPass App, allowing you to access a host of features.

- Remote lock and unlock your vehicle from anywhere via the app
- Use remote start to pre-condition your vehicle to its preset temperature (automatic transmission only)
- Check your vehicle's fuel level, oil health and tyre pressures straight from your phone
- Get service reminders and book your service direct from the app
- Find where you parked your car and be guided back with built-in maps
- Receive Vehicle Health Alerts directly to your phone
- Get access to exclusive customer offers

*FordPass Connect is an optional extra. The on-board modem will be connected at the time of vehicle delivery. You may choose to opt in/out of certain data sharing. The technology will be made available in selected markets in 2019, with the remaining markets following through 2020. You may need to pay subscription charges to use Ford Pass Connect features, see fordpass.co.uk for more information.

**Access is complimentary on initial trial period following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable (see fordpass.co.uk for more details).

***Wi-Fi hotspot (up to 4G LTE) includes a complimentary wireless data trial that begins when customers activate the trial with Vodafone, and expires at the end of 3 months or when 3GB of data is used, whichever comes first. Afterwards data bundles can be purchased from Vodafone, refer to their website for details of their data packages. To take advantage of the built-in Wi-Fi hotspot capability, a 2019 Ford vehicle must come with the appropriate hardware, and a data plan is required. Data coverage and service is not available everywhere and terms of your data plan, including applicable message and data rates, may apply.

[†]Ford eCall is an innovative feature that helps vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

Mondeo makes light work of parking

Active Park Assist helps you find a space.

Active Park Assist locates suitable parking spaces and can automatically steer you in. It can manoeuvre you out of spaces too. All you need to do is operate the accelerator, brake and gears (following on-screen instructions and audible signals)

And gets you in.

Active Park Assist can steer you into parallel or perpendicular parking spaces just 20% longer or wider than the car. Simply push a button and sensors can locate a suitable space as you drive past. The system will then automatically steer you in, while you operate the accelerator, brake and gears.

And back out.

Park-Out Assist works in a similar way to help manoeuvre you out of a parallel space. The system steers while you keep control of the accelerator, brake and gears. And when the system has cleared the space, it gives you a 'Take control of steering' message through the instrument cluster.

(Optional feature as part of the drivers assistance pack across the range, excluding Zetec Edition)

Ford Mondeo ST-Line Edition shown with optional extras available at additional cost.

An extra pair of eyes

Traffic Sign Recognition

When there's a lot going on around you, it can be easy to miss an important road sign. **Traffic Sign Recognition** is designed to spot speed signs and other traffic signs at the side of the road or above it, whether fixed or temporary, and displays the information in the instrument cluster to alert you. It's just one of the many ways Ford Mondeo looks out for you on every journey.

Mondeo ST-Line Edition shown with optional extras available at additional costs.

01

02

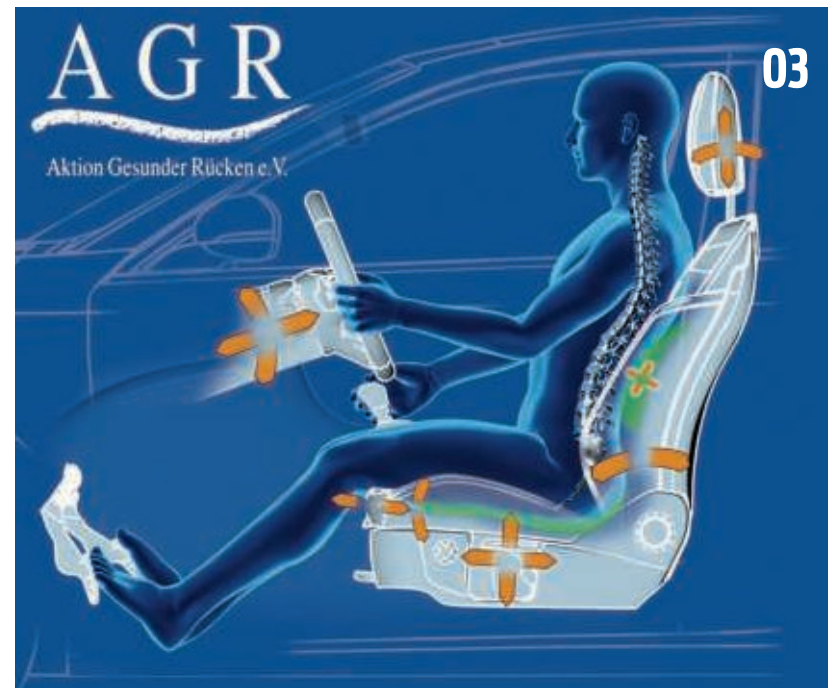

Technology built around you

This isn't technology for technology's sake. This is intelligent, intuitive design that helps you drive safely and arrive refreshed.

01 Blind Spot Information System Designed to alert you via warning lights built into both door mirrors as another vehicle – car, van or lorry – enters your blind spot. Similarly, **Cross Traffic Alert** is designed to warn if a moving hazard is detected while reversing from a perpendicular parking space. Blind spot detection zone can vary to a range of 18 metres, depending on vehicle speed. (Optional across the range)

02 Ford Dynamic bi-LED headlights This intelligent headlight system can select the appropriate beam pattern for enhanced illumination in different conditions. When turning, **dynamic cornering** throws the beam into the curve to help you see further. While the headlight's lower edge features two LED strips: white daytime running lights, and amber indicators that flash sequentially towards the direction of turn. (Standard on Vignale and Vignale HEV, optional across the rest of the range, excluding Zetec Edition)

03 Ergonomic seats with AGR certification* are 18-way manually-adjustable front seats, ideal for your back and for comfort on longer journeys. An AGR classification is the mark of a particularly high standard of back-friendly product. The AGR association researches the prevention of backache, and is widely supported by doctors and therapists. (available as an option on Zetec Edition)

03

*The AGR quality cachet (Aktion Gesunder Rücken = Campaign for Healthier Backs): Certified and recommended by Association Forum Healthy Back – Better Living and Federal Association of German Back Schools. More information: AGR e.V., Stader Str. 6, D – 27432 Bremervörde, Germany. Phone + 49 4761/92 63 580.

Expecting the unexpected

Life isn't always predictable, even when you're in the driving seat. But when things don't go quite as planned, Ford Mondeo is ready to react.

01 Lane-Keeping System Available at speeds over 40 mph on visibly marked highways and urban roads. (Standard across the range, excluding Zetec Edition)

Lane-Keeping Alert designed to help the vehicle stay within a lane, with steering wheel feedback alerting you to any unintended lane departures.

Lane-Keeping Aid designed to provide gentle steering torque assistance to help guide you back into your lane.

02 Intelligent All-Wheel Drive (AWD) system Mondeo's Intelligent All-Wheel Drive system is designed to continually monitor your driving environment, optimising traction whatever the surface by directing power to where it is needed. A special display on the cluster panel shows the power split to keep you informed about conditions beneath each wheel. (Available with the 2.0L Ford EcoBlue 190PS engine on ST-Line Edition and Vignale)

03 Pre-Collision Assist with pedestrian and cyclist detection Using radar and a camera, **Pre-Collision Assist** is designed to keep a watchful eye on the road ahead for cars, cyclists and pedestrians. The system is designed to detect objects in front of the vehicle and can alert you to a potential collision. If you don't respond to the system's warning signals, the car can automatically apply the brakes that could help avoid or reduce the effect of any impact. (Standard across the range)

Choose the right Mondeo for you

Ford Mondeo is available in a captivating range of series offerings, including the sophisticated self-charging Hybrid Electric Vehicles (HEV), seamlessly changing between conventional mode and pure electric mode, or using a combination of both.

Zetec Edition

Elegantly assertive design, impressive integrated technologies, and a wide range of engine options, make Ford Mondeo the perfect choice.

Titanium Edition

Luxury Models

Mondeo's luxury models deliver superior levels of sophistication and comfort, with premium materials and additional technologies.

We chose Chrome Blue
What will you choose?

Mondeo owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the protective top coat, new materials and application processes ensure your Mondeo will retain its good looks for many years to come.

Sit back and relax

The look and feel of interior materials plays a large part in appreciating the overall driving experience. That's why great care has been taken in designing and crafting the trims for the new Mondeo.

Roof racks

A sturdy base carrier, or roof rail mounted cross bars (estate), allows you to transport a range of loads safely and easily. (Accessory)

Retractable tow bar

Ford's retractable tow bar can be stowed out of sight behind the rear bumper when not in use, retaining the model's sleek looks. For extra transport and stowage capability, the tow bar can tow up to 2,200 kg depending on engine (check with your Ford Dealer for further details). Excludes ST-Line Edition and Hybrid (Option and Accessory)

Load compartment protection

A durable boot liner with Mondeo nameplate is available (Accessory), as well as a reversible load compartment carpet mat with Mondeo logo on one side, and a durable rubber surface on the reverse side. (Accessory) Both are ideal for transporting wet or dirty items. Excludes Hybrid.

Thule®+ roof attachments

A range of roof attachments is available including roof boxes, bike carriers and roof ski/snowboard carriers. (Accessory)

Load retention guard

Robust retention system keeps items of luggage safely in the load compartment. Available for the Mondeo estate in two versions, for fitting behind the first row seats or fitting behind the second row seats. (Accessory) Meets European ECE-R17/ISO 27955 safety requirements.

Tow bars

A choice of three tow bars is available for the Ford Mondeo: retractable tow bar stored out of sight below the rear bumper when not in use (Option and Accessory); detachable tow bar, removable when not in use (Accessory) and a fixed tow bar. (Accessory)

Uebler+ rear bike carrier

High-quality tow bar-mounted bike carrier with optional tilting mechanism (depending on model), for easy access to the load compartment. (Accessory)

ClimAir®+ wind deflectors

Gives you a more enjoyable drive with the front windows open, even during light rain. (Accessory)

Mud flaps

Contoured mud flaps help to protect the bodywork of your Ford Mondeo from stone chips and road spray. Available as sets for front and rear. Excludes ST-Line Edition. (Accessory)

Rubber floor mats

The tray-style all-weather floor mats with Mondeo nameplate are tailor-made to fit and help protect against dirt and damp. Made from a rubberised material, the driver's mat is securely fixed directly onto the vehicle's floor to help prevent it from slipping. (Accessory)

ClimAir®+ bumper protection

The rear bumper protection plate helps to protect against wear and tear when loading. (Accessory)

Fuel, performance and emissions

The test used to establish fuel consumption and CO₂ figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test. However, until 6th April 2020, the CO₂ figure shown will be the NEDC equivalent and this will be used to calculate Vehicle Excise Duty.

The table below shows the fuel consumption (WLTP) figures for each available engine. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

The figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures.

[∞]In 4th gear. - = This engine and wheel combination is not orderable and therefore there is no CO₂ data to display. ^oFord test figures.

[∞]The declared Fuel/Energy Consumptions, CO₂-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO₂-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO₂ emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>. ^{*}Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc, fitted. The performance and economy of all models will be reduced when used for towing. Roof load weight limit is a maximum of 75 kg on all models

Making ownership easy and affordable.

Take advantage of a range of invaluable services and make the most of your car.

FORD SERVICE

Allows you to relax knowing we’re always by your side.

With Ford, the service doesn’t end when you leave the showroom. Ford Service is designed to keep your Ford in great condition and help you make the most of your car – throughout its life.

- Ford Online Service Booking
- Comprehensive service and maintenance plans
- Use of genuine Ford parts for added peace of mind
- Ford trained technicians using the latest diagnostic equipment and tools
- One Call for everything Ford 0203 564 4444
- Ford Accident Management, service free to all drivers

Also, every Ford vehicle comes with 12 months UK & European Roadside Assistance from the date of registration. This can be extended for a further 12 months when your vehicle has a Scheduled service at a participating Ford Dealer.

For more information visit www.ford.co.uk/fordservice

FORD INSURE

Trust your car insurance to the people that know it best. Designed specifically for Ford owners, it offers value, simplicity and a range of benefits that come as standard.

- Repairs carried out by experts at a Ford Accident Repair Centre
- Guaranteed repairs for as long as you own your car
- Genuine Ford Parts and manufacturer-spec glass
- Courtesy car while your Ford is being repaired at one of our Approved Repair Centres
- Free 24 hour emergency help lines
- Named Drivers earn a Ford Insure No Claims Bonus which can be used on any Ford Insure car insurance policy
- Stereo cover for any audio/visual equipment permanently fitted by the manufacturer
- Up to 90 days cover to drive in Europe

So, for cover designed with your Ford in mind, please call our UK Customer Service Team on 0333 234 9976 or go online at www.fordinsure.co.uk

Terms and conditions apply.

Ford Insure contracts are arranged, administered and provided by EUI. EUI is a subsidiary of Admiral Group and is authorised and regulated by the Financial Conduct Authority. Registration number 309378. Registered in England and Wales as EUI Limited Reg. No 2686904. Registered Address: Tŷ Admiral, David Street, Cardiff CF10 2EH

FORD PROTECT

Extend your warranty up to 5 years/100,000 miles with Ford Protect.

Extend your standard 3-year/60,000 miles warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including*:

- High flexibility in duration and mileage
- Cover against unexpected electrical and mechanical repair costs in the UK and Europe
- With a Ford Protect Plan, the price of covered parts and labour are guaranteed for the length of your plan
- Help prolong the lifespan of your Ford vehicle
- Protects your vehicle resale value

To increase potential resale value, Ford Protect New Vehicle Warranties are transferable to the new owner should you decide to sell your vehicle.

*Ford Protect terms and conditions apply see ford.co.uk/extended-warranties for more information.

FORD Protect Extended Warranty for New Vehicles

	Total Mileage (mls)
4 Year Protection	80,000 mls
5 Year Protection	100,000 mls

Find your local Dealer: www.ford.com/SBE/DealerLocator

build

Go online and build and price your new Ford Mondeo to your exact specification at www.ford.co.uk

finance

When it comes to financing your vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit* provides a range of finance products for your vehicle whether you are a private or business user.

Ford Lease^ specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business.

For more information about our finance products visit www.ford.co.uk

Important Information:
*Finance subject to status. Freepost Ford Credit.
Ford Credit is a trading style of FCE Bank plc. which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority under firm reference number 204469.
^ Ford Lease is provided by ALD Automotive Limited acting as Ford Lease BS16 7LB. ALD is registered in England No. 987418. ALD is authorised and regulated by the Financial Conduct Authority.

own

When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

FordPass

FordPass is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, dealer information and a host of useful guides.

Live Traffic access is free for the first 2 years following the purchase of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. ♦ The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
